STELLA FASTER-3 RIDEKNIT RIDING SHOE

WOMEN'S ROAD RIDING | PRODUCED SIZE: 5-11.5 US CORRESPONDING TO 36-44 EUR

- Main upper material combination of advanced microfiber, knitted mesh and seamless thermo-welded microfiber forms an innovative and technical finish.
- Anatomically profiled for a fully optimized female fit.
- Lower tongue, lateral and medial quarter in knitted mesh construction allows breathability, comfort and a modern streetwear look.
- Air vent details on lateral and toe area are strategically positioned to improve airflow and ventilation.
- Enhanced TPU ankle extended into lower lateral area gives improved support and protection.
- TPR slider details on lateral toe box gives increased flex and protection.
- New TPR heel counter design ensures additional lateral support and security.
- Asymmetric toe design gives protection on shift area.
- Traditional lace closure system for an easy, secure and comfortable fit.
- Lateral adjustable hook and loop closure system with TPR strap for increased security.
- Medial dual density ankle protectors are applied between the upper and padded lining to provide strategic protection and flexibility in key areas.
- Tongue and collar padding provides high levels of comfort and fit around the ankle and instep.
- Internal toe box and heel counter reinforcement is layered under the upper for a more ergonomic design.
- 3D mesh lining for high levels of breathability with anti-slip micro-suede in the heel.
- Replaceable anatomical EVA footbed with Lycra lining on top.
- Extremely lightweight, specifically compounded, rubber sole provides textured grip, excellent absorption and features an integrated support shank for enhanced sole rigidity.
- Stella Faster-3 Rideknit shoe is CE-certified to EN 13634:2017.

- The Nucleon KR-R Cell is an innovative track and race back protector.
- Developed in three waist-to-shoulder dimensions in order to cover all body sizes.
- The new Cell Technology back protector is constructed from a high performance polymeric material blend for optimized flexibility and excellent weight saving properties.
- Extended lower back protector offers more protection to the rider.
- Highly perforated for maximum breathability and ventilation.
- The ergonomically designed protector contours to the natural curve of the back ensuring an optimum fit while riding.
- Horizontal flexion grooves for an adaptive fit in different riding positions.
- Compatible with the Nucleon KR-TB protector for extended lower spine protection.
- Height adjustable kidney belt featuring dual hook and loop closure system for easy, secure closure.
- Soft Bio-Foam padded chassis for maximum comfort.
- According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product:
- Back protector according with the EN 1621-2 : 2014 Level 2.

BIOFLEX PROTECTORS

PROTECTION | SIZE: S-L

- Ergonomic design that allows high levels of movement.
- Cell structure ensures maximum comfort and ventilation.
- Slim design makes the protector discreet off the bike.
- Protector cells are bridged together, allowing for an adaptive shape and enhanced levels of comfort and protection.
- According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product:
- Knee and Hip protector according with the EN 1621-1:2012 Level 1.

SMX 6 v2 BOOT

RACING / PERFORMANCE RIDING | PRODUCED SIZE: 36-50 EUR CORRESPONDING TO 3.5-14 US

- Newly designed boot upper incorporates innovative front, rear bellow and rear calf zones for superior levels of flexibility.
- The upper is constructed from microfiber for durability and abrasion resistance.
- Ergonomic last for forefoot streamlining to enable greater control of the bike's controls and for superior, wide-ranging foot profile, fit and comfort.
- Alpinestars innovative TPU lateral ankle brace protection provides a bio-mechanical support between lateral top calf/shin and ankle and offers improved structural integrity, protection against impact shocks, repeated abrasion resistance and flex support.
- Air vents on the heel counter and shin plate plus breathable mesh inserts improve comfort and reduce fatigue on short and long rides.
- High modulus TPU injected shin guard, calf protector, heel counter, shift pad, ankle brace and toe slider for improved shock protection and durability.
- Double density ankle protector on medial side layered under the upper offers protective performance in key area.
- Innovative instep and Achilles accordion flex zone construction for superior comfort, extension, control and support.
- Internal insole with the shank reinforcement integrated for support to the arch area and foot protection.
- Medial side entry opening/closure system features elastic-mounted zipper with wide hook and loop closure for flexibility and secure fit.
- The aperture opening is large to promote easier in/out.
- Internal toe box protection is layered under the upper for durability, improved feel and performance.
- Breathable textile interior lining features anti-sliding microfiber suede reinforcement on heel area help keep foot in position while riding.
- New, removable anatomic footbed includes EVA and Lycra for performance, comfort and support.
- Alpinestars new and exclusive compound rubber sole promotes improved feel and grip, water dispersion and durability.
- According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product: EN 13634:2017.

SMX-1 R BOOT

ROAD RIDING | PRODUCED SIZE: 38-50 EUR CORRESPONDING TO 5-14 US

- The main upper material is constructed with a synthetic microfiber and high levels of comfort, durability and abrasion resistance.
- Front and rear accordions are made by lightweight microfiber for additional rider comfort.
- Same S-MX 6 ergonomic shaping for forefoot streamlining which enables greater control of the bike's controls and offers a superior wide-ranging foot profile for better fit and comfort.
- Lateral adjustable closure system envelopes around the front accordion for a secure closure and fit coupled with hook and loop tab. The strap is located on the medial side of the top of the boot for secure fast fastening with a TPR terminal strap for an easier prehensility.
- Zip closure is covered with microfiber to protect the bike against zipper scratches.
- Hook and loop tab locks the zip pull closed, keeping it flat and secure.
- TPR design on medial side to protect the ankle panel.
- TPR design on lateral toe-box gives more flexion and comfort.
- Rear TPR Silver insert joined with the heel counter ensures additional support and security.
- Double density ankle discs on medial side layered under the upper offers protective performance and abrasion resistance in key area.
- Integrated replaceable TPU bi-injected slider features new easy screw fixing concept.
- High modulus TPU injected heel counter and shift pad for enhanced structural protection.
- Internal toe box is layered under the upper.
- Exclusive rubber compound for an optimal combination of comfort and grip.
- Removable anatomic EVA footbed with Lycra® lining on top.
- According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product:
- SMX-1 R boot is to Cat 2 to 89/686/ECC EU Directive.

Drystar®

HYPER DRYSTAR® JACKET

ALL-WEATHER SPORT RIDING | SIZE: S-5XL

- Multi-panel, multi-material construction incorporating 450D Polyfabric main shell and 600D reinforcement.
- Fixed Drystar® membrane with taped seams offers guaranteed waterproof and breathable performance.
- Removable long sleeve thermal liner (100g on body, 80g on sleeves) for cold conditions.
- Excellent fit afforded by innovative volume control adjustment system on chest, bicep and sleeves, which ensures tight, improved riding fit.
- Adjustment system ensures a personalized riding fit and offers enhanced safety by keeping the protection in place in an impact or slide.
- Pre-curved sleeve and hook ensures a comfortable fit while preventing the sleeve riding up the arm during riding.
- Newly developed shoulder protection features over-molded advanced TPU guard layered under the outer fabric.
- Alpinestars race-derived, CE-approved internal elbow and shoulder protectors.
- Chest pad and back compartments can accommodate the Nucleon chest and back inserts (available as an accessory upgrade).
- Strategically positioned four-way stretch inserts on inside arms, side torso and rear shoulder for freedom of movement and comfort fit.
- Multiple ventilation system features zippered vents and exhaust ports for effective internal cooling.
- Extensive reflective details on arms and back to make the rider more visible to other road users.
- Full circumference waist connection zipper on the inside for attachment to Alpinestars riding pants.

- The upper is constructed from full grain oiled leather on lower medial panel, both with heat press texture for superior grip.
- Front and rear bellow made with lightweight microfiber for more durability and abrasion resistance.
- Extended PU coated leather gaiter helps seal out excessive water and dirt entry; rear gaiter includes rubber insert for flexbility and comfort.
- TPU shin plate and calf plate offer support and resistance for impacts.
- Bio-mechanical lateral flex-blade system provides excellent front and rear movement while offering support and protection to the ankle.
- TPU shift pad made with technical texture for added grip plus foam padding on underneath for better comfort.
- Wide entry aperture for convenience with hook and loop upper closure flap to allow broad ranging calf fit adjustment.
- TPU double density ankles protector on medial side for protection.
- New closure system includes two polymer buckles with an innovative closure system.
- This closure includes a ratchet with memory and a quick release/ locking system with self-aligning design for easy, precise closure.
- Soft foam surrounds the ankles and collar offer comfort and shock absorbing performance.
- Drystar® membrane layer between upper and lining for proven performance in difficult weather conditions.
- Toe box and heel counter reinforcement are layered under the upper.
- PP insole with steel shank co-injected for excellent feel and safety.
- Alpinestars exclusive vulcanized rubber plus injected PU midsole designed for optimal combination of comfort and grip.
- Replaceable anatomical EVA footbed with Lycra® lining on top.
- According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product: EN 13634:2017.

ROVER MULTI BACKPACK

TECHNICAL LUGGAGE | SIZE: OS

- Adjustable harness system for fit, comfort and load stability.
- Large and tall roll top main compartment for quick and easy access, with a removable waterproof liner.
- Compression lid for security and easier packing.
- Hydration pocket for rider comfort.
- Expandable side pods with zippers for extra capacity.
- Equipped with multiple external pockets for quick access in town.
- Front large zipper pocket, side entry front panel pocket and small items pocket on the lid for storage of essential items.
- Clever compression design means that if the front compartment is empty, it will flatten with the compression straps to lay flat against the main compartment.
- All straps are finished with easy pull ends for ease of use, with tie down loops for added security.

BLACK

3517-0477

ROVER OVERLAND BACKPACK

TECHNICAL LUGGAGE | SIZE: OS

- Adjustable harness system for fit, comfort and load stability.
- Large and tall roll top 25-litre main compartment for quick and easy access, with a removable waterproof liner.
- The clever design means the roll top can be closed / connected at the sides of bag or at top for extra internal volume.
- Comes complete with an inner hydration pocket, plus additional hydration carrying capacity in the front mesh pocket thanks to exit for the hose of an extra hydration bladder.
- Large, compressible front compartment allows the bag to be used without having to access the main roll top compartment.
- Clever compression design means that if the front compartment is empty, it will flatten with the compression straps to lay flat against the main compartment.
- Compact profile when empty, which expands to very large capacity when the main compartment and 14-litre front compartment are both filled.
- Comes with a laptop pocket and organizer inside the front compartment for added practicality.
- All straps are finished with easy pull ends for ease of use, with tie down loops for added security.

HOW TO MEASURE

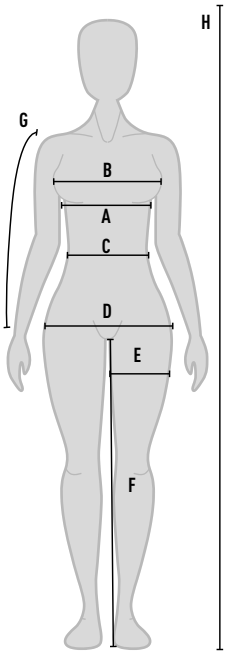

- A. Chest - Measure around the fullest part, under the armpits, keeping the tape horizontal.
- B. Waist - Measure around the natural waist line, inline with the navel, keeping the tape horizontal.
- C. Hip - Measure around the fullest part of your hips, about 20 cm below waist line, keeping the tape horizontal.
- D. Thigh - Measure around the thigh just below the crotch, keeping the tape horizontal.
- E. Inseam - Stand against a wall, ask someone else to measure from the crotch to the bottom of your leg.
- F. Arm Length - Measure from shoulder (Humerus) to wrist.
- G. Height - Stand against a wall, ask someone else to measure from the floor to the top of your head, keeping the tape vertical.

HOW TO MEASURE

- A. Chest - Measure around the fullest part, under the armpits, keeping the tape horizontal.
- B. Bust - Measure around the fullest part of the bust, keeping the tape horizontal.
- C. Waist - Measure around the natural waist line, inline with the navel, keeping the tape horizontal.
- D. Hip - Measure around the fullest part of your hips, about 20cm below waist line, keeping the tape horizontal.
- E. Thigh - Measure around the thigh just below the crotch, keeping the tape horizontal.
- F. Inseam - Stand against a wall, ask someone else to measure from the crotch to the bottom of your leg.
- G. Arm Length - Measure from shoulder (Humerus) to wrist.
- H. Height - Stand against a wall, ask someone else to measure from the floor to the top of your head, keeping the tape vertical.

GLOVES SIZE CHART

INTERNATIONAL SIZE	XS	S	M	L	XL	XXL	3XL
