ANDES v2 DRYSTAR® JACKET

/// ALL-WEATHER RIDING / ADVENTURE TOURING / SIZE: S-4XL

Advanced reinforced poly-fabric textile and Drystar® waterproof and breathable construction.

Newly developed Direct Ventilation System (DVS) zippered chest air intakes and back exhaust ports.

Internal impact protection provided by removable CE-certified elbow and shoulder protectors.

Chest and back pad compartments can accommodate the Nucleon inserts (available as an accessory upgrade).

Reinforced polymer-printed texturing in critical elbow and lower arm areas for abrasion resistance.

Reflective graphic details and logos improve rider visibility in varying light conditions.

Upper chest zippered hand pockets feature internal shock which works in tandem with ventilation opening to ensure

personalized levels of ventilation.

Front waterproof cargo pockets for convenience and peace-of-mind closure.

Large, external utility pocket on lower back plus waterproof internal pockets and insert wallet pocket.

Integrated soft edge collar and 3D mesh construction for comfort over long distances.

Premium YKK zipper with double sliders for main front closure offer adaptable and secure convenience.

Removable long-sleeve thermal liner (100g body 80g sleeves) ensures comfort on hot or cold days.

Pre-contoured sleeves with accordion stretch panels on elbows.

Hook and loop-closing waist adjustment belt for highly customizable fit.

External zippered pockets for safe peace-of-mind storage.

ANDES v2 DRYSTAR® PANTS

/// ALL-WEATHER RIDING / ADVENTURE TOURING / SIZE: S-4XL

Advanced reinforced poly-fabric textile and Alpinestars exclusive Drystar® construction.

Removable long thermal liner ensures pant comfort on hot or cold days.

Efficient direct ventilation vents strategically positioned on thighs.

Pre-contoured leg construction with knee accordion stretch panels.

Interior hip pad compartments can accommodate the Nucleon inserts (available as an accessory upgrade).

Impact protection provided with removable CE-certified knee protectors.

Reinforced polymer-printed texturing in critical knee areas for added abrasion resistance.

Integrated reflective graphic details and logos improve rider visibility in varying light conditions.

Adjustment waist system features buckle and stretch material for highly customizable fit.

Zippered air in-takes to control internal temperature.

Zippered, waterproof hand pockets, plus cargo-style pockets.

Adjustable, removable bib braces improve comfort fit.

HYPER DRYSTAR® JACKET

/// ALL-WEATHER SPORT RIDING / SIZE: S-4XL

Multi-panel, multi material construction incorporating 450 denier poly-fabric main shell and 600 denier dobby reinforcement.

Fixed Drystar® membrane with taped seams offers guaranteed waterproof and breathable performance.

Removable long sleeve thermal liner (100g on body, 80g on sleeves) for cold conditions.

Excellent fit afforded by innovative volume control adjustment system on chest, bicep and sleeves, which ensures tight, improved riding.

Adjustment system ensures personalized fit to rider's body and offers improved safety by keep protections close to body in the case of an impact or slide.

Pre-curved sleeves and Hook and loop grip closure cuff adjustment ensures comfort fit and prevents sleeve riding up arm while riding.

Newly developed shoulder protection

features over-molded advanced TPU guard layered under the outer fabric.

Alpinestars race-derived, CE-approved internal elbow and shoulder protectors.

Chest and back pad compartments can accommodate the Nucleon inserts (available as an accessory upgrade).

Strategically positioned four-way stretch inserts on inside arms, side torso and rear shoulder for freedom of movement and comfort fit.

Multiple ventilation system features zippered vents and exhaust ports for effective internal cooling.

Extensive reflective details on arms and back for improved rider visibility.

Full circumference waist connection zipper on the inside for attachment to Alpinestars riding pants.

NUCLEON KR-CELLi PROTECTOR

//// PROTECTION / SIZE: S-M-L

The super lightweight back protector insert is developed in 3 waist to shoulder dimensions in order to cover all the body sizes.

The triple segmented back shell plate is constructed from a high performance polymeric material blend for optimized flexibility and excellent weight saving properties.

The back protector's structure design and structural change from centre towards the outside provides the perfect balance between

force dispersion and energy absorption.

Unique CELL microstructure designed for advanced energy absorption, adaptivity, maximum breathability and air flow.

Ergonomic protection plate contour to the natural curve of the back ensuring optimum fit while riding.

Horizontal flexion groves for an adaptive fit in different riding position.

Soft comfortable airmesh on the body side of the protector offers maximum breathability and rider comfort.

COROZAL ADVENTURE DRYSTAR® OILED LEATHER BOOT

/// ADVENTURE TOURING / SIZE: US 7-13 / CORRESPONDING TO: EUR 40.5-48

ADVENTURE TOURING FIT

The upper is constructed from full grain oiled leather on lower medial panel, both with heat press texture for superior grip.

Front and rear bellow made with lightweight microfiber for more durability and abrasion resistance.

Extended PU coated leather gaiter helps seal out excessive water and dirt entry; rear gaiter includes rubber insert for flexibility and comfort.

TPU shin plate and calf plate offer support and resistance for impacts.

Bio-mechanical lateral "flexi-blade" system provides excellent front and rear movement while offering support and protection to the ankle.

TPU shift pad made with technical texture for added grip plus foam padding on underneath for better comfort.

Wide entry aperture for convenience with hook and loop upper closure flap to allow broad ranging calf fit adjustment.

TPU double density ankles protector on medial side for protection.

New closure system includes 2 polymer buckles with an innovative closure system. This closure includes a ratchet with memory and a quick release/locking system with self-aligning design for easy, precise closure.

Soft foams surrounds the ankles and collar offer comfort and shock absorbing performance.

Drystar® membrane layer between upper and lining for proven performance in difficult weather conditions.

Toe box and heel counter reinforcement

are layered under the upper.

PP insole with steel shank co-injected for excellent feel and safety.

Alpinestars exclusive vulcanized rubber plus injected PU midsole designed for optimal combination of comfort and grip.

Replaceable anatomical EVA footbed with Lycra® lining on top.

J-6 WATERPROOF RIDING SHOE

//// ALL-WEATHER ROAD RIDING / PRODUCED SIZES: 7-14 US / CORRESPONDING TO: 39-48 EUR

WALKING COMFORT FIT

Lightweight, street-styled upper combining full grain leather and suede for optimized comfort, durability and look. Waterproof membrane subtly built into chassis for 100 per cent performance against wet penetration. Top tongue and collar constructed from leather for enhanced comfort, durability and luxurious feel.

Metal eyelet lacing closure on instep for easy, secure and comfortable fit. Dual density and ergonomic MX-derived ankle and heel protector is applied between the upper and padded lining to provide all-round strategic protection and flexibility in key areas. Padding on tongue and heel area provides high levels of comfort and fit around the ankle and instep.

Advanced rubber compound cup sole is molded to the upper to offer stability, grip, support and durability. Reinforced mid sole inserted between the upper and the sole for structural strength and durability. Removable and replaceable EVA and Lycra® foot-bed is anatomically profiled for added comfort and support. Metal logo detailing logos

and patterning give the boot a contemporary styling feel. Internal toe box and heel counter reinforcement is layered under the upper for more ergonomic design. Alpinestars' exclusive vulcanized rubber cup outsole provides excellent fit and support. J-6 Waterproof shoe is certified to CE Standards CE 89/686/EEC - CAT 2.

ALLOY SHOE

//// CASUAL / SPORT / PRODUCED SIZES: 7 - 14 US / CORRESPONDING TO: 39 - 48 EUR

WALKING COMFORT FIT

Constructed from a lightweight and breathable multi-mesh upper for airflow and incorporates a seamless microfiber chassis for durability and structural integrity.

Innovative lacing system which includes a lace eyelet tuning system running around the ankle to the instep making a light chassis closure for precise and comfortable fit.

Tongue and collar incorporate highly breathable micro-perforated textile for additional cooling performance.

Anti-slide Achilles' support collar, constructed from technical textile for comfort and breathability, helps keep foot in position while training/running.

The toe-tip reinforcement in matt carbon microfiber gives more structure/ stability and abrasion resistance.

Alloy shoe features a unique, high strength sole construction offering durability, rigidity and protective performance.

Technical dual midsole construction with EVA foam double layered padding for additional comfort cushioning.

Internal heel counter layered under the upper for structural integrity and support.

Toe, tongue and collar soft padding for comfort and fit.

Alpinestars' exclusive vulcanized compound outer sole with dual density EVA foam for cushioning and repeated foot-fall shock absorption.

Anatomical footbed profiled with Lycra® top lining and different hardness EVA foams: soft in the forefoot and harder on the arch to offer support and comfort.
