GP PLUS R v2 LEATHER JACKET

//// PERFORMANCE RIDING / SIZE: 48-60 (48-64 BLACK)

Highly durable and technical premium 1.3mm leather, multi-panel construction.

Alpinestars race-derived, CE-approved removable internal shoulder and elbow protectors.

New shoulder protection features over-molded advanced TPU guard layered under the outer fabric.

Chest pad and back compartments can accommodate the Nucleon chest and back inserts (available as an accessory upgrade).

Size-adjustable snap-button system for Level 2 CE-certified Alpinestars Nucleon back protector.

Extensive accordion leather stretch panels above elbow areas allow greater range of movement.

Perforated padded panels integrated into main shell and sleeves for improved fit.

Pre-curved sleeve construction helps reduce riding fatigue.

Combination snap button and zipper wrist closures for secure and customized fit.

Hook and loop and D-ring waist adjustments.

Ventilation inlets on shoulders are zippered.

Soft 3D mesh collar construction plus 3D mesh cuff edging.

External, large-opening front hand pockets are zippered.

Multiple internal compartment pockets feature hook and loop for additional security.

Interior waterproof wallet pocket.

Waist connection zipper allows attachment to Alpinestars riding pants.

Reflective details to make the rider more visible to other road users.

ANDES v2 DRYSTAR® JACKET

//// ALL-WEATHER RIDING / ADVENTURE TOURING / SIZE: S-4XL

Advanced reinforced poly-fabric textile and Drystar® waterproof and breathable construction.

Newly developed Direct Ventilation System (DVS) zippered chest air intakes and back exhaust ports.

Internal impact protection provided by removable CE-certified elbow and shoulder protectors.

Chest and back pad compartments can accommodate the Nucleon inserts (available as an accessory upgrade).

Reinforced polymer-printed texturing in critical elbow and lower arm areas for abrasion resistance.

Reflective graphic details and logos improve rider visibility in varying light conditions.

Upper chest zippered hand pockets feature internal shock which works in tandem with ventilation opening to ensure personalized levels of ventilation.

Front waterproof cargo pockets for convenience and peace-of-mind closure.

Large, external utility pocket on lower back plus waterproof internal pockets and insert wallet pocket.

Integrated soft edge collar and 3D mesh construction for comfort over long distances.

Premium YKK zipper with double sliders for main front closure offer adaptable and secure convenience.

Removable long-sleeve thermal liner (100g body 80g sleeves) ensures comfort on hot or cold days.

Pre-contoured sleeves with accordion stretch panels on elbows.

Hook and loop-closing waist adjustment belt for highly customizable fit.

External zippered pockets for safe peace-of-mind storage.

HYPER DRYSTAR® JACKET

//// ALL-WEATHER SPORT RIDING / SIZE: S-4XL

Multi-panel, multi material construction incorporating 450 denier poly-fabric main shell and 600 denier dobby reinforcement.

Fixed Drystar® membrane with taped seams offers guaranteed waterproof and breathable performance.

Removable long sleeve thermal liner (100g on body, 80g on sleeves) for cold conditions.

Excellent fit afforded by innovative volume control adjustment system on chest, bicep and sleeves, which ensures tight, improved riding.

Adjustment system ensures personalized fit to rider's body and offers improved safety by keep protections close to body in the case of an impact or slide.

Pre-curved sleeves and Hook and loop grip closure cuff adjustment ensures comfort fit and prevents sleeve riding up arm while riding.

Newly developed shoulder protection features over-molded advanced TPU guard layered under the outer fabric.

Alpinestars race-derived, CE-approved internal elbow and shoulder protectors.

Chest and back pad compartments can accommodate the Nucleon inserts (available as an accessory upgrade).

Strategically positioned four-way stretch inserts on inside arms, side torso and rear shoulder for freedom of movement and comfort fit.

Multiple ventilation system features zippered vents and exhaust ports for effective internal cooling.

Extensive reflective details on arms and back for improved rider visibility.

Full circumference waist connection zipper on the inside for attachment to Alpinestars riding pants.

HURRICANE RAIN JACKET

//// RAIN GEAR / SIZE: S - 3XL

Constructed from ultra-lightweight PU coated 100% waterproof poly-nylon fabric that has been specially treated to avoid sticking when worn over textile or leather garments. (Black fluo colorway incorporates poly-textile panels for colorfastness).

All seams are tape-sealed for guaranteed waterproofing performance.

Light poly-mesh lining improved internal air circulation and comfort.

Reflective details improves visibility of rider in poor weather conditions.

Comes with convenient storage/transport bag to easily fit inside luggage.

Hook and loop adjustments on the arms and waist and shock chord adjuster ensure close fit over outer garment.

Elasticated collar and cuff help form hermetic seal to avoid wind and water penetration.

Waterproof compartment on inside chest for easy access and peace-of-mind storage.

ANDES v2 DRYSTAR® BOOT

//// TOURING / SIZE: EUR 36-50 / CORRESPONDING TO: US 3.5-14

TOURING FIT

CE CERTIFIED

Highly specified touring Drystar® boot for long distance road, work in all weather conditions.

Main upper material made in reinforced leather for better comfort, durability and abrasion resistance.

Extensive front and rear accordion in microfiber for superior comfort, extension, flexion and support.

Medial side entry system with elastic mounted zipper and wide flap hook-and-loop closure for convenience and precise, secure, fit.

Tpr shin plate insert and tpr ankle protector balanced protection and flexibility.

Double density tpu ankle protector disks are layered on both sides under the upper and backed by poly-foam padding.

Internal shock resistant tpu shin guard mounted under the leather gives superior impact resistance.

Tpu shift pad protects the upper and the toe box from the shift abrasion.

Full Drystar® internal membrane ensures 100% waterproof performance and a high level of breathability.

Toe box and heel counter internal reinforcement give structured support and impact resistance.

Rear reflective insert for a better visibility.

Alpinestars exclusive vulcanized rubber compound outsole.

Contoured insole injected in polypropylene includes shank reinforcement.

Removable anatomic advanced eva footbed.

Andes v2 Drystar® boot is ce certified to ce certified en 13634:2010.

COROZAL ADVENTURE DRYSTAR® OILED LEATHER BOOT

//// ADVENTURE TOURING / SIZE: US 7-13 / CORRESPONDING TO: EUR 40.5-48

ADVENTURE TOURING FIT

CE CERTIFIED

The upper is constructed from full grain oiled leather on lower medial panel, both with heat press texture for superior grip.

Front and rear bellow made with lightweight microfiber for more durability and abrasion resistance.

Extended PU coated leather gaiter helps seal out excessive water and dirt entry; rear gaiter includes rubber insert for flexbility and comfort.

TPU shin plate and calf plate offer support and resistance for impacts.

Bio-mechanical lateral "flexi-blade" system provides execellent front and rear movment while offering support and protection to the ankle.

TPU shift pad made with technical texture for added grip plus foam padding on underneath for better comfort.

Wide entry aperture for convenience with hook and loop upper closure flap to allow broad ranging calf fit adjustment.

TPU double density ankles protector on medial side for protection.

New closure system includes 2 polymer buckles with an innovative closure system. This closure includes a ratchet with memory and a quick release/locking system with self-aligning design for easy, precise closure.

Soft foams surrounds the ankles and collar offer comfort and shock absorbing performance.

Drystar® membrane layer between upper and lining for proven performance in difficult weather conditions.

Toe box and heel counter reinforcement are layered under the upper.

PP insole with steel shank co-injected for excellent feel and safety.

Alpinestars exclusive vulcanized rubber plus injected PU midsole designed for optimal combination of comfort and grip.

Replaceable anatomical EVA footbed with Lycra® lining on top.

Corozal Drystar® boot is CE certified to EN 13634:2010.

ALLOY SHOE

//// CASUAL / SPORT / PRODUCED SIZES: 7 - 14 US / CORRESPONDING TO: 39 - 48 EUR

WALKING COMFORT FIT

Constructed from a lightweight and breathable multi-mesh upper for airflow and incorporates a seamless microfiber chassis for durability and structural integrity.

Innovative lacing system which includes a lace eyelet tuning system running around the ankle to the instep making a light chassis closure for precise and comfortable fit.

Tongue and collar incorporate highly breathable micro-perforated textile for additional cooling performance.

Anti-slide Achilles' support collar, constructed from technical textile for comfort and breathability, helps keep foot in position while training/running.

The toe-tip reinforcement in matt carbon microfiber gives more structure/ stability and abrasion resistance.

Alloy shoe features a unique, high strength sole construction offering durability, rigidity and protective performance.

Technical dual midsole construction with EVA foam double layered padding for additional comfort cushioning.

Internal heel counter layered under the upper for structural integrity and support.

Toe, tongue and collar soft padding for comfort and fit.

Alpinestars' exclusive vulcanized compound outer sole with dual density EVA foam for cushioning and repeated foot-fall shock absorption.

Anatomical footbed profiled with Lycra® top lining and different hardness EVA foams: soft in the forefoot and harder on the arch to offer support and comfort.

× HOW TO MEASURE

A. Chest - Measure around the fullest part, under the armpits, keeping the tape horizontal.

B. Waist - Measure around the natural waist line, inline with the navel, keeping the tape horizontal.

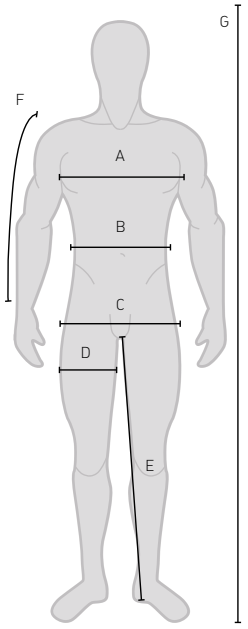
C. Hip - Measure around the fullest part of your hips, about 20cm below waist line, keeping the tape horizontal.

D. Thigh - Measure around the thigh just below the crotch, keeping the tape horizontal.

E. Inseam - Stand against a wall, ask someone else to measure from the crotch to the bottom of your leg.

F. Arm Length - Measure from shoulder (Humerus) to wrist.

G. Height - Stand against a wall, ask someone else to measure from the floor to the top of your head, keeping the tape vertical.



× HOW TO MEASURE

A. Chest - Measure around the fullest part, under the armpits, keeping the tape horizontal.

B. Bust - Measure around the fullest part of the bust, keeping the tape horizontal.

C. Waist - Measure around the natural waist line, inline with the navel, keeping the tape horizontal.

D. Hip - Measure around the fullest part of your hips, about 20cm below waist line, keeping the tape horizontal.

E. Thigh - Measure around the thigh just below the crotch, keeping the tape horizontal.

F. Inseam - Stand against a wall, ask someone else to measure from the crotch to the bottom of your leg.

G. Arm Length - Measure from shoulder (HUMERUS) TO WRIST.

H. Height - Stand against a wall, ask someone else to measure from the floor to the top of your head, keeping the tape vertical.
