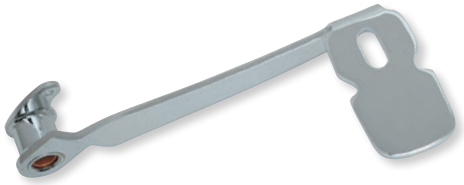
1610-0481

KURYAKYN

EXTENDED BRAKE PEDALS

- Moves the brake pedal location forward and down while flattening the angle of the pad
- Eliminates your foot being "under" the brake pedal, for a more natural feel when moving your foot from the floorboard to the brake pedal
- Bronze bushing with grease fitting for long life
- For use with floorboard-equipped bikes
- Compatible with engine-guard mounted cruise pegs and Kuryakyn's Cruise Arm Mark III (adjustment range of Cruise Arm Mark III may be slightly reduced)



NOTE: On 02-07 models, extended brake pedal is only slightly longer and flatter than the stock brake pedal.

PART #	DESCRIPTION
CHROME	
1610-0478	For 14-20 FLHT/FLHR/FLTRX/FLTRU/FLTRK/FLHX and H-D FL Trikes w/o lowers

MAGNUM STERLING CHROMITE® II BLACK PEARL POLISHED STAINLESS

Sterling Chromite II

Black Pearl

Polished Stainless

DESIGNER SERIES DOT ABS-SPECIFIC FRONT BRAKE LINE KITS

- Manufactured with an enhanced construction designed to be compatible with Harley-Davidson® ABS requirements for stock and alternate length brake lines
- Brake kits consist of a direct fit lower assembly used in conjunction with alternative length upper lines
- Kits to fit most Harley-Davidson Models – Touring, Trikes, Softail, Dyna and Sportster
- Choice of 35°, 90° or 180° upper brake line banjo angles ensure a great fit
- -3AN connections make for easy installations
- All fittings are highly polished and chrome or black chrome-plated
- The industry's highest quality braid in three color choices to complement your bike: Sterling Chromite® II, Black Pearl and Polished Stainless
- Braid color and weave match all Magnum control cables and brake lines
- Crystal-clear outer jacket offers exceptional protection against scuffing paint or chrome and will never discolor
- Inner PTFE tubing braided with Aramid Fiber reinforcement provides the ultimate in high performance by greatly reducing line expansion
- Brake lines are constructed with PTFE inner tubing, DuPont™ Kevlar® aramid fiber, premium Signature Magnum braids and an outer PVC jacket

DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

NOTES: Magnum Shielding brake lines are designed to follow the same routing path as OEM lines.

Upper, lower, mid brake line and adapter banjo kits are sold separately to allow for a perfect fit.

Single disc Dyna and Sportster models use two kits – one upper and one lower.

Softail models utilize 3 kits (except 2018+ dual disc), with the lower being optional on all. Upper kits are required for handlebar changes; by using either an upper brake line adapter or for 11–17 Softail models, the optional ABS Lower Brake Line Kit which includes the adapter.

Lower kits for 2018+ Softail models do **NOT** include an adapter.

Adapter for Softail models allows the upper brake line to complete the connection from the ABS controller (2011-2017) or lower brake line (2018+) to the master cylinder.

If replacing the stock lower brake line assembly on 2018+ dual disc Softails, an adapter is **NOT** needed. Using -3AN fittings, the upper line connects directly to the Magnum lower assembly.

Lower line - Softail single disk

Lower line - FLHT

Lower line - Dyna single disk

Mid-line - FLHT

1742-0657

Dual disc Touring models use three kits - one upper, one lower and one mid-line.

Trike models use two kits - one upper and one mid-line. No lower is available.

A Designer mid-line and upper line is required for all Touring and Trike models with ABS. The mid-line connects to the upper brake line in the fairing or nacelle and completes the routing from the master cylinder to the ABS controller. A lower kit is optional.

Non-stock applications require taking a measurement for upper brake line length and banjo angle to ensure correct fitment (see How to Order)

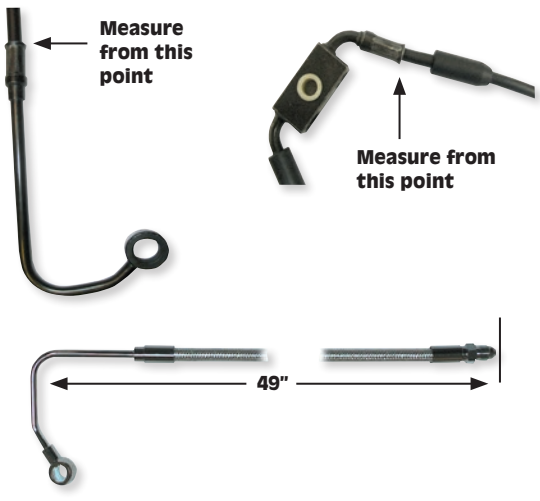
Harley-Davidson motorcycles equipped with ABS (anti-lock brake system) require ABS specific upper and lower brake line kits. Failure to do so may result in compromised anti-lock braking ability. Magnum Shielding upper brake line kits manufactured specifically for these applications are identified with the letters "**ABS**" printed directly on the brake hose.

IMPORTANT – HOW TO ORDER:

Stock fitments: The stock fitment chart determines the upper, lower and mid-line kits needed for your application. Lower and mid lines are model specific. Stock upper line length and banjo angle is listed for each application to help when choosing alternative length upper lines.

Alternative fitments: Due to handlebar changes, fitment options are accommodated with the **UPPER** line only. You may prefer to use a different length or banjo angle based on your specific routing. See the alternative length chart for available lengths and banjo angles.

Upper line length for 11-17 Softail, Dyna, and 14+ Sportster models is determined by using your stock OE master cylinder brake line as a guide. Pull the rubber boot back and measure from the point at which the soft, flexible line enters the crimp collar on the lower portion. Follow the brake line routing up to your master cylinder. (see diagrams below)



2018+ Softail – Upper line replacement when reusing the stock lower brake line. (adapter required) Lengths are determined by using the stock master cylinder line for a guide. Measure from the lower brake line manifold where the upper line attaches, up to the master cylinder. From that measurement subtract 1,5" for the adapter and round up to the next number to determine upper line length. (see diagram below)

2018+ Softail Single Disc Upper and Lower line replacement requires an adapter. (3 kits)

Adapter is NOT needed when replacing both the Upper and Lower 2018+ Softail Dual Disc brake lines. (2 Kits) The upper line connects directly to the Magnum Designer dual disc lower brake line. Follow the above instruction **without** subtracting 1,5" for the adapter. Rounded up, the length measured will be correct. (see diagram below)

Upper line length for Touring and Trike models is measured using the 49" mid-line as a reference to determine additional line length needed to complete the routing from the ABS controller to the master cylinder. That measurement will be your upper line length. (see diagrams below).

DESIGNER SERIES DOT EXTENDED ABS TOURING LOWER BRAKE LINE KITS

- Lower brake line kits available in extended length versions to fit 2014 and up Harley-Davidson Touring Models with ABS
- Allows brake calipers to be moved to different mounting locations, including radial brake caliper relocations
- Caliper lines are extended and incorporate EZ-Align banjos for easy installation
- Plus 50,8 mm (2") or plus 102 mm (4") length stock style, two-line configurations
- Left side dual to single disc conversions in stock, plus 50,8 mm (2") or plus 102 mm (4") lengths
- CNC precision bent tubes for a factory fit
- Brake lines are constructed with PTFE inner tubing, DuPont™ Kevlar® Aramid Fiber, premium Signature Magnum braids and a crystal-clear outer PVC jacket that will never discolor
- Aramid Fiber reinforcement greatly reduces line expansion for the ultimate in high performance
- The industry's highest quality braid in two Signature color choices; Sterling Chromite® and Black Pearl
- Matching upper brake lines on pages 1379-1384, hydraulic clutch lines and clutch cables are available to complement the lower brake lines; see pages 770-772
- Highly polished fittings are chrome or black chrome-plated

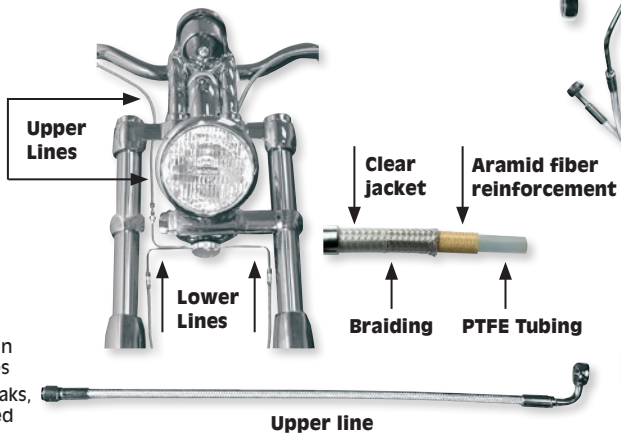
DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

NOTE: Magnum Shielding brake lines are designed to follow the same routing path as OEM lines.

NOTE: Harley-Davidson motorcycles equipped with ABS (anti-lock brake system) require ABS specific upper and lower brake line kits. Failure to do so may result in compromised anti-lock braking ability. Magnum Shielding brake line kits manufactured specifically for these applications are identified with the letters "ABS" printed directly on the brake hose.

PART #	DESCRIPTION
FOR 14-20 TOURING MODELS W/ ABS	
STOCK DUAL DISC	
1741-6143	Sterling Chromite plus 50,8 mm (2")
1741-6144	Sterling Chromite plus 102 mm (4")
1741-6145	Black Pearl plus 50,8 mm (2")
1741-6146	Black Pearl plus 102 mm (4")

PART #	DESCRIPTION
LEFT SIDE DUAL TO SINGLE DISC CONVERSIONS	
1741-6147	Sterling Chromite stock length
1741-6148	Sterling Chromite plus 50,8 mm (2")
1741-6149	Sterling Chromite plus 102 mm (4")
1741-6150	Black Pearl stock length
1741-6151	Black Pearl plus 50,8 mm (2")
1741-6152	Black Pearl plus 102 mm (4")



BLACK PEARL
POLISHED STAINLESS

DESIGNER SERIES DOT BRAIDED NON-ABS FRONT BRAKE LINE KITS

- Brake kits utilize a superior two-piece design consisting of a direct fit lower assembly used in conjunction with alternative length upper lines
- All brazed manifold construction eliminates leaks, alignment problems, and unattractive threaded connections for a sleek appearance
- Choice of 35°, 90° or 180° upper brake line banjo angles ensure a great fit
- -3AN connections for easy installations
- All fittings are highly polished and chrome or black chrome-plated
- The industry's highest quality braid in three color choices to complement your bike: Sterling Chromite® II, Black Pearl and Polished Stainless, the brightest "stainless" braid on the market
- Braid color and weave match on all Magnum control cables and brake lines
- Crystal clear outer jacket offers exceptional protection against scuffing paint or chrome and will never discolor
- Inner PTFE tubing braided with Aramid Fiber reinforcement provides the ultimate in high performance by greatly reducing line expansion
- Brake lines are constructed with PTFE inner tubing, DuPont™ Kevlar® aramid fiber, premium Signature Magnum braids and an outer PVC jacket

NOTE: Upper and lower brake line kits are sold separately to allow for a perfect fitment.

NOTE: Non-stock applications require taking a measurement for the upper brake line length and banjo angle to ensure correct fitment (see How to Order).

NOTE: 2014-2019 Trike models require an adapter and upper brake line. Lower brake line is optional.

IMPORTANT - HOW TO ORDER

Stock fitments: Use the stock fitment chart to determine the upper and lower kits needed for your application. The stock upper line length and banjo angle is also listed for each application. This information may be helpful when choosing alternative length lines.

Lower lines are model specific. Use the stock fitment chart to determine which kit is required.

Alternative fitments: Due to handlebar changes, fitment options are accommodated with the UPPER line only. You may prefer to use a different length or banjo angle based your specific routing. See the alternative length chart for available lengths and banjo angles.

Upper line length is determined by measuring the routing path from the top of the lower triple tree to the master cylinder. The upper and lower connection is made at this point – see diagram.

XR STAINLESS EXTREME RESPONSE FRONT DOT BRAKELINE KITS

- Manufactured with an enhanced construction for extreme braking response and durability
- Designed to be compatible with Harley-Davidson® ABS requirements for stock and alternate length brake lines
- Three color choices: Clear-coated with chrome fittings, OE-style black stainless steel with chrome fittings or black-coated stainless steel with black chrome fittings
- Available in stock and plus lengths to fit most ABS or non-ABS Harley-Davidson Models – Touring, Softail, Dyna, and Sportster
- All fittings are highly polished and chrome or black chrome-plated
- Inner PTFE tubing braided with XR Stainless Steel reinforcement embedded in a tough Nylon outer jacket offers exceptional protection for paint or chrome
- All brazed manifold construction eliminates leaks, alignment problems, and unattractive threaded connections for a sleek appearance
- -3AN connections for easy installations

NOTE: Complete kits contain brake line assemblies to connect the caliper(s) to the master cylinder.

All non-ABS kits are complete kits.

Dyna and Sportster ABS kits are complete and include an upper and lower brake line.

Touring, Trike and Softail ABS brake line kits are available separately as upper and lower kits (except 2018+ Softail FXFB, which is a complete kit).

ABS Upper Kits contain a brake line assembly with any needed adapters to connect the ABS controller or lower brake line assembly to the master cylinder. A lower brake line assembly is not required.

ABS Lower Kits are optional and do not require an upper line for installation.

ALTERNATIVE LENGTH XR STAINLESS EXTREME RESPONSE DOT UPPER BRAKE LINES

- Alternative length stainless XR DOT replacement upper brake lines
- Manufactured with an enhanced construction for extreme braking response and durability
- Designed to be compatible with Harley-Davidson® ABS requirements for stock and alternate length brake lines
- Inner PTFE tubing braided with XR Stainless Steel reinforcement embedded in a tough nylon outer jacket offers exceptional protection for paint or chrome
- Available in OE style black stainless with black chrome-plated fittings
- Available with a 35° banjo angle in stock and plus lengths, with black coated XR Stainless brake line
- All fittings are highly polished black chrome-plated
- -3AN connections for easy installations

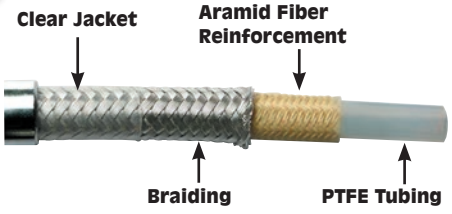
MAGNUM STERLING CHROMITE® II BLACK PEARL POLISHED STAINLESS

E-Z Align fitting rotates 360 degrees



E-Z ALIGN DOT BRAIDED SINGLE DISC NON-ABS FRONT BRAKE LINES

- E-Z Align rotating caliper banjo feature for perfect no-kink fitments
- Choice of 35°, 90° or 180° upper brake line banjo angles
- Brake lines are available with either a 7/16" or 10 mm master cylinder banjo fitting
- Constructed with PTFE inner tubing, DuPont™ Kevlar® aramid fiber, premium Signature Magnum braids and an outer PVC jacket
- All fittings are polished and chrome or black chrome-plated
- The Industry's highest quality braid available in three color choices to complement your bike: Sterling Chromite® II, Black Pearl and Polished Stainless, the brightest "stainless" braid on the market
- Braid color and weave match on all Magnum control cables and brake lines
- Crystal-clear outer jacket offers exceptional protection against scuffing paint or chrome and will never discolor

- Inner PTFE tubing braided with aramid fiber reinforcement provides the ultimate in high performance by greatly reducing line expansion

MAGNUM STERLING CHROMITE® II POLISHED STAINLESS

BRAIDED DOT REAR BRAKE LINE KITS

- The industry's highest quality braid available in two color choices to complement your bike: Sterling Chromite® II and Polished Stainless
- Braid color and weave match all other Magnum control cables and brake lines
- All fittings are polished and chrome-plated
- Kits use OE-style manifolds or universal T-blocks for a complete installation
- Crystal-clear outer jacket offers exceptional protection against scuffing paint or chrome and will never discolor
- Inner PTFE tubing braided with aramid fiber provides the ultimate in high performance and is compatible with all hydraulic fluids
- Constructed with PTFE inner tubing, DuPont™ Kevlar® aramid fiber, premium Signature Magnum braids and an outer PVC jacket

DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

STEEL BRAIDED HYDRAULIC BRAKE LINES

- Inner core is made from PTFE
- Steel fabric has four wires
- Available in black or clear styles in custom lengths from 13 cm L to 200 cm L
- Hose ends have screw-in connectors; must order hose ends and banjo bolts separately for a complete brake line assembly
- Sold each
- Brake lines comply with international DIN standard FMVSS106

RUSSELL

Stainless

Black

BRAIDED BRAKE LINE KITS

- Braided brake lines exceed OEM pressure specifications, reduce brake line expansion and look good
- Available in stainless steel and black styles
- Features PTFE inner liner and stainless steel outer braid for smooth fluid transfer and high strength
- Factory-assembled for correct fit and reliability

NOTE: All measurements are approximate.
NOTE: Russell reference numbers ending in DS, SS and B are clear-coated.
NOTE: Numbers ending in S are for off-road or show use only.

PRO SWIVEL

PRO SWIVEL™ BRAKE HOSES

- Available in clear-coated stainless steel with chrome fittings or black-coated stainless steel outer band with black fittings
- Features Russell's exclusive 360° swivel banjo system
- The banjo is incorporated at the caliper end of the hose assembly
- Makes the rotation alignment hassle-free
- Engineered using two O-rings for a positive seal
- Supported by 305 stainless steel retention pin for permanent attachment
- Uses all stock mounting locations and hardware; simply route your hose and attach the banjo at the master cylinder
- All lines have a 3/8" 90° banjo at the caliper end

UNIVERSAL BRAKE LINES AND FITTINGS

- Universal, black 4,8 mm (3/16") OD nylon brake lines; ideal for custom fabrication
- Semi-rigid nylon construction offers unparalleled flexibility, allowing the builder ultimate control
- Compression-type chrome fittings with unique concave design
- Lines and fittings also work great for custom hydraulic clutch applications
- For off-road and show use only
- Fittings made from steel, not brass
- Lines and fittings sold separately

NOTE: 08-20 Dressers use metric 10 mm x 1,0" banjo bolts and fittings. 04-20 XL models use metric 10 mm x 1,25" and 12 mm x 1,50" banjo bolts, washers and fittings. All Big Twin (except 08-20 Dressers) and pre-04 XL models use standard 3/8" and 7/16" banjo bolts, washers and fittings. Fittings and washers listed as 3/8"/10 mm can be used in either application.

UNIVERSAL BRAKE LINES AND CHROME STEEL FITTINGS

Stainless Steel brake lines

Black vinyl-coated Stainless Steel brake lines

- Top-quality clear-coated stainless steel-braided or black vinyl-coated stainless steel/braided brake lines, banjo bolts, brake line fittings and crush washers provide consistent, reliable performance
- Lines are available in 229 mm through 203 cm lengths (9" through 80")
- Features chrome-plated AN-3 ends
- Banjo bolts and fittings are chrome-plated steel and sold separately

NOTE: 08-20 Dressers use metric 10 mm x 1,0" banjo bolts and fittings. 04-20 XL models use metric 10 mm x 1,25" and 12 mm x 1,50" banjo bolts, washers and fittings. All Big Twin (except 08-20 Dressers) and pre-04 XL models use standard 3/8" and 7/16" banjo bolts, washers and fittings. Fittings and washers listed as 3/8"/10 mm can be used in either application.

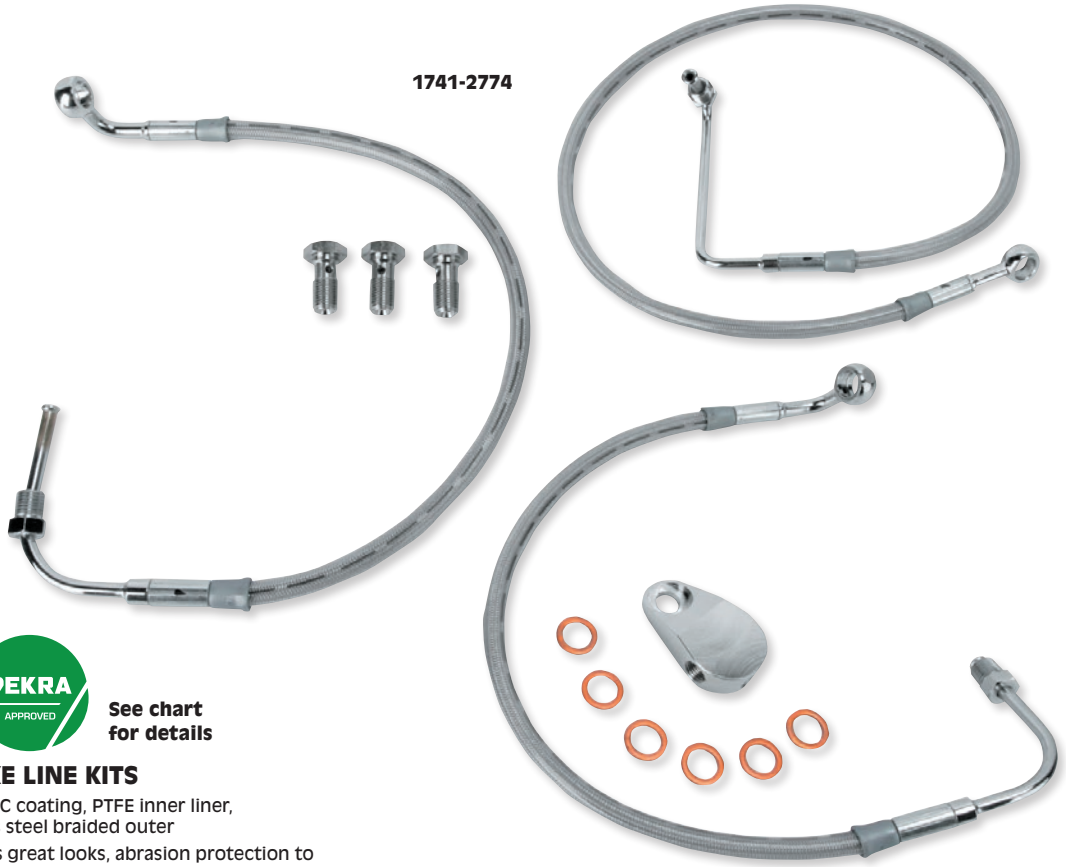
GOODRIDGE
FLUID TRANSFER SYSTEMS



ABS SINGLE UPPER FRONT BRAKELINE KIT

- OEM-style kit
- Upper lines run from the ABS controller to the master cylinder
- Kit include stainless steel braided hose and chrome hardware
- Hose features clear PVC coating, PTFE inner liner and premium stainless steel braided armor
- PVC hose coating adds great looks, abrasion protection to expensive parts, and resistance to damaging UV rays
- PTFE liner is an inert material, compatible with all hydraulic and brake fluids; has a heat range of -106 °C to 260 °C (-158 °F to 500 °F) and shields brake systems from moisture, unlike other materials like nylon
- Stainless steel braid is superior in pressure rating, flame resistance and volumetric expansion to all other materials, resulting in unmatched stopping power
- Comes in attractive clamshell packaging with bolts and washers

OEM-STYLE BRAKE LINE KITS

- Hose features clear PVC coating, PTFE inner liner, and premium stainless steel braided outer
- PVC hose coating adds great looks, abrasion protection to expensive parts, and resistance to damaging UV rays
- PTFE liner is an inert material, compatible with all hydraulic and brake fluids; has a heat range of -106 °C to 260 °C (-158 °F to 500 °F)
- Stainless steel braided outer is superior in pressure rating, flame resistance and volumetric expansion to all other materials, resulting in unmatched stopping power
- All hardware is beautifully chromed mild steel with a 96-hour salt spray rating
- Come complete in attractive clamshell packaging with installation hardware
- ABE/DEKRA approved unless noted

BYO® BUILD-YOUR-OWN DOT BRAKE LINE BUILDER KITS

- Assemble lines in only five minutes with side cutters and a 7/16" wrench for a perfect fit and alignment every time
- Three different kits are available in two colors to solve your brake line assembly challenges
- Basic Builder Single Disc Kits contain 7/16" and 10 mm banjos and fittings to build multiple front single disc brake lines
- Deluxe Builder Kits contain banjos and fittings to build multiple front single disc brake lines, hydraulic clutch lines and most rear brake lines
- Master Builder Kits include everything in the Deluxe Kits, plus additional banjos along with four brazed and plated manifolds to build most dual front disc brake lines
- All kits are organized in a labeled, compartmental carrying case and include 7,6 m (25') of non-yellowing clear or black coated braided stainless steel hose, chrome or black chrome-plated banjos, polished stainless hardware, copper crush washers plus a set of durable Aluminum BYO® Vise Jaws. Kit contents are listed below
- Brake hose and fittings are compliance labeled, pressure tested and 100% inspected
- NOT for use with Anti-lock Brake Systems

NOTE: BYO® brand brake hose and components have been specifically designed to work ONLY in conjunction with each other. Use with any other Magnum brake line products or other manufacturer's brands will void all warranty, performance, and liability claims.

NOTE: Black and Basic BYO® single disc builder kits do NOT contain rear brake line T-blocks or inverted flare Fittings.

NOTE: Black and Basic BYO® Single Disc Builder Kits Hydraulic Clutch Fittings are a natural stainless steel finish.

Step 1: Cut to length

Step 2: Push into fitting

Step 3: Screw into banjo

Step 4: Thread together

BYO® BUILD-YOUR-OWN UNIVERSAL BRAKE LINES

- Design meets all FMVSS-106 Standards once assembled per included instructions, for safe and reliable on-road use (see compatibility note below)
- Assembles in five minutes with only side cutters and $^{7}/_{16}$" wrench
- All components and hoses are available separately to build your own DOT brake line – choose banjo fittings, and then cut bulk line to the exact length needed to eliminate ordering guesswork for a perfect fit every time
- Brake hose is 100% pressure tested and fittings are 100% inspected
- -3 bulk stainless brake line is fully labeled and sold in multiple lengths (includes one vise wrench for assembly)
- -3 braided stainless brake line is coated with a non-yellowing clear outer jacket – banjos and inverted flare fittings are polished and chrome-plated with polished stainless steel fittings
- -3 braided black stainless brake line is coated with an opaque black outer jacket – banjos are black chrome-plated and include black heat shrink to cover the stainless fittings once assembled
- Aluminum BYO® Vise Jaws are available separately and made specifically to assemble BYO® fittings

NOTE: Compatible Magnum Shielding BYO® brand brake hose and BYO components have been specifically designed to only work in conjunction with each other. Use with any other Magnum brake line products or other manufacturer's brands will void any warranty, performance, liability and DOT FMVSS-106 compliance claims.

NOTE: All BYO® brand brake lines are intended for non-ABS applications ONLY.

NOTE: Please see pages 1417-1418 for compatible Drag Specialties and Magnum banjo bolts and crush washers.

1742-0447	10 mm 15° banjo, w/ 90° twist
1742-0330	Black brake tee for 99-07 FLT/FLHT/FLHR/FLTR/FLHX (non ABS)
1742-0329	Black brake tee for 99-17 Dyna, 86-03 XL (Narrow Glide)
1742-0448	Mini manifold
3808-0008	Banjo/fitting vise wrench

BYO® BUILD-YOUR-OWN® BRAKE LINE KITS

- Patented design assembles in five minutes with only side cutters and 7/16" wrench
- Brake hose and fittings are labeled, pressure tested and 100% inspected
- Single disc kits contain 183 cm (6') of non-yellowing clear-coated braided stainless or black-coated stainless line, chrome or black chrome-plated banjos, polished stainless hardware, copper crush washers and vice wrench
- Dual disc kits contain 213 cm (7') of non-yellowing clear-coated braided stainless or black-coated stainless line, chrome or black chrome-plated banjos, dual disc manifold, polished stainless hardware, copper crush washers and vice wrench
- Kits contain all components needed to build one complete stock or custom brake line
- Select by model and year or by banjo size and angle for custom applications

PATENT #8360478

1741-3199 1741-3226

NOTE: Compatible Magnum Shielding BYO® brand brake hose and BYO® components have been specifically designed to only work in conjunction with each other. Use with any other Magnum brake line products or other manufacturer's brands will void any warranty, performance or liability claims.

NOTE: All BYO® brand brake lines are intended for non-ABS applications ONLY.

NOTE: 08-20 Dressers use 10mm x 1,00 banjo bolts and fittings. 04-20 XL models use 10 mm x 1,25 and 12 mm x 1,50 banjo bolts. All Big Twin (except 08-20 Dresser models) and pre-04 XL use 3/8" and 7/16" banjo bolts.

PART #	DESCRIPTION
BRAIDED STAINLESS STEEL SINGLE DISC BRAKE LINE KITS WITH 183 CM (6') BRAKE LINE	
1741-3200	For 99-17 Dyna models, 00-14 Softail models, 86-03 XL models (7/16" 35° banjo)
1741-3201	For 99-17 Dyna models, 00-14 Softail models, 86-03 XL models (7/16" 90° banjo)
1741-3199	For 99-17 Dyna models, 00-14 Softail models, 86-03 XL models (7/16" 180° banjo)
1741-3196	For 04-20 XL models (10 mm 35° banjo)
1741-3198	For 04-20 XL models (10 mm 90° banjo)
1741-3195	For 04-20 XL models (10 mm 180° banjo)

PART #	DESCRIPTION
BRAIDED BLACK STAINLESS SINGLE DISC BRAKE LINE KITS WITH 183 CM (6') BRAKE LINE	
1741-3227	For 99-17 Dyna models, 00-14 Softail models, 86-03 XL models (7/16" 35° banjo)
1741-3228	For 99-17 Dyna models, 00-14 Softail models, 86-03 XL models (7/16" 90° banjo)
1741-3226	For 99-17 Dyna models, 00-14 Softail models, 86-03 XL models (7/16" 180° banjo)
1741-3223	For 04-20 XL models (10 mm 35° banjo)
1741-3224	For 04-20 XL models (10 mm 60° banjo)
1741-3225	For 04-20 XL models (10 mm 90° banjo)
1741-3222	For 04-20 XL models (10 mm 180° banjo)

BRAIDED BLACK STAINLESS DUAL DISC BRAKE LINE KITS WITH 213 CM (7') BRAKE LINES

PART #	DESCRIPTION
1741-3209	For 08-13 Touring (10 mm 35° banjo)
1741-3206	For 99-07 Touring (3/8" 35° banjo)

PART #	DESCRIPTION
1741-3203	For 04-13 XL models (12 mm 35° banjo)

BRAIDED DOT UNIVERSAL BRAKE LINES AND FITTINGS

- Brake lines available in Universal DOT or ABS Universal DOT
- ABS Universal DOT brake lines are manufactured with an enhanced construction designed to be compatible with Harley-Davidson® ABS requirements for alternate length brake lines
- All constructed with PTFE inner tubing, DuPont™ Kevlar® aramid fiber, premium Signature Magnum braids and an outer PVC jacket
- The industry's highest quality braid in three color choices to complement your bike: Sterling Chromite® II, Black Pearl and Polished Stainless, the brightest "stainless" braid on the market
- Braid color and weave match on all Magnum control cables and brake lines
- Inner PTFE tubing braided with aramid fiber reinforcement greatly reduces line expansion to provide the ultimate in high performance
- Crystal-clear outer jacket offers exceptional protection against scuffing paint or chrome and will never discolor
- Universal -3 AN fittings, banjos, and manifolds are chrome or black chrome-plated
- Banjos are offered in most popular sizes and bend angles
- -3 AN Male Mini Tee with bracket and Rear Brake Switch block are available to complete custom builds

DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

NOTE: For banjo bolts, see page 1417 and for crush washers, see page 1418.

RUSSELL

PRO SYSTEM I FITTINGS

- Designed to ensure a positive seal
- Use with Pro System 1 hoses only
- Perfect for master cylinder, junction block and caliper connections
- Easy assembly

NOTE: For show and off-road use only.

NOTE: 08-20 Dressers use 10 mm x 1,00 banjo bolts. 04-20 XL models use metric 10 mm x 1,25 and 12 mm x 1,50 banjo bolts, washers and fittings. All Big Twin (except 08-20 Dressers) and pre-04 XL models use standard 3/8" and 7/16" banjo bolts, washers and fittings. Fittings and washers listed as 3/8"/10 mm will work in either application.

RENEGADE UNIVERSAL BRAKE LINES AND FITTINGS

- Preassembled with Russell high-performance #3 stainless steel braided hose that features a rugged PTFE inner liner and crimp-on female swivel hose ends
- Ready for adapter fittings, these build-it-yourself brake lines are the newest innovation from Russell
- Features Twilight Black finish; abrasion-resistant against painted surfaces
- Black hose appearance is perfect for retros and late-model customs
- Provides superior braking performance with braided Powerflex
- Minimizes line expansion
- Works with all brake fluids as well as stock, custom and racing applications
- Matching Renegade reusable adapter fittings feature a Twilight Black finish and are sold separately

NOTE: 08-20 Dressers use 10 mm x 1,00 banjo bolts. 04-20 XL models use metric 10 mm x 1,25 and 12 mm x 1,50 banjo bolts, washers and fittings. STREET LEGAL™ UNIVERSAL BRAKE LINES AND FITTINGS

- Street Legal brake lines are clear-coated with chrome steel ends
- Program-designed #3 size for easy brake line hookups on almost any application
- Chrome banjo bolts and fittings are available separately for multiple applications

NOTE: 08-20 Dressers use 10 mm x 1,00 banjo bolts. 04-20 XL models use metric 10 mm x 1,25 and 12 mm x 1,50 banjo bolts, washers and fittings. All Big Twin (except 08-20 Dressers) and pre-04 XL models use standard 3/8" and 7/16" banjo bolts, washers and fittings. Fittings and washers listed as 3/8"/10 mm will work in either application.

SNIPER II BRAKE LINES AND FITTINGS

- Innovative brake lines and fittings are perfect for custom motorcycles
- Easy to assemble without specialty tools
- Perfect to route through concealed areas
- The microbore hose features clear or black PVC coating, PTFE inner liner, stainless steel braided armor, and polished stainless steel or black zinc-plated mild-steel hardware
- Micro-sized hose OD allows an unmatched bend radius, making it perfect for routing through forks, frames, and bars
- PVC hose coating adds great looks, abrasion protection to expensive parts, and resistance to damaging UV rays
- PTFE liner is an inert material, is compatible with all hydraulic and brake fluids, has a heat range of -106 °C to 260 °C (-158 °F to 500 °F), and shields brake systems from moisture, unlike other materials like nylon

1741-3599

1741-3601

- Stainless steel armor braid is superior in pressure rating, flame resistance, and volumetric expansion to all other materials, resulting in unmatched stopping power
- This durably designed product range holds pressure in excess of 10.000 PSI, making Sniper II perfect for usage on all motorcycles
- Collars are not included in the fittings and need to be ordered separately

EBONY 2 BRAKE LINE KITS WITH ABE

- Contemporary black-on-black looks offer the hottest new style and high performance
- Hose features black PVC coating, PTFE inner liner and premium stainless steel braided outer
- PVC hose coating adds great looks, abrasion protection to expensive parts and resistance to damaging UV rays
- PTFE liner is an inert material, compatible with all hydraulic and brake fluids; has a heat range of -106 °C to 260 °C (-158 °F to 500 °F)
- Stainless steel braid outer is superior in pressure rating, flame resistance and volumetric expansion to all other materials, resulting in unmatched stopping power
- Zinc-plated mild steel hardware has a 96-hour salt spray rating
- All brake lines are stock length
- ABE/DEKRA approved unless noted

MILD STEEL FITTINGS/ADAPTERS

- Zinc-plated finish
- Sold each

PART #	DESCRIPTION
FOR 14-20 FLHT/FLHX/FLHR MODELS	
1742-0435	ABS controller to front master cylinder lower fitting (w/ ABS)
1742-0436	Front brake line tee fitting (w/o ABS)

FRONT BRAKE LINE ROUTER

- Allows for custom upper and lower brake lines to be installed without replacing the mid-HCU lines
- Black zinc-plated steel construction

PART #	DESCRIPTION
1742-0459	For 12-17 single-disc FXD/FXDWG models w/ ABS

All part numbers in BLUE are new for 2021.

ABS UPPER BRAKE LINE ADAPTORS

- ABS upper brake line adapter allows installation of an ABS upper brake line without purchasing a complete ABS brake line kit
- Mounts with existing hardware fitting on the module end, male AN3 fitting on the other

PART #	DESCRIPTION
FOR 18-20 SOFTAIL MODELS WITH ABS BRAKES	
1742-0657	Chrome
1742-0658	Black

PART #	DESCRIPTION
FOR 12-17 SOFTAIL MODELS WITH ABS BRAKES	
1742-0457	Chrome, 4 3/4" L
1742-0458	Black, 4 3/4" L

TRIKE UPPER BRAKE LINE ADAPTERS

- Use to connect the upper line to the lower brake line assembly junction block
- Required for handlebar changes and when used in conjunction with an upper brake line that will replace the stock upper master cylinder brake line assembly
- An Upper Designer Series Brake Line is required for completing the connection from the adaptor to the master cylinder

PART #	DESCRIPTION
FOR 14-19 H-D TRIKE MODELS WITHOUT ABS BRAKES	
1742-0455	Chrome
1742-0456	Black

BANJO BOLT WITH BRAKE LIGHT SWITCH MOUNT

- Allows brake light switch to be threaded directly into banjo bolt head
- Screws directly into master cylinder
- Replaces standard 3/8"-24 banjo bolt
- Eliminates junction block
- Great for custom applications
- Sold each

PART #	DESCRIPTION
DS-272185	Banjo bolt w/ brake light switch mount

BANJO BOLTS

- Stainless steel fasteners with a polished finish
- 12-point heads
- Sold each

PART #	DESCRIPTION
1742-0136	3/8"-24; repl. OEM #41747-82A
1742-0137	7/16"-24; repl. OEM #41739-84A

2106-0356	3/8"-24

BRAKE LIGHT BANJO BOLTS WITH BUILT-IN PRESSURE SWITCH

- Constructed of chrome-plated steel, this brake light switch banjo bolt replaces the OEM part and allows changing of the master cylinder or using rear set conversions
- Single bleed is for motorcycles with one line coming to brake master cylinder

PART #	DESCRIPTION
BL775-03CH	3/8"-24 BL banjo bolt
BL775-44CH	7/16"-24 BL banjo bolt
BL993-32CH	10 mm x 1,25 double banjo bolt

BRAKE LIGHT BANJO BOLT BOOT

- Clean up the looks of your brake light bolts with this handy 90° black rubber boot
- Fits brake light banjo bolts with built-in pressure switch; switch not included

PART #	DESCRIPTION
1742-0098	Brake light bolt boot

All part numbers in BLUE are new for 2021.

DRAG Specialties

BANJO BOLT SEALING WASHERS

DS-097014

- Washers feature a rubber seal that provides superior sealing around the banjo bolt
- Sold in 10-pack

PART #	DESCRIPTION
DS-097014	3/8"/10 mm washers; repl. OEM #41731-88
DS-097015	7/16" washers; repl. OEM #41733-88

MAGNUM

BANJO BOLT SEALING WASHERS

- High-quality washers include a built-in rubber seal to ensure proper sealing around banjo bolt under various conditions
- Sold as 10-pack

PART #	DESCRIPTION
1742-0042	Banjo bolt 3/8"/10 mm sealing washers

Joker MACHINE

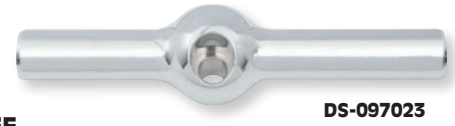
BANJO ADAPTER WASHERS

- Designed for bikes that already have 7/16" banjos
- Enable the use of a 3/8" banjo bolt through a 7/16" banjo fitting (often the black rubber hose types found on late-model OEM controls) without having to remove the existing hoses
- Sold in pairs

NOTE: JX Master cylinders are set up for the use of the more common 3/8" banjo fittings that bolt onto 3/8"-24 threads in the body.

PART #	DESCRIPTION
1742-0112	Banjo adapter washer

49005



BANJO BOLT WASHERS

RUSSELL

- Sold in 10-pack

PART #	DESCRIPTION
49005	3/8"/10 mm aluminum banjo sealing washers
49006	7/16" aluminum banjo sealing washers

RUSSELL

DS-097023

BUBBLE BRAKE LINE TEE

- Durable chrome-plated billet aluminum
- Banjo bolt (3/8"-24) design reduces the possibility of overtightening
- Prevents brake lines from rubbing on the front fender; 5 1/8" wide

PART #	DESCRIPTION
DS-097023	Bubble brake tee

40509

- Requires the use of a double-shoulder 3/8"-24 banjo bolt and a 3/8"-24 single-shoulder banjo bolt; sold separately
- Designed for dual-disc brake system

PART #	DESCRIPTION
40509	3/8"-24 single-banjo bolt (ea.)

Accutronix precision crafted billet products

DS096610

BRAKE LINE SANDWICHES

- Two-piece design
- Used to mount stainless steel brake line under bottom triple tree
- 0.375" machined groove holds brake line in place
- Can also be used as universal cable clamp

PART #	DESCRIPTION
DS096610	Chrome

STRETCHED DESIGNER GAS TANK

- Constructed of raw steel, unpainted
- Includes a pop-up gas cap, uses OEM gas pump
- Only compatible if used with Kodlin seat; see SEATS & SISSY BARS section for matching solo seat and FENDERS section for matching fender

PART #	DESCRIPTION
0701-0952	For 18-20 M-Eight Softail

Paul Yaffe's Bagger Nation

RAZOR BACK STRETCHED TANK KIT

- This deep drawn, real steel stretched tank kit is the ultimate complement to your Bagger project
- Tank flows seamlessly from front to back and the stretch wings flow into the side covers
- Direct bolt-on replacement for all 10-20 HD touring models; no modification required (unless noted)
- Each 24,6 liter (6,5 US gal.) tank is handcrafted and factory pressure tested and corrosion protected and sealed
- Kit includes tank, steel dash, chrome pop-cap, rubber dash trim and hardware
- Requires modification to your stock seat or a custom seat; sold separately

US patent #D737,192

NOTE: FLHR models will require relocation of speedometer and ignition switch.

PART #	DESCRIPTION
0701-0759	For 10-20 FLHT/FLHX/FLHR/FLTRX models

0701-0001

0701-0657

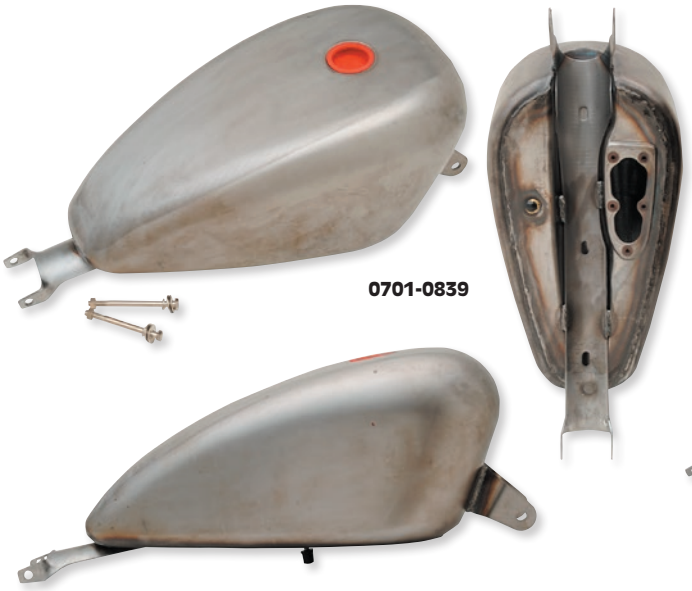
Side profile

0701-0167

1914-1864



ONE-PIECE TANKS

- 19,3 liter (5,1 US gal.) tank is made from 16-gauge stamped steel
- Available in 51 mm (2") extended length
- Dash-style tank has mounting provisions for stock-style dash and ignition switch (not included)
- Tank with fuel gauge bungs accepts OEM-style or aftermarket fuel gauges

NOTE: Seat nose may require modification to fit properly with extended tanks. Some models may require sending unit modification.

PART #	DESCRIPTION
FOR 01-06 FXST, FLST W/ FUEL INJECTION AND 04-06 FXST, FLST W/ CARB (EXCEPT FXSTD)	
0701-0167[1]	51 mm (2") extended w/ one screw bung and dummy bung for Original Equipment gas gauge (carb only)
1914-1864[1]	51 mm (2") extended dash stye w/ fuel gauge bung, single screw-in cap (Carb or EFI)
0703-0735	Repl. blockoff plate w/ gasket for PART #1914-1864
FOR 00-03 FXST, FLST W/ CARB (EXCEPT FXSTD)	
1914-1814	51 mm (2") extended dash style w/ fuel gauge bung, single screw-in cap

[1] Requires the use of petcock adapter OEM #62842-00 or Drag PART #0705-0024 when used in listed carb applications.

0701-0839

0701-0836

CUSTOM GAS TANKS

- Steel gas tanks feature TIG-welded construction
- Both styles measure approximately 51 cm L x 28 cm W x 21,5 cm T (20" x 11" x 8½")
- Tunnel is 76 mm (3") deep
- Mounting tabs measure approximately 58,5 cm (23") center-to-center
- Tanks for fuel-injected models accept the OEM fuel pump, components and fuel door
- Tanks for carbureted models accept 22 mm petcocks
- All tank styles use L96-20 vented gas caps (sold separately)
- Holds approximately 11,4 liter (3 US gal.) of fuel
- Smooth Peanut or Diamond-pattern styles available
- Chrome mounting hardware included

CUSTOM GAS TANKS

- Narrow Mustang-type features a single-cap, two petcock outlets, straight mounting tabs and a hole-to-hole center line on mounting brackets of 445 mm (17 1/2")
- Extra-wide Mustang-type features a high tunnel for the "Fatbob" look, one left-side petcock outlet and a hole-to-hole center line on mounting brackets of 450 mm (17 11/16")
- 1-piece Fatbob style features a left side external petcock outlet, indent on tank bottom for rocker box clearance and a hole-to-hole center line on mounting brackets of 502 mm (19 3/4")
- Dished tank style features a bung for cam-style gas cap, a bung for late-model 22 mm petcock and a hole-to-hole center line on mounting brackets of 425 mm (16 3/4")
- Accepts 66-72 style vented gas caps (sold separately)

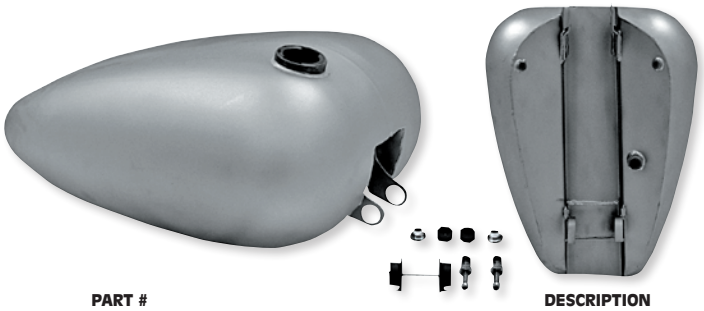
NOTE: Not for use on fuel-injected models.

NOTE: Paughco recommends all tanks be mounted on leather spacers or bushings.

NOTE: All tanks are pressure-tested and are bare metal; fit before painting.

PART #	DESCRIPTION
NARROW MUSTANG TYPE: 42 CM L X 23 CM W X 18 CM D (16 1/2" X 9" X 7"); TUNNEL MEASURES 64 MM W X 57 MM D (2 1/2" X 2 1/4")	
0701-0183	8,3 liter (2,2 US gal.) tank
EXTRA-WIDE MUSTANG TYPE: 42 CM L X 30,5 CM W X 18 CM D (16 1/2" X 12" X 7"); TUNNEL MEASURES 64 MM W x 12,5 CM D (2 1/2" X 5")	
0701-0184	11,4 liter (3 US gal.) tank

PART #	DESCRIPTION
1-PIECE FATBOB STYLE: 49,5 CM L X 33 CM W X 20,5 CM D (19 1/2" X 13" X 8"); TUNNEL MEASURES 56 MM W X 11 CM D (2 3/16" X 4 1/4")	
0701-0185[1]	18 liter (4,75 US gal.) tank
DISHED STYLE: 40,5 CM L X 25,5 CM W X 23 CM D (16" X 10" X 9"); TUNNEL MEASURES 76 MM W x 64 MM D (3" X 2 1/2")	
0701-0523	11,4 liter (3 US gal.) tank

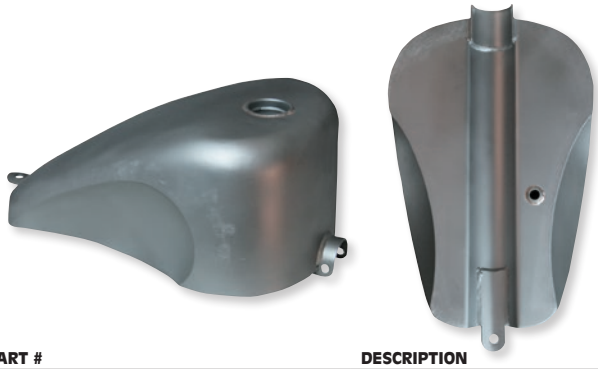


[1] Will not work on any stock FXR or FLT style frames.

FATBOB GAS TANK

- 15,9 liter (4,2 US gal.) gallon tank bolts to stock frame
- Comes with mounting kit and hose line fittings
- Features a left-side center external outlet for stock petcock
- Measures 49 cm L x 37 cm W x 20,5 cm D (19 1/4" x 14 1/2" x 8"); hole-to-hole center line on mounting brackets measures 371 mm (14 5/8")
- Accepts 66-72 style vented gas caps (sold separately)

NOTE: Paughco recommends all tanks be mounted on leather spacers or bushings.



NOTE: All tanks are pressure-tested and are bare metal; fit before painting.

PART #	DESCRIPTION
0701-0187	For 95-03 XL models

SWOOP DISHED GAS TANK

- Features special reversed swoop-shaped panels in the sides that make for one-of-a-kind custom styling
- Available in 9,5 liter (2,5 US gal.) King size; 32 mm (1 1/4") Frisco-style shallow tunnel for that high-mount styling
- Uses a 22 mm petcock
- 9,5 liter (2,5 US gal.) King tank measures 40,5 L x 28 cm W x 20,5 cm D (16" x 11" x 8"); tunnel size is 32 mm D x 57 mm W (1 1/4" x 2 1/4"); centerline hole-to-hole on mounting brackets measures 422 mm (16 5/8")
- Accepts L96-20 screw-in fuel cap with vent fittings
- Bare metal finish and is pressure tested before packaging

PART #	DESCRIPTION
0701-0826	9,5 liter (2,5 US gal.) King tank

WARNING: ALL TANKS ARE SHIPPED UNPAINTED. CAPS ARE NOT INCLUDED UNLESS NOTED. ALL GAS TANKS SHOULD BE FITTED, PRESSURE-TESTED AND SEALED BEFORE BEING PAINTED TO ELIMINATE POTENTIAL PROBLEMS.

GAS CAPS

- A great replacement for your hard-to-remove stock gas cap
- Made with finger serrations or a knurled design for a much easier removal over the stock smooth-sided gas cap
- Super-clean and low-profile design features all CNC-machined billet aluminum construction throughout
- After being tightened down, serrated caps can rotate to any position to align design pattern
- Hard black anodized, chrome-plated or clear anodized finish
- High-quality gas cap base has right-hand threads and is vented
- Serrated caps are 3" diameter, 1/4" thick at the edge, and 9/16" thick in the center; knurled caps are 3" diameter, 1/4" thick at the edge, and 1/2" thick in the center

FOR 99-20 BIG TWIN AND L96-20 XL MODELS

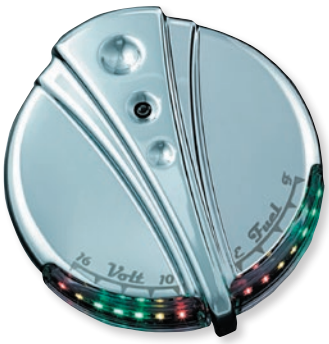
KURYAKYN



MESH

MESH FUEL/BATTERY GAUGE

- Plug-and-play direct replacement for the stock fuel gauge
- Ultra-bright LED display shows fuel level and battery voltage
- Low-profile, multi-piece design can be easily disassembled for custom finishing and paint
- Matches the Kuryakyn Mesh Gas Cap PART #s 0703-0764 (sold separately)

NOTE: Replaces tank-mounted (not center console-mounted) fuel gauge.

PART #	DESCRIPTION
2212-0635	For 99-20 FLHR, 00-17 Softail, 99-17 FXD/FXDWG and 15-20 Freewheeler

DECO LED FUEL AND BATTERY GAUGE

- Stylish, sleek cap has two LED displays that show battery and fuel levels at a glance
- Fuel gauge illuminates a single green LED when full, from full to 5/8 tank a string of green LEDs, from 1/2 to 1/4 tank amber LEDs, from 1/4 red LEDs, and when near empty a flashing single red LED
- "Empty" fuel level at which the red LED begins flashing can be set by the rider
- Battery gauge shows green LEDs when the charging system is between 12,5V and 14,5V, amber LEDs if the bike is not charging and flashing red LEDs if charging level exceeds 15V or drops below 10V

PART #	DESCRIPTION
0703-0604	For 99-20 FLHR, 15-20 FLRT, 00-17 FXST/FLST, 99-17 Dyna (except console-mounted gauges)

ZOMBIE LED FUEL AND BATTERY GAUGE

- Easy-to-read LED helps keep an eye on fuel and battery voltage levels
- Chrome-plated, die-cast aluminum housing
- No-hassle plug-and-play wiring

PART #	DESCRIPTION
2212-0586	For 99-20 FLHR, 15-20 FLRT, 00-17 FXST/FLST, 99-17 Dyna (except console-mounted gauges)

INFORMER LED FUEL/BATTERY GAUGE

- Cap incorporates LED battery and LED fuel gauge
- Daylight sensor adjusts LED brightness level
- Fuel gauge illuminates a single green LED when full, from full to 5/8 tank a string of green LEDs, from 1/2 to 1/4 tank amber LEDs, from 1/4 tank red LEDs, and when near empty, a flashing single red LED
- "Empty" fuel level at which the red LED begins flashing can be set by the rider
- Battery gauge shows green LEDs when the charging system is between 12,5V and 14,5V, amber LEDs if the bike is not charging and flashing red LEDs if charging level exceeds 15V or drops below 10V
- The perfect match for Kuryakyn's flush-mount gas cap

PART #	DESCRIPTION
2212-0433	For 99-20 FLHR, 15-20 FLRT, 00-17 FXST/FLST, 99-17 Dyna (except console-mounted gauges)

2212-0628

2212-0629

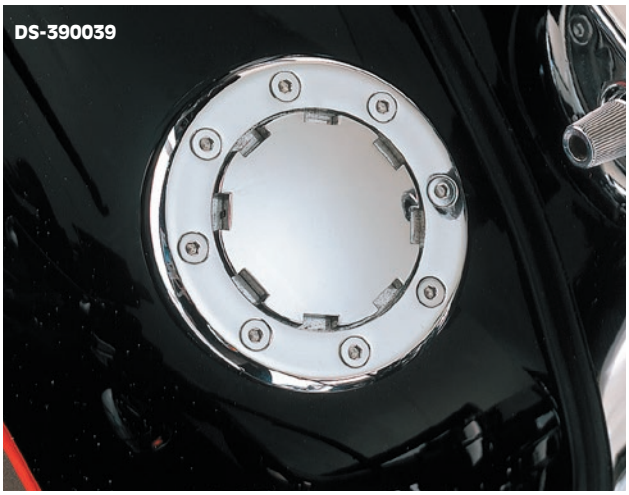
ALLEY CAT LED FUEL AND BATTERY GAUGES

- Provides a nod toward retro muscle car styling
- Easily monitor voltage and fuel levels with the illuminated multi-colored LEDs that produce a highly visible display and provide the perfect complement to the Kuryakyn Alley Cat Gas Cap PART #0703-0711, sold separately
- Die-cast aluminum, measures 76 mm (3") in diameter

PART #	DESCRIPTION
FOR 99-17 FLHR, 15-17 FLRT, 06-17 FXST/FLST, 06-17 DYNA (EXCEPT CONSOLE-MOUNTED GAUGES)	
2212-0628	Chrome
2212-0629	Gloss black

All part numbers in BLUE are new for 2021.

KURYAKYN



MESH

MESH GAS CAP

- Sleek design with indented grooves around the edge for easy removal/installation
- Satin black A380 aluminum construction with a stainless steel mesh insert
- Insert can be removed for custom painting
- Vented right-hand threads

PART #	DESCRIPTION
0703-0764	For 99-20 Big Twin, L96-20 XL models

FLUSH-MOUNT GAS CAP

- High-tech look of aviation-style fuel fillers
- Simply screws into the stock opening in your gas tank
- Keyed entry permits the low profile and prevents unauthorized entry
- Outer rings prevent chips around gas opening
- Available in non-vented style for 83 and later screw-in style tanks (L96-20 tanks will require reusing the stock gas cap gasket)
- Sold each

U.S. Patent #400838.

PART #	DESCRIPTION
DS-390039	Non-vented Fat Bob-style (left-hand thread) (except 18-20 FLHR/Softail)

PART #	DESCRIPTION
0703-0219	Repl. key for DS-390038, DS-390039

POWER-FLO™

THE GUZZLER® FUEL VALVES

- This is a serious fuel valve for serious riders
- Hardcoat anodized billet aluminum and stainless steel construction
- Spring-loaded detents for positive on-off positioning; no reserve available
- Flow up to 211 ounces of fuel per minute
- Available with 3/8" NPT or 22 mm inlets
- Some styles available highly polished for that custom look

HIGH-FLOW FUEL VALVE WITH CUSTOM ROUND KNOB

- Custom knob features a detent for positive "on" position with ball-milled grooves that give the valve a nice grip and a custom look
- Substantially higher fuel flow than OEM or aftermarket fuel valves
- Very universal; will work in any tank location
- Valve features a brass body with show-quality chrome-plating
- Easy-to-read on, off and reserve positions

PART #	DESCRIPTION
0705-0033	22 mm round; 180° outlet facing inward

Pass More Gas®

VACUUM FUEL VALVES

- Has the highest fuel flow of any vacuum-style fuel valve on the market
- The same feature as OEM vacuum fuel valves – when valve is left in the "on" position with the motor off, fuel flow is shut off automatically
- High-quality, lustrous chrome finish is the same as Pingel's Power-Flo line of fuel valves
- Fits all 94-06 stock applications with 22 mm external thread
- Will also fit 86-93 models if a vacuum source is tapped
- Outlet is a single 5/16" hose barb and will accept the stock vacuum line

2107-0002

0705-0085

NOTE: All descriptions are made from a seated position on the motorcycle with a reference from outlet position to the reserve position of the fuel valve lever.

PINGEL Since 1967

CHOPPER VALVE

- Designed for use on bikes with custom fuel tanks that are raised high in front, which doesn't allow proper fuel pickup with a standard reserve fuel valve
- Keeps the bottom of the tank clean from fuel lines, giving universal options for mounting the fuel valve with mounting holes on the back of the valve
- Smooth, clean lines with a compact design that measures 50 mm (2") L x 38 mm ($1^1/_2$") H x 35 mm ($1^3/_8$") D
- Easy-to-operate position selector knob with a ball detent for positive on/off/reserve locating
- Two $^5/_{16}$" hose inlets with one $^5/_{16}$" hose outlet
- Requires two hoses to be routed from the tank: one for on and one for reserve
- Provides exceptional fuel flow to feed the thirstiest big-inch motors
- CNC-machined from billet brass, polished and chromed

PART #	DESCRIPTION
0705-0042	Chopper valve

IN-LINE CUSTOM FUEL VALVE

- Designed with the bike builder in mind
- Eliminates the need to worry about fuel valve location
- Simple on/off valve without reserve or filter

PART #	DESCRIPTION
0705-0032	In-line fuel valve

FUEL VALVE REBUILD KIT

- Designed to rebuild Pingel $^3/_8$" NPT and 22 mm single-outlet valves
- PART #DS-390225 includes all the special tools necessary, photos, instructions and enough components to rebuild three fuel valves
- PART #DS-390226 includes enough components to rebuild five fuel valves; does not include any of the tools
- A bench vise or press with a $6^1/_2$" or larger opening is necessary for installing a rebuild kit

NOTE: These kits are not designed for hose outlet down, dual or triple outlets, $^1/_4$" NPT or race valves. Pingel recommends these valves be sent directly to them for rebuilding.

PART #	DESCRIPTION
DS-390225	Fuel valve rebuild kit, complete

PART #	DESCRIPTION
DS-390226	Fuel valve rebuild components only

Motion Pro

FUEL VALVES

- Features $^1/_4$" NPT pipe thread on one end and a $^1/_4$" barb on the other
- Available with straight or with 90° outlet
- Rugged steel construction with zinc plating
- Viton® O-ring stands up to most commonly used fuels

"CLICK-SLICK" PETCOCKS

- Manufactured from 360 brass and stainless steel ball-bearings and components; available in either a chrome, black or raw brass finish
- Features detents for quick, effortless switching from "On" to "Reserve" to "Off"
- 90° movement between each detent ensures positive transition when riding
- Stainless steel internal ball bearings provide virtually friction-free petcock handle motion
- Valve position firmly held in place and unaffected by vibration
- Can be modified to fit custom tanks and/or be set to determine amount of reserve gas available with any custom gas tank

SPYKE

PETCOCK

- Constructed from triple-show-chrome-plated brass
- Features an adjustable 360° swivel outlet and clicking detent that allows for accurate and universal positioning
- Significantly outflows stock and modified petcocks

NOTE: Not for fuel-injected models.

PART #	DESCRIPTION
0705-0081	For stock and custom tanks w/ a 22 mm outlet

EMGO

BRITISH-STYLE FUEL PETCOCKS

- Faithful reproductions of British-style "ON/OFF" petcocks
- Threads into 1/4" NPT tank fitting and utilizes a lock nut to keep petcock in position
- Has 1/4" NPT outlet threads
- Chrome finish; sold each

PART #	DESCRIPTION

ACCEL

HIGH-FLOW CHROME PETCOCK

- Features on, off and reserve with an easy-to-use knob, 5/16" barbed fuel outlet and a fine wire-mesh screen
- Valve has 3/8" NPT threads and comes with the 3/8" NPT to 22 mm adapter nut
- Fits all fuel tanks with 22 mm outlet
- Features a 100 micron fuel screen

PART #	DESCRIPTION
5105	Accel high-flow petcock w/ nut

ACCEL

HIGH-FLOW FUEL VALVE WITH SWIVEL SPIGOT

- Chrome fuel valve from Accel is designed to replace all right, left and rear spigot applications
- Unique design that incorporates a banjo-type spigot with a 180° swivel onto a high-flow fuel valve with a 22 mm nut
- Fuel outlet nipple is 5/16"
- Features a 100 micron fuel screen

NOTE: Won't fit 3/8" NPT thread tanks.

PART #	DESCRIPTION
5106	High-flow fuel valve w/ swivel spigot

PETCOCK REBUILD KIT

- Kit includes one bronze screen, one stainless steel screen, one Viton® seal, one spring washer and one gasket
- Fits Drag Specialties petcock PART #s DS-390216/217, DS-390218/219, 0705-0002/0003/0004 and 0705-0117/0118/0119/0309/0310/0311/0306/0307/0308
- Kit contains components for several different styles of petcock; all components may not be used in every style

PART #	DESCRIPTION
0705-0099	Rebuild kit

PETCOCK ADAPTER

- Allows the use of a 22 mm petcock in a fuel tank designed for Delphi fuel injection
- Original equipment in 01-06 FXSTD, 03-06 Dressers and 04-06 Softail carbureted bikes
- Includes O-ring for a leak-proof seal
- Accepts any petcock that installs using a 22 mm nut
- Chrome-plated finish for great looks

PART #	DESCRIPTION
0705-0024	Petcock adapter; repl. OEM #62842-00

FUEL TANK OUTLET PLUG

- Use to plug the outlet on fuel tanks that use either the fuel-injection or petcock adapter
- Also for use on aftermarket fuel tanks that have dual fuel outlets, but only one is required for use
- Polished chrome finish
- Includes O-ring seal
- Fits OEM and aftermarket fuel tanks that accept petcock adapter OEM #62842-00 (Drag PART #0705-0024)

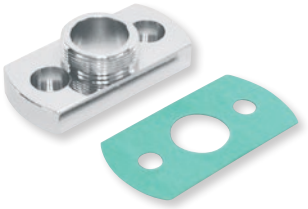
PART #	DESCRIPTION
0705-0054	Fuel tank outlet plug

All part numbers in BLUE are new for 2021.

FUEL PUMP FOR FUEL-INJECTED CUSTOM BIKES

- Pump can be mounted in nearly any tank
- Hollow mounting bolts secure the pump flange to the bottom of the tank and provide an outlet for wiring and pressurized fuel
- In-tank fiber filter prevents contaminants from damaging the pump or clogging fuel injectors
- Kit contains pump, in-tank filter, inlet hose, mounting hardware and instructions
- Pump specifications: 58 psi, 12,0 gal/hr, 5A draw

PART #	DESCRIPTION
1009-0007	Fuel-injected fuel pump for custom applications



FUEL PUMP MODULE REBUILD KITS

- Comes ready for plug-and-play installation
- Economical solution for restoring lost performance or non-performing fuel pump
- Includes all necessary components to rebuild the OEM EFI fuel pump module
- Includes necessary pump, filter, hose(s), clamp(s) and wiring harness as necessary per model

PART #	DESCRIPTION
1009-0079	For 08-20 FLHT/FLHR/FLHX/FLTRX/FLTRU
1009-0082	For 04-07 FLHT/FLHR/FLTR, 04-07 Softail (long pump/3.00")
1009-0080	For 00-03 FLHT/FLHR/FLTR, 01-03 Softail, 02-03 V-Rod (short pump/2.60")
1009-0077	For 95-99 FLHT/FLHR/FLTR
1009-0078	For 08-17 Softail, 04-17 Dyna Glide, 04-17 V-Rod
1009-0081	For 07-20 XL, 15-20 XG models

BUELL FUEL VALVE ADAPTER

- Allows the mounting of any 22 mm Pingel® fuel valve on Buell models
- Bolts in place of the stock fuel valve
- A must for modified motors that need a higher-flow-rate fuel valve
- Fuel valve must be purchased separately

PART #	DESCRIPTION
0705-0027	For all 95-02 Buell models, except fuel-injected models

TANK FITTING KITS FOR FUEL-INJECTION TO CARBURETOR CONVERSION

0705-0055

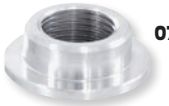
0705-0030

0705-0495

0705-0097

- Use when converting from OEM fuel-injection systems to use a carburetor in order to deliver adequate fuel for large-displacement engines
- Kit replaces the factory tank fittings, allowing the use of a high-quality, high-flow Pingel fuel valve to feed the carburetor
- Made of stainless steel
- Kit includes adapter and plug or adapter only with O-rings or gaskets
- See Pingel fuel valves on pages 1436-1438

NOTE: Due to tight tolerances in the tank fittings, a Pingel fuel valve is the only one that will fit.



PART #	DESCRIPTION
0705-0031	For 01-03 models w/ Delphi EFI (adapter and plug); for use w/ any Pingel 22 mm valve
0705-0055	For 00-20 models w/ Delphi EFI (adapter only); for use w/ any Pingel 22 mm valve; repl. OEM #62842-00
0705-0030	For 99-01 FLT/FLHT models w/ Magneti Marelli EFI (adapter and plug); for use w/ any Pingel 22 mm valve
0705-0495	For 18-20 Softails; for use w/ any Pingel 22 mm valve
0705-0097	For 07-20 XL models; for use w/ any Pingel 1/4" NPT valve

PETCOCK BUNGS

FUEL CHECK VALVE ASSEMBLIES

- Include check valve, required fittings and line
- Meets or exceeds OEM requirements
- For Delphi EFI systems only (unless noted)

PART #	DESCRIPTION
0706-0232	For 08-20 FLHT/FLHR/FLHX/FLTR and H-D FL Trike models; repl. OEM #62228-08A
0706-0231	For 03-07 FLHT/FLHR/FLHX/FLTR models; repl. OEM #62228-03
0706-0230	For 00-02 FLHT/FLHR/FLTR models; repl. OEM #61408-00A (Magnetti-Marelli)

PART #	DESCRIPTION
0706-0234	For 08-17 Softail models; repl. OEM #62189-08
0706-0233	For 01-07 Softail models; repl. OEM #62189-01A
0706-0235	For 04-17 Dyna Glide models; repl. OEM #62194-04B

Fuel-Tool

FUEL CHECK VALVE REBUILD KIT

- The industry's first and only rebuild kit
- Eliminates the need for replacing expensive check valve and fuel line when only a rebuild is needed
- Made from long-lasting, high-quality DuPont™ Viton® O-rings, solid brass nickel-plated check valve and stainless steel springs
- Use check valve installation tool PART #3850-0215 for installation

PART #	DESCRIPTION
0706-0223	For 01-20 H-D models with Delphi fuel injection (except 18-20 Softail)

CHECK VALVE REPLACEMENT COLLAR KIT

- Nickel-plated solid brass construction
- Makes rusty and weather-beaten check valves look new
- Installs in minutes; no special tools needed
- Saves money and days of bike down time by not having to replace the entire check valve
- Finger grip
- Unique design for easy use

PART #	DESCRIPTION
0706-0326	For 01-20 H-D models with Delphi fuel injection (except 18-20 Softail)

0706-0295

0706-0293

0706-0294

FUEL LINE REBUILD KIT

- Allows the rebuild of the male end of an 01-18 Delphi EFI fuel line
- Kit includes DuPont® Viton® O-ring, a solid brass valve and stainless spring
- Replacement Viton® O-rings also available individually and in a 5-pack

PART #	DESCRIPTION
0706-0295	Fuel line rebuild kit
0706-0293	Fuel line O-ring (single)
0706-0294	Fuel line O-ring (5-pack)

0706-0221

0706-0222

REPLACEMENT O-RING FOR FUEL CHECK VALVE

- Eliminates the need for replacing expensive check valve and fuel line when only an O-ring is needed
- Made from long-lasting, high-quality DuPont® Viton®
- Sold to consumer as single, or 5-pack

PART #	DESCRIPTION
FOR 01-20 H-D MODELS WITH DELPHI FUEL INJECTION (EXCEPT 18-20 SOFTAIL)	
0706-0221	Single pack
0706-0222	5-pack

EFI FUEL LINES

- High-quality OEM replacements
- Replaces the fuel line from the tank to the fuel rail
- Includes necessary connectors
- Replacement O-ring service kit includes O-rings to service all of the Drag Specialties EFI Fuel Lines
- Include all O-rings necessary to service all internal and external fuel lines on models with Delphi EFI

PART #	DESCRIPTION
0706-0365	For 12-16 FLHT/FLHR/FLTR/FLHX and H-D FL Trike models; repl. OEM #61208-10
0706-0121	For 08-11 FLHT/FLHR/FLHX/FLTR and H-D FL Trike models; repl. OEM #62905-08
0706-0123	For 07 FLHT/FLHR/FLTR/FLHX, 01-17 FXS/FXST/FLS/FLST models (except FXCW/C, FXSTD); repl. OEM #62900-01D
0706-0122	For 02-06 FLHT/FLHR/FLHX/FLTR, 04-17 FXD, FXDWG models; repl. OEM #62349-04F
0706-0124	For 07-20 XL models (except XL1200V, XL1200X, XL1200NS models); repl. OEM #27693-07
0706-0209	Repl. O-ring service kit

INTERNAL FUEL LINE

- Internal fuel line for pump to fuel filter on fuel-injected models
- Sold each

PART #	DESCRIPTION
0706-0229	For 02-07 Softail, 00-07 FLHT/FLHR models; repl. OEM #62357-00

0706-0005

0706-0016

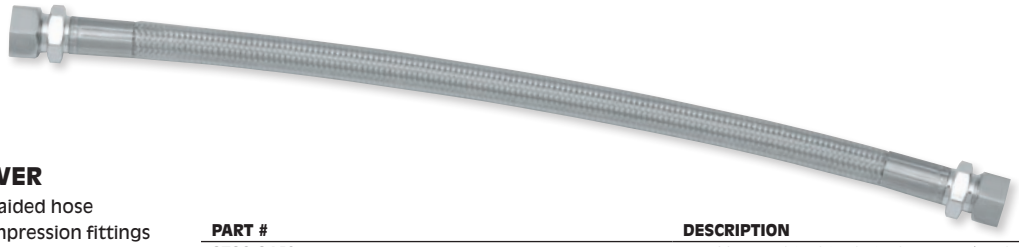
FUEL TANK CROSSOVER LINES

- Replaces the stock rubber lower crossover lines with stainless steel lines
- Seal with compression fittings for a positive seal

PART #	DESCRIPTION
CROSSOVER LINES	
0706-0007	For 99-07 FLT/FLHT models
0706-0004	For 00-17 FXS/FLS/FXST/FLST models (except Deuce)
0706-0005	For 00-07 FXSTD models
CROSSOVER LINES (CONT)	
0706-0003	For 99-05 Dyna models
REPLACEMENT WASHERS	
0706-0016	For fuel lines (6-pk.)

All part numbers in BLUE are new for 2021.

MAGNUM STERLING CHROMITE® II

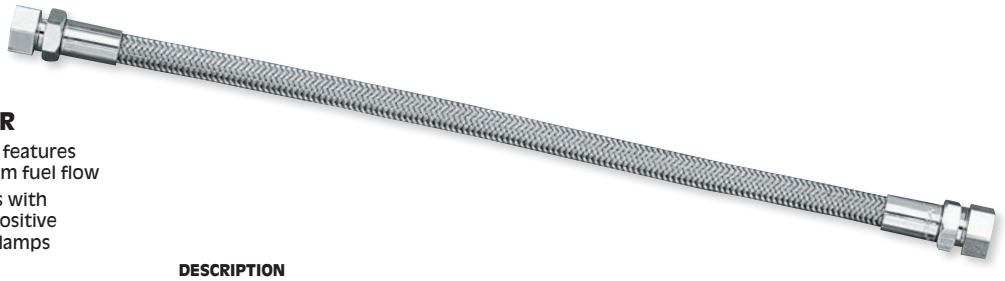


STERLING CHROMITE® II FUEL TANK CROSSOVER LINES

- The industry's highest quality braid available to complement your bike; STERLING CHROMITE® II
- Braid color and weave matches all MAGNUM control cables and brake lines
- Crystal-clear outer jacket offers exceptional protection against scuffing paint or chrome and will never discolor
- All fittings are polished and chrome-plated
- Inner construction of PTFE tubing is not affected by any fuels including ones containing Ethanol
- Complete compression style line assemblies
- Two sizes of Viton® rubber seals are included in each kit
- Replacement Viton® seals available
- Seals can be used on any compression style assembly

PART #	FITS MODEL	LENGTH INCLUDING FITTINGS
0706-0027	For 99-07 FLT/FLHT/FLHR	24 cm (9 1/2")
0706-0025	For 00-17 Softail (except FXSTD, FXCW/C)	14 cm (5 1/2")
0706-0029	For 01-04 FXSTD	14,5 cm (5 3/4")
0706-0029	For 04-17 Dyna (except FXDWG, 06 FXD35, 07-14 FXDC and 08-17 FXDF)	14,5 cm (5 3/4")

GOODRIDGE FLUID TRANSFER SYSTEMS



FUEL LINE CROSSOVER

- Clear-coated stainless braided hose
- Chrome-plated steel compression fittings
- Use with OEM-style tanks

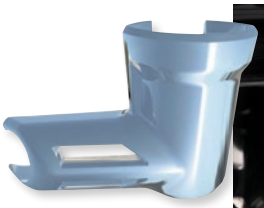
PART #	DESCRIPTION
0706-0142	For 00-17 FXS/FLS/FXST/FLST (except FXSTD)

RUSSELL

FUEL LINE CROSSOVER

- Braided stainless steel hose features 7,9 mm (5/16") ID for maximum fuel flow
- Attaches to crossover tubes with compression fittings for a positive seal – no more worm gear clamps

PART #	DESCRIPTION
DS-096648	Universal stainless steel crossover fuel line (not for FXR and Dyna) for 6 mm (1/4") outlets, 29 cm (11 1/2")



DRAG Specialties

EFI FUEL LINE FITTING COVER

- Fits over the OEM fitting on the bottom of the tank
- Two-piece design for easy installations
- Available in a chrome finish
- Sold each

PART #	DESCRIPTION
0706-0210	For 02-16 FLT, 01-17 Softails, 07-20 XL, 04-17 FXD

CYCLE CYCO

FUEL LINE FITTING COVERS

- Covers the drab tank-end fitting on EFI fuel lines
- Quick and easy installation and removal for service
- Clean and classic look
- Chrome-plated aluminum

PART #	DESCRIPTION
0705-0405	For 17-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK and FLHTCUTG/FLRT
0705-0283	For 01-17 Softails, 02-16 FLT/FLHT/FLHR models, 04-17 Dyna models and 07-20 XL models

KURYAKYN

EFI FUEL LINE FITTING COVER

- Streamlined, two-piece cover adds a touch of chrome

PART #	DESCRIPTION
0706-0037	For 01-17 Softails, 02-16 FLT/FLHT/FLHR, 04-17 Dyna and 14-20 XL models

PREMIUM FUEL LINES

- Stronger and more durable than vinyl fuel line
- Use with any type of gasoline
- Resists swelling and hardening
- Resistant to direct sunlight, hardening and/or cracking
- Flexible in temperatures from -37 °C to 74 °C (-35 °F to 165 °F)
- Fuel line stretches easily over fittings or petcocks
- Sold in 91 cm (3') lengths and 7,6 m (25') rolls

NOTE: Not for use with fuel-injected models.

Motion Pro

LP (LOW PERMEATION) PREMIUM FUEL LINE

- Certified to meet permeation emission standards of 15g/M2/day
- On emission-controlled vehicles, check with local and state agencies to determine suitability
- Robust multi-layer design and construction
- Fluoropolymer liner compatible with higher ethanol-blend gasoline up to 100%
- Highly flexible, easy to install and offers excellent fitting retention
- Resistant to swelling, hardening and cracking caused by hydrocarbon-based fluids
- Ozone and UV light resistant

- Wide temperature range from -28.9 °C to 73.9 °C (-20 °F to 165 °F)
- Yellow color for easy identification
- Use Stepless® Clamps

WARNING: Not for use with fuel-injected engines.

UNIVERSAL FUEL AND FUEL/OIL LINES

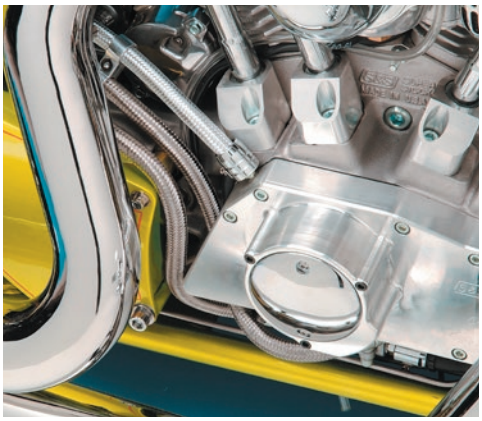
- Universal, black fuel/oil line in 7,6 m (25') rolls
- Reinforced line is fuel- and oil-resistant

NOTE: Not to be used with fuel over 10% alcohol.

PART #	DESCRIPTION
PLAIN – FUEL	
0706-0013	4,8 mm W x 7,5 m L (3/16" x 25')
0706-0014	6,4 mm W x 7,5 m L (1/4" x 25')
0706-0015	7,9 mm W x 7,5 m L (5/16" x 25')
REINFORCED – FUEL/OIL	
0711-0060	6,4 mm W x 7,5 m L (1/4" x 25')
0711-0061	7,9 mm W x 7,5 m L (5/16" x 25')
0711-0062	9,5 mm W x 7,5 m L (3/8" x 25')

VACUUM TUBING

- Can be used for carburetor breather and air pipes, radiator overflow and emission air pipes
- Not designed for pressurized installations nor fuel line use
- Comes in 305 cm (10') length
- Available in black



0706-0211

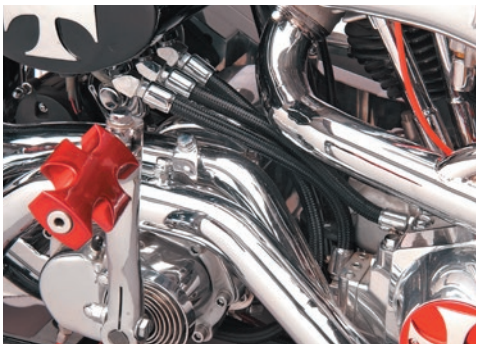
PART #	DESCRIPTION
0706-0211	3 mm ID x 2 mm wall (7 mm OD)
0706-0212	4 mm ID x 2 mm wall (8 mm OD)
0706-0213	5 mm ID x 2,5 mm wall (10 mm OD)

PART #	DESCRIPTION
0706-0214	6,3 mm ID x 2,5 mm wall (11,3 mm OD)
0706-0215	8 mm ID x 3 mm wall (14 mm OD)
0706-0216	9 mm ID x 3 mm wall (15 mm OD)

STAINLESS STEEL BRAIDED HOSE

- Available in 91 cm (3'), 183 cm (6') or 7,6 m (25') lengths, stainless steel braided hoses can be used for any oil and gas applications
- Available in natural/silver color

NOTE: Not to be used with fuel over 10% alcohol.



PART #	DESCRIPTION
DS-096605	1/4" x 91 cm (3')
DS-096615	1/4"x 183 cm (6')
DS-096606	5/16" x 91 cm (3')

- Sold in a 5-pack

PART #	DESCRIPTION
2113-0774	For 94-03 XL, repl. OEM #62569-94

All part numbers in BLUE are new for 2021.

FEULING

0710-0261

0710-0262

0710-0262

VENTED DIPSTICKS

- Billet dipsticks vent/breathe excessive crank case pressure from the oil tank through a PCV style breather consisting of an oil separator system, perforated disc, replaceable filter element and umbrella flapper valve
- Screws into the factory oil fill spout as a stock replacement part
- These breathing dipsticks remove unwanted build-up of blowby pressure
- Larger cubic inch engines as well as engines with worn and/or loose ring clearances will have increased blowby
- Blowby is pressure that is forced past the rings and cylinders, pushed into the crankcase and then forced back into the oil tank
- Feuling test results show a decrease in engine oil sump levels, more freely/smoother revving engine, increased MPG and decreased blowby
- Dipsticks vent/breath excessive crank case pressure from the oil tank through a breather system consisting of a oil separator system, perforated disc, replaceable filter element and umbrella flapper valve
- Kits include two venting styles options to choose from when installing the dipstick
- Option 1: $^{1}/_{8}$" NPT breather vent fitting with internal porous filter element (this option gives a clean look, however it can produce an oil misting/residue out of the element on engines with excessive leakdown/blowby)
- Option 2: Quick-disconnect coupler fitting with rubber hose and filter element (this option will run any excessive oil misting/residue through the line and into the filter element, however this option does requires disconnecting the fitting in order to check the oil
- For Option 2, Feuling recommends routing the line up the frame rail, up under the seat/abs area then back down along the right side frame rail and the filter element can fit cleanly between the engine/trans matting area on the inside of the lower right frame rail
- Checking oil level: There are two ways to read the oil level with this dipstick, with the bike on the jiffy stand (FHS) or the bike upright and level (FHU)
- FHS = FULL HOT STAND
- FHU = FULL HOT UPRIGHT
- Available in polished or fade-resistant black

NOTE: These dipsticks do get hot; use a glove when checking oil level.

NOTE: Feuling highly recommends staying off the rev limiter and running conventional oil in the M-Eight engines to help maintain ring seal and minimize blowby.

NOTE: It is important to get the correct hot oil level in your bike. Feuling recommends running the oil level 90%-99% full when hot.

NOTE: The oil pick up port is on the right side of the engine. Letting the bike idle or warm up on the kickstand will naturally fill the engine case and skew the oil level in the tank.

0711-0063	Repl. seals for oil lines (6-pk.)

REUSABLE BUILD YOUR OWN OIL LINES AND -6 COMPONENTS

GOODRIDGE
FLUID TRANSFER SYSTEMS

- Easy-to-assemble high-quality oil lines and fittings
- Feature stainless steel braided hose with PTFE inner liner or black textile braided hose
- PTFE liner is an inert material, compatible with all oils and hydraulic fluids, has a heat range of -106 °C to 260 °C (-158 °F to 500 °F) and shields oil systems from moisture, unlike other materials like nylon
- Fittings meet 96-hour salt spray testing and ship complete with sealing ferrule

RUSSELL

PRO SYSTEM INDIVIDUAL OIL LINES

- Designed for applications when a stock oil line kit won't work
- Features pre-assembled, individual 9,5 mm (3/8") ID braided stainless steel PTFE® oil lines with rubber compression fittings
- Fits most standard 3/8" single-barb oil fittings
- Length given is the overall length, including the fittings
- To complete installation use single barb hose tank fittings such as PART #DS-245274
- Sold each

RUSSELL

UNIVERSAL BRAIDED HOSES AND FITTINGS

- Your choice of black fabric braid or traditional stainless steel braided
- ProFlex hose features traditional stainless steel braided outer jacket with Russell's race-proven CPE synthetic rubber inner liner
- Superior construction enhances bend radius, yet will not collapse under extreme heat
- Ideal for street use or full competition
- ProClassic hose utilizes a black nylon fabric outer braid over Russell's proven SPE synthetic rubber inner liner
- Lightweight and easy to work with
- Simplifies routing, cutting and assembly
- Has a great bend radius with a max pressure rating of 350 psi
- Engineered to work with Russell full-flow hose aluminum hose ends in straight, 45- and 90° in AN -6 or -8 sizes
- Hose ends are available in black anodized finish

PROVEN S&S PERFORMANCE

OIL FILTER MOUNTING BRACKET KITS

- Billet oil filter mounting bracket for Twin Cam engines was specially designed and created for the S&S 124" Twin Cam engines, but makes a great cosmetic and functional upgrade for engines built with stock Twin Cam crankcases as well
- No voids or other casting defects in the material to cause leaks
- Position of the filter has been shifted slightly to give additional clearance between the filter body and the crankcase for easier filter installation and removal
- Also machined to make it easy to install an oil cooler in the pressure-side of the system; if a cooler is not needed, simply install the pipe plugs in the threaded holes in the filter bracket, instead of the hose fittings

0712-0059

FOR 99-06 TWIN CAM (EXCEPT 06 DYNA) AND ALL S&S T-SERIES MOTORS

PART #	DESCRIPTION

0713-0145

0713-0217

OIL FILTER ADAPTERS WITH THERMOSTAT

- Automatic thermostatic oil bypass valve allows oil to bypass the oil cooler until reaching operating temperature for faster vehicle warmup times
- Flows oil through the filter first, for better flow
- Stock-to-Jagg oil filter nipple is required when converting from stock H-D oil filter adapters to Jagg oil filter adapters; available separately
- Required for oil cooler installation on Twin Cam models
- Optional anti-rotation device for PART #0713-0031 bolts to face of offset oil filter adapter to lock in place during future oil filter removals; available separately
- Service kit for PART #0713-0031 includes new thermostat element assembly, AFM gasket and large O-ring
- Service kit for PART #0713-0145 includes two replacement quad-seal O-rings

0712-0538

0712-0539

OIL FILTERS

- Sturdy steel canister houses the finest filtering media and internal components available
- Canister is slightly smaller in diameter than stock filters to make them easier to remove and install; O-rings included
- Designed with a direct bypass valve that routes bypass oil directly to the filter exit, which minimizes the amount of contaminants carried to the engine in the unfiltered bypass oil
- The nominal particle capture size is smaller than that of stock filters while the resistance to oil flow is nearly the same
- Includes drain plug O-ring with filter (unless noted)
- Sold individually or in packs of 12
- Available in black or chrome finish

[1] Does not include drain plug O-ring.

PERFORMANCE OIL FILTERS

- K&N delivers a premium oil filter which is built with a synthetic media specifically designed to withstand the high concentrates of synthetic racing oils
- A large filter media provides high-flow rates and outstanding oil filtration to keep your motor running clean and smooth
- Uniform pleated synthetic filter media provides high capacity and outstanding filtration
- Synthetic Media allows for the higher-flow rates associated with synthetic and synthetic blended oils
- Protected by a heavy-duty canister and base plate, with a double-rolled seal
- Check-valve/anti-drain back valve prevents drain-back and dry starts (where applicable)
- Pre-lubed base gasket
- 17 mm hex nut (pre-drilled for safety wire security) allows easy-on, wrench-off removal (where applicable)

HIFLOFILTRO

OIL FILTERS

- The original Hiflofiltro factory was founded in 1955 and has been manufacturing filters for the OEM motor industry since 1963
- With the experience of more than five decades, constant research and development and featuring a completely modern production facility, Hiflofiltro offers some of the best quality filters in the world
- Production monitored to ensure OEM or better quality
- Constructed using the best materials available
- One of the broadest ranges of aftermarket coverage

PERFORMANCE OIL FILTERS

- Heavy-duty steel casing features a pre-drilled welded hex nut for easy removal and installation
- Performance filters feature premium high-flow, tri-fiber filtration media, which stops more contaminants from reaching critical engine components
- Racing technology that is engineered for everyday use and standard service intervals
- Fully compatible with all oil types

FLO Oil Filters

FLO STAINLESS STEEL, REUSABLE "SPIN ON" OIL FILTER

- Made from laser-cut, medical-grade, 304 stainless steel micronic filter cloth, this filter provides 200% more filter area in many cases
- Stainless filter catches items down to 35 microns, which is about three times better than most good paper or brass filters
- Unlike glued paper filters, the FLO Oil Filter pleat seam is welded and able to withstand up to 600 °F
- Filter maintains consistent flow under all conditions including extreme heat, the presence of water, and cold start-ups where paper filters can flow so poorly that they often cause the bypass valve to open and allow unfiltered oil to enter your engine
- Anti-drain-back valves are not required for this filter

0712-0219

0712-0351

- Features black or polished billet aluminum housing
- Should be the last filter an owner ever needs; this high-tech filter technology is widely used in all types of auto racing including NASCAR, Indy-type cars, Formula 1 and in the Aerospace industry where filtration is of the utmost importance
- Clean the element, spring and housing with solvent, kerosene, contact/brake cleaner or any degreasing agent, even common dish soap and water; see TIRE & SERVICE CATALOG CHEMICALS & LUBRICANTS section for options (do not clean with gasoline)

0712-0428

0712-0429

0712-0430

- Constructed using billet aluminum
- Oil filter element is made from laser-cut 304 stainless steel medical-grade micronic cloth
- Filter catches items down to 35 microns, about three times better than traditional premium oil filters
- Filter maintains consistent flow under all conditions including extreme heat, presence of water, and cold starts
- Simple filter cleaning and service

PART #	DESCRIPTION
FOR 99-20 BIG TWIN AND 86-20 XL MODELS	
0712-0427	Deep Cut, chrome
0712-0428	Deep Cut, black anodized
0712-0429	Beveled, chrome

VERTICAL FRAME-MOUNT OIL COOLER KITS

Installation time measured in minutes
Extra riding time measured in years

- Cooler oil makes engines last longer – simple as that!
- Jagg oil coolers feature cutting-edge technology to keep your engine cool under the most punishing conditions
- And because they're designed to look as good as they perform, they'll perfectly complement your bike's style
- Hoses and clamps are included with oil cooler kits

ENGINEERED TO PERFORM

- Multipass oil flow configuration ensures the oil's utilization of the entire oil cooler
- Specially designed turbulators in each oil passageway gently stir oil, exposing it to more critical heat dissipation surface area for superior cooling with minimal oil pressure restriction
- Highly concentrated mini-louvered air fins allow maximum heat transfer

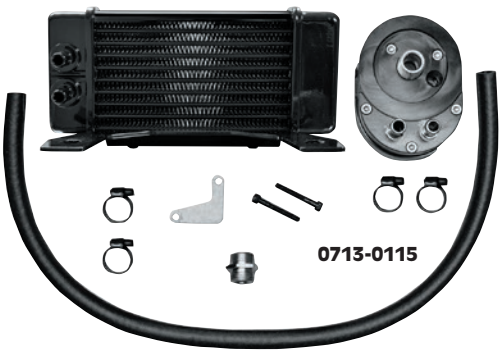
NOTE: Vertical oil coolers do not fit touring models with lower fairings.

NOTE: Ten-row coolers are recommended for 95" and larger motors.

PART #	DESCRIPTION
FOR 99-13 TOURING, 00-17 SOFTAIL, 99-17 DYNA AND 86-19 SPORTSTER MODELS	
0713-0110	Deluxe 6-row
0713-0111	SlimLine 6-row
0713-0113	WideLine 10-row
0713-0114	WideLine Chrome 10-row

VERTICAL FRAME-MOUNT FAN-ASSISTED KIT

- Features the Jagg high-performance 10-row oil cooler kit with an integrated fan
- Designed to perform as well at low vehicle speeds and stop-and-go traffic as on the open highway
- Kit includes cooler, sealed-motor fan, oil hose, mounting hardware, automatic thermal fan switch wiring harness and Jagg offset oil filter adapter
- Fan turns on automatically at approximately 96 °C (205 °F)
- Fan pulls a full 150 cfm of air across cooler
- HyperFlow technology ensures unsurpassed flow and heat rejection



PART #	DESCRIPTION
0713-0123	For 99-13 Dresser, 00-17 Softail, 99-17 Dyna and 86-20 XL (except models w/ ABS)

All part numbers in BLUE are new for 2021.

OIL HOSE UPGRADE KITS

- Sets your bike apart and gives your Jagg oil cooler a racy look with performance braided oil hoses straight from the track-ready line of Susa's motorsport division
- Choice of bright stainless-steel braided 91 cm (3') hose or black lightweight fiber braided 91 cm (3') or 183 cm (6') hose
- Kits include two aluminum hose separators in matching color and four aluminum hose finishers with integrated worm-drive clamps in matching color
- Installs easily; simply trim hose to required length, slip hose finishers over ends of hose, press hose onto nipple and tighten hose clamp to achieve an easy and beautiful upgrade

PART #	DESCRIPTION
0711-0232	91 cm (3') Stainless steel braided
0711-0237	183 cm (6') Stainless steel braided

PART #	DESCRIPTION
0711-0231	91 cm (3') Black lightweight fiber braided
0711-0236	183 cm (6') Black lightweight fiber braided

MANUAL OIL BYPASS VALVE

- Acts as a manual thermostat, allowing you to bypass the oil cooling system for cold-weather riding or for faster warm-ups on cool days
- Durable anodized billet aluminum construction
- Knurled grip knob
- Works with all oil coolers
- Compact in-line installation
- Service kit contains replacement O-rings, snap-ring retaining clip for manual bypass knob and spare decal

NOTE: If oil hoses between the oil cooler and the oil source are too short, the oil cooler bypass valve may not fit in the oil lines. Jagg bypass valves require at least 76 mm (3") of straight hose.

OIL COOLER KITS

- Sealed waterproof IP68 fans produce 220 cfm of airflow
- Oil adapter and thermal switch automatically turns on the dual fans when your oil reaches 210 °F
- Specially designed aluminum heat exchanger with turbulators for maximum heat dissipation
- Plug-and-play wiring harness with relay and waterproof connectors that all connects to the battery under the seat for simple installation
- Black nylon coated stainless steel braided oil lines with AN6 fittings
- Optional LED indicator light indicates when the fans are operating. (toggle or clamp handlebar LED mounts sold separately); see page 1469
- Specially designed oil line fitting wrench
- Has the ability to drop your oil temperature up to 50 °F
- Complete kit; ready to install

BELOW REGULATOR MOUNT

PART #	DESCRIPTION
FOR 09-16 FLHT/FLHR/FLTR/FLHX

KLOCK Werks

SOFTAIL DASH WITH IGNITION RELOCATION KIT

- Kit gives bikes a more streamlined, smooth, show finish
- Visually increases length of tank without actually stretching it
- Metal dash has a raw finish and fits stock-length tank
- Reuses stock ignition switch and key; ignition switch mount replaces the horn mount and requires horn relocation
- Ignition switch relocation mount is CNC-machined from T-6061 aluminum, show-chromed, is easy to install and uses factory wiring
- Necessary mounting hardware included

PART #	DESCRIPTION
2106-0045	For 00-17 FXST/FLST models (except FLS, FXSB/SE, FXS, FXSTD)

KURYAKYN

SIGNATURE SERIES SMOOTH DASH CONSOLES

- Unique Jim Nasi design flows with the contours of the tank for a custom look
- Direct replacement for the OEM dash, uses the existing mounts
- Die-cast aluminum construction
- Gloss black version can be easily prepped for custom paint/finishes
- Gas cap not included

NOTE: Not for use on models with CB port.

- Six-gauge kits available with chrome or black machine aluminum bezels
- Six-gauge kits include adjustable speedometer with odometer, dual trip meters, tachometer, oil pressure, oil temperature (sensor included), voltage and fuel level gauges

2212-0744

- Displays clock and gear position; calculate 0-60 time, $^{1}/_{4}$-mile time, $^{1}/_{4}$-mile speed; feature high-speed and high-rpm recall
- Small gauges can be programmed for the rider's ideal layout
- 31 illumination colors available

SIX-GAUGE KITS

PART #	DESCRIPTION
FOR 04-13 FLT/FLHT/FLHX/FLTR/FLTRU/FLHTSE/FLHTCUSE/FLTRSXE AND H-D FL TRIKES	
2212-0745	Chrome bezel
2212-0746	Black bezel

PART #	DESCRIPTION
FOR 99-03 FLT/FLHT/FLTR/FLHTSE/FLHTCUSE/FLTRSXE AND H-D FL TRIKES	
2212-0747	Chrome bezel
2212-0748	Black bezel

FOUR-GAUGE KIT

PART #	DESCRIPTION
2212-0744	For 14-20 FLHTCU/FLHX/FLHXS/FLTRX/FLTRXS/FLTRU/FLHTCUSE/FLTRSXE/FLHXSE and FLHTCUTG

All part numbers in BLUE are new for 2021.

Dakota Digital

MLX SERIES GAUGES

- Fits stock 4 1/2" - 5" or 3 3/8" tank dashes and offers direct plug-n-play installation
- Includes an adjustable speedometer, bar-type tachometer, voltmeter, cylinder temp (when available), clock, gear position, odometer with two trip meters, service meter and hour meter plus security and low fuel indicators
- Performs calculations and displays high-speed/rpm recall, 0-60 timer, 1/4-mile time and speed
- Displays automatically dims for comfortable nighttime riding and brightens to a high-contrast mode for excellent visibility, even in direct sunlight
- Black or chrome bezels available
- 31 illumination colors available

NOTE: '03 and older bikes require cut-and-splice hard wiring for installation.

2210-0504

2210-0505

PART #	DESCRIPTION
FOR 4 1/2" - 5" HOUSINGS	
FOR 14-20 FLHR, 11-20 SOFTAIL, 12-17 DYNA GLIDE (EXCEPT 12-17 FXDB)	
2210-0508	Chrome bezel
2210-0509	Black bezel
FOR 04-13 FLHR, 04-10 SOFTAIL, 04-11 DYNA GLIDE (EXCEPT FXCW/C, 06-11 FXDB)	
2210-0506	Chrome bezel
2210-0507	Black bezel
FOR 99-03 FLHR, 00-03 SOFTAIL, 99-03 DYNA GLIDE	
2210-0504	Chrome bezel
2210-0505	Black bezel

PART #	DESCRIPTION
FOR 3 3/8" HOUSINGS	
FOR 11-20 SOFTAIL, 12-17 DYNA GLIDE (EXCEPT FLD), 14-20 XL (ELIMINATES TURN SIGNAL AND NEUTRAL INDICATOR LIGHT ON 18-20 FXFB)	
2210-0514	Chrome bezel
2210-0515	Black bezel
FOR 07-11 FXCW/C, 04-11 DYNA GLIDE, 04-13 XL (EXCEPT FXDWG)	
2210-0512	Chrome bezel
2210-0513	Black bezel
FOR 99-05 DYNA GLIDE, 86-05 XL (EXCEPT EFI MODELS)	
2210-0510	Chrome bezel
2210-0511	Black bezel

2212-0505

2212-0506

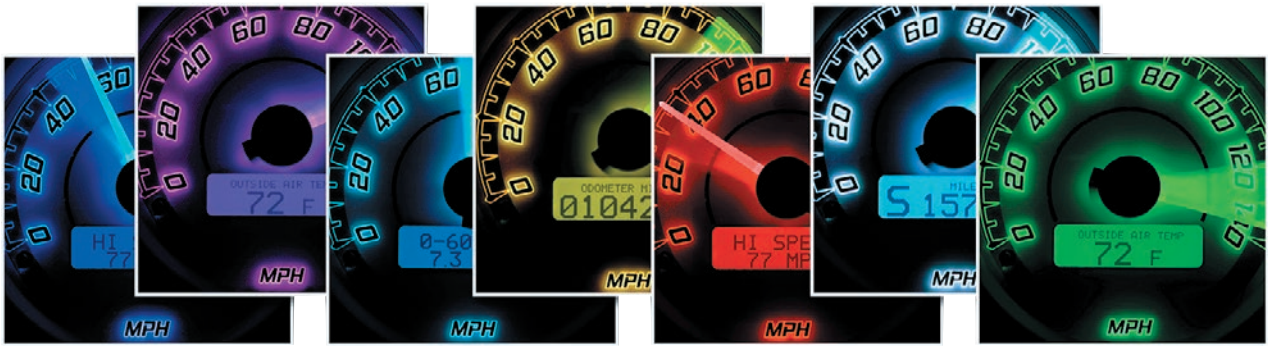
2212-0510

MVX SERIES FATBOB ANALOG/DIGITAL GAUGE SYSTEMS

- Direct plug-in units include an analog speedometer and tachometer as well as digital readouts for speed/rpm, voltmeter, cylinder head temperature (where equipped) and clock
- Includes performance readouts for 0-60 time and speed, quarter-mile time and speed, as well as top speed and rpm readout
- Also includes indicators for turn signal, high-beam, oil pressure, low fuel, security, cruise on/engaged, ABS and check engine
- Add-on MBM modules are available to add boost, air pressure and compass readings into the LCD display
- Use PART #DS-250019 or PART #2212-0367 to add oil temperature readout; use PART #2212-0513 to add oil pressure readout
- Case diameter is 4 1/4", bezel diameter is 4 5/8"

PART #	DESCRIPTION
FOR 04-13 ROAD KING, 04-10 SOFTAIL AND 04-11 DYNA	
2212-0505	Black/gray chrome MVX FatBob gauge
2212-0506	Black/gray black MVX FatBob gauge
2212-0509	White/gray chrome MVX FatBob gauge

PART #	DESCRIPTION
FOR 04-13 ROAD KING, 04-10 SOFTAIL AND 04-11 DYNA (CONT)	
2212-0510	White/gray black MVX FatBob gauge
2212-0513	Add-on oil pressure sender



All part numbers in BLUE are new for 2021.

Black w/ gray background

White w/ gray background

Lighting Colors

MVX-8K SERIES ANALOG/DIGITAL PLUG-IN INSTRUMENTATION

- New MVX Series Analog/Digital Bagger Gauges offer two bezel options, four background choices, and seven lighting colors to choose from – the combinations are nearly endless
- Whether installing a six-gauge set, or building your perfect gauge set from Dakota Digital's optional gauges, you will get all seven gauge readings displayed in the speedometer and tachometer LCD readouts (speed, rpm, volts, fuel, oil pressure, oil temp and air temp), as well as miles-to-empty, and performance readouts (0-60 time, and quarter-mile speed and time)
- Personalize your gauge set by programming the pointer, backlight and LCD message center colors independently
- Six-gauge kits include speedometer, tachometer, oil pressure, oil temperature, fuel level and voltmeter
- Two-gauge kits include speedometer and tachometer (will display other gauge readouts in odometer)
- Optional fuel level gauges, oil pressure gauges, oil temperature gauges and voltmeter can only be used with MVX six- and two-gauge kits; they will not work alone
- Seven user-selectable LED lighting colors available for background, message and pointer: red, green, blue, teal, magenta, amber or white
- Three background options to choose from: black/gray, white/black or white/gray
- Chrome or black bezels available

FOR 04-13 FLHT/FLTR/FLHX AND H-D FL TRIKES

PART #	DESCRIPTION
SIX-GAUGE KITS	
2212-0436	Black/gray background with chrome bezel
2212-0437	Black/gray background with black bezel
2212-0441	White/gray background with black bezel

PART #	DESCRIPTION
TWO-GAUGE KITS	
2212-0444	Black/gray background with chrome bezel
2212-0445	Black/gray background with black bezel

FOR 99-03 FLT/FLHT/FLTR

PART #	DESCRIPTION
SIX-GAUGE KITS	
2212-0566	Black/gray background with chrome bezel
2212-0567	Black/gray background with black bezel
2212-0569	White/gray background with black bezel

2212-0583

MVX SERIES ANALOG GAUGE SYSTEMS

- Has 140 mph speedometer, tachometer, odometer, dual resettable trip meters, and full indicator light complement (turn signal, high beam, neutral, low oil pressure) in one stylish gauge
- Systems for 99-03 models feature seven user-selectable colors for pointer, backlight and LCD message center (red, green, blue, teal, magenta, amber or white)
- Systems for 11-20 models feature 31 user-selectable colors for pointer, backlight and LCD message center
- Two different face options available: black with gray accents and white with gray accents
- 8000 rpm tachometer has adjustable shift point and can display in digital numeric readout
- Resettable miles to service with a warning (user settable countdown) and hour meter
- Clock function (12-hour format)
- Voltage readout with low-voltage alert
- Cylinder head temperature sensor (if bike is equipped with factory sender unit)
- Oil pressure warning light (sold separately, PART #s 2212-0513 or DS-250019)
- Seven-speed gear position indicator, compatible with 3- to 7-speed transmissions
- Security system indicator
- Automatic turn signal cancelling compatible
- Wait-to-start/check engine light function
- Can perform performance calculations such as 0-60 time, top speed and peak rpm recall, $^1/_4$-mile time and speed
- Wiring installation is direct plug-in gauge
- Case diameter measures $4^1/_4$" and bezel diameter of $4^5/_8$"

PART #	DESCRIPTION
2212-0513	Add-on oil pressure sender

PART #	DESCRIPTION
FOR 14-20 FLHR, 11-17 FXST/FLST AND 12-17 FXD/FXDWG	
2212-0578	Black/gray/chrome
2212-0579	Black/gray/black
2212-0582	White/gray/chrome
2212-0583	White/gray/black

PART #	DESCRIPTION
FOR 04-13 FLHR, 04-10 FXST/FLST AND 04-11 FXD/FXDWG	
2212-0505	Black/gray/chrome
2212-0506	Black/gray/black
2212-0509	White/gray/chrome
2212-0510	White/gray/black

PART #	DESCRIPTION
FOR 99-03 FLHR, 00-03 FXST/FLST AND FXDWG	
2210-0379	Black/gray/chrome
2210-0380	Black/gray/black
2210-0381	White/gray/chrome

2212-0530

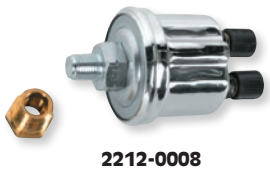
2212-0531

MBM MODULES

- Plugs directly into MVX series gauges and adds readings for up to two of air suspension pressure, boost pressure, or compass heading into the existing LCD displays of the speedometer and tachometer
- MBM expansion modules available to add dual air pressure readings, boost, and compass heading readouts into odometer section
- Makes it extremely easy to add these gauge readings without having to remove any existing gauges

2212-0533

2212-0534



PART #	DESCRIPTION
2212-0530	Add-on boost module with sender
2212-0531	Add-on GPS compass module

PART #	DESCRIPTION
2212-0533	Add-on air suspension PSI module w/ one sender
2212-0534	Front air suspension PSI sender for PART #s 2212-0533, 2212-0632, 2212-0633

MCL 3000 SERIES "DRESSER" ACCESSORIES AND OPTIONAL SENSORS

- Accessories and optional pressure sensors for MCL 3000 series gauges

PART #	DESCRIPTION
ACCESSORIES	
2212-0367	Oil temperature sender for Bagger-style oil pans ($^3/_8$" NPT)

2212-0008

2212-0271

PART #	DESCRIPTION
AIR PRESSURE SENSORS	
2212-0008	0-150 psi air pressure sensor
2212-0271	0-400 psi air pressure sensor

All part numbers in BLUE are new for 2021.

7000 SERIES SPEEDOMETER/ TACHOMETER ACCESSORIES

- Sending units, adapters and mounting brackets available separately for use with either electronic or cable drive systems; handlebar clamp mounts for American IronHorse motorcycles allow gauges to be mounted above or below handlebars and include wiring harness that plugs directly into stock wiring
- Available with chrome or black-anodized finish

2210-0014

2210-0015

PART #	DESCRIPTION
CHROME MOUNTS	
DS-373871	Clamp mount for 1" T-bar/riser-style handlebars (can mount above or below handlebars)
DS-373895	Clamp mount for 1¼" T-bar/riser-style handlebars (can mount above or below handlebars)
DS-373896	Clamp mount for 1½" T-bar/riser-style handlebars (can mount above or below handlebars)
DS-373872	Flat 1" handlebar clamp mount for pullback risers
DS-373873	35° 1" handlebar clamp mount for straight risers
2210-0115	Handlebar clamp mount for 02-04 American IronHorse models with T-bar drag bars (includes wiring harness)
2210-0116	Handlebar clamp mount for 05-06 American IronHorse models with V-bars (includes wiring harness)
2210-0151	Handlebar clamp mount for 07-08 American IronHorse models with V-bars (includes wiring harness)
DS250035	Gauge mount for 1" risers
2212-0090	Gauge mount for 1¼" risers
2212-0091	Gauge mount for 1½" risers

PART #	DESCRIPTION
BLACK MOUNTS	
2210-0184	Flat 1" handlebar clamp mount for pullback risers
2210-0183	35° 1" handlebar clamp mount for straight risers
ADAPTERS AND SENDING UNITS	
2210-0012	36" extension cable for 00-03 OEM electronic transmission sensor
2210-0013	Pickup sensor, repl. OEM electronic transmission sensor
2210-0014	Rear wheel pickup sensor for Softail and rigid applications; 1 1/8" ID
2210-0011	Sending unit for cable drive applications (screws to the end of the cable, can be remotely mounted or mounted to the speedometer; uses 5/8"-18 thread)
2210-0015	Universal inductive sender (reads the transmission gear teeth or steel rear sprocket)

4000 SERIES MINI GAUGES

- 1 7/8" diameter gauges are the smallest in the line
- High-brightness blue or red digital display
- 0-255 mph, adjustable speedometer features odometer and resettable trip odometer; speedometer is also available with km/h display
- Tachometer has a 0-18.000 rpm range and has a 10 rpm resolution under 10.000 rpm and 100 resolution over 10.000; features high-rpm recall and is adjustable from one to 15 cylinders
- Housing is 1 3/8" D with 2 1/16" OD bezel
- Available with retro-style bezels

PART #	DESCRIPTION
GAUGES WITH BLUE DISPLAY	
2210-0063	Speedometer (mph), retro
2210-0188	Speedometer (km/h), retro
2211-0036	Tachometer, retro
2212-0176	Oil temperature gauge, retro (0-400 °F, resolution 1 °F)
GAUGES WITH RED DISPLAY	
2210-0189	Speedometer (mph), retro
2212-0347	Oil temperature gauge, retro (0-400 °F, resolution 1 °F)

PART #	DESCRIPTION
GAUGE CUPS AND HANDLEBAR MOUNTING CLAMPS	
2212-0149	Chrome gauge cup for 1 7/8" gauges
2212-0151	Raw steel gauge cup for 1 7/8" gauges
2210-0018	1" handlebar clamp for gauge mount
2210-0019	1 1/4" handlebar clamp for gauge mount
2210-0020	1 1/2" handlebar clamp for gauge mount

3000 SERIES DIGITAL INSTRUMENTS

- High-quality digital instruments that offer stable, accurate and easy-to-view readings
- Teal display offers high-contrast visibility, even in sunlight
- All gauges have machined aluminum housings, chrome front bezels and non-glare, scratch-resistant lenses

SPEEDOMETERS

- 3013 model is an adjustable 225 mph speedometer; calibration is easily adjusted for almost any gearing and tire size combination
- Push-button calibration
- Odometer has resettable trip meter
- 3011 model is an adjustable 199 mph speedometer that calibrates to almost any gearing and tire size combination; easy push-button calibration
- Displays speed in numeric and bar graph form
- Odometer has two resettable trip meters and a miles-to-service meter with warning
- Features turn signal, low oil, high-beam and neutral indicators
- Performs calculations and displays high-speed recall, 0-60 timer and 1/4-mile time and speed
- Automatic turn signal canceling compatible

TACHOMETERS

- Both models have 0-18.000 rpm range and easily adjust for combinations of one to fifteen cylinders without using coils; push-button calibration
- Work with single- or dual-fire ignitions
- Display rpm and high rpm recall

SPEEDOMETER/TACHOMETER

- Adjustable 255 mph speedometer calibrates easily to almost any gearing and tire size combination; push-button calibration
- Tachometer displays as bar graph and features an adjustable shift point warning
- Tachometer calibration is easily adjusted for combinations of one to 15 cylinders without using coils
- Odometer has two resettable trip meters, an hour meter and miles-to-service meter with warning
- Features turn signal, neutral, low oil pressure, low voltage, high-beam and security indicators
- Performs calculations and displays high-speed recall, high-rpm recall, 0-60 timer and 1/4-mile time and speed
- Displays "check engine" and "wait-to-start" lights
- Gear position indicator works with 3- to 6-speed transmissions
- Automatic turn signal canceling compatible

- 3021 model features an adjustable shift point warning and hour meter; when used with 3011 model speedometer, tachometer displays gear position indicator

NOTE: 3 3/8" speedometer, speedometer/tachometer and tachometer and 2 1/16" engine instruments will fit the 99-06 FLTR, FLHT fairing.

PART #	DESCRIPTION
ODYSSEY II SPEEDOMETER	
DS250036	3013 model 2 1/16" speedometer (resolution 1 mph)
2210-0038	3011 model 3 3/8" speedometer w/ indicators (resolution 1 mph)
2212-0085[1]	Transmission speed sensor for DS-250036
DS-250010	Adapter for 99-03 Original Equipment electronic transmission-mounted sending unit for DS-250036
DS-250011	Sending unit for cable drive applications (can be mounted remotely or on speedometer; accepts 5/8"-16 cable nut) for DS-250036
DS250039	Rear wheel inductive sensor for Softail and rigid applications (reads the pulley bolts) for DS-250036
2210-0012	36" extension cable for 99-03 Original Equipment electronic transmission sensor for 2210-0038 and 2212-0101

[1] For 99-06 OEM Harley-Davidson® and aftermarket Big Twin transmissions.

All part numbers in BLUE are new for 2021.

3015 MODEL SPEEDOMETER/TACHOMETER

- High-brightness, vacuum fluorescent graphic display technology
- Includes turn signal, high beam, low oil, neutral and engine indicator lights (found on fuel-injected bikes)
- Speedometer is easily recalibrated for any gearing and tire size combination
- Includes an odometer with resettable trip meter
- Selectable displays allow the rider to choose between speedometer only, speedometer with odometer and trip meter or speedometer with bar/graph tachometer
- Tachometer offers an adjustable shift point warning; calibration adjusts easily for any combination of one to 15 cylinders without using coils
- Features high-beam, turn signal, neutral and low oil pressure indicators

PART #	DESCRIPTION
ELECTRONIC SPEEDOMETER/TACHOMETER	
2210-0010	$2^1/_{16}$" dia.
GAUGE CUPS AND HANDLEBAR MOUNTING CLAMPS	
2210-0016	Chrome gauge cup for $2^1/_{16}$" gauge
2212-0100	Raw gauge cup for $2^1/_{16}$" gauge
2210-0018	1" handlebar clamp for gauge cup
2210-0019	$1^1/_4$" handlebar clamp for gauge cup
2210-0020	$1^1/_2$" handlebar clamp for gauge cup

2210-0014

2210-0015

- Automatic turn signal canceling compatible
- Displays "check engine" and "wait-to-start" lights
- Compact $2^1/_{16}$" diameter gauge is only 1" deep; machined aluminum housing with chrome front bezel and scratch-resistant, no-glare lens
- Sending units, adapters and mounting brackets available separately for use with either electronic or cable drive systems – OEM electronic speedometer sensor cable plugs directly into the back of gauge if desired
- Order mounting cups and brackets below, available separately

PART #	DESCRIPTION
ADAPTERS AND SENDING UNITS	
2210-0012	36" extension cable for 96-03 OEM electronic transmission sensor
2210-0013	Pickup sensor, repl. OEM electronic transmission sensor
2210-0014	Rear wheel pickup sensor for Softail and rigid applications ($1^1/_8$" ID)
2210-0011	Sending unit for cable drive applications (screws to the end of the cable, can be remotely mounted or mounted to the speedometer; uses $^5/_8$"-18 thread)
2210-0015	Universal inductive sender (reads the transmission gear teeth or steel rear sprocket)

All part numbers in **BLUE** are new for 2021.

Dakota Digital

2210-0148

2210-0149

BIG DOG DIRECT PLUG-IN SPEEDOMETERS

- Upgrades the analog speedometer to digital while retaining use of the factory tachometer and indicator lights; fits inside factory tach ring and housing and plugs directly into factory wiring harness
- High-brightness readout with automatic nighttime dimmer
- Adjustable 0-199 mph/km/h speedometer
- Odometer with two resettable trip meters
- Stores and displays high-speed recall, high-rpm recall, 0-60 time, 1/4-mile time and 1/4-mile speed
- Available with blue or red LED display

PART #	DESCRIPTION
FOR BIG DOG MODELS W/ FACTORY TACH RING	
2210-0148	Blue LED

2000 SERIES "FATBOB" DIGITAL INFORMATION SENSORS, SENDING UNITS AND OPTIONAL BEZEL KIT

- Sensors and sending units for 2000 series "FatBob" digital information system gauges

2212-0088

DS-250019

PART #	DESCRIPTION
FOR 00-03 FXST/FLST AND 99-03 FLHR	
2210-0013	Pickup sensor, repl. OEM electronic transmission sensor
2210-0014	Rear wheel sensor for Softail and rigid belt-drive applications
2210-0011	Sending unit for cable drive applications (screws to the end of the cable, can be remotely mounted or mounted to the speedometer; uses 5/8"-18 thread)
2210-0015	Universal inductive sender (reads teeth on transmission gears or steel rear sprocket)
2212-0088	Oil/air pressure sending unit (range 0-75 psi, resolution 1 psi)
DS-250019	Oil temperature sending unit (1/8" NPT threads)

AUTO PROGRAMMING GEAR INDICATORS

- Sunlight-visible blue or red display with automatic nighttime dimming
- Displays one to six gears and a neutral indicator
- Simple programming
- Chrome or black-anodized housing with built-in mount
- Includes display, harness and instructions
- Available with handlebar mount (can be mounted above or below handlebars) or fairing flush-mount (clamps into 1,15" hole)
- Not compatible with CANbus models

2212-0175

PART #	DESCRIPTION
FOR 1" HANDLEBARS	
2212-0140	Chrome w/ blue display
2212-0338	Black w/ blue display

PART #	DESCRIPTION
FOR 1 1/4" HANDLEBARS	
2212-0141	Chrome w/ blue display
FAIRING FLUSH MOUNT	
2212-0175	Chrome w/ blue display

2 3/16" STAND-ALONE LCD GPS COMPASSES

- Designed to be used in place of the 99-13 factory air temperature gauge
- Uses the factory gauge cup and plugs directly into the existing gauge wiring
- LCD readout displays compass heading, air temperature and elevation in eight LED backlit color choices

2212-0535

TÜV APPROVED ABE

HD-04 SPEEDOMETERS/TACHOMETERS

- High-quality plug-and-play design
- Eight-color changing LCD display
- Feature tachometer, speedometer, odometer, engine temperature and fuel level
- Six indicator lights; fuel, engine, battery, cruise control, ABS and anti-theft
- Measure 3,3" dia. without bezel; 3,73" dia. with bezel

NOTE: Fits models that use 3 3/8" stock mounting cup.

PART #	DESCRIPTION
FOR 11-17 SOFTAIL MODELS, 12-17 DYNA GLIDE, 14-19 XL MODELS	
2211-0172	Black bezel
2211-0171	Silver bezel

2211-0170	Black bezel
2211-0169	Silver bezel

TÜV APPROVED ABE

HD-05 MULTI-FUNCTION SPEEDOMETERS/TACHOMETERS

- High-quality plug-n-play design
- Eight-color changing display
- Feature tachometer, speedometer, odometer, engine temperature and fuel level
- Six indicator lights; rpm, fuel, engine, battery, cruise control, ABS and anti-theft
- Measure 4 5/8" diameter

NOTE: Fits models that use 5" stock mounting cup.

2211-0184

PART #	DESCRIPTION
2211-0184	For 14-19 FLHR, 11-17 Softail, 12-17 Dyna models (except FXDL)

PART #	DESCRIPTION
2211-0185	For 04-13 Road Kings, 04-10 Softail, 04-11 Dyna models

TÜV APPROVED ABE

XR-SR MULTI-FUNCTION ELECTRONIC SPEEDOMETER

- Easy-to-read, blue-backlit digital display with eight indicator lights
- Display shows speed (mph/km/h), odometer, two trip meters, tach (100 rpm resolution), fuel level (10-bar display) and engine temperature
- Adjusts to any engine or tire size
- Keeps record of top speed, max rpm and max temperature
- Indicator lights for neutral, high beam, low beam, hazard lights, turn signals, oil pressure and water temperature
- Gauge measures 4,57" W x 2,85" H x 1,25" D
- Includes gauge bracket, speed sensor with bracket, speed sensor magnet and water temperature sensor

PART #	DESCRIPTION
2210-0119	XR-SR multi-function speedometer

All part numbers in BLUE are new for 2021.

KOSO Feel The Speed

D-64 ELECTRONIC SPEEDOMETER

- Stainless steel body with an easy-to-read backlit dial and digital displays
- Dial display shows speed with a range of 0-160 mph (resolution: 1 mph) or 0-160 km/h (display unit: 1 km/h)
- Digital display shows odometer, trip meter and fuel level
- Features indicators for turn signal, high beam, oil pressure and neutral
- Measures 2,52" dia. without bezel; 2,72" dia. w/ bezel x 2,24" D
- Includes gauge mount bracket, passive speed sensor and S-type speed sensor, bracket and magnet
- ABE/TÜV approved

PART #	DESCRIPTION
2210-0377	D-64 km/h speedometer

D55 GP-STYLE SPEEDOMETER

- Measures 0-160 km/h
- Includes an odometer and trip meter
- Tire circumference setting from 0-2999 mm
- Blue backlit with black display
- ABE/TÜV approved

PART #	DESCRIPTION
2210-0375	Black

TNT TACHOMETER

- Measures 0-10.000 rpm
- Adjustable backlight brightness

PART #	DESCRIPTION
2211-0151	Black

MINI 3 DUAL TEMPERATURE METER

- Developed with the best components and latest technology
- Monitors engine temperature to keep an eye on overheating
- Engine temperature warning: at 120 °C (248 °F) the meter will flash
- Displays ambient temperature to monitor conditions and dress properly for the ride
- Compact and lightweight
- Gauge comes complete with two sensors
- Dimensions: 60,5 mm W x 30,5 mm H x 12,3 mm D (2,4" W x 1,2" H x 0,5" D)

PART #	DESCRIPTION
2212-0487	Dual temperature gauge

DUAL EGT METER

- Designed for bikes with dual pipe systems
- Display range from 100-1200 °C
- Features an over-temperature warning setting

PART #	DESCRIPTION
2404-0616	Dual EGT meter

EGT METER

- Measures temperature between 100-1200 °C
- Features an over-temperature warning setting
- Backlit LED display
- Attaches to vehicle with hook-and-loop material straps

PART #	DESCRIPTION
2404-0615	EGT meter

All part numbers in BLUE are new for 2021.

KOSO® Feel The Speed

SUPER SLIM CLOCK/VOLT METER

- 24-hour clock
- Meter flashes if voltage goes higher than 14,0 or lower than 11,0 volts DC
- Effective temperature range between -10 °C - 60 °C
- Measures 56,4 mm W x 27 mm H x 11 mm D

PART #	DESCRIPTION
2212-0562	Clock and volt meter

GEAR INDICATOR

- Lightweight, compact, easy to use and to install, this meter quickly tells which gear you've selected
- Its big digits and blue backlight makes it easy to read during day or night riding
- Measures 1,45" W x 2" H x 0,7" D
- Includes mounting hardware and instructions

PART #	DESCRIPTION
2212-0544	For most 07-13 Big Twin, XL and V-Rod (except 07-08 XL 1200)

2210-0128

OPTIONAL HANDLEBAR BRACKETS FOR ROUND GAUGES

- Unique bracket system allows gauge housing to be turned left or right up to 12°

PART #	DESCRIPTION
2210-0128	Bracket for 1" handlebars
2210-0130	Bracket for 1 1/2" handlebars

2210-0133

2210-0415

SPEED SENSOR MAGNET BOLTS

- Simple and reliable alternative to gluing sensor magnet to a bolt or rotor
- Sold each

PART #	DESCRIPTION
2210-0133	5/16"-18 x 7/8" L
2210-0134	M5 x P0,8 x 12 mm L
2210-0415	M6 x P1,1 x 5 mm L
2210-0135	M6 x P1,1 x 12,6 mm L
2210-0136	M6 x P1,1 x 19,7 mm L
2210-0137	M6 x P1,0 x 24 mm L
2210-0138	M8 x P1,25 x 22,5 mm L
2210-0139	M8 x P1,25 x 27,5 mm L

2210-0131

2210-0132

REPLACEMENT SPEED SENSORS FOR KOSO SPEEDOMETERS

- Replacement speed sensors available in two versions: H-D Speed sensor with 79" cable or OEM-style transmission speed sensor

PART #	DESCRIPTION
2210-0131	Speed sensor w/ 79" cable
2210-0132	OEM-style speed sensor; repl. OEM #74430-00D

All part numbers in BLUE are new for 2021.

DRAG Specialties

2211-0166

2211-0167

4" ELECTRONIC TACHOMETERS

- Plug-n-play replacement OEM tachometers
- Matches Drag Specialties 4" speedometers
- Available with black or white face

2,4" MINI ELECTRONIC 8000 RPM TACHOMETERS

- Features chrome or gloss black body, polished stainless steel bezels, non-fluctuating needles, incandescent backlit translucent faces, chrome "Y" mount and handlebar clamps
- Water- and vibration-resistant construction
- Bezel diameters are 2,64"
- Overall length is 2,7"
- Color-coded wires and wiring instructions
- For replacement bulbs, see pages 1072-1078
- Available with a white or black face
- Matching 2,4" mechanical drive speedometers available separately in this section; see page 1481

NOTE: Tach adapter required for single-fire ignitions.

All part numbers in BLUE are new for 2021.

2,4" MINI ELECTRONIC TACHOMETER

- State-of-the-art design
- Smooth function, 12V, 8000 rpm
- Stainless steel water-resistant housing
- Backlit with long-lasting LED lighting
- Matching speedometer (PART #DS243930, mechanical gauge with LED lighting) sold separately

NOTE: Tach adapter required for single-fire ignitions.

FOR 99-03 TWIN CAM, 86-03 XL	
PART #	**DESCRIPTION**
2211-0104	Black face w/ white needle

1 7/8" ELECTRONIC MINI TACHOMETER

- Polished stainless steel housing
- 12V, 8000 rpm limit
- LED illuminated face
- Includes mounting clamp for 1" to 1 1/4" tubing

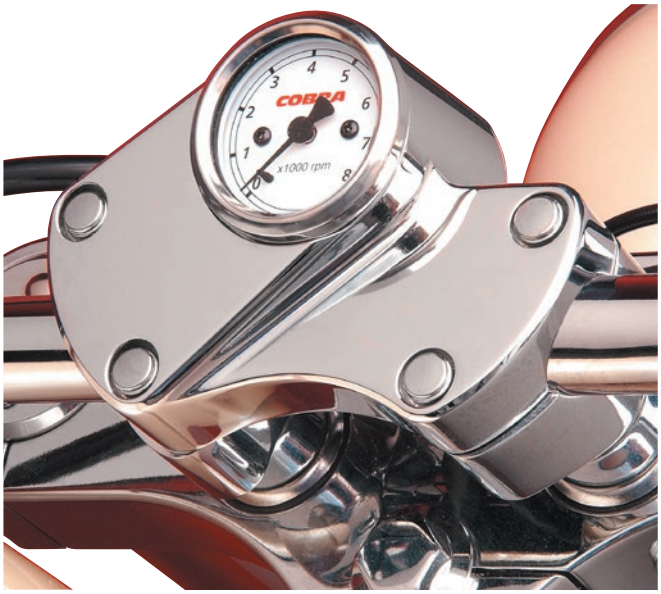
NOTE: Tach adapter required for single-fire ignitions.

FOR 99-03 TWIN CAM, 86-03 XL	
PART #	**DESCRIPTION**
2211-0055	Black face

DS-243803

2210-0274

DS-243804



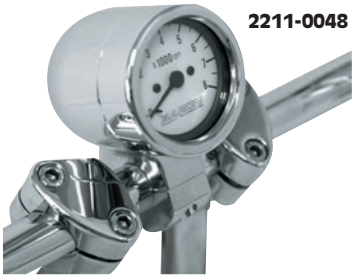
REPLACEMENT COMPONENTS FOR DRAG SPECIALTIES MINI SPEEDOS AND TACHS

- Clamp assembly includes clamps, tapered washers and all necessary nuts and bolts
- Clamp is a replacement for the clamp assembly supplied with the Drag Specialties mini gauges
- Enables installation of gauges to any 1" or 1 1/4" tube, such as handlebars or frame members

PART #	DESCRIPTION
DS-243803	Chrome clamp assembly (ea.)
2210-0273	Gloss black clamp assembly (ea.)
DS-243805	Chrome Y-bracket (ea.)

- Replacement Y-bracket fits both speedo and tach
- Replacement socket assemblies, which includes bulb, are available to fit both early- and late-style gauges
- For replacement bulbs, see pages 1072-1078

PART #	DESCRIPTION
2210-0274	Gloss black Y-bracket (ea.)
DS-243804	Repl. rubber push-in socket/bulb assembly (early or late style) (ea.)
DS-282096PK	Repl. bulb for metal push-in socket only



BILLET ELECTRONIC TACHOMETER

- CNC-machined from billet aluminum, then plated with Cobra Show Chrome
- Mount by replacing the 1" handlebar clamp (3 1/2" on-center risers, offset mounting holes)
- Reads from 0 to 8000 rpm
- Quick, easy installation

PART #	DESCRIPTION
2211-0002	For 99-17 Softail models w/ single-fire ignitions (exc. Deuce and Springer)

All part numbers in BLUE are new for 2021.

MOTOSCOPE PRO

- The most recent generation in Motogadget's cutting-edge digital dashboard series
- Ultra-slim billet aluminum casing is CNC-machined
- 734 LED display features automatic brightness control for optimal readability even in direct sunlight
- Functions include speedometer, tachometer, odometer and gear display with four pre-installed indicator lights; additional indicators and functions can be added by connecting Breakout Boxes (sold separately)
- Breakout Boxes connect via proprietary digital one-wire bus (mo-Bus)
- Displays and rev counter are fully user-configurable
- Measures 109 mm L x 47 mm H x 11 mm D

PART #	DESCRIPTION
MOTOSCOPE PRO	
2201-0157	Black
BREAKOUT BOXES	
2201-0158	Breakout Box A (input terminals for: fuel/reserve, oil pressure switch, left and right turn signals, high beam, neutral and motor warning light)
2201-0159	Breakout Box B (input terminals for: fuel/reserve, oil pressure switch, left and right turn signals, high beam, neutral, motor warning light, oil temp., water temp., ambient temp. and oil pressure)

MST SPEEDOMETERS

- Small (49 mm) analog speedometers with old-school, retro styling based on the streamlined design of the 40s and 50s
- Measure speed digitally and display it with a stepper motor and a pointer
- Also displays a clock, odometer, trip odometer, on board voltage and maximum speed
- Include four control LEDs
- Wide range of mounting options
- Speedster is available in anodized black or polished finish; Vintage has a brass finish

PART #	DESCRIPTION
2210-0316	Speedster, anodized black
2210-0317	Speedster, polished
2210-0318	Vintage, brass

MOTOSCOPE TINY

- Small (49 mm) analog speedometer
- Provides a classic style with digital technology
- Measures speed digitally and displays it with a stepper motor and a pointer
- Displays a clock, odometer, trip odometer, on board voltage and maximum speed
- Includes four control LEDs
- Wide range of mounting options
- Available in black or polished finish

mo-CAN DATA BUS ADAPTER

- A digital adapter for easily connecting Motogadget instruments to the OBD (On-Board Diagnosis) interface directly
- Directly reads out data such as vehicle speed, engine speed and MIL (Malfunction Indicator Light) from the vehicle data bus by H-D
- You no longer need to mount and connect sensors for vehicle speed and engine speed
- Resistant to vibrations and the effects of weather
- Electronics are protected against voltage peaks
- Simply plug in and ride
- Complies with all SAE specifications
- 38 mm L x 19 mm W x 13 mm H
- Weighs approximately 36 g

PART #	DESCRIPTION
0521-0885	mo-CAN data bus adapter

SPEEDO SENSOR M5

- Negative/ground signal inductive proximity sensor for use with Motogadget instruments
- Picks up impulses without any magnets
- 150 cm L cable with 25 mm M5 threading
- Sold each

PART #	DESCRIPTION
2210-0424	Speedo sensor M5

REPLACEMENT SPEEDOMETER MAGNETS

- Standard size (5 mm x 2 mm) replacement neodymium magnets for speedometer sensors
- Sold in a 4-pk.

PART #	DESCRIPTION
2210-0425	Replacement magnets (4-pk.)

All part numbers in BLUE are new for 2021.

Joker MACHINE

SPEEDO RELOCATION BRACKETS

- Get a cool Hot Rod look without sacrificing function with this speedometer relocation bracket
- Fully CNC-machined from solid bar – not cast – for optimum quality
- Brackets mount to the left fork tube, are adjustable in virtually every direction and clears the fuel tank easily
- Outer housing enables you to retain 100% of your instrument lighting and is conveniently located around the right side of the speedo (all LED)
- Engraved, easy-to-see indicator symbols are placed next to the individual micro lights
- Speedo wiring plug is retained without extending the harness; fully straightforward wiring instructions for the indicator lights are provided

2210-0334

- Visibility over the handlebars is greatly improved by removing your stock handlebar bracket mount; at the same time visibility to the speedo is excellent, placed down on the left of the tank and below the bars providing a real racy look
- Black anodized finish
- $3^{9}/_{16}$" ID

NOTE: Check tank-to-bracket clearance before operating.

PART #	DESCRIPTION
2210-0334	For 14-20 XL w/ 39 mm fork tubes (XL 883C/1200C models require H-D speedo back plate and cushioning, HD #67320-95, 67104-95)
2210-0223	For 06-16 Dyna models (except FXDWG, FXDF and FLD)

2210-0479

2210-0336

SPEEDO RELOCATION BRACKETS WITH EASY MOUNT CLAMP

- Get a cool Hot Rod look without sacrificing function with one of these speedometer relocation brackets
- Fully CNC-machined from solid bar – not cast – for optimum quality
- Easy Mount Clamp allows bracket to be mounted without removing the fork tube; adjustable in virtually every direction and clears the fuel tank easily
- Outer housing enables you to retain 100% of your instrument lighting and is conveniently located around the right side of the speedo (all LED)
- Engraved, easy-to-see "white-filled" indicator symbols are placed next to the individual micro lights
- Speedo wiring plug is retained without extending the harness; fully straightforward wiring instructions for the indicator lights are provided
- Visibility over the handlebars is greatly improved by removing your stock handlebar bracket mount; at the same time visibility to the speedo is excellent, placed down on the left of the tank and below the bars providing a real racy look
- $3^{9}/_{16}$" ID

NOTE: Check tank-to-bracket clearance before operating.

PART #	DESCRIPTION
FOR 16-20 XL1200X/1200XS/1200CX W/ 49 MM FORK TUBES	
2210-0478	Black anodized finish
2210-0479	Chrome-plated finish
FOR 14-20 XL W/ 39 MM FORK TUBES (XL 883C/1200C REQUIRE H-D SPEEDO BACK PLATE AND CUSHIONING, HD #67320-95, 67104-95)

FOR 95-13 XL W/ 39 MM FORK TUBES (XL 883C/1200C REQUIRES H-D SPEEDO BACK PLATE AND CUSHIONING, HD #67320-95, 67104-95)	
2210-0309	Black anodized finish

SIDE MOUNT SPEEDO RELOCATION BRACKET

- Makes relocating your speedo and indicator lights a snap; no wiring modifications required
- Mounts are fully CNC-machined from solid bar – not cast – for optimum quality
- Attaches to the left fork tube and is virtually adjustable, in every direction, and clears the fuel tank easily
- Visibility over the handlebars is greatly improved by removing your stock handlebar bracket mount and at the same time visibility to the speedo is excellent, placed down on the left of the tank and below the bars for a real racy look
- Available in a black anodized finish

PART #	DESCRIPTION
2210-0313	For 95-13 XL w/ 39 mm fork tubes (XL 883C/1200C models require H-D speedo back plate and cushioning, HD #67320-95, 67104-95)

SPEEDO RINGS WITH SWIVEL CLAMPS

- Mount without the removal of your front wheel or any disassembly of the front forks
- Available for 39 mm fork tubes
- Use Joker Machine's Indicator Clamp (PART #s 0603-0396, 0603-0397 or 0603-0398) to mount your stock indicators

NOTE: Check tank-to-bracket clearance before operating.

TRI-LINE STEREO TRIM

- Works with either the 4.3 or 6.5GT Boom! Infotainment System
- Choose the Stereo Trim only or the Deluxe Kit that also covers the adjacent media door and side panel
- Easy peel-and-stick installation
- Available in chrome finish

PART #	DESCRIPTION
FOR 14-20 FLHT/FLHX/FLHTCUTG	
4405-0356	Deluxe kit
4405-0355	Stereo trim only

INNER FAIRING TRIM KIT

- Kit includes speedometer, tach brow, switch panel accent and stereo accent
- Simple, quick installation
- Peel-and-stick application for all pieces

PART #	DESCRIPTION
2201-0165	For 99-13 FLHT/FLHX and 09-13 H-D FL Trike

STEREO ACCENT

- Can be installed without tools or removing any part of the dash
- Lightweight ABS construction with a chrome finish

PART #	DESCRIPTION
4401-0113	For 99-13 FLHT/FLHX and H-D FL Trikes

SWITCH PANEL ACCENTS

- Place an attractive chrome or black frame around the ignition and the adjacent control switches
- The smooth surface is much easier to keep clean than the stock matte finish
- Simple peel-and-stick installation requires no tools

PART #	DESCRIPTION
2202-0197	For 14-20 FLHT/FLHX/FLHTCUTG models

SWITCH PANEL ACCENT

- Adds an attractive chrome accent around the ignition and adjacent control switches; simple peel-and-stick application

PART #	DESCRIPTION
2106-0075	For 99-13 FLHT, 06-13 FLHX AND H-D FL Trike

All part numbers in BLUE are new for 2021.

SPEEDOMETER/TRIPOMETER RESET PUSH BUTTON

- Sold each

PART #	DESCRIPTION
2106-0151	For 95-98 XL w/ electronic speedometer; repl. OEM #67879-94, 67880-94

RUBBER RESET SWITCH BOOTS

- Sold in 5-pack

PART #	DESCRIPTION
2106-0223	For 99-13 FLHT, FLT models, 00-10 FXST, FLST, 99-11 FXD, 95-15 XL; repl. OEM #67880-94

RESET KNOBS

- Replacement reset knobs for mini speedometers with tripmeter PART #DS-243813
- Sold in packs of five

PART #	DESCRIPTION
DS-243825	For mini speedometers w/ tripmeter

REPLACEMENT RESET KNOBS

- Chrome reset knobs fit late-model speedos listed below
- Sold in packs of 10

PART #	DESCRIPTION
DS-293874	For 86-91 XLH 883; 86-90 XL; repl. OEM #s 67108-83 and 67117-85

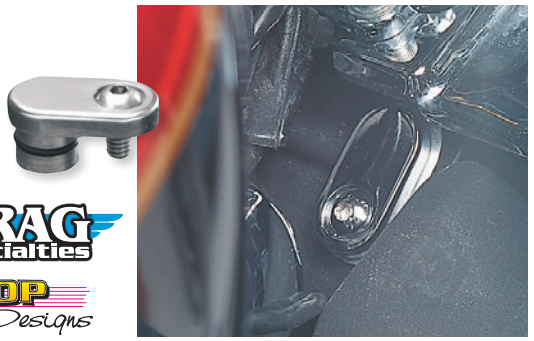
DS243612

ELECTRONIC SPEEDOMETER SENSORS

- Top-quality replacement sensor
- Also works on any aftermarket transmission case with a speedometer sensor hole
- Includes O-ring, hardware and OEM connector

PART #	DESCRIPTION
DS243612	For 00-06 Softail; repl. OEM #s 74437-96/74430-00
DS243622	For 99-03 FLT; repl. OEM #s 74420-94/74429-97

2210-0455

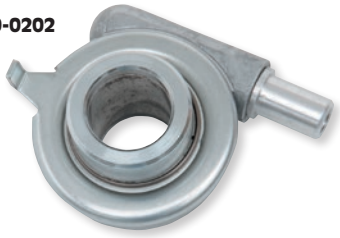


2210-0286

ELECTRONIC SPEEDOMETER SENSORS

- Direct replacement for OEM sensors

PART #	DESCRIPTION
2210-0477	For 99-03 FLHT/FLHR/FLTR; OEM #74429-97/A
2210-0455	For 00-06 FXST/FLST; repl. OEM #74430-00
2210-0456	For 04-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK/FL Trike, 07-20 Softail, 06-17 Dyna, 05-20 XL; repl. OEM #74402- 05B
2210-0286	For 99-05 FXD/FXDWG; repl. OEM #74420-94
2210-0476	For 04 XL; OEM #74402-04A
2210-0285	For 95-03 XL; repl. OEM #74402-95



ELECTRONIC SPEEDOMETER SPEED SENSOR HOLE PLUG

- Removing your OEM electronic speedometer or changing to a mechanical speedometer?
- This unique part from Don Hotop is designed to seal the speed sensor hole in all models that use an OEM electronic speedometer
- Manufactured from 6061 billet aluminum and brilliantly chrome-plated
- Comes complete with O-ring and chrome-plated button-head screw

PART #	DESCRIPTION
2210-0029	For 99-06 FLHR, 00-06 FXD; 95-03 XL and 00-06 FXST/FLST models w/ electronic speedos

2210-0202

DS-243846

FRONT WHEEL SPEEDO DRIVE UNITS

- High-quality front wheel speedometer drive units fit a variety of H-D models

PART #	DESCRIPTION
2210-0202	For 99 FLHT/FLHR (0,427" spacer) 2:1 ratio; repl. OEM #67101-96
DS-243846	For 86-94 XL (0,310" spacer); repl. OEM #62127-84A

All part numbers in BLUE are new for 2021.

Dakota Digital

DATA BUS BREAKOUT INTERFACE

- Allows simple installation of an aftermarket speedometer and/or tachometer
- Plugs directly into motorcycle's diagnostic port
- Connects to bike's data bus and outputs traditional analog signals
- Features outputs for speedometer signal (8000 rpm), tachometer signal (adjustable for 1-, 2- or 4-cylinder), check engine signal, accessory power and ground
- Digital readout works like a scan tool; allows reading back and clearing diagnostic codes

PART #	DESCRIPTION
2210-0182	For 04-13 models (except 11-13 Softail and 12-13 Dyna models)

ELECTRONIC SPEEDOMETER RECALIBRATION MODULE

Dakota Digital

- Allows for the recalibration of most 95-06 OEM electronic speedometers when changing tire size, pulley or final gearing
- Easy installation – simply plugs in between the pickup sensor and the stock wiring harness
- Allows small step corrections of less than 1 mph
- Correction range of 50% to 200%
- No power required to maintain calibration when the bike is parked
- Two sealed buttons allow easy resetting of the speedometer reading while the bike is in motion
- A must for custom builders using electronic speedometers

PART #	DESCRIPTION
2210-0391	For 99-06 FLT/FLHT/FLHR, 00-06 FXST/FLST, 99-05 FXD/FXDWG, 95-03 XL

THUNDER MAX

PROGRAMMABLE TRANSMISSION SPEEDOMETER SENSOR

- Used to correct your speedometer when you change tire size, pulley size, gear ratio or make any other changes affecting the speedometer
- Capable of 0-50% positive or negative correction
- Quick and easy adjustment with a push switch and built-in indicator light
- Includes OEM-style connector for easy installation on 00-03 models with electronic speedometer (except XL models)

PART #	DESCRIPTION
7806-3065	Speedometer sensor

THUNDER MAX

TRANSMISSION SPEEDOMETER SENSOR

- Chrome billet sensor
- Includes OEM Deutsch connector
- For use with stock-length starter motor on most 00-03 Big Twin models

PART #	DESCRIPTION
DS-243195	Speedometer sensor; repl. OEM #74437-96

Genuine JAMES GASKETS

TRANSMISSION SPEEDO BLOCK-OFF

- Reinforced synthetic rubber
- 5-speed version fits 5-speed transmissions and includes speedo drive block-off with a chrome-plated cap screw and washer

PART #	DESCRIPTION
2404-0114	5-speed block-off; repl. OEM #35607-95

DS-244121

2212-0370

2212-0371

DS-245154

ARLEN NESS

OIL PRESSURE GAUGE KITS

- Finally a clean way to mount an oil pressure gauge on Big Twin and Sportster engines
- Gives a great view of the gauge and adds style to your engine
- The finest assemblies available; each is beautifully CNC-machined from aluminum, and each comes with a quality stainless steel hose assembly
- Complete kits include a 60 lb liquid-filled gauge, bracket, cone assembly, stainless steel hose assembly and hardware
- Bracket and cone assembly accepts most 1 1/2" diameter oil pressure gauges; bracket can also be used without the cone to accept the slightly larger Drag Specialties and Custom Chrome liquid-filled gauges

NOTE: Check clearance between gauge and gas tank.

PART #	DESCRIPTION
DS-244121	Complete kit for 99-17 Twin Cam, chrome
2212-0370	Complete kit for 99-17 Twin Cam, Deep cut
2212-0422	Complete kit for 99-17 Twin Cam, black
2212-0371	Complete kit for 04-20 XL and 93-03 XL w/ mid controls only, Deep cut
DS-245154	Repl. Ness liquid-filled oil gauge 0-60 lb; mounts to any bracket w/ a 1 1/2" opening; fittings sold separately

All part numbers in BLUE are new for 2021.

DRAG Specialties

OIL PRESSURE GAUGE KIT

- Kit includes oil-filled 1 5/8" 60 psi gauge, chrome mounting bracket and mounting hardware

PART #	DESCRIPTION
2212-0427	For 99-16 FLHR, 00-17 FLST, 00-10 FXST, 99-05 FXD models

2212-0608

2212-0611

FEULING

OIL PRESSURE GAUGES

- Quality liquid-filled pressure gauge with 0-100 range
- 1,5" stainless steel case with white or black dial face
- Brass 1/8" NPT male bottom port

PART #	DESCRIPTION
2212-0608	White face, bottom port
2212-0609	Black face, bottom port

PART #	DESCRIPTION
2212-0610	White face, back port
2212-0611	Black face, back port

RUSSELL

1204-8407

OIL PRESSURE GAUGE LINES

- Braided stainless steel construction
- Features a unique one-piece fitting for ease of installation
- Intended for gauges mounted on the rocker box

PART #	DESCRIPTION
1204-8407	For 99-08 Twin Cam

PART #	DESCRIPTION
1204-8406	For 93-03 XL

DS-245210

DS-245200

DS-245225

OIL GAUGE FITTINGS

PART #	DESCRIPTION
DS-245210	Elbow fitting for XL, 1/8" NPT
DS-245200	45° elbow, 1/8" male NPT to 1/8" female NPT, for oil tanks, master cylinder, etc.
DS-245225	1 1/2" long nipple for XL, 1/8" NPT

2212-0417

2212-0418

ACCEL

OIL PRESSURE GAUGES

- 1/8" NPT rear mount oil pressure gauges
- Stainless steel housing with a black anodized finish
- Solid brass internals are bathed in a vibration damping glycerin for accuracy
- 60 or 100 psi

PART #	DESCRIPTION
2212-0417	60 psi

PART #	DESCRIPTION
2212-0418	100 psi

MINI 3 OIL PRESSURE GAUGE

KOSO® Feel The Speed

- Helps avoid major mechanical problems by allowing the rider to keep a watchful eye on the vehicle's oil pressure
- By watching the pressure gauge, riders can be sure their vehicle is being properly lubricated
- Features an oil pressure warning that flashes when oil pressure drops
- Lightweight, compact design makes this gauge a perfect complement to the actual gauge cluster
- Gauge comes complete with needed sensor
- Dimensions: 1,2" L x 2,4" W x 0,5" D

PART #	DESCRIPTION
2212-0489	Mini-style oil pressure gauge

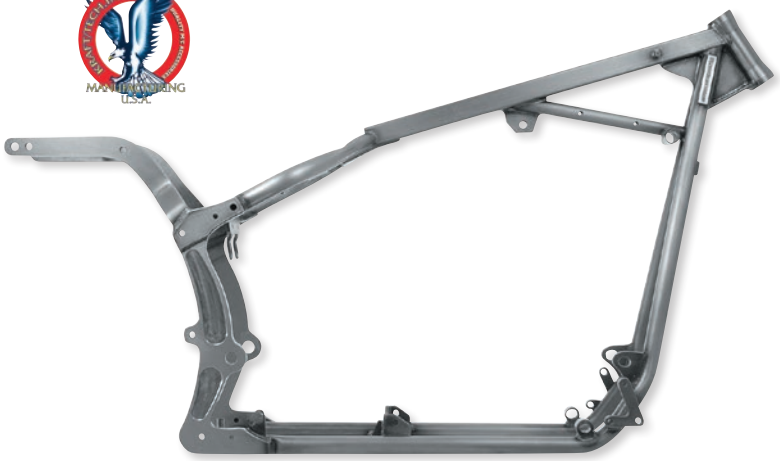
2212-0819

FEULING

FEULING REMOTE OIL PRESSURE GAUGE/LINE KITS

2212-0820

- Check engine oil pressure using a quality liquid-filled mechanical psi gauge while keeping factory electronic gauge and/or low oil pressure indicator light hooked up
- Great tool for verifying actual engine oil pressure while riding motorcycle through various conditions and allows dealers to document oil psi on fresh engine builds
- Hooks up to the engine case via the pressure port to the oil filter, remove the factory 1/4" NPT plug and install the Feuling fittings, oil line routes up the right side frame rail, gauge fastens to the handlebars near the master cylinder



PART #	DESCRIPTION
FOR ALL 17-20 M-EIGHT MODELS	
2212-0819	Stainless/chrome
2212-0820	Black

All part numbers in BLUE are new for 2021.

TWIN CAM-STYLE SOFTAIL FRAME

- Constructed of 1¼" DOM steel tubing, mandrel bent and TIG MIG welded
- 30° rake, 0" stretch
- Stock motor and transmission bolt-in
- Accepts 00-05 Twin Cam B motors and driveline only
- Accepts OEM neck bearings and cups (must be purchased separately)
- Fits 00-05 Twin Cam with stock-style swingarm

PART #	DESCRIPTION
0501-0068	00-05 Twin Cam-style Softail frame

0501-0086

RIGID STYLE FRAME FOR 04-13 XL

- Utilizes the OEM 04-13 XL powertrain system for easy and precise engine mounting
- Constructed of 1¼" thick wall, DOM steel tubing
- 30 degree rake with a 0" stretch
- Frames are MIG and TIG welded for maximum strength
- Includes axle

PART #	DESCRIPTION
RIGID FRAME	
0501-0086	130/150 tire rigid frame

- Oil tank and bracket sold separately
- Requires custom mounting of tank, seat and rear fender
- Accepts up to a 150 mm rear tire

0710-0124

PART #	DESCRIPTION
OIL TANK BRACKET	
0710-0124	Rear oil tank bracket

0501-0069

0501-0070

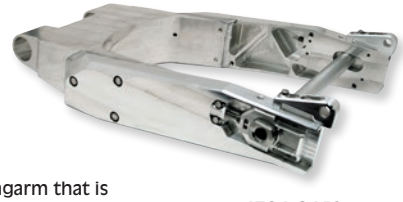
RIGID FRAMES FOR 86-03 XL EVOLUTION

- Constructed of 1¼" thick wall, DOM steel tubing with 1½" backbones
- 30° rake and 0" stretch
- Frames are TIG-MIG welded and accept 86-03 XL engines
- Mid-control mounts; no forward control mounts
- ¾" rear axle kit included with 180/200 frames, 130 frame will require a custom ¾" x 11⅞" rear axle

PART #	DESCRIPTION
RIGID FRAMES	
0501-0069	For 130/140 tire rigid frame
0501-0070	For 180/200 tire rigid frame

- PART #0501-0069 is engineered for 130/140 tire
- PART #0501-0070 is engineered for 180 tire with 1½" belt or 200 tire with chain
- Chrome rear oil tank bracket fits both Kraft-Tech XL-style frames and both winged and round oil tanks

0710-0124



PART #	DESCRIPTION
OIL TANK BRACKET	
0710-0124	Rear oil tank bracket

THE SWINGER

1301-0142

1301-0141

- Three piece, CNC-machined aluminum swingarm that is bolted, pinned and then welded for maximum strength
- 7 lb lighter than a stock swingarm
- 25 mm chromoly axle with stainless steel adjuster bolts and nuts
- Accepts stock pivot shaft, bearings, spacers and rubber mounts
- Adjustable shock mounts
- Machine finish

NOTE: This is a highly custom part that will require custom fabrication of some key components, will not accept an OEM brake caliper; a custom caliper and bracket will be required.

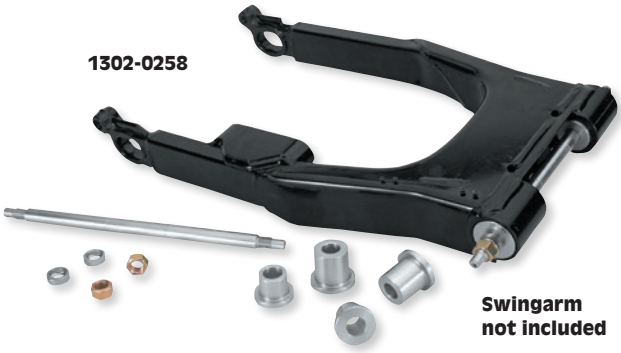
PART #	DESCRIPTION
1301-0142	For 09-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK models

NOTE: If converting to a chain drive system, a custom chain slider will need to be fitted to prevent chain wear on the swingarm.

NOTE: Will require the use of a rear wheel that accepts a 25 mm axle.

PART #	DESCRIPTION
1301-0141	For 99-08 FLHT/FLHR/FLHX/FLTR models

Custom Cycle Engineering



SWINGARM RETROFIT

1302-0257

- Retrofits the improved swingarm from 02-08 Touring models to a 99-01 Touring models
- No need to alter transmission housing
- Will require the purchase of a 02-08 style OEM swingarm with bearings, rear caliper, 1" diameter rear axle and 1" rear wheel bearings

PART #	DESCRIPTION
FOR 99-01 FLT/FLHT/FLHS	
1302-0257	Retrofit kit

1302-0258

Swingarm not included

PART #	DESCRIPTION
FOR 99-01 FLT/FLHT/FLHS (CONT)	
1302-0258	Retrofit kit w/ pivot shaft

Custom Cycle Engineering

SWINGARM CONVERSION BEARING RETROFIT KITS

1302-0207

- Replaces stock Cleve Bloc style swingarm bushings with spherical bearings
- Dramatically changes handling and tracking of Dresser models

PART #	DESCRIPTION
FOR 99-01 FLT/FLHT/FLHR/FLTR MODELS	
1302-0207	Swingarm conversion retrofit kit

1302-0208

- Spherical bearings greatly reduce the stiction at the swingarm pivot, which provides a quicker reaction time to harsh road conditions
- Negates any lateral and torsional movement in the swingarm

PART #	DESCRIPTION
FOR 99-01 FLT/FLHT/FLHR/FLTR MODELS (CONT)	
1302-0208	Swingarm conversion retrofit kit w/ pivot shaft

DRAG Specialties

SWINGARM BUSHING KIT

- Replaces worn/damaged bushings, firms up handing and tracking
- Kit includes bushings and tolerance rings

PART #	DESCRIPTION
1302-0633	For 99-01 FLT/FLHT; repl. OEM #s 47556-81, 47538-79

DRAG Specialties

SWINGARM ISOLATOR MOUNT

- Meets or exceeds OEM specifications
- Will fit 85 models that have been updated with OEM swingarm pivot update kit.
- Sold each

PART #	DESCRIPTION
0933-0053	For 99-08 FLT/FLHT/FLHR/FLHX/FLTR; repl. OEM #47564-86B

DRAG Specialties

SWINGARM BEARING AND RACE

- Bearing and race for various H-D models
- Sold as a set

PART #	DESCRIPTION
0502-0194	Right bearing and race for 86-99 XL; also fits left swingarm bearing and race for 99-05 Dyna Glide; repl. OEM #47082-81

DRAG Specialties

SWINGARM BEARING KITS

1302-0367

- Individual bearing kits that include required bearings for models listed

PART #	DESCRIPTION
1302-0367	For 02-20 FLT/FLHT/FLHR/FLHX/FLTR/FLTRU/FLTRK models; repl. OEM #9208
1302-0091	For 00-17 Softail models; repl. OEM #s 9209, 9270A, 11282

All part numbers in BLUE are new for 2021.

DRAG Specialties

SWINGARM PIVOT SHAFT KIT

- Kit includes pivot shaft, two bushings, two chrome spacers, chrome nut and washer

PART #	DESCRIPTION
0309-2250	For 00-07 FXST/FLST; repl. OEM #s 47610-00, 48048-00 and 48049-00

1303-0197

DRAG Specialties

SWINGARM PIVOT SHAFT COVERS

- Chrome-plated finish
- Covers the pivot shaft head on the right side of the swingarm
- Sold each

PART #	DESCRIPTION
1303-0197	For 06-17 FXD/FXDWG models; repl. OEM #68222-06
1303-0196	For 99-05 FXD/FXDWG models; repl. OEM #67859-90

1303-0200

1303-0026	For 00-07 Softail models

1303-0135

1303-0202

KURYAKYN

SWINGARM PIVOT COVERS

- Chrome-plated covers accent the ends of the swingarm pivot shaft
- Sold in pairs

PART #	DESCRIPTION
1303-0135	For 00-07 FXST/FLST (except 05-07 FLSTN, 07 FLSTF, 07 FXSTD)
1303-0202	For 08-17 FLST/FXST

All part numbers in BLUE are new for 2021.

TOURING LINK CHASSIS STABILIZER

PROGRESSIVE suspension

TOURING LINKS

- The answer to the handling challenges faced by most touring models has arrived
- Helps stabilize the chassis by keeping the motor/swingarm assembly aligned with chassis without causing unnecessary vibration to the rider
- Ground clearance will not be affected
- Easy to install

PART #	DESCRIPTION
1111-0006	For 99-08 FL models (all)

PART #	DESCRIPTION
1111-0013[1]	For 09-13 FL models (all)

[1] Not for use with crossunder exhaust systems, OEM or aftermarket systems.

Alloy Art

BY ALLOY ART PERFORMANCE HANDLING

TOURING FRAME STABILIZERS

- CNC-machined aluminum, stainless steel heim joints and stainless mounting hardware
- Prevent frame flex, frame wobble and motor oscillation
- Improve handling and overall safety
- Top-side design provides for a quicker, easier installation
- Work with stock exhaust and most aftermarket exhaust systems

PART #	DESCRIPTION
FOR 17-20 FLHT/FLHX/FLHR/FLTR AND H-D FL TRIKES	
1111-0016	Polished
1111-0017	Black anodized

1111-0011	Polished
1111-0012	Black anodized

Alloy Art

TXR STABILIZERS

- CNC-machined from 6061-T6 aluminum
- Improve handling by triangulating motor and transmission in the chassis to eliminate frame wobble at high speeds and while cornering
- Adjustable intermediate member with integrated patented Gooden-Tite polyurethane and aluminum isolator bushings
- Open plate design with ventilating air scoops to assist in transmission cooling
- Easy bolt-up installation
- Available in black anodized finish
- Include stainless steel hardware and heim joints

NOTE: Not for use with cross-under exhaust systems.

PART #	DESCRIPTION
FOR 99-08 FLT, FLHT, FLHR, FLTR, FLHX MODELS	
1111-0001	Black anodized

1111-0007	Black anodized

Alloy Art

COMBI STABILIZER KITS

- Kits feature CNC-machined aluminum link arms with stainless steel heim joints and hardware
- Feature a long link arm with the most leverage available that provides maximum stabilization
- Increase frame stiffness for better cornering and in panic situations
- Quick and easy installation
- Available in black anodized or polished aluminum finishes

NOTE: Not for models w/ ABS.

Front stabilizer motor mount bracket left side of bike

Rear stabilizer trans mount right side of bike

- Directly replaces OEM kickstand
- Features machined Performance Machine logo
- For Touring models with 21" and 23" front wheels to create the lean angle when parked

PART #	DESCRIPTION
0510-0202	For 07-20 FLHT/FLHR/FLHX/FLTR

PINGEL
Since 1967

KICKSTANDS – LOWERED AND STOCK LENGTH

- Available in a stock replacement style and for lowered suspension
- Stock replacement model provides a less steep lean angle, which in turn reduces effort when lifting the bike off the kickstand
- Lowered model provides a better lean angle when parked, even when turning the bars to the right
- TIG-welded steel construction; hand-polished to accept smooth show-quality chrome-plating or black powdercoat

0510-0218

0510-0220

- Mounts directly on the stock mounting bracket and utilizes the stock return spring
- Features a large surface foot pad contact area to support the bike better on the ground; the longer kick tab is also easily accessible for use with stock and oversized primary covers

PART #	DESCRIPTION
FOR 07-20 FLHT/FLHX/FLHR/FLTR MODELS (EXCEPT LOW/SPECIAL MODELS)	
0510-0218	Stock repl. kickstand

PART #	DESCRIPTION

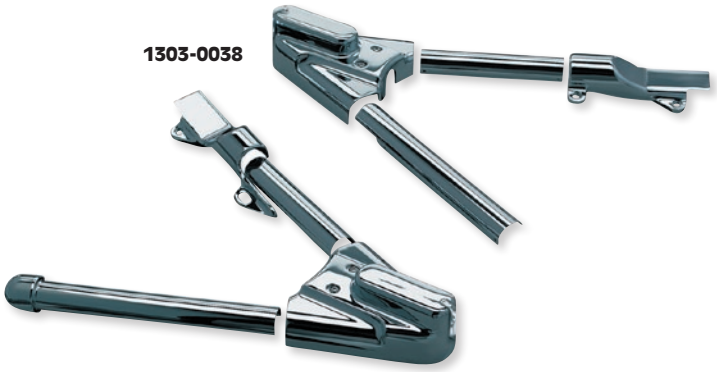
0502-0401

KURYAKYN

BOOMERANG FRAME COVERS



- High-quality chrome metal covers
- Wrap around the front and rear edges of the frame for complete coverage
- Not for use with passenger floorboards

R.O.C. Design Patent #37113

PART #	DESCRIPTION
0504-0193	For 00-07 FXST (except FXSTD) and 00-07 FLST (except Fat Boy and Deluxe)
0502-0401[1]	For 08-17 FLSTC, 08-09 FXSTB, 08-10 FXST/FXSTC, 10-12 FLSTSE

[1] Will fit 08-16 FLS/FLSTF/FLSTFB/FLSTN/FLSTSTB if OEM exhaust is removed and staggered duals or 2-into-1 system is installed.

1303-0038

KURYAKYN

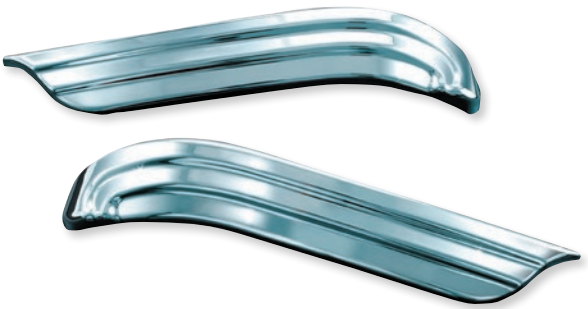
SWINGARM COVERS/PHANTOM COVERS KIT

- Easy-to-install chrome covers offer an alternative to downtime and plating
- Both kits include four covers for tube section of swingarm, two upper swingarm covers, two Phantom covers and all necessary hardware

NOTE: Kit will fit FXS, FLS, FLSTFB, FLSTF, FXSTD or FLSTN models only if stock over-under shotgun exhaust has been replaced with a staggered dual or 2-into-1 system.

PART #	DESCRIPTION
1303-0087	For 08-17 FXST/FLST (except FXS/FLS/FLSTF/FLSTFB/FLSTN)
1303-0038	For 00-05 FXST, 00-07 FLST (except 07 FLSTF/FXSTD/FLSTN)

1303-0032



KURYAKYN

SWINGARM COVER SET

- Intended for riders who already have Kuryakyn's Phantom Covers or other axle cover kit
- Set includes a pair of sleek upper swingarm covers and four easy-to-install covers for the tubular sections of the swingarm

NOTE: In some applications there may be a small gap between the tubular swingarm covers and the axle cover.

PART #	DESCRIPTION
1303-0134	For 08-17 FXST/FLST (except FXCW/C)
1303-0032	For 00-05 FXST, 00-07 FLST (except FLSTF/FXSTD/FLSTN)

KURYAKYN

SWINGARM ACCENTS

- Sleek chrome accents are louvered to add flash and brilliance to the OEM swingarm
- Require no tools for installation
- Sold as a set

PART #	DESCRIPTION
1303-0152	For 09-20 FLHT/FLHR/FLTR/FLHX/FLTRX/FLTRU/FLTRK

DRAG Specialties

SWINGARM BUMPER

- Meets or exceeds OEM specifications
- Sold each

PART #	DESCRIPTION
1302-0654	For 00-17 FLST/FXST models; repl. OEM #11514

All part numbers in BLUE are new for 2021.

0504-0080

0504-0081

CURVACEOUS UPPER FILLERS

- Accent the line of your fender and hide clutter for a custom look
- Steel construction with E-coating, ready to color match paint
- Upper fillers mate up to the stock fender/lower filler on Street Glides
- Requires removal of stock license plate mount bar
- Two versions – smooth for models with or without detachable backrests; slotted for models with detachable TourPak®
- Must remove stock license plate mount bar

NOTE: Can also be used on 99-08 FLT, FLHT, FLHR and FLTR models when used in conjunction with Klock Werks lower filler panels.

PART #	DESCRIPTION
FOR 06-08 FLHX	
0504-0080	Smooth fillers for use w/ or w/o detachable backrest

PART #	DESCRIPTION
FOR 06-08 FLHX (CONT)	
0504-0081	Slotted fillers for use w/ detachable TourPak®

Before fillers

Detachable style stock-length/+2 fender stock-length saddlebags

LOWER FILLERS

- Constructed from 16-gauge steel and E-coated for rust and corrosion resistance and are designed to fill the void between the lower fender and saddlebags; a minor detail that makes a major impact!
- The only steel fillers designed to be used with or without detachables
- Detachable style is for use with OEM detachable accessories (available separately)
- Great to use in conjunction with Klock Werks Curvaceous Upper Fillers to smooth out that entire area
- Fillers are available in Standard for stock bags
- All are sold in pairs and include all necessary hardware and instructions to install them

0504-0090

0504-0091

FOR 99-08 FLT/FLHT/FLHR/FLTR MODELS	
PART #	**DESCRIPTION**
FOR USE WITH STOCK-LENGTH FENDER OR KLOCK WERKS +2" FENDERS AND STOCK-LENGTH HARD SADDLEBAGS	
0504-0090	Stock - smooth style
0504-0091	Stock - detachable style

HOW TO SELECT

STEP #1
Fender/Saddlebags fender/style

Determine:
- Length/style of Fender
- Length/style of Saddlebag

STEP #2
Detachable or Not

SMOOTH STYLE (Detachable backrest only)

DETACHABLE STYLE (Trunk or rack)

All part numbers in BLUE are new for 2021.

REAR FENDER EXTENSION AND FILLER PANELS

- Heavy 18-gauge raw steel construction
- Designed to fill in the area between the fender and saddlebags and extend the rear of the fender for a street glide look
- Extends the fender 4" over OEM
- Requires custom mounting; no hardware is included
- Will not work on bikes equipped with detachable backrest

PART #	DESCRIPTION
W/ LED STRIP LIGHTS	
1405-0215	For 09-20 FLHT/FLHTC/FLHTCU/FLHX/FLTR

PART #	DESCRIPTION
W/O LED STRIP LIGHTS	
1405-0121	For 09-13 FLHT/FLHR/FLTR models with hard bags and a 180 rear tire (except 10-13 FLTRX)
1405-0091	For 99-07 FLTR/FLHR/FLHT models w/ Original Equipment hard bags and Original Equipment 7 1/4" rear fender

1401-0516

ARLEN NESS

SADDLEBAG FENDER EXTENSIONS

- Provides the stretched fender look and fills the gap between rear fender and saddlebags
- Utilize factory taillight/license assembly and tri-bar light
- Bolt to stock rear fender to extend the length to match the profile of Arlen Ness stretched Angled or Down-N-Out saddlebags; available separately see page 69
- Constructed from heavy ABS plastic and ready to paint

NOTE: Changes the profile of factory rear fender to profile of Angled or Down-N-Out saddlebags.

NOTE: Install and check before paint.

PART #	DESCRIPTION
FOR ANGLED SADDLEBAGS	
1401-0516	FOR 14-20 FLT/FLHT/FLHR/FLTR/FLHX
1401-0528	FOR 09-13 FLT/FLHT/FLHR/FLTR/FLHX

1401-0644

PART #	DESCRIPTION
FOR DOWN-N-OUT SADDLEBAGS	
1401-0644	FOR 09-20 FLT/FLHT/FLHR/FLTR/FLHX

All part numbers in BLUE are new for 2021.

RECEIVER TRAILER HITCHES

- 1 1/4" receiver trailer hitches mount to frame struts and the saddlebag supports
- Does not interfere with accessories such as docking kits for sissy bars, racks and tour boxes
- Made from 0,125" 1020 steel tubing, robotic-welded and high-gloss black powdercoated
- Includes polished chrome-plated hitch, 1 7/8" ball and pin with hitch clip
- Optional chrome-plated 5-pin, die-cast, automotive-style connector set available separately; PART #3902-0069

NOTE: Not for use with accessory saddlebag rail kit.

3902-0155

3902-0156

PART #	DESCRIPTION
3902-0155	For 09-20 FLHX/FLHXS/FLTRX/FLTRXS, 09-13 FLHTC/FLHTCU/FLHTK/FLHR
3902-0156	For 14-20 FLHR/FLHTCU/FLHTK/FLHTKSE/FLTRUSE, 09-13 FLHRC/FLTR/FLTRU, 10-13 FLHTCUSE
3902-0079	For 99-08 FLHT/FLHR/FLTR; 06-08 FLHX

RIVCO

COMPLETELY HIDDEN TRAILER HITCHES

- Laser-cut from high-tensile strength steel, then formed and TIG-welded by hand for superior fit, strength and reliability
- Vertical receiver hitch features chrome tongue; installs in seconds without tools
- Simple bolt-on installation mounts to bike at five points for superior rigidity
- Plug-in wiring harnesses are available (see page 1532)
- Once installed, the black powdercoated main hitch is virtually unseen; only the removable chrome vertical receiver remains visible
- Hitch tongue detaches easily to keep that clean look when not towing a trailer
- Includes hitch and tongue; does not include trailer-hitch ball or wiring

NOTE: Not for 10-17 Street Glide/Road Glide/Road King Special models with fender tip taillight.

3902-0166

3902-0144

SAFETY WARNINGS: For information on the care, safety, maintenance, mounting, manufacturer's warranty and other information, consult the motorcycle manufacturer's and the trailer-hitch manufacturer's publication(s) and/or website(s) for complete information. Towing can negatively affect handling, cornering, stopping and stability and may void your warranty. Towing increases the likelihood of serious injury or death. If you tow a trailer, never exceed the motorcycle manufacturer's Gross Vehicle Weight.

PART #	DESCRIPTION
3902-0166	For 14-20 FLHT/FLHR (except FLHRC/FLHTCU SE) w/ or w/o filler panels
3902-0144	For 09-13 FLHT/FLHR (except FLHRC/FLHTCU SE) w/ or w/o filler panels

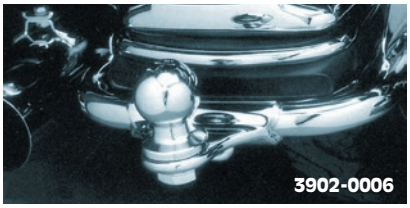
RIVCO

TRAILER HITCH

- Steel construction and chrome-plated
- Includes tow ball and mounting hardware
- Quick installation

PART #	DESCRIPTION
3902-0192	For 99-08 FLT/FLHT/FLHR/FLTR models

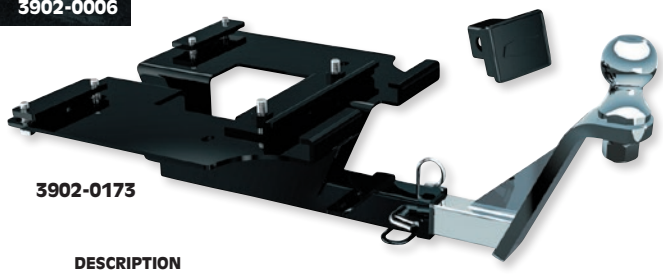
KURYAKYN



RECEIVER HITCH

- Sturdy forged and welded steel receiver hitch eliminates fear of trailer shimmy
- Unique dual receiver design means the ball mount assembly engages the hitch frame vertically on both sides for optimum structural support
- Ball mount can be installed in either of two positions depending on fender configuration
- Black powder-coated mounting brackets with chrome-plated ball mount
- Receiver hitch remains hidden when ball mount is not installed
- Includes 1 7/8" ball
- Easy bolt-on installation using simple hand tools

PART #	DESCRIPTION
3902-0200	For 14-20 FLHT/FLTRX/FLTRU/FLHR/FLHX (except 18-20 FLTRXSE, 15-20 FLHXSE)

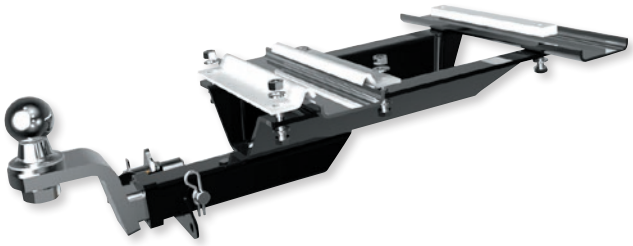


All part numbers in BLUE are new for 2021.

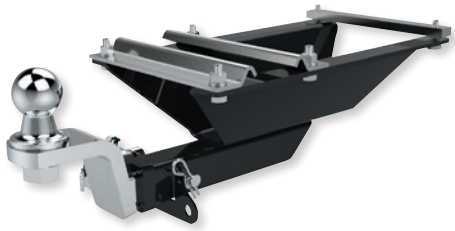
KURYAKYN

TRAILER HITCHES

- Permanent mount hitch attaches at six points
- Steel construction for strength
- All visible components are chrome-plated
- All non-visible components are black powdercoated for maximum rust resistance
- Kit includes necessary mounting hardware and $1^{7}/_{8}$" trailer ball



PART #	DESCRIPTION
3902-0006	For all 99-08 FLT/FLHT/FLHR/FLTR models (except FLHX)
3902-0076	For 09-13 FLHT/FLHR/FLTR/FLHX (except 09-13 FLHTCUSE/FLTRSE/FLHXSE)
3902-0173	For 09-20 FLHTCUTG, 10-11 FLHXXX



KHROME WERKS

TRAILER HITCHES FOR H-D TRIKE MODELS

- Khrome Werks' trademark quality trailer hitches now available for H-D trike models
- $1^{1}/_{4}$" steel, receiver style hitch mounts securely to trike frame
- Robotic welded and feature high gloss black powdercoat finish
- Includes polished chrome plated hitch ball mount; $1^{7}/_{8}$" ball, pin with hitch clip and all mounting hardware
- Optional chrome-plated 5-pin, die-cast automobile style connector set available separately
- Gross weight not to exceed 300 lb

PART #	DESCRIPTION
3902-0095	For 11-20 FLHTCUTG/FLHXXX

KHROME WERKS

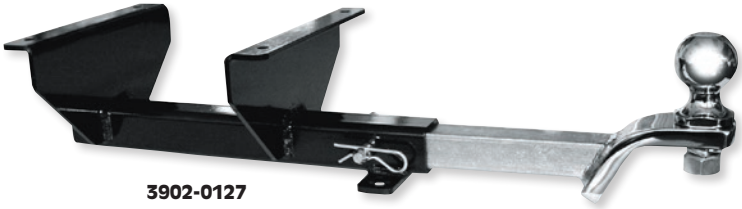
RECEIVER TRAILER HITCH FOR H-D FREEWHEELER™ TRIKE

- Chrome-plated, removable, heavy-duty $1^{1}/_{4}$" draw bar tongue
- Includes $1^{7}/_{8}$" ball and mounting hardware
- Black, high gloss, powdercoated welded steel
- Mounts to bottom of trike frame
- 300 lb maximum trailer weight, 30 lb minimum tongue weight
- Box measures 18" x 8" x 6"

PART #	DESCRIPTION
3902-0181	For 15-20 FLRT models

RIVCO

TRAILER HITCH FOR TRI-GLIDE

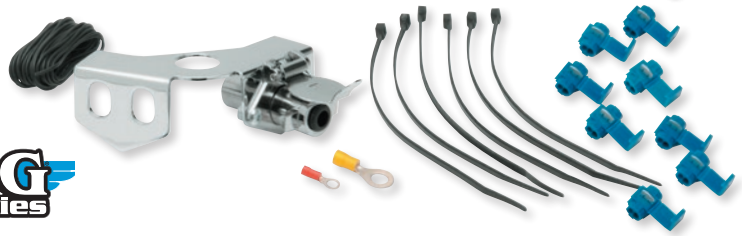


- Super-strong receiver-type hitch
- Fabricated from laser-cut steel; hand-welded, then powdercoated
- Bolts directly to the frame in minutes
- Triple-chrome-plated tongue is $1^{7}/_{8}$" W; the receiver is $1^{1}/_{4}$"
- Receiver is almost completely hidden; the tongue installs easily using a hitch pin and clip
- Made for use with or without Harley-Davidson® optional rear bumper
- Tongue height is 11", which accommodates most trailers
- Includes hitch, tongue and all necessary hardware
- Plug-in wiring harness available separately (see page 1532)

PART #	DESCRIPTION
3902-0143	For 11-20 FLHTCUTG

MOTOR TRIKE INCORPORATED

TRAILER HITCHES



- Essential addition for towing of any kind
- Features $1^{7}/_{8}$" chromed ball and receiver; black-painted hitch and mounting
- Completely bolt-on – no welding or drilling required

PART #	DESCRIPTION
3902-0127	For 11-20 FLHTCUTG

PART #	DESCRIPTION
3902-0128	For 09-10 FLHTCUTG

All part numbers in BLUE are new for 2021.

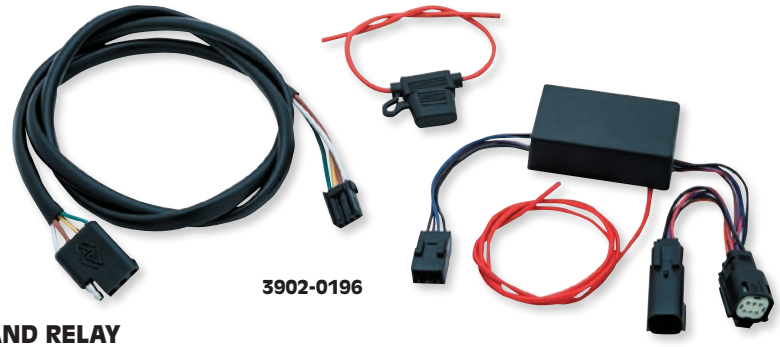
DRAG Specialties

BALL MOUNT TRAILER HITCH RECEPTACLE KIT

- Mounts easily to underside of hitch ball for a quick, clean way to connect/disconnect trailer light wiring
- Includes a chromed receptacle plate, chrome safety chain hookup, a five-pin male/female plug-in connector and all wiring and hardware

NOTE: Also fits other brands of trailer hitches.

PART #	DESCRIPTION
DS-720558	For 99-08 FLT/FLHT/FLHS/FLHR and 00-11 FXST/FLST



KURYAKYN

TRAILER HITCH BALL COVER

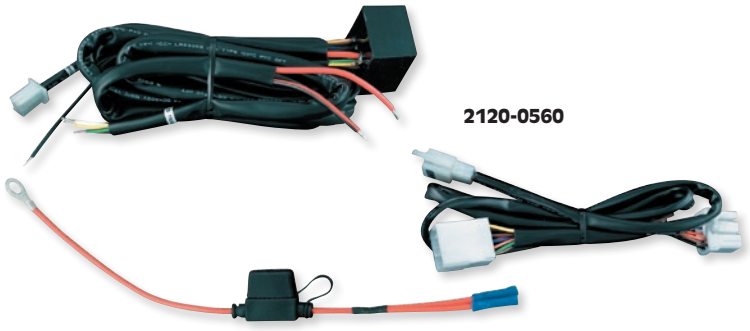
- Chrome trailer hitch ball cover fits all $1^{7}/_{8}$" and 2" hitch balls
- Includes foam liner to ensure a good fit

PART #	DESCRIPTION
3902-0112	Trailer hitch ball cover

3902-0196

KURYAKYN

PLUS 1 TRAILER WIRING HARNESS KITS AND RELAY



- Eliminates overloading stock lighting or accessory circuits
- Harness utilizes inputs from the motorcycle to direct power from the battery to the appropriate trailer lighting circuit
- 5-Wire Plus 1 kits provide standard five-wire output (run, brake, turn left, turn right, ground)
- 4-Wire Plus 1 kits provide standard four-wire output (run, left turn/brake, right turn/brake, ground)
- All Plus 1 kits include a bonus wire that can be connected as needed to provide fused 12V power to the trailer for compartment lights, keyless entry systems or other systems that are wired independently of the trailer's essential lighting
- 4-Wire kits include flat-4 connector; 5-Wire kits do not include receptacle kits due to the style of receptacle required varies by trailer manufacturer

PART #	DESCRIPTION
FOR 14-20 FLHT/FLTR/FLHX, 17-20 FLHRXS	
3902-0195	Models w/ 5-Wire trailer
3902-0196	Models w/ 4-Wire trailier
FOR 14-20 FLHR (EXCEPT 17-20 FLHRXS), POLICE DRESSER MODELS	
3902-0197	Models w/ 5-Wire trailer
FOR 14-20 FLHR (EXCEPT 17-20 FLHRXS), POLICE DRESSER MODELS (CONT)	
3902-0198	Models w/ 4-Wire trailer
FOR 14-20 H-D FL TRIKES	
3902-0199	Models w/ 4-Wire trailer

KURYAKYN

TRAILER WIRING HARNESS AND RELAY

- Eliminate blown fuses caused by overload of the stock lighting or accessory circuits; relay harness utilizes inputs from the motorcycle to direct power from the battery to the appropriate trailer lighting circuit
- Kits provide standard five-wire output (run, brake, left turn, right turn, ground) plus a bonus wire that can be connected to provide 12V fused power to the trailer for compartment lights or keyless entry systems
- Does not include receptacle kits

2120-0560

PART #	DESCRIPTION
2120-0560	For 99-13 FLHT, 99-13 FLTR (except 09 FLTRSE, 10-13 FLTRX), 06-09 FLTRX, 99-13 FLHR, 00-10 FXST/FLST (except 08-10 FXCW/X, 10 FLSTSE), 99-11 FXD/FXDWG (except 10-11 FXDWG)
2050-0141	Universal trailer wiring kit

MOTOR TRIKE INCORPORATED

TRAILER HITCH WIRE HARNESSES

- Essential for connecting wiring to a trailer of any kind
- Wiring is plug-and-play – no splicing
- Maintains the integrity of original bike/trike harness
- Six-pin connector allows for auxiliary power to be run to trailer

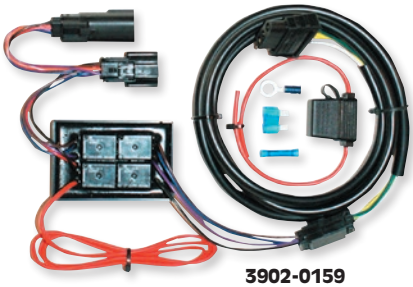
PART #	DESCRIPTION
3902-0163	For 14-20 FLHTCUTG models

3902-0129

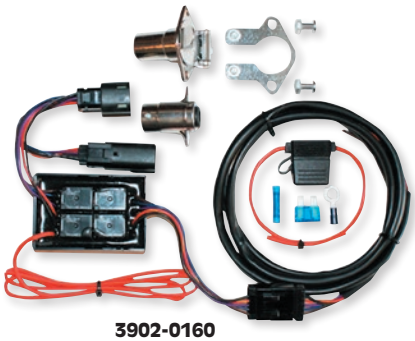
PART #	DESCRIPTION
3902-0129	For 09-13 FLHTCUTG models

All part numbers in BLUE are new for 2021.

KHROME WERKS



TRAILER WIRING CONNECTOR KITS WITH ISOLATOR



- To be used with trailers with the same number of wires as the motorcycle
- Wiring harness features an isolator module with a fused, separate circuit from battery positive to power the trailer lighting; works through built-in relays and prevents overloading of factory lighting circuit
- 5-pin, die-cast, automotive-style connector
- Mounts using mounting bracket that bolts directly to the safety chain bracket on current production Khrome Werks trailer hitches
- An isolator is a must for 2009 and later Harleys pulling trailers with conventional incandescent lighting (higher amperage requirements than trailers with LED lighting)

PART #	DESCRIPTION
3902-0082	For 99-13 FLT/FLHT models w/ 8-pin rear light connectors (except 10-13 FLHX/FLHXSE/FLTRX/FLTRSE, 09-13 SE CVO models)
3902-0083	For 09-13 FLHXSE, FLTRSE w/ 8-pin Molex rear light connectors
3902-0084	For 10-13 FLHX, FLTRX w/ 6-pin Molex rear light plugs

TRAILER WIRING KITS

- All kits include 6-pin Molex isolator, 15-amp fuse/fuse holder, two butt connectors and ring terminal (no converter needed)
- PART #3902-0159 also includes 4-wire, 142 cm (56") harness with a flat 4-position connector
- PART #3902-0160 also includes 5-wire, 142 cm (56") harness, 5-pin round connector set and bracket for KW hitches
- PART #3902-0161 also includes 4-wire, 142 cm (56") harness with a flat 4-position connector
- PART #3902-0168 has an 8-pin multi-lock plug and also includes 4-wire, 122 cm (48") harness with a flat 4-position connector

3902-0159

3902-0160

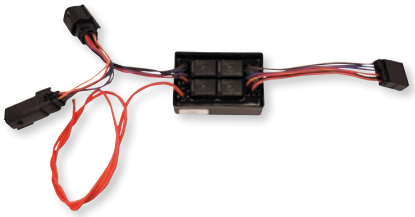
- PART #3902-0169 also includes 4-wire, 122 cm (48") harness with a flat 4-position connector
- PART #3902-0182 has 8-pin multi-lock plugs and also includes 4-wire, 122 cm (48") harness with a flat 4-position connector

PART #	DESCRIPTION
3902-0159	For 14-20 FLHX/FLHXS/FLHTCU/FLHTK/FLHRSE/FLHTCUTG/FLTRX/FLTRXS
3902-0160	For 14-20 FLHR/FLHTKSE/FLHTP/FLHP/FLTRUSE/FLHXSE
3902-0161	For 14-20 FLHR/FLHTKSE/FLHTP/FLHP/FLHXSE
3902-0182	For 15-20 FLRT
3902-0169	For 10-13 FLHX/FLTRX w/ 6-pin Molex rear light plugs
3902-0168	For 99-13 FLT/FLHT/FLHR, 06-09 FLHX, 07-09 FLTR, 01 FLTRU, 00-17 FLSTC w/ 8-pin rear light plugs

FOUR- TO FIVE-WIRE CONVERTER

- Allows 14-and-later Touring models with combined brake lights and turn signals (four-wire) to connect directly to trailers with separate turn signals (five-wire)
- Designed to be used with Khrome Werks four wire Isolator PART #s 3902-0159 or 3902-0182 (sold separately)
- No need to rewire trailers with separate turn signals (five wire)
- Plugs between the outlet connector of the four-wire Isolator PART #3902-0159 and the new five-wire supplied harness
- Includes a converter module with a five-wire harness, five-pin round connector set and a mounting bracket
- Mounting bracket fits all current Khrome Werks hitches

PART #	DESCRIPTION
3902-0188	For 14-20 FLHX/FLHXS/FLTRX/FLTRXS/FLHTK/FLTCU/FLHTCUTG/FLRT, 16-20 FLHTKSE/FLTRU/FLTRUSE



TRAILER WIRE CONNECTOR KIT

- Designed to work with Khrome Werks receiver and bumper trailer hitches
- Includes wiring harness with mating trailer connector and mounting bracket kit that bolts directly to the safety chain bracket on the hitch

PART #	DESCRIPTION
3902-0069	5-pin connector kit w/ plug-in wiring harness for 99-13 models (except 10-13 FLHX, FLTRX and 09-13 CVO models)

All part numbers in BLUE are new for 2021.

NAMZ Custom Cycle Products

TRAILER ISOLATOR

- Protects factory turn signal module from being overloaded when adding a trailer
- Plugs in between the rear fender harness and receives the signals from the lighting circuits
- Draws power from the motorcycle battery

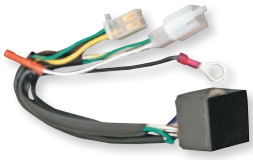
PART #	DESCRIPTION
2010-1358	For 14-20 HD Big Twin models except XL

RIVCO

UNIVERSAL TRAILER WIRING ISOLATOR

- Delivers full power to trailer lighting without causing damage or malfunction
- Supplies full battery power to trailer lighting directly through its own heavy-gauge wiring, relays and fuse
- Compact 3" x 1 1/2" x 1" housing

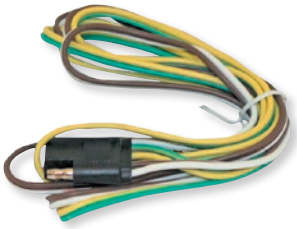
PART #	DESCRIPTION
3902-0221	Universal trailer wiring isolator



3902-0191

3902-0135

3902-0147



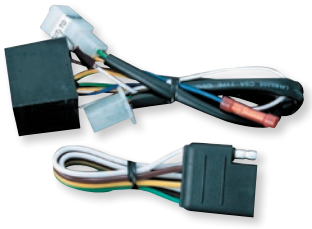
3902-0134

RIVCO

TRAILER WIRING SUB-HARNESSES

- Trailer wiring sub-harness plugs into the bike's stock wiring harness on one end and Rivco's own 5- to 4-wire converter or isolator on the other
- Eliminates the need to cut and splice the stock wiring harness
- Order the sub-harness for your bike based on your bike's plug-in type (see chart)
- All sub-harnesses require two additional parts for a complete trailer wiring harness assembly: Rivco's 5- to 4-wire converter (PART #3902-0134) and Rivco's Universal Trailer Wiring Isolator (PART #3902-0119) (both sold separately)
- Sub-harnesses sold each

PART #	DESCRIPTION
3902-0191	For 14-20 FLHT/FLHTC/FLHTCU/FLHX/FLTR/FLTRU/FLTRX/H-D FL Trike models (except Ultra Ltd. CVO, 15-20 FLRT and 13 FLTRXS/FLTRU), 14-17 FLST (6-pin Molex)
3902-0135	For 10-17 FLHXSE/FLTRSE/FLTRUSE/FLTRXSE (8-pin Molex)
3902-0147	For 00-10 FXST/FLST (except SE models), 06-09 FLHX, 99-13 FLHR, 99-09 FLTR, 99-13 FLHT/FLHTC/FLHTCU/FLHTK/FLHTCSE/FLHTCUSE and 09-13 H-D Trikes (8-pin AMP multi-lock)
3902-0134	5- to 4-wire wire converter



Custom Dynamics

4-PIN TRAILER WIRE HARNESS

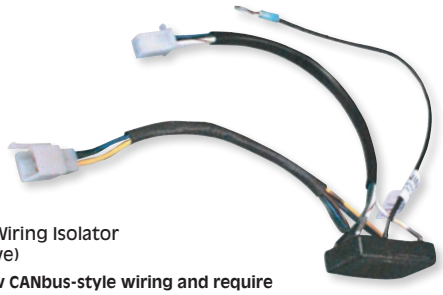
- Universal trailer harness provides plug-and-play wire hook-up to any 4-way flat trailer plug
- Extended 50" wire leads provide easy hook-up for run, brake, and turn signal functions
- Heavy-duty 14-gauge wire for long-lasting durability
- Sold each

PART #	DESCRIPTION
2120-0929	Trailer wire harness

KURYAKYN

5-TO-4 WIRE CONVERTER

- Plug-in that allows trailer wiring and relay kits to power trailers with a four-wire harness (run/left turn/brake, right turn/brake and ground)
- Fifth bonus wire is available to provide a fused 12V power supply to the trailer compartment for lights or keyless entry systems that are wired independently of the trailer's essential lighting
- Includes 4-pin flat vehicle connector
- Sold each



PART #	DESCRIPTION
2120-0388	5-to-4 trailer wire harness converter

RIVCO

4- TO 5-WIRE SIGNAL DECODER

- A must-have for trailers with a 5-wire system; separates the 4-wire CANbus signal to work with 5-wire trailer systems
- A plug-in connection between sub-harness PART #3902-0165 and the trailer wiring isolator
- For use ONLY with Rivco Universal Trailer Wiring Isolator PART #3902-0221 (sold separately; see above)

NOTE: 14-20 models come equipped with a new CANbus-style wiring and require the use of isolator PART #3902-0221. This will draw all power for trailer lights directly from battery and not adversely affect CANbus system.

PART #	DESCRIPTION
3902-0164	For 14-20 FLHT/FLHR/FLHX/H-D FL Trike models (except FLHTKSE)

All part numbers in BLUE are new for 2021.

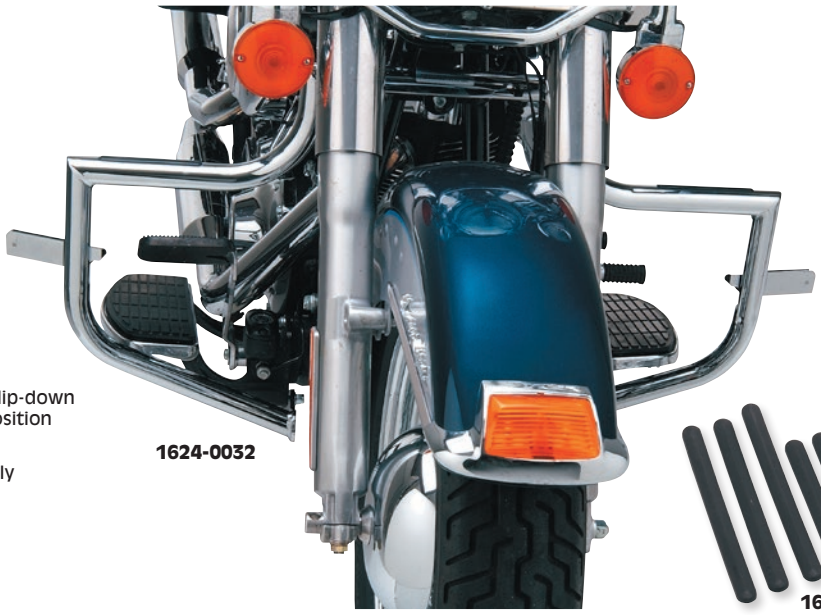
THE MAGNUMBAR®



MAGNUMBAR® FRONT HIGHWAY BARS

- Front bars are made from 1 1/2" high-strength steel for long-lasting durability
- Precision bent and welded for a perfect fit every time
- Wide neoprene O-rings provide traction in all climates
- Available in triple-chrome-plated or gloss black powdercoated finish

NOTE: Not recommended for use with extended forward controls or extended floorboards.

PART #	DESCRIPTION
TRIPLE-CHROME-PLATED	
0505-1282[1]	For 99-20 FLHT/FLHR/FLHX and H-D FL Trikes
0505-1283	For 00-17 FLST/FLSTC/FLSTF/FLSTFB/FLSTN/FLS (except models w/ half-moon floorboards)
GLOSS BLACK POWDERCOATED	
0505-1288[1]	For 99-20 FLHT/FLHR/FLHX and H-D FL Trikes
0505-1289	For 00-17 FLST/FLSTC/FLSTF/FLSTFB/FLSTN/FLS (except models w/ half-moon floorboards)
ADDITIONAL MOUNTING COMPONENT	
0506-0873	Steering damper mount for 15-20 FLRT

[1] 15-20 FLRT requires steering damper mount PART #0506-0873.

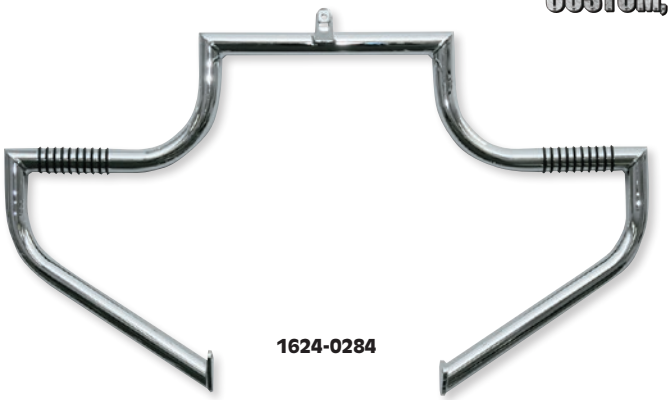
THE TWINBAR®

FRONT TWINBARS®

- Patented Twinbar® combination engine guard with highway pegs is engineered with the rider's comfort in mind
- Sleek, triple-chrome-plated designs
- Constructed from 1 1/4" OD tubing with flip-down pegs that allow riders to adjust riding position
- Easily installed with included hardware
- Replacement components sold separately

U.S. Patent #D521412S
U.S. Patent #6.981.713B2
U.S. Patent #7.083.181B2

NOTE: Not recommended for use with extended forward controls.



PART #	DESCRIPTION
FRONT TWINBAR®	
1624-0176	For 99-20 FLHT/FLHR/FLHX
1624-0306	For 99-20 FLTR/FLTRX/FLTRU/FLTRK

COBRA USA RIDE LOUD

FREEWAY BARS

- Standard bars are made from stout 1¼" diameter thick-wall steel and with heavy-duty welded flanges
- Fatty bars are super-stout 1½" diameter thick-wall steel
- V bars present a more aggressive shape and use stout 1½" round steel tubes
- Constructed for strength and long-lasting good looks
- Standard and V bars available in chrome or black anodized finish, fatty bar available in chrome only

CAUTION: **Highway bars are designed for appearance only and may provide only a small amount of protection for the motorcycle. They are not intended to provide bodily protection in any circumstance.**

PART #	DESCRIPTION
STANDARD, CHROME	
0505-1128	For 00-17 FLSTC models
0505-1104[1]	For 00-17 FLSTF/FLSTN models
0505-1105	For 99-17 FXD models w/o forward controls/floorboards
0505-1327	For 04-20 XL models
0505-1668[2]	For 18-20 FXBB/FXLR models
STANDARD, BLACK	
0505-1322[1]	For 00-17 FLSTF/FLSTN models
0505-1323	For 99-17 FXD models w/o forward controls/floorboards
0505-1328	For 04-20 XL models
0505-1669[2]	For 18-20 FXBB/FXLR models
FATTY, CHROME	
0505-1112	For 09-17 FLHT/FLHR/FLHX models w/o fairing lowers
0505-1111	For 99-08 FLHT/FLHR/FLHX models w/o fairing lowers
FATTY, CHROME (CONT)	
0505-1129	For 00-17 FLSTC models
0505-1109[1]	For 00-17 FLSTF/FLSTN models
0505-1110	For 99-17 FXD models w/o forward controls/floorboards
V-BEND CHROME	
0505-1826	For 18-20 Softail models (except FXDRS)
0505-1828[1]	For 04-20 XL models w/o forward controls
0505-1830[1]	For 99-17 Dyna models w/o forward controls or floorboards
V-BEND BLACK	
0505-1827	For 18-20 Softail models (except FXDRS)
0505-1829[1]	For 04-20 XL models w/o forward controls
0505-1831[1]	For 99-17 Dyna models w/o forward controls or floorboards

[1] Not for models with front signals mounted below driving lights.
[2] Will not fit w/ extended reach or forward controls.

RIVCO

VENTED LOWER LEG FAIRING KIT

- Features a built-in cold air venting system that allows Harley-Davidson® riders to adjust the amount of air that circulates across the engine
- Vents can be opened for additional air or closed for maximum protection from the elements
- Ratcheting friction lock pivot allows the rider to easily set the vent position
- Provides two glove boxes with snap-in covers
- Set fits onto the 1¼" engine guards
- Made from ABS plastic, available in gloss black
- Complete kit includes left and right fairing lowers and all necessary mounting hardware

NOTE: Will not fit with mustache engine guard.

NOTE: Will fit 99-09 FLTR by cutting 2½" off the cap cover to clear the upper fairing bracket.

PART #	DESCRIPTION
2330-0152	For 99-13 FLT/FLHT/FLHX/FLHR/FLTRX and H-D FL Trike models (except 99-09 FLTR)

SADDLEMEN PERFORMANCE OUTFITTER

SOFT FAIRING LOWER SET WITH STORAGE POUCH

- Made of SaddleHyde™ with a plush felt inner liner and storage pouch for extra weather protection
- Marine-grade SaddleHyde pushes away the wind to prevent road grime, water and cold air from getting to your legs
- Snaps on the engine guards in seconds with adjustable nylon webbing lanyard straps and a perimeter steel zipper that sets the opening where you need it for your highway pegs
- Can also be used in place of the Harley-Davidson® hard fairing lowers
- Perfect for road trips so when the weather turns nice, remove the soft lowers and place them in the included storage pouch
- Installs quick and fast; includes instructions and mounting straps

PART #	DESCRIPTION
0506-0765	For 99-20 FLT/FLHT/FLHR/H-D Trike w/ engine guards

All part numbers in BLUE are new for 2021.

PAC-A-DERMS™

- Front engine guard covers protect you from the weather
- Convenient, built-in teardrop storage pouch
- Secured in place with self-contacted adjustable hook-and-loop-material fasteners, not snaps

PART #	DESCRIPTION
1624-0279	W/ EZ Mount for 00-17 FLST/C with front dresser bar; 99-20 FLT/FLHT/FLHR/FLHX/H-D FL Trike and 99-13 FLTR

All part numbers in BLUE are new for 2021.

DRAG Specialties

CUSTOM SPRINGER FORKS

- Economical alternative to a shock dampened-type Springer
- Fully assembled with an in-line top bracket without a built-in rake
- The standard length Springer (31" measured from top bearing to the axle) is comparable to a standard-length FXST front end
- 1" OD steering stem designed for Timken®-type bearings
- Both rear legs are threaded for right or left brakes
- The 3/4" OD axle kit includes a brake mount pivot with thrust washer and hub spacers (custom spacers may be required depending on the wheel used)
- Measures 9 1/4" between Rockers
- Riser mounts are on 4 3/4" centers and threaded 1/2"-20
- Requires wheel compatible with 3/4" OD axle
- These Springers are measured from the bottom of the top tree to the center of the axle

NOTE: Do not accept spotlight bars; no fender mounts.

NOTE: For American models only; will not fit on European models.

MOTOR TRIKE INCORPORATED

6° RAKED TRIPLE TREE KITS

- Get that longer Bagger look
- Increase frame-to-fender clearance for larger front wheels
- No modifications to OEM frame needed
- Accept all OEM components
- Maintain stock ride height of the vehicle
- Reduced steering effort on bikes with trike conversions installed without eliminating steering feel – reduced effort leads to reduced rider fatigue, allowing for longer rides

PART #	DESCRIPTION
0408-0375	6° raked kit for 00-20 FLSTC/FLSTF models
0408-0322	6° raked kit for 14-20 FLHT/FLHR/FLHX/ FLTR/FLTRU/FLTRK models

PART #	DESCRIPTION
0408-0310[1]	6° raked kit for 02-13 FLHT/FLHR/FLHX/FLTR models
0408-0309[1]	6° raked kit for 99-01 FLT/FLHT/FLHR/FLTR models
0408-0313	Adapter for FLHR models

[1] Road King models require PART #0408-0313 to overcome clearance issues.

ARLEN NESS

"KO" RAKED TRIPLE TREES

- The KO "Kick Out" Triple Tree Kit features 11 degrees of rake to allow the use of 23" and 26" wheels on Softail models without modifying factory frame
- Provides proper rake and trail for great handling
- Trail numbers depending on front wheel size chosen
- CNC-machined from billet aluminum
- Each kit includes billet aluminum triple trees, steering stem, fork tube extension, fork stops, travel limiters and all necessary hardware

NOTE: Will not work with factory diameter wheels.

NOTE: Raked triple trees change the handling characteristics of the motorcycle. Use caution until familiar with the changes.

PART #	DESCRIPTION
0408-0307	For 00-17 FLST/FLSTF models, chrome/black, 6°

7 & 7 RAKED TRIPLE TREES

ARLEN NESS

- Triple trees offer 7° of rake while maintaining 7" of trail when using a 23" wheel for the ultimate in handling, no frame modifications necessary
- Designed to work with 23" and 21" wheels only (stock diameter wheels will not handle correctly)
- 21" wheels provide $6^{1}/_{8}$" of trail
- Triple Trees are machined from forged 6061-T6 billet aluminum and then finished in black anodize
- Each kit includes top and bottom tree, pressed in steel stem, lower fork bearing and travel limiters on 14-20 applications
- Batwing style Fairings maintain stock position and do not require angled headlight wedges or special brackets to properly adjust headlights

NOTE: Will not work with factory diameter wheels.

NOTE: The larger the wheel, the less fork travel. Always check lower tree to fender clearance.

PART #	DESCRIPTION
0408-0317	For 14-20 FLT/FLHT/FLHX/FLTRX/FLTRU/FLTRK models

0408-0317

HEADLIGHT MOUNTING BLOCKS FOR PART #0408-0378 ONLY	
2001-2216	Early style headlight mount
2001-2217	Late style headlight mount

[1] Requires the use of a custom 5 3/4" bottom mount headlight.
[2] Requires the use of headlight mounting blocks PART #s 2001-2216 or 2001-2217.

39 MM SPEED TRIPLE TREE

- CNC-machined out of 6061 aluminum
- Available in black anodized finish
- Includes steering stem and external hardware for use with stock XL steering stops
- Pre-drilled for internal fork stops
- This tree has been designed for better stability, especially when used with longer-than-stock shocks
- Will provide more stability at high speed, with a modified offset to increase the trail

NOTE: Does not have fork lock capability.

PART #	FITS MODEL
0408-0298	For 99-05 FXD and 88-20 XL (except XL 1200X, 11-20 XL 883L, XL 1200T, XL 1200C, XL 1200CX)

41 MM BLIND TOP, WIDE GLIDE TRIPLE TREES

- CNC-machined from aircraft-quality billet aluminum
- Accepts 41 mm fork tubes
- Offered with or without built-in LED turn signals
- Includes fork tube plugs that allow for a clean, finished look on the top of the triple tree
- Available in a stylish chrome or durable black anodized finish
- Triple trees are pre-drilled to mount the Pro-One Hide Away internal fork stop kits
- Includes handlebar dampeners with chrome billet caps, a fork stem, and all the necessary mounting hardware
- Models with LED lights include additional smoked lens covers
- Offered in 0, 3, and 5-degree rake options

0408-0382

0408-0389

NOTE: Raked triple trees change the handling characteristics of the motorcycle. Steering geometry must be calculated to determine which degree of rake is most suited for your application. Trees with more than 3° of rake should not be used in stock frame applications.

39 MM TRIPLE TREES

- CNC-machined out of solid 6061-T6 aluminum
- Increased clamping area of 0,25" on the bottom tree reduces lateral and torsional fork flex, which increases the rigidity and stability of the front end
- Machined cut-out in top tree for clean cable and wire routing
- No fork lock capabilities
- Will fit most 39 mm front ends with 7" On Center forks
- Designed to accept standard risers (3 1/2" On Center)
- Available in black anodized or raw aluminum finishes

0408-0373

0408-0374

NOTE: Models with risers cast into the upper triple tree will require separate purchase of risers, bushings and mounting hardware.

- Contrast Cut™ finish

PART #	DESCRIPTION
0410-0187	For 00-17 FLS/FLST/C/F/N, 99-05 FXD, 88-20 XL (repl. OEM #4453/4993 bolt & 6655/6611 washer)

0410-0173

0410-0174

Joker MACHINE

STEERING STEM BOLTS

- Replace that crude "hardware store" look with one of these billet steering stem bolts
- Fully CNC-machined construction
- Available in your choice of black or clear anodized, or chrome finishes
- The black or clear units are a must for Sportster Nightsters with black triple trees

0410-0175

- Chrome-plated version looks great on polished or chrome triple trees
- Style matches Joker's fork tube plugs
- Installs in minutes with a 23 mm socket

FOR 99-05 FXD AND 88-20 XL

0403-0158[2]	Clear anodized

PART #	DESCRIPTION
FORK LEG KITS FOR 18-20 FXBR/FXBRS/FXLR/FXBB/FLDE/ FLHC/FLHCS/FLSL/FLFB/FLFBS MODELS (CONT)	
0403-0159[2]	Black anodized
RADIAL BRAKE MOUNTS	
1701-0688	Ambidextrous, clear anodized
1701-0689	Ambidextrous, black anodized
OEM CALIPER MOUNTS	
1701-0655	Ambidextrous, clear anodized
1701-0656	Ambidextrous, black anodized

[1] Fits models w/o ABS only.
[2] Fits models w/ ABS only.

All part numbers in BLUE are new for 2021.

KODLIN MOTORCYCLES

M8 BREAKOUT FRONT END COVERS

- Machined from 6061 billet aluminum with a bolt black finish
- Cover features six stainless steel Allen-head screws
- Includes all necessary items for any easy installation
- Sold in pairs

PART #	DESCRIPTION
0411-0183	For 18-20 FXBR/FXBRS

CIRO

FORKINI LOWER LEG COVERS

- Replace the OEM reflectors; add visibility so you can be seen from the side of your bike
- Available with or without amber LED lights
- Lighted versions are plug and play
- Simple bolt-on design
- Sold in pairs

0403-0134

0403-0137

FOR 14-20 FLHT/FLHX/FLHR/FLTRX/FLTRU/FLTRK (EXCEPT FLHTCUTG TRIKE)

PART #	DESCRIPTION
CHROME	
0403-0134	W/o LEDs
0403-0135	W/ LEDs

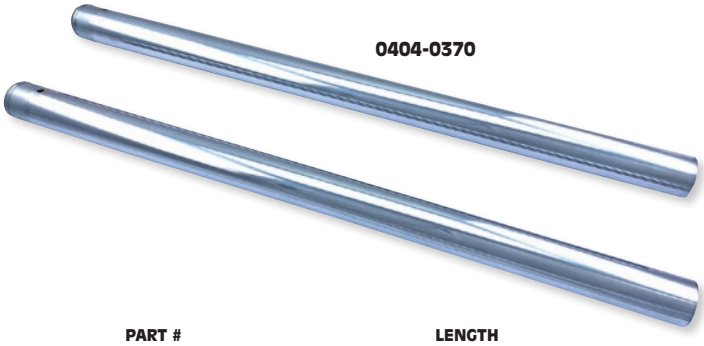
PART #	DESCRIPTION
GLOSS BLACK	
0403-0136	W/o LEDs
0403-0137	W/ LEDs

KURYAKYN

CHROME FORK SKINS

- An economical way to chrome the front fork lower legs
- Provide the improved handling associated with a fork brace
- Easy installation; no disassembly required

PART #	DESCRIPTION
0403-0064	For 04-13 XL (except 09-13 XL883N, 08 XL1200R, 08-12 XL1200N, 10-12 XR1200/X)



KURYAKYN

LOWER FORK LEG DEFLECTOR SHIELDS

- Accents add style and protect the lower fork leg from road debris
- Include fender boss covers for added style
- Require no tools to install
- Sold in pairs

PART #	DESCRIPTION
2350-0158	For 00-13 FLHT/FLHR/FLTR/FLHX models

All part numbers in BLUE are new for 2021.

0404-0370

OEM STYLE FORK TUBES

- Highly durable hard chrome finish
- Offer less drag and improved seal wear
- Accept all OEM components
- Sold in pairs

PART #	LENGTH
FOR 14-16 FLHT/FLHR/FLHX/FLTRX/FLTRU MODELS, 49 MM	
0404-0504	581 mm (22,875"); repl. OEM #45500113
FOR 14-18 FLHTCUTG, 15-18 FLRT MODELS, 49 MM	
0404-0505	616 mm (24,25"); repl. OEM #45500123
FOR 99-13 FLT/FLHT/FLHR/FLTR, 41 MM	
0404-0372	530 mm (20,875"); repl. OEM #45890-97
0404-0373	581 mm (22,875"); repl. OEM #45930-00
0404-0374[1]	632 mm (24,875"); repl. OEM #45417-00

PART #	LENGTH
FOR 99-05 FXDC, FXDL, FXD, AND 87-07 XL (EXCEPT XL 1200S, 00-05 FXDX, FXDXT), 39 MM	
0404-0501	594 mm (23,375"); repl. OEM #45381-87
0404-0368	616 mm (24,25"); repl. OEM #45360-90
0404-0370	630 mm (24,81"); repl. OEM #45395-04
0404-0369	667 mm (26,25"); repl. OEM #45360-90
0404-0371	681 mm (26,81"); repl. OEM #45395-04

[1] Approx. +7,62 mm (+0,300") over stock length.

0404-0539 0404-0541 0404-0543

FORK TUBES

- Fit a wide variety of models
- Chrome, gold or black anodized finish
- Accept all OEM components
- Sold in pairs

49 MM

1809-0029

HARD CHROME FORK TUBE ASSEMBLIES

- 41 mm assemblies come complete with fork tubes, springs, damping rods, bushings, clips, seals, slider tube caps, fork tube plugs and O-rings
- Available in a wide range of lengths for virtually any custom application
- Sold in pairs

NOTE: Customer must install fork oil.

NOTE: Not for use on Dresser models with cartridge forks.

PART #	DESCRIPTION
FOR 99 FXDWG, 99-13 FLT/FLHT/FLTR/FLHX AND H-D FL TRIKES	
0404-0031	565 mm (22,25")
1809-0029	667 mm (26,25")
1809-0030	718 mm (28,25")
1809-0031	768 mm (30,25")

PART #	DESCRIPTION
FOR 99 FXDWG, 99-13 FLT/FLHT/FLTR/FLHX AND H-D FL TRIKES (CONT)	
1809-0032	819 mm (32,25")
1809-0033	870 mm (34,25")
1809-0034	921 mm (36,25")

All part numbers in BLUE are new for 2021.

0404-0340	749 mm (29,50")

0404-0070

HARD CHROME FORK TUBES

- Finish is electrolyzed for increased hardness of 55-60 Rockwell
- Increased hardness for better long-lasting corrosion resistance
- Smoother finish creates less drag and seal wear
- Not as bright of finish as chrome, but more durable
- Check length before ordering
- Sold in pairs
- Lengths given for OEM replacements may not be the exact OEM length

FORK TUBE EXTENSIONS

- Made from stainless steel
- Extends all 41 mm and 49 mm fork tubes 51 mm (2") or 76,2 mm (3")
- Perfect when installing 58,5 cm (23") and 66 cm (26") front wheels, or to raise the bike up 51 mm (2")
- FL models require 51 mm (2") longer fork slider covers (sold separately)

NOTE: Will not work with air assist or cartridge-style fork tubes.

0404-0317	50,8 mm (2") fork tube extensions
0404-0506	25,4 mm (1") fork tube extensions

All part numbers in BLUE are new for 2021.

LEGEND WWW.LEGENDSUSPENSIONS.COM

0414-0530

AXEO23 WWW.LEGENDSUSPENSIONS.COM

AXEO23 FRONT END SUSPENSIONS

- Kit is designed specifically for use on baggers using a 58 cm (23") front wheel
- Installing the AXEO23 requires the separate purchase of Arlen Ness 7 & 7 Raked Trees for 14-20 FLT models, see note below for required PART #
- Improve the stability, cornering and traction of your motorcycle
- Smooth, controlled ride quality; kit eliminates front-end dive during aggressive braking and maneuvering
- Firm feel for high-speed sweeping turns
- Reduces the dragging of the floorboards or footpegs
- Kit includes two mono-tube, dual-chambered fork damping cartridges, two top-out springs and two travel-limit collars
- Damping cartridges have nitrogen chambers with internal floating pistons
- Machined 303 stainless steel threaded preload adjusters
- Increased preload range settings allows fine-tuning of the front suspension for various riding styles and rider weights

PART #	DESCRIPTION
0414-0532	For 17-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK (49 mm forks)
0414-0531	For 14-16 FLHT/FLHR/FLHX/FLTRX/FLTRU (49 mm forks)

- 2017-20 AXEO systems retain the new dual-bending fork valve technology of the stock fork leg
- Includes a quart bottle of Maxima Racing fork oil

NOTE: PART #0408-0317 required for 14-20 FLT models, sold separately.

NOTE: PART #0408-0316 required for 09-13 FLT models, sold separately.

PART #	DESCRIPTION
0414-0530	For 99-13 FLHT/FLHR/FLTR/FLHX (41 mm forks)

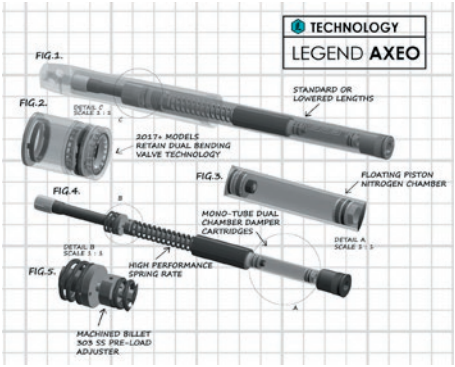
0414-0542

AXEO21KO WWW.LEGENDSUSPENSIONS.COM AXEO21 WWW.LEGENDSUSPENSIONS.COM

AXEO21 AND AXEO21KO FRONT END SUSPENSIONS

- Designed specifically for use with 53,3 cm (21") wheels
- Includes two mono-tube, dual-chambered damper cartridges, two top-out springs and two Travel Limit Collars (TLC)
- Includes quart bottle of Maxima racing fork oil
- Nitrogen chambers with internal floating pistons
- Performance spring rate
- Machined 303 stainless steel threaded preload adjuster
- Increased preload range allows the tuning for various riding styles and weights
- Ride-quality is smooth and controlled
- Improves stability, cornering and traction
- Eliminates front-end dive during aggressive braking and maneuvering
- Firm feel for high-speed sweeping turns
- 2017-20 AXEO systems retain dual bending valve technology of stock lower leg
- Designed for optimum performance with Legend rear suspensions

NOTE: PART #0414-0544 for use with Knockout Custom Wheel kit OEM #s 4330494, 4330496.



PART #	DESCRIPTION
0414-0543[2]	For 17-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK models except FLTRXSE (49 mm forks)
0414-0544[1]	For 18-20 FLHT/FLHR/FLTRX/FLTRU/FLTRK models w/ Knockout custom wheel kit OEM #433094 or 4330496 (49 mm forks)
0414-0542	For 14-16 FLHT/FLHR/FLHX/FLTRX/FLTRU models (49 mm forks)
0414-0541	For 99-13 FLHT/FLHR/FLHX/FLTRX/FLTRU models (41 mm forks)

[1] Designed specifically for 18-20 CVO Road Glide w/ OEM Knockout custom wheel kit.

[2] Does not fit models with Knockout front wheel kit.

All part numbers in BLUE are new for 2021.

AXEO HIGH-PERFORMANCE FRONT SUSPENSION SYSTEMS

- Improve the stability, cornering and traction of your motorcycle
- Smooth, controlled ride-quality; kits eliminate front-end dive during aggressive braking and maneuvering
- Firm feel for high-speed sweeping turns
- Eliminates bottoming out on large bumps or potholes
- Reduces dragging of floorboards or pegs
- Kits include two mono-tube, dual-chambered fork damping cartridges
- Cartridges have nitrogen chambers with internal floating pistons
- Machined 303 stainless steel threaded fork preload adjusters
- Increased range of preload settings allows fine-tuning of the front suspension for various riding styles and rider weights
- Performance fork spring rates
- Designed for optimum performance with Legend rear suspension systems
- Available in standard height, 25,4 mm (1") lower than stock or 50,8 mm (2") taller than stock
- Easy installation
- 2017-20 AXEO systems retain the new dual-bending valve technology of the stock fork leg
- Includes quart bottle of Maxima racing fork oil

FOR 10-17 FXDWG	
0414-0614[5]	Standard

[1] Requires Harley Davidson upper fork tubes OEM #45500123 (49 mm).
[2] Requires Harley Davidson upper fork tubes OEM #83804-09 (41 mm).
[3] 16-17 Dyna Lowrider S models require separate purchase of (1) OEM #45500118.
[4] Requires Harley Davidson upper fork tubes OEM #4886210 (49 mm).
[5] Not designed for use with a 53 cm or 58 cm (21" or 23") front wheel.

All part numbers in BLUE are new for 2021.

AXEO43

AXEO43 INVERTED HIGH-PERFORMANCE FRONT SUSPENSION SYSTEMS

- Replaces the asymmetrical stock internals with a high-performance twin cartridge set (despite different mounting requirements)
- Drop-in cartridge that installs easily in a few simple steps
- Includes two mono-tube, dual-chambered, suspension fluid-filled damper cartridges
- Nitrogen chamber with internal floating piston
- Sealed with a high-pressure core Schrader valve specific to nitrogen
- Damper piston and deflective disc shim stack
- Performance-rated springs with internal linear spring guide and top-out springs
- Machined 303 stainless steel threaded preload adjuster
- Micrometer preload adjuster and internal linear spring guide is designed for and unique to the Legend AXEO43 system
- Increased preload range allows fine tuning for various riding styles and weights
- Internal rebound top-out spring
- Hydraulic bumper with polyurethane bump stop
- Ride-quality is smooth and controlled
- Improves stability, cornering and traction
- Eliminates front-end dive during aggressive braking and maneuvering
- Firm feel for high-speed sweeping turns
- Eliminates bottoming out on large bumps or potholes
- Reduces dragging floorboards and pegs
- Designed for optimum performance with Legend rear suspension system

PART #	DESCRIPTION
0414-0549	For 18-20 FXFB/FXLRS (43 mm forks)

PART #	DESCRIPTION
0414-0589	For 18-20 FLSB (43 mm forks)

PART #	DESCRIPTION
0414-0590	For 19-20 FXDRS (43 mm forks)

AXEO39TS

AXEO39TS HIGH-PERFORMANCE FRONT END SUSPENSION SYSTEMS

- Innovative through-shaft design is first of its kind in front fork application, not like others offering spring drop-in or nitrogen
- Easily installs in a few simple steps
- Includes two mono-tube, damper cartridges
- Unique through-shaft technology so there is no pressure at end of stroke
- Utilizes a two-stage management system controlling fluid flow and high pressure
- Compression and rebound flow rate is managed via high-flow damper piston and deflective disc set
- Secondary high-pressure control system, using precision load rated wave springs, allowing spike overpressure to bypass, protecting the deflective disc's precision valve opening limits
- Through-shaft eliminates the rod pressure in-and-out issues, plus piston rod is always in fluid
- Two precision linear bearings support both sides of the rod and piston assembly
- Proprietary performance mainspring
- Machined 303 stainless threaded preload adjuster
- Increased preload range allows fine tuning for various riding styles and weights
- 127 mm (5") of travel
- Ride-quality is smooth and controlled
- Improves stability, cornering and traction
- Eliminates front-end dive during aggressive braking and maneuvering
- Firm feel for high-speed sweeping turns
- Eliminates bottoming out on large bumps or potholes
- Reduces dragging pegs
- Designed for optimum performance with Legend rear suspension system
- Includes Maxima Racing Oil in cartridge and quart bottle
- Maintains stock hydraulic bump stop
- Purchase of new fork cups recommended or installer will have to remove from stock forks

PART #	DESCRIPTION
0414-0547[1]	For 99-05 FXD, 91-06 XL (39 mm forks) (50,8 mm (2"))
0414-0591[2]	For 99-05 FXD, 92-96, 98-03 XL (39 mm forks) (std.)
0414-0592[2]	For 88-92 XL (39 mm forks) (std.)

[1] Installation requires the purchase of 50,8 mm (2") longer than stock 39 mm fork tubes; required tube length 66,7 cm (26.25"). OEM #45361-90 (PART #s DS-221472, 0404-0065, 0404-0325 or 0404-0335, sold separately.)

[2] Requires the use of stock for tubes.

All part numbers in **BLUE** are new for 2021.

RACE TECH

0416-0045

COMPLETE FRONT END SUSPENSION KITS

- Race Tech complete front-end suspension kits improve comfort and performance of damping rod forks
- More than just fork lowering kits, these come with Race Tech Gold Valve cartridge fork emulators and high-performance springs
- Also include hardware to lower bike 1" or 2"

PART #	DESCRIPTION
FOR 14-16 FLHR/FLHTCU, 14-16 FLHTK/FLHX/FLTRX/FLTRU, 06-17 FXDB, 08-17 FXDF, 06-17 FXDL, 13-17 FXDWG, 02-10 VRSC V-ROD (49 MM)	
0416-0088	W/ 0,95 kg/mm spring
0416-0089	W/ 1,0 kg/mm spring
0416-0090	W/ 1,10 kg/mm spring

All part numbers in BLUE are new for 2021.

0414-0510

0414-0388

PROGRESSIVE™ suspension

MONOTUBE FORK CARTRIDGE KITS

- Converts dual-damper rod forks to high-performance cartridge forks
- Contains high-performance, gas-charged monotube fork cartridges and custom-tuned fork springs
- Improves resistance to front brake dive, front-end stability, cornering and bottoming control
- No modification for forks required
- Lowering kits lower the front end up to 2"

NOTE: Lowering kits are not for use on LOW models.

PART #	DESCRIPTION
STANDARD KITS	
0414-0534	For 17-20 FLHT/FLHX/FLHR/FLTRX/U/K models
0414-0498	For 14-16 FLHTCUTG models
0414-0510	For 15-16 FLHTCUL/FLHTKL models
0414-0511	For 14-16 FLHT/FLHX/FLTR/FLHR/C models
0414-0370	For 97-13 FLT/FLHT/FLHR/FLHX/FLTR models (except H-D FL Trike)
0414-0593	For 18-20 Softail (except FLSB, FXFB, FXDRS, FXLRS)
0414-0386	For 00-17 FLST models
0414-0387	For 00-10 FXST models
0414-0450	For 07 XL50
0414-0450	For 04-10 XL883C, 883
0414-0451	For 05-06 XL883L
0414-0452	For 07-10 XL883L
0414-0451	For 11-15 XL883L
0414-0523	For 16-20 XL883L
0414-0524	For 16-20 XL883N
0414-0452	For 10-15 XL883N
0414-0450	For 06-07 XL883R
0414-0450	For 04-10 XL1200C
0414-0451	For 12-15 XL1200C
0414-0523	For 16-20 XL1200C
0414-0451	For 07-11 XL1200L
0414-0452	For 07-12 XL1200N

PART #	DESCRIPTION
STANDARD KITS (CONT)	
0414-0450	For 04-09 XL1200R
0414-0452	For 10-15 XL1200X
0416-0101	For 16-17 XL1200V
LOWERING KITS	
0416-0103	For 17-20 FLHT/FLHX/FLHR/FLTRX/U/K models
0416-0097	For 14-16 FLHT/FLHX/FLHR/C/FLTRX models
0414-0380	For 97-13 FLT/FLHT/FLHR/FLTR models (except H-D FL Trike)
0416-0104	For 18-20 Softail (except FLSB, FXFB, FXDRS, FXLRS)
0414-0388	For 00-17 FLST models
0414-0389	For 00-10 FXST models
0416-0073	For 06-17 FXD (except for FXDWG and FXDF)
0416-0070	For 07 XL50
0416-0070	For 04-10 XL883C, 883
0416-0072	For 07-10 XL883L
0416-0099	For 16-20 XL883N
0416-0072	For 10-14 XL883N
0416-0070	For 06-07 XL883R
0416-0070	For 04-10 XL1200C
0416-0072	For 07-12 XL1200N
0416-0070	For 04-09 XL1200R
0416-0072	For 12-15 XL1200X
0414-0525	For 16-17 XL1200V

PROGRESSIVE™ suspension

MONOTUBE CARTRIDGE FORK KITS

- Asymmetrical design places a preload adjuster over a progressive-rate spring in one leg and an aluminum-bodied, sealed cartridge damper on the other; providing superior damping and ride control combined with tunable preload and a new benchmark for high performance suspension
- Improves resistance to front brake dive, front end stability, cornering and bottoming control
- Adjustable to standard length or to lower the front-end up to 1"
- Complete fork internal replacement kit
- No modification for forks required

0414-0460

PART #	DESCRIPTION
0414-0595	For 16-17 FXDLS
0414-0460	For 06-17 FXD (except for FXDWG/FXDF)
0414-0461	For 06-08 FXDWG

PART #	DESCRIPTION
0414-0462	For 10-17 FXDWG
0414-0526	For 16-20 XL1200X/1200XS

bitubo RACE SUSPENSION

FRONT FORK CARTRIDGES

- Requires no modifications of the original components, and allows refitting the original suspension at any time
- Adjustable in length, spring preload, rebound and compression
- Mounting instructions included

PART #	FITS MODEL
0405-1035	For 18-20 FXBR/FXBRS
0405-1036	For 18-20 FXFB/FXFBS
0405-0847	For 14 FLHX Street Glide Special
0405-0842	For 06-11 FXDB/I and 09-13 FXDF

PART #	FITS MODEL
0405-0844	For 09-15 XL 883N and 10-15 XL 1200X Forty Eight
0405-0846	For 07-10 XL 883R
0405-0845	For 16 XL 1200X Forty Eight

All part numbers in BLUE are new for 2021.

PRO PERFORMANCE PRODUCTS

COMPLETE 41 MM FORK TUBE INTERNALS KIT

- Contains everything needed to replace all clips, bushings, springs, dampeners, seals and chrome top caps on most Harley-Davidson 41 mm fork tubes (except models with cartridge forks)

PART #	DESCRIPTION
0414-0398	For 00-17 FXST/FLST, 99-05 FXDWG models

0405-0296

PROGRESSIVE™ Suspension

HEAVY-DUTY FORK SPRING KITS

- Heavy-duty version of the Progressive Suspension fork springs
- The cost-effective go-to for a substantial increase in front end ride quality
- Include Progressive Suspension rate springs combined with preload spacers
- Can improve front end stability and brake dive control as well as increase comfort for heavier riders or those looking for a firm high-performance feel out of their forks

PART #	DESCRIPTION
0405-0296	For 00-01 FLT/FLHT/FLTR, 94-13 FLHR, 06-13 FLT/FLHT/FLTR (all except H-D FL Trike)
0405-0310	For 09-13 H-D FL Trike
0405-0296	For 00-17 FXST/FLST/FLS
0405-0296	For 99-05 FXDWG
0405-0315	For 99-05 FXD/FXDC/FXDL
0405-0309	For 06-17 FXD/B/C/L, FXDWG, 08-17 FXDF
0405-0309	For 08-11 FXCW/C
0405-0309	For 02-11 VRSCA/W/VRSCD/X
0405-0314	For 12-16 FLD
0405-0315	For 04-15 XL
0405-0315	For 15-20 XG500/750 (except 750A)

PROGRESSIVE™ Suspension

FORK SPRINGS

- High-quality, high-performance replacement fork springs
- A Progressive Suspension-rate spring has the advantage of a rising rate resistance to compression
- The benefit is the spring can be soft enough at the start of the travel to offer a "plush" ride, yet firm enough at the end of the travel to soak up the big bumps
- Spring rates have been chosen to reduce front-end dive during braking, yet still provide excellent ride comfort
- Sold in pairs

0405-0070

PART #	DESCRIPTION
0414-0470	For 14-16 FLHT/FLHX/FLTRX/FLHR models (except Low models)
0405-0070	For 02-05 FLHT/FLTR (fairing models w/ cartridge fork)
DS-222048[1]	For 84-17 FXST/FXSTD/FLST/FLSTF; 93-06 FXDWG; 84-01 FLT/FLHT/FLTR; 06-13 FLHT/FLHX/FLTR; 94-13 FLHR (except H-D FL Trike) (41 mm)
11-1525	For 08-11 FXCW/C, 06-15 FXD, 02-11 VRSCA/B/D
0405-1044	For 16-17 FXDLS
DS-222056	For 88-03 XL (39 mm) (except 92-03 Hugger 883C/1200C/1200S)
DS-222045	For 92-03 XL Hugger 883C/1200C (39 mm)
0405-0306	For 00-05 FXDX/T
0416-0098	For 16-20 XL883L/N, 16-20 XL1200C/CX, 16-20 XL1200T, 16-17 XL1200V
0405-0841	For 16-20 XL1200X
0405-0064	For 04-15 XL
0405-0295	For 09-17 VRSCF
0405-1037	For 18-20 FXFB/FXFBS/FLSB

[1] For 02-05 touring models with cartridge fork, use PART #0405-0070.

All part numbers in BLUE are new for 2021.

See chart for details

FRONT FORK SPRINGS

- Offer shorter braking distance, easy cornering and more confidence
- Better balance on the bike; more comfortable riding (even with a passenger)
- Dramatically improve tire life
- More grip in dry or wet weather
- Front fork springs include front fork oil

PART #	DESCRIPTION
0405-1082	For 17-20 FLH T/X, FLTRX and CVO
0405-1083	For 17-20 FLH P/R/RC
0405-1084	For 17-20 FLTRX Road Glide
0405-0507[1]	For 14-16 FLH R/T/X
0405-0354[1]	For 09-13 FLH w/ fairing model
0405-0355[1]	For 09-13 FLH w/o fairing model
0405-0353[1]	For 99-08 FLT/FLH
0405-0361[1]	For 02-05 FLT/FLHT w/ single cartridge fork
0405-0367[1]	For 07-16 FLST/C/F/N
0405-0366[1]	For 00-06 FLSTF
0405-1087	For 18-20 FLHC Heritage Classic
0405-1086	For 20 FLDE Deluxe
0405-1085	For 18-19 FLDE Deluxe
0405-1088	For 18-20 FLFB/S Fat Boy
0405-1089	For 18-20 FLSB Sport Glide
0405-1090	For 18-20 FLSL Slim
0405-1091	For 18-20 FXBB Street Bob
0405-1092	For 18-20 FXBR Breakout
0405-1093	For 18-20 FXFB/S Fat Bob
0405-1094	For 18-20 FXLR Low Rider
0405-1095	For 20 FXST Standard

PART #	DESCRIPTION
0405-0483	For 13-16 FXSB
0405-0387[1]	For 00-13 FXSTB/D
0405-0356	For 12-16 FLD Switchback
0405-0369	For 07-10 FXD
0405-0352[1]	For 06-15 FXDB
0405-0370[1]	For 06-14 FXDC
0405-0371[1]	For 05 FXDCI
0405-0373	For 14-16 FXDF
0405-0372[1]	For 09-13 FXDF
0405-0510	For 14-16 FXDL
0405-0375	For 06-13 FXDL
0405-0377[1]	For 06-16 FXDWG
0405-0376[1]	For 99-05 FXDWG
0405-0351[1]	For 99-05 Dyna (except FXDWG)
0405-1075	For 00-05 FXDX
0405-0378[1]	For 99- FXDX
0405-0383[1]	For 88-93 FXRS
0405-0394[1]	For 05-07 XL 883
0405-0395[1]	For 05- XL 883 C
0405-0398[1]	For 01-04 XL 883 C
0405-0399[1]	For 05-11 XL 883 L
0405-0400[1]	For 08-13 XL 883 N Iron

PART #	DESCRIPTION
0405-0406[1]	For 92- XLH 883
0405-0407[1]	For 88- XLH 883
0405-0394[1]	For 05-07 XL 1200
0405-0395[1]	For 04- XL 1200 C
0405-0398[1]	For 01-03 XL 1200 C
0405-0680	For 06-11 XL 1200 L
0405-0396[1]	For 08-12 XL 1200 N
0405-0397[1]	For 96-03 XL 1200 S w/ adjusters
0405-0402[1]	For 10-15 XL 1200 Forty-Eight
0405-0820	For 16 XL 1200 Forty-Eight
0405-0404[1]	For 95- XLH 1200
0405-0403[1]	For 88-94 XLH 1200
0405-0408[1]	For 08-10 XR 1200
0405-0409[1, 2]	For 09-13 XR 1200X
0405-0388[1]	For 02-03 VRSCA
0405-0389[1]	For 07-11 VRSCAW/VRSCDX
0405-0390[1]	For 04- VRSCB
0405-0391[1]	For 12-16 VRSCDX (UPSD fork)
0405-0392[1]	For 09-16 VRSCF (UPSD fork)
0405-0393[1]	For 06-07 VRSCR

[1] ABE/GTÜ approved.
[2] Shim kit included with HY springs.

REPLACEMENT FORK SPRINGS

- Great low-cost solution for those who want OEM-spec fork springs
- Made to exact OEM specifications
- Sold in pairs

0405-0486

PART #	DIAMETER	DESCRIPTION
0405-0331	39 mm	For L87-13 XL models (except 1200S) (39 mm Showa); repl. OEM #45375-87

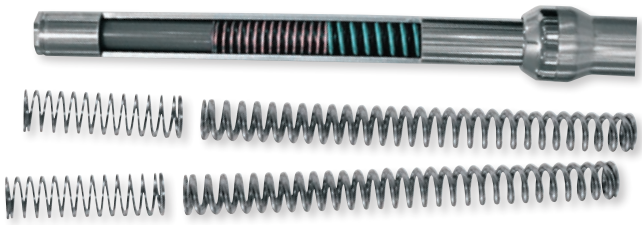
PART #	DIAMETER	DESCRIPTION
0405-0486	35 mm	For 86-E87 XL models (35 mm Showa); repl. OEM #45907-83

FRONT FORK LOWERING KITS

- Everything you need to lower the front end of your motorcycle
- Kit includes all necessary installation hardware and instructions
- Lowers front forks 1 1/4" – 2"

0416-0078

0416-0026



PART #	DESCRIPTION
0416-0078	For 14-16 FLHT/FLHX/FLHR models
0416-0026	For 00-10 FXST, 99-05 FXDWG; 00-17 FLST; 99-13 FLHR; 99-01/06-13 FLHT/FLT w/ 41 mm forks (except H-D FL Trike)
0416-0079	For 06-17 FXD models (except FXDSE)
0416-0027	For 99-05 FXD (except FXDX); 88-15 XL 883/1200 (except 00-03 XL1200S) w/ 39 mm forks

All part numbers in BLUE are new for 2021.

DROP IN Fork Lowering System — PROGRESSIVE suspension

DROP-IN FRONT FORK LOWERING SYSTEMS

- Transform a time-consuming installation process into a quick and simple job
- Lower front end of your bike up to 2" without disassembling the entire fork
- Entire procedure can be accomplished with basic tools

0416-0034

PART #	DESCRIPTION
0416-0106	For 18-20 FLDE/FLFB/FLFBS/FLHC/FLHCS/FLSL/FXBB/FXBR/FXBRS/FXLR
0416-0069	For 12-16 FLD
0416-0035	For 99-05 FXD (except FXDWG)
0416-0036	For 06-17 FXD, 08-13 FXCW/C
0416-0107	For 18-20 FXFB/FXFBS/FLSB
0416-0037	For 00-17 FXST/FLST, 99-11 FLHT/FLT (except H-D FL Trike), 99-05 FXDWG (non-cartridge forks)
0416-0038	For 02-05 FLHT/FLTR (cartridge forks)
0405-0840	For 16-20 XL883N
0416-0034	For 88-15 XL (except 1200S)
0416-0060	For 09-17 VRSCF, 12-17 VRSCDX V-Rod

PROGRESSIVE suspension

FORK LOWERING KITS

- Kits utilize Progressive Suspension's experience and knowledge to provide exact model applications
- Progressively wound for more comfort and control over a variety of road surfaces
- Lower forks up to 1"
- Kits come complete with springs, spacers and installation instructions

0416-0105

PART #	DESCRIPTION
0416-0102	For 17-20 FLHT/FLHX/FLHR/FLTRX/U/K models (49 mm)
0416-0077	For 14-16 FLHT/FLHX/FLHR models (except Low models) (49 mm)
PS01561	For 84-01, 06-13 FLHT/FLT/FLHR/FLTR (except H-D FL Trike); 85-86 FXWG; 84-17 FXST/FLST; 93-05 FXDWG (41 mm)
PS01560	For 88-15 XL (except 1200S) (39 mm)
0416-0018	For 06-17 FXD (49 mm) (except FXDSE) (49 mm)
PS01559	For 86-87 XL (35 mm)
10-1565	For 02-12 VRSCA/B/D (lowers front end 1")
0416-0096	For 15-20 XG500/750 (except 750A)
0416-0105	For 18-20 FLDE/FLFB/FLFBS/FLHC/FLHCS/FLSL/FXBB/FXBR/FXBRS/FXLR (49 mm)

BURLY BRAND MOTORCYCLE ACCESSORIES

LOWBOY FORK LOWERING KITS

- This is how you get the look most everybody wants
- Lower the forks up to 2"
- Come with two rebound springs and two 30,5 mm OD progressively wound fork springs plus instructions

0416-0080

0450-0112	For 13-15 FXDWG, 08-15 FXDB, 04-15 FXDF, 11-15 FXDL	49 mm
FEGV-S3802	For 99-05 FXDWG	41 mm
FEGV-S3501	For 88-11 XL (except 97-03 XL 1200S)	39 mm
0450-0112	For 02-10 VRSC V-Rod (except VRSCR Street Rod)	49 mm
FEGV-S3001	For all 35 mm forks	35 mm

RACE TECH

GOLD VALVE™ CARTRIDGE FORK KITS

- The ultimate front end should feel controlled and not dive excessively; firm with a plush ride
- Gold Valve fork kits give that plush-yet-firm ride by improving the flow area in the piston, which transfers control of the damping to the valving shims

FMGV-S2043

DS222709

0415-0003

0415-0004

CHROME BILLET ALUMINUM FORK TRUSS

- Original Randy Smith design
- Manufactured from a solid piece of 6061-T6 aluminum, then chrome-plated
- Designed with a compound arch for greater torsional stiffness, which means not only less deflection and twisting but more fender clearance
- Bolts to lower fork legs, which enables the use of dust covers; no need to disassemble the front fork

PART #	DESCRIPTION
DS222709	For 00-07 FXSTD (41 mm)
0415-0003	For 06-17 FXD (49 mm)
0415-0004	For 06-08 FXDWG, 08-17 FXDF (49 mm)
DS-222707	For 99-05 FXD/ 88-20 XL (except XL883L, 11-20 XL1200C/CX) (39 mm)

41 MM CHROME WIDE GLIDE TWEEK BAR

- Original Randy Smith design
- As in the good old days with extended front tubes, the need for a tweek bar is here again
- Vast improvement over the tweek bars used in the 60s and 70s
- Features lightening holes with a compound arc for added strength and great looks
- Bolts directly to the fork tubes

PART #	DESCRIPTION
2406-8002	41 mm Wide Glide tweek bar

KURYAKYN

FORK BRACE

- High-quality, chrome-plated, die-cast aluminum fork brace
- Clamps to the lower fork leg below the dust cap
- Total adjustability prevents binding that may occur with one-piece fork braces

PART #	DESCRIPTION
DS-222098	For all 00-10 FXST, FXWG and 99-05 FXDWG models except FXSTD (not for use w/ shrouded forks)

TRACKER FRONT FORK BRACES

- Designed to replace front fender
- Practically eliminates front fork flex
- Stamped RSD logo copper badge riveted to top
- Chrome hardware included

NOTE: Not designed for use with a front fender.

0415-0023

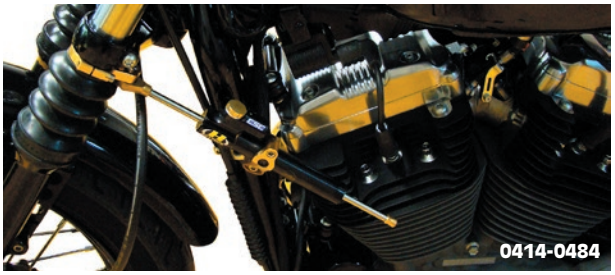
0415-0014

PART #	DESCRIPTION
FOR 00-17 FXST/FLST, 99-05 FXDWG W/ 21" WHEELS (EXCEPT FXS, FXSB/SE, FXSTD/FXCW/FXCWC/FXD)	
0415-0013	Black
0415-0023	Black Ops™

PART #	DESCRIPTION
FOR 99-05 FXR/FXD, 88-20 XL (EXCEPT 16-20 XL 1200X, 11-20 XL 883L/1200C/1200CX) W/ 19"/21" WHEELS	
0415-0014	Black
0415-0022	Black Ops™

GPR STEERING STABILIZER V5

- Designed to help reduce rider fatigue and eliminate headshake
- Proven fluid control technology that's been squeezed, trimmed and lightened to be smaller, faster and lighter
- Shorter fluid ports, new valving, quicker reaction to high speeds
- Large dial with a definite "no-slip" grip that locks into place with a positive "click" at 20 settings
- Approximately 30% lighter than the GPR original Version 1
- Available in black

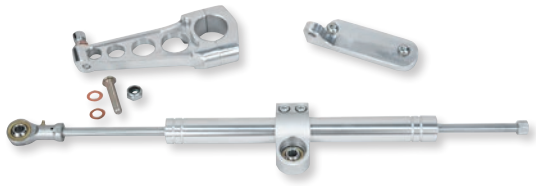


0414-0655

PART #	DESCRIPTION
0414-0655	For 04-09 Buell XB12R Firebolt
0414-0656	For 04-08 Buell XB12S Lightning, 04-08 XB12SCG Lightning Low, 06-09 XB12SS Lightning Long, 07-08 XB12STT Lightning Super TT
0414-0657	For 08-09 Buell 1125R
0414-0669	For 08-09 Buell 1125CR

All part numbers in BLUE are new for 2021.

See chart for details



STEERING DAMPER AND MOUNTING KITS

- Steering damper is fully adjustable - can be set to 22 positions
- Linear steering damper, 120 mm or 140 mm long, color is black
- Damper can be fully rebuilt
- High-quality bearings
- Low-friction design due to 8 mm piston rod with special surface treatment
- One-piece piston rod for perfect alignment through the slide bearings and no excessive force on the damper piston
- Nitrogen pressurized-heat expansion reservoir - gas pressure prevents against foaming of the damper oil
- Mount kits sold separately and required for installation
- All mount kits are black finish unless noted in chart

PART #	DESCRIPTION
STEERING DAMPER	
0604-0061[1]	For 18-19 FXBB, 18 FXBR, 06-17 FXDB, 08-13 XR 1200, 04-13 XL 883S/1200S (120 mm)
0604-0218	For 98-03 XL 883S/1200S (140 mm)
MOUNTING KITS	
0604-0219[2]	For 17-20 FLHXS / E
0414-0601[2, 4]	For 18-19 FXBB
0414-0603[2]	For 18-19 FXBB
0414-0604[2]	For 18 FXBR
0414-0602[2]	For 06-17 FXDB

PART #	DESCRIPTION
MOUNTING KITS (CONT)	
0604-0013[1, 2, 4]	For 08-13 XR 1200
0414-0607[2]	For 08-13 XR 1200
0414-0606[2]	16-19 XL883L,18-19 XL1200N, 14-19 XL1200T
0414-0484[3, 4]	For 04-13 XL 883S/1200S
0414-0605[3]	For 04-13 XL 883S/1200S

[1] ABE/GTÜ approved.
[2] Installs on right side on the frame.
[3] Installs on left side on the frame tube.
[4] Gold finish.

STEERING DAMPER SYSTEM

- This complete steering damper system stabilizes the front fork and helps prevent front-end wobble
- Custom-designed 1 1/4" clamp and bracket ensure that the included steering stabilizer is positioned in the optimum location
- Fully adjustable to accommodate most styles of riding
- Must use OEM engine guard

NOTE: If equipped with OEM air baffle #58520-79A, it must be removed prior to installation.

NOTE: Not for trikes or bikes with raked triple trees or raked frames.

PART #	DESCRIPTION
0414-0459	For 99-07 FLHR, FLHT, FLHTCU and FLHX models

STEERING DAMPER KITS

- Dampen unwanted fork oscillations (speed wobble)
- Seven-position hydraulic steering dampers
- Fully adjustable; allows full-fork movement from stop-to-stop
- Satin finish body and clamps (unless noted)
- Includes required mounting hardware and instructions for installation
- Great accessory for trikes and sidecars

PART #	DESCRIPTION
DS221906	For 00-10 FXST models
0414-0411	For 07-20 XL models (except 16-20 1200X/1200XS/1200CX)
0414-0410	For 04-06 XL models
DS221908	For L88-03 XL models (w/ 39 mm forks)

PART #	DESCRIPTION
0414-0527	For 06-17 FXD
0414-0528	For 06-17 FXD (black)
DS221909	For 99-05 FXD

All part numbers in BLUE are new for 2021.

PREMIUM RIDE-HEIGHT ADJUSTABLE SHOCKS

- Nitrogen-charged steel monotube damper bodies with hard chrome-plated shafts
- Dual-rate progressive wound springs for a smooth, comfortable ride
- Adjustable spring preload
- Ride-height adjustable, +/- 1/2" from size listed
- Chrome shocks feature chrome springs and damper bodies with clear anodized end caps/eyelets
- Black shocks feature black springs and damper bodies with black end caps/eyelets
- Available in standard or heavy-duty applications (loads over 300 lbs)
- Mount with existing hardware

DESCRIPTION	279 MM (11")	305 MM (12")	330 MM (13")

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues such as swingarm/axle to exhaust contact, as well as chain/belt guard or tire contact.

NOTE: Lowering the motorcycle will reduce ground and cornering clearance.

NOTE: Shocks shorter than OEM length have reduced travel, this may affect the ride quality and handling of the motorcycle.

NOTE: Not for use with rear lowering kits.

NOTE: OEM upper shock mount covers will not fit with these shocks.

All part numbers in **BLUE** are new for 2021.

PREMIUM 267 MM (10,5") SHOCKS

- Shocks have steel dual-tube hydraulic damper bodies with hard chrome shafts
- Dual-rate progressive wound springs for a smooth, controlled ride
- Adjustable spring preload
- Low riding 267 mm (10,5") from center to center on the shock eyelets
- Black shocks feature black springs and damper bodies with black billet aluminum endcaps/eyelets
- Chrome shocks feature chrome springs and damper bodies with clear anodized billet aluminum endcaps/eyelets
- Mount with existing hardware

NOTE: Lowering the motorcycle will reduce ground and cornering clearance.

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues such as swingarm/axle to exhaust contact, as well as chain/belt guard or tire contact.

NOTE: OEM upper shock mount covers will not fit with these shocks.

NOTE: Not for use with rear lowering kits.

NOTE: Shocks shorter than OEM length have reduced travel; this may affect the ride quality and handling of the motorcycle.

See chart for details

SHOCKS

- High-performance, 7075-T6 aircraft aluminum construction; a wet born piston rod and self-adjusting bearing
- Radial piston with straight flow and preload through a pre-combustion oil chamber offers optimum response
- Anti-block system features a separate overpressure valve that prevents the shock from hydraulic lock
- Anti-fading damping system
- Rebound/compression adjuster; 50/30 clicks
- Feature progressive spring and threaded spring preload adjuster
- Adjusted for a solo rider and occasional two-up riding; spring load can be adjusted to personal preference

NOTE: When rear fender clearance allows, the low shocks also fit on other H-D motorcycles not listed in the charts.

ABE

TÜV APPROVED

REAR TWIN SHOCKS WITH REBOUND ADJUSTER

- Twin shocks, mono-chamber type
- Improved riding comfort and vehicle control thanks to internal hydraulic system
- Nitrogen pressurized with an oil/gas separating piston
- Shock body in high-resistance steel alloy
- Upper and lower attachments are CNC-machined from billet aluminium alloy
- Fully rebuildable
- Please see additional chart for XL model standard shock lengths

LEGEND REVO ARC REMOTE RESERVOIR FL COIL SUSPENSION

- Available in black, gold or clear Type III hard-coat anodize
- Legend's Touring specific spring rates produce superior ride quality and performance
- REVO coils provide improved plush ride-quality, control and resistance to bottoming-out
- REVO's extended coil length has larger "sweet spot" without increasing overall shock length
- Requires minimal pre-load adjustment by hand when changing between riders' weights or loads
- Adjusts by hand, no tools needed
- Available in 330 mm (13") and 356 mm (14"), standard or heavy-duty applications
- Easy installation and alignment, provided by spherical bearings on both top and bottom
- 35 mm monotube construction
- Deflective disc valve stacks
- Balanced/matched piston and base-valve design specific for these motorcycle applications
- Low-friction sealing system and PTFE-based sliding bearings for improved performance and feel
- Seven external knob adjustments allow fine-tuning of rebound
- Seven external knob adjustments allow fine-tuning of compression
- Provides optimum rebound and compression performance for any given rider weight, personal ride-quality preference or personal riding style
- Nitrogen gas bladder design allows ultra-fast response and stiction-free movement
- Light to heavy riders can fine-tune ride preference
- Aggressive to casual riding styles can tune to desired quality or personal preference
- Lifetime warranty

NOTE: Heavy-duty applications are recommended for 226 kg+ (500 lb+) rider and passenger total weight.

LEGEND REVO FL COIL SUSPENSION

- Legend REVO coil suspension uses Legend's Touring spring rates to produce superior ride quality and performance designed specifically for Touring models
- Legend REVO coils provide improved plush ride quality, control and resistance to bottoming out
- Legend REVO extended coil length has a larger "sweet spot" without increasing the overall shock length
- Legend REVO unique spring rate offers ability to soften preload and/or reduce ride height while maintaining a smooth ride
- Requires minimal preload adjustments when changing between rider weight or total motorcycle load
- All suspension adjustments can be done by hand, no tools required
- Easy installation and alignment is provided by spherical bearings on top and bottom
- Available in 305 mm (12") and 330 mm (13") lengths in standard or heavy-duty
- Black billet aluminum bodies with black springs
- All Legend REVO suspensions are assembled by hand
- Sold in pairs

NOTE: Heavy-duty applications are recommended for 226 kg+ (500 lb+) rider and passenger total weight.

LEGEND REVO SPORTSTER COIL SUSPENSION

- Legend's touring-specific spring rates produce superior ride-quality and performance
- Improved plush ride-quality, control and resistance to bottoming out
- Extended coil length has a larger "sweet spot" without increasing the overall shock length
- Unique spring rate offers ability to soften preload and/or reduce ride height while maintaining a smooth ride
- Allows minimal preload adjustments when changing between rider weight or total motorcycle load
- Easy to adjust preload by hand without tools
- Hard-anodized machined aluminum body
- Legend's low-friction seals
- High-flow piston reacts quickly for improved fluid flow management
- Deflective disc valved damping self-adjusts to frequency and ensures controlled performance
- Spherical mount bearings on top and bottom
- Standard or heavy-duty spring rates
- Black bodies with black springs
- All Legend REVO suspensions are assembled by hand
- Sold in pairs

NOTE: Heavy-duty applications are recommended for 226 kg+ (500 lb) rider and passenger total weight.

LEGEND REVO-A ADJUSTABLE SPORTSTER COIL SUSPENSION

- Available in clear anodized, black or gold finish
- All the benefits of the Legend REVO Suspension Systems plus six external knob adjustments that allow fine-tuning of rebound damping
- Provides optimum rebound performance for any given rider weight, personal ride-quality preference or personal riding style
- Light to heavy riders can fine-tune ride performance
- Aggressive to casual riding styles can tune to desired quality or personal preference
- Sold in pairs

NOTE: Heavy-duty suspension applications are recommended for 226 kg+ (500 lb) rider and passenger total weight (available in black only).

PROGRESSIVE suspension

FREQUENCY SENSING TECHNOLOGY

TÜV APPROVED GTÜ APPROVED

See chart for details

444 SERIES

- Features Frequency Sensing Technology (FST) which allows the shocks to sense the frequency of a bump and automatically adjust damping for superior ride quality
- Deflective disc-valving
- Adjust spring pre-load by hand, no special tool needed
- Includes a progressive-rate spring and is high-pressure gas charged for consistent performance
- Standard, heavy-duty or super-duty spring rate with a black or chrome finish
- Sold in pairs
- TÜV approved, see chart for details

NOTE: A shock which is slightly longer than stock may alter the head angle slightly and provide somewhat quicker steering.

NOTE: A shock which is slightly shorter than stock may slightly alter the head angle and provide somewhat slower steering.

NOTE: For OEM shock lengths, see the Quick Reference Guide in the back of the FatBook.

NOTE: Heavy-duty applications are recommended for bikes operating at or near the manufacturer's maximum load rating over 50% of the time.

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues, such as swingarm/axle to exhaust contact as well as chain/belt guard or tire contact.

Chrome | W/ Chrome covers | Black | W/ Black covers

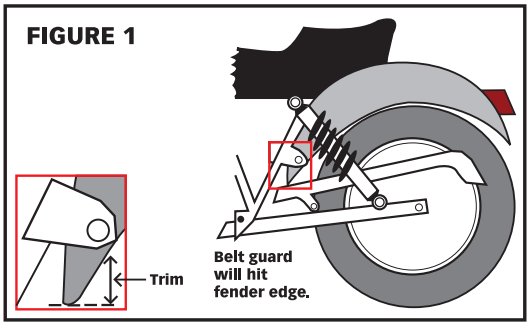
412 SERIES SHOCKS

- Manufactured from the finest materials available
- Designed specifically for Harley models
- The 412s' simple, durable design makes them a cost-effective improvement to your motorcycle's suspension performance
- A five-position cam-style spring load preload adjuster lets you easily dial in your ride
- Available with either standard or heavy-duty progressive spring rates
- There are multiple style options available, like full show-chrome or black covers; or either chrome or black springs and end caps
- Sold in pairs
- Some or all shocks listed have TÜV approval; refer to most recent TÜV certificate for current listing

NOTE: All shocks are measured center-of-eyelet to center-of-eyelet.

NOTE: CHR denotes chrome shock part numbers; BLK denotes black shock part numbers.

NOTE: When installing shocks on 86-20 XL models, it may be necessary to modify or space the chain/belt guard to allow proper clearance.



NOTE: A shock which is slightly longer than stock may alter the head angle slightly and provide somewhat quicker steering.

NOTE: A shock which is slightly shorter than stock may alter the head angle slightly and provide somewhat slower steering.

NOTE: For OEM shock lengths, see Quick Reference Guide in the back of the catalog.

NOTE: Heavy-duty applications are recommended for bikes that are operated at or near the manufacturer's maximum load rating over 50% of the time.

FIGURE 1

To use the 279 mm (11") or 292 mm (11,5") shocks on FXDWG models, the fender must be modified as follows: When the shock is compressed, the belt guard will hit the fender edge (see Figure 1). Trim the fender as shown in Figure 1 inset. After the fender is trimmed, install one shock with springs removed and compress shock to verify that belt guard clearance is sufficient.

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues, such as swingarm/axle to exhaust contact as well as chain/belt guard or tire contact.

PROGRESSIVE suspension

490 SERIES SHOCKS

- True sport performance shocks
- Feature a high-pressure monotube with deflective disc-damping technology, hand-threaded pre-load and rebound adjustment
- Linear rate spring allows riders to fine-tune the damping and consistently withstand extreme temperature ranges and heavy loads
- Engineered jounce bumper and cup also help smooth out and control bottoming

GTÜ APPROVED

412 CRUISE SERIES SHOCKS

- The perfect balance of lowered stance and ride quality
- Combine a flat-wire spring with a progressive main spring, the 318 mm (12,5") shock sits like 292 mm (11,5") units under the weight of the bike, yet utilizes the full stroke as terrain demands it
- The result is a lowered shock that rides like a traditional height unit
- Five-position preload adjuster
- Gas-charged damper
- Available in black or chrome

FREQUENCY SENSING TECHNOLOGY

GTÜ APPROVED

944 FST ULTRA TOURING/LOW SHOCKS

- Unique Ultra Touring spring configuration provides the superb ride quality and suspension travel of a 330 mm (13") shock but the custom lowered look of a 305 mm (12") shock
- Ultra Low Series shocks are designed to sit even lower; 51 mm (2") lower than a stock Touring model
- Built around Progressive Suspension's Frequency Sensing Technology (FST)
- The 944 Ultra Touring shocks are available in 3 configurations: standard (up to 250 lbs), Heavy-duty (250-350 lbs) and super heavy-duty (350+ lbs)
- Allows the shocks to sense the frequency of a bump and automatically adjust damping for superior ride quality
- Unique spring combination delivers a dropped ride height while being ridden, but also while the bike is on a side stand
- This allows you to better manage your bike at intersections and when parking
- Adjust spring pre-load by hand; no special tool needed
- Progressive rate mainsprings specifically designed for touring models
- High-pressure gas charged for consistent performance
- GTÜ approved

NOTE: Super Heavy-duty applications are recommended for bikes operating above the manufacturer's maximum load rating over 50% of the time.

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues, such as swingarm/axle to exhaust contact as well as chain/belt guard or tire contact.

SLAMMER PLUS SHOCKS

- Sits at a ride height of 267 mm (10,5") by utilizing a flat wire spring, coupled with a progressive rate main spring, built around a high-pressure gas-charged 292 mm (11,5") damper
- Provides more travel than most lowered shocks
- Available in chrome or black finishes
- Mounting hardware included

NOTE: Before purchasing or attempting to install shocks that are different from the OEM length, confirm that your wheel travel can be altered without causing clearance issues, such as swingarm/axle to exhaust contact as well as chain/belt guard or tire contact.

LEGEND AIR HVG FL AIR SUSPENSION

- Legend AIR suspension systems set the high mark in ultimate ride quality
- Exclusive Aramid Fiber air spring technology provides spring rate adjustability
- Air springs maximize wheel travel and adjust to any desired ride height
- Spherical mount bearings top and bottom
- Hard anodized machined aluminum bodies
- Legend's low-friction seals eliminate stiction
- High-Flow Piston reacts quickly for improved fluid flow management
- Deflective Disc Valved Damping self-adjusts to frequency and ensures controlled performance

- Includes high-volume hand pump with inline gauge
- Optional fairing-mounted matching gauges (PART #s 2212-0484, 2212-0485, 2212-0492, 2212-0493, 2212-0494) available separately

PART #	DESCRIPTION
1311-0114	For 99-20 FLHT/FLHR/FLHX/FLTR (except H-D FL Trike), 330 mm (13"), black

AIR

LEGEND AIR FL AIR SUSPENSION

- Legend AIR suspension systems set the high mark in ultimate ride quality
- Exclusive Aramid Fiber air spring technology provides spring rate adjustability
- Air springs maximize wheel travel and adjust to any desired ride height
- Fitment accommodates 305 mm (12") and 330 mm (13") needs
- Spherical mount bearings top and bottom
- Hard anodized machined aluminum bodies
- Legend's low-friction seals eliminate stiction
- High-Flow Piston reacts quickly for improved fluid flow management

PART #	DESCRIPTION
1311-0150	For 15-20 FLTRX/U/K

- Deflective Disc Valved Damping self-adjusts to frequency and ensures controlled performance
- Air compressor included, pre-wired and model-specific mounted
- Complete wire harness installed with three easy Deutsch connectors
- System includes OEM-looking black handlebar-mounted control for easy "on-the-go" adjustability
- Optional chrome handlebar-mounted control sold separately (PART #0616-0207)
- Optional fairing-mounted matching gauges (PART #s 2212-0484, 2212-0485, 2212-0492, 2212-0493, 2212-0494) available separately for Touring models

PART #	DESCRIPTION

LEGEND AIR-A TRI-GLIDE ADJUSTABLE AIR SUSPENSION

- All the benefits of the Legend AIR suspension system above plus six external knob adjustments allow the fine-tuning of rebound damping
- Provide optimum rebound performance for any given rider weight, personal ride-quality preference or personal riding style
- Light to heavy riders can fine-tune ride preference
- Riders with aggressive to casual styles can tune to desired quality or personal preference

NOTE: Tri-Glide lift kit brackets PART #1313-0120 recommended for 09-16 models, PART #1313-0158 recommended for 17-20 models; see page 1613

PART #	DESCRIPTION
1311-0155	For 09-20 H-D FL Trike models

All part numbers in BLUE are new for 2021.

LEGEND AIR DYNA AIR SUSPENSION

- Legend AIR suspension systems set the high mark in ultimate ride quality
- Exclusive Aramid Fiber air spring technology provides spring rate adjustability
- Air springs maximize wheel travel and adjust to any desired ride height
- Fitment accommodates 305 mm (12") and 330 mm (13") needs
- Spherical mount bearings top and bottom
- Hard anodized machined aluminum bodies
- Legend's low-friction seals eliminate stiction
- High-Flow Piston reacts quickly for improved fluid flow management
- Deflective Disc Valved Damping self-adjusts to frequency and ensures controlled performance
- Air compressor included, pre-wired and model-specific mounting
- Complete wire harness installed with three easy Deutsch connectors
- System includes OEM-looking black handlebar-mounted control for easy "on-the-go" adjustability
- Optional chrome handlebar-mounted control sold separately (PART #s 0616-0039 or 0616-0207)

LEGEND AIR-A M-EIGHT SOFTAIL AIR SUSPENSION

- All-new design for the M-Eight Softail
- Spherical mount bearings on both top and bottom for ease of installation; this also allows the shock to float in its mount and avoid shock bind
- Six external knob adjustments allow fine-tuning of rebound utilizing needle valve technology
- Provides optimum rebound performance for any given rider weight, personal ride-quality preference or personal riding style
- Light to heavy riders can fine-tune ride preference
- Aggressive to casual riding styles can tune to desired quality or personal preference
- Exclusive aramid fiber air spring technology provides spring rate adjustability on the go
- Air springs maximize wheel travel and adjust to any desired ride height
- Hard anodized machined aluminum bodies
- Legend's low-friction seals eliminate stiction
- High-flow piston reacts quickly for improved fluid flow management
- Deflective disc valved damping self-adjusts to frequency and ensures controlled performance
- Internal floating nitrogen piston ensures consistent damping performance
- Rider experiences a plush, compliant ride with higher bottoming resistance
- Easy installation – shocks mount under the seat, replacing stock shocks
- Air compressor is included, pre-wired, and on model-specific mounting (under bike in front of swingarm)
- Complete wire harness installed with three easy Deutsch connections
- System includes OEM-looking black handlebar mounted control for easy push-button adjustability, on-the-go
- Designed for optimum performance with Legend AXEO front suspension system

PART #	DESCRIPTION
1311-0156	For 18-20 Softails (except FXDRS)

LEGEND AIR SOFTAIL AIR SUSPENSION SYSTEM

- Legend AIR Suspension System sets the high mark in ultimate ride-quality

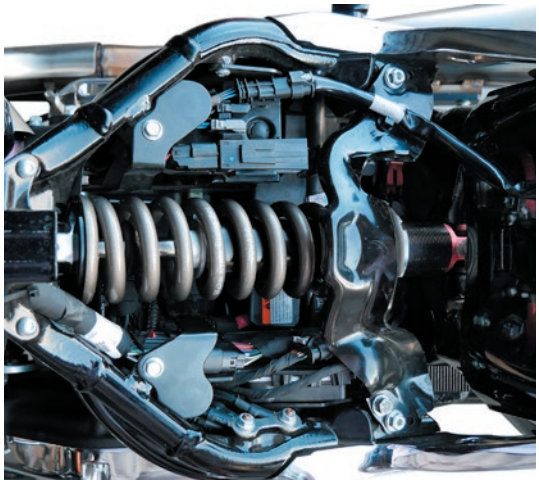
LEGEND WWW.LEGENDSUSPENSIONS.COM REVO-A WWW.LEGENDSUSPENSIONS.COM

LEGEND REVO-A SOFTAIL COIL SUSPENSION



- REVO coils provide improved plush ride quality, control and resistance to bottoming out
- Allow minimal pre-load adjustment when changing between riders' weights and loads
- Billet aluminum 45 mm smooth bore twin tube design with 25 mm piston reacts quickly for improved fluid flow
- Sandvik deflective disc-valved damping self-adjusts to frequency and ensures controlled performance
- Low-friction sealing system and PTFE-based sliding bearings for improved performance and feel
- Three external knob adjustments allow fine-tuning of rebound
- Stainless steel tie-bar design and construction
- Available in standard length shocks only for optimum ride quality and performance
- Available in black Type III hard coat anodize
- Easy installation and adjustment
- Sold in pairs

NOTE: Heavy-duty applications are recommended for 113 kg+ (250 lb+) rider and passenger total weight. Also consider heavy-duty if the majority of your riding is 2-up with a passenger and/or gear.

343 MM (13,5") M-EIGHT SOFTAIL SHOCK

- Black anodized aluminum shock body and remote mount reservoir
- 5/8" stainless steel shaft
- High-quality Eibach spring
- Features internal bypass technology for a superior ride
- Adjustable compression dampening
- Adjustable spring pre-load to set sag
- Preload wrench included
- Remote reservoir mount also included
- Manufactured by Walker Evans Racing
- Mounts with existing OEM hardware

NOTE: Shock is longer than the OEM shock; this will raise the ride height approx. 25,4 mm - 50,8 mm (1" to 2") depending on model.

PART #	DESCRIPTION
1310-1855	For 18-20 M-Eight Softail models

All part numbers in BLUE are new for 2021.

PROGRESSIVE suspension

GTÜ APPROVED

465 SERIES SHOCKS W/ RAP

- High-pressure gas monotube design for ultimate performance
- Remote Adjustable Preload (RAP) features a remote hydraulic adjuster to make it even easier to fine-tune your suspension for different loads, such as passengers or luggage
- Five-position rebound adjustment to tailor the suspension for changing conditions and riding styles
- Hard-anodized aluminum body and components for excellent durability and corrosion resistance
- 46 mm bore and deflective disc piston provide precise damping
- 16 mm hard-chrome shaft rides on custom Viton® seals for low friction and leak-free reliability
- Each shock is custom tuned (damping and spring rate) for each fitment
- GTÜ approved

1310-1753

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues such as swingarm/axle to exhaust contact, as well as chain/belt guard or tire contact.

NOTE: Heavy Duty Applications are recommended for bikes operating at or near the manufacturer's maximum load rating over 50% of the time.

FOR 18-20 SOFTAILS

PART #	DESCRIPTION
STANDARD-DUTY	
1310-1753	343 mm (13,5")
1310-1754	332 mm (13,1")[1]
1310-1755	320 mm (12,6")[2]
1310-1756	309 mm (12,2")

PART #	DESCRIPTION
HEAVY-DUTY

1310-2011	343 mm (13,5")

All part numbers in BLUE are new for 2021.

PROGRESSIVE suspension

GTÜ APPROVED

422 SERIES SHOCKS W/ RAP

- The Softail chassis has long been a challenge as the shocks are hidden under the frame, which makes common adjustments difficult
- The RAP (Remote Adjustable Preload) system allows for easy tuning of the shocks to account for changing loads or the addition of a passenger and is conveniently located behind the left passenger peg
- Simply turn the knob in either direction to set the spring preload

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues such as swingarm/axle to exhaust contact, as well as chain/belt guard or tire contact.

NOTE: Heavy-duty applications are recommended for bikes operating at or near the manufacturer's maximum load rating over 50% of the time.

PROGRESSIVE suspension

GTÜ APPROVED

422 SERIES SHOCKS

- Fully adjustable for ride height and spring preload
- Tune suspension to match riding style
- Shocks feature a show-chrome cover
- Pair of progressive-rate coil springs and purpose-designed monotube dampers provide superior suspension performance
- Dampers feature a nitrogen charge that eliminates internal oil cavitation and helps create a consistent ride while resisting heat-induced fade
- Shocks can be adjusted up to 50,8 mm (2") lower than stock
- RAP (Remote Adjustable Preload) system allows for easy tuning of shocks to account for changing loads or the addition of a passenger with a remote preload adjuster
- GTÜ approved
- Sold in pairs

NOTE: Heavy-duty applications are recommended for bikes operating at or near the manufacturer's maximum load rating over 50% of the time.

NOTE: Before purchasing or attempting to install shocks that are different than the OEM length, confirm that your wheel travel can be altered without causing clearance issues such as swingarm/axle to exhaust contact, as well as chain/belt guard or tire contact.

ARLEN NESS

COMPLETE LOWERING KITS

- Lower the front and rear using one kit
- Kits include shortened dampers, rear shock adjusters and a shortened chrome kickstand
- Use OEM front springs

NOTE: Ground clearance and tire clearance must be checked when installing these kits.

1304-0587

PART #	DESCRIPTION
1304-0587	For 07-17 FXST/FLST exc. FLSTN/FLSTFB/Springer and FXSTD

DS-222180

PART #	DESCRIPTION
DS-222180	For 00-06 FXST/FLST exc. FLSTN/FLSTFB/Springer and FXSTD; lowers FXST front 2 1/2", FLST front 2", back 1 1/2"

PROGRESSIVE suspension

FXST/FLST CHROME LOWERING KIT

- Adjustable from stock height to 2" lower than stock
- Kits for late 89-99 FXST/FLST will fit both the stock shocks and Progressive FXST/FLST shocks

PART #	DESCRIPTION
DS305050	For 00-17 FXST/FLST Original Equipment shocks only (except 08-17 FXS/FLS/FLSTSB/FLSTFB, 05-17 FLSTN, 05-07 FXSTD, 08-11 FXCW/FXCWC)

LA choppers

ADJUSTABLE REAR LOWERING KIT

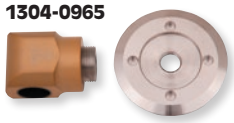
- Made from 1144 stress-proof steel
- Zinc-plated finish
- Lowers the rear of the motorcycle up to a full 2" lower than stock
- Accepts all factory mounting hardware

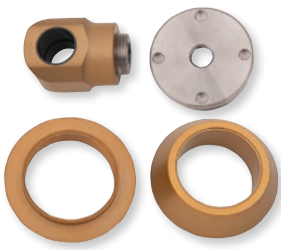
PART #	DESCRIPTION
1304-0149	For 00-17 FXST/FLST models (except 08-17 FLSTSB/FLSTFB, 05-17 FLSTN, 05-07 FXSTD, 08-11 FXCW/C, 11-17 FXS/FLS)

EASY LOWERING KIT

LA choppers

- Lowers the rear of the motorcycle approximately 1 1/2"
- Does not require shock absorber removal for installation
- Installs in 60 minutes or less
- Requires simple hand tools to install





PART #	DESCRIPTION
1304-0465	For 00-17 Softail

MÜLLER MOTORCYCLE AG

M-EIGHT SOFTAIL REAR LOWERING KITS

1304-0965

1304-0966

- Simple and easy way of lowering the rear of the bike without replacing the shocks
- Made from stainless steel and billet aluminum
- Lowers bike up to 1 3/8"
- Bolt-on application

PART #	DESCRIPTION
1304-0965	For 18-20 FLHC/FLFB/FLSB/FXBR, 18-19 FLDE
1304-0966	For 18-20 FXFB/FXLR/FLSL/FXBB and 20 FLDE

MÜLLER MOTORCYCLE AG

TÜV APPROVED

LOWERING KIT

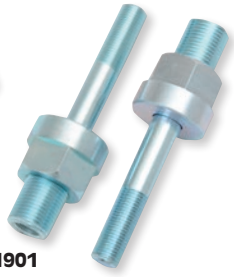
- Personalize the look and feel of your bike with this adjustable lowering kit
- Individually adjustable from 0-40 mm
- With fully compressed springs, at least 30 mm of space should remain between the wheel and fender
- TÜV approved

NOTE: Installation by a certified service technician is recommended.

PART #	DESCRIPTION
1304-0571	For 00-17 FXST/FLST models

REAR SHOCK LOWERING KITS

BURLY BRAND MOTORCYCLE ACCESSORIES



- Lower the rear of any FXST/FLST
- Available in standard and adjustable height versions
- Adjustable kits are fully adjustable without having to remove shock mounting bolts and feature a sealing design to protect the heim bearings from the elements
- Both come with instructions for easy installation

1304-0209	For L89-99 XL - 1" drop (aluminum construction)
1304-0277[1]	For 04-08 V-Rod w/ 180 tire only (aluminum construction)

[1] Not for SE or 240 rear tire bikes.

[2] Not for 09-16 models with coil over adjustable shocks.

All part numbers in BLUE are new for 2021.

REAR ADJUSTABLE LOWERING KIT

- Reduces height as much as two inches
- Once installed, the look and feel of the bike can be customized to rider's preference

PART #	DESCRIPTION
1304-0076	For 00-17 FXST/FLST models (except 08-11 FXCW/C, 08-17 FLS/FXS/FLSTSB/FLSTFB, 05-17 FLSTN, 05-07 FXSTD)

REAR LOWERING KIT

- Gives your bike a sleek, low profile
- Finished in black
- Lowers approximately 1"
- Kit includes required mounting hardware

NOTE: Check all clearances prior to riding.

NOTE: Rear lowering kits are not to be used in conjunction with "shorty" or "low-profile" shocks.

PART #	DESCRIPTION
1304-0179	For 02-16 FLT/FLHT/FLHR/FLTR models (except for FLHRS/FLHRC/H-D FL Trike)

1304-0704

REAR LOWERING KITS

- Made of CNC-machined billet aluminum
- Available in a black finish
- Lower bike 19 mm, 25 mm or 35 mm (3/4", 1" or 1 3/8")

NOTE: Rear lowering kits are not to be used in conjunction with "shorty" shocks or "low-profile" shocks.

NOTE: Not for use on models with "soft" saddlebags.

PART #	DESCRIPTION
FOR 09-20 FLHT/FLHR/FLHX/FLTR MODELS W/ OEM SHOCKS (INCLUDING HAND-ADJUSTABLE COIL-OVER SHOCKS)	
25 MM (1") DROP	
1304-0875[1]	Black

PART #	DESCRIPTION
FOR 09-20 FLHT/FLHR/FLHX/FLTR W/ OEM SHOCKS (EXCEPT OEM HAND-ADJUSTABLE COIL-OVER SHOCKS	
19 MM (3/4") DROP	
1304-0878	Black

PART #	DESCRIPTION
FOR 09-16 FLHT/FLHR/FLTR W/ OEM SHOCKS (EXCEPT OEM HAND-ADJUSTABLE COIL-OVER SHOCKS)	
35 MM (1 3/8") DROP	
1304-0704[1]	Black

[1] Not for use with coil-over adjustable shocks.

REAR SHOCK LOWERING BRACKET KITS

- Makes the motorcycle much easier to get off the side stand and gives more rider control over the motorcycle with its lower center of gravity
- Lowers your bike 1" leaving adequate room for stock tire-to-fender clearance; designed to retain the use of the stock rubber shock boot
- CNC-machined with a black finish
- Easy to install in approximately 30 minutes with common tools and includes instructions and hardware

NOTE: Rear lowering kits are not to be used in conjunction with "shorty" shocks or "low-profile" shocks.

1304-0703

1304-0340

PART #	DESCRIPTION
1304-0703	For 02-20 FLHT/FLHR/FLTR models with Original Equipment H-D Air Adjustable Touring Shocks or OEM H-D Premium Ride Hand and Air-Adjustable Touring Shocks (except FLHX/FLHRC/FLHRS/LOWS and H-D FL Trikes) (models already lowered may use this kit with minimal loads)
1304-0340	For 99-01 FLHR/FLHT/FLTR models (except FLHX/FLHRC/FLHRS)

1313-0158

TRI-GLIDE REAR LIFT KITS

- Kit will help level out a Tri-Glide that sits low in the rear end
- Relocates the rear lower shock mounts 31,7 mm (1,25") higher than stock, resulting in approximately 40,6 mm (1,6") of additional ground clearance at the rear
- Less chance to scratch the exhaust pipes on curbs or dips in the road
- Makes steering easier due to shorter trail in the front end
- Replaces the OEM lower shock mount brackets
- Black finish
- Bolt-on installation
- Sold in pairs

PART #	DESCRIPTION
1313-0158	For 17-20 H-D FL Trike models

PART #	DESCRIPTION
1313-0120	For 09-16 H-D FL Trike models

1313-0166

LIFT KITS

- Easy bolt-on lift kit
- Levels front and rear suspension
- Helps eliminate the rear from dragging on driveways
- Lifts rear of Trike 1,5"

PART #	DESCRIPTION
1313-0166	For 17-20 H-D FL Trike models

PART #	DESCRIPTION
1313-0165	For 09-16 H-D FL Trike models

All part numbers in BLUE are new for 2021.

FIT KIT

HUGGER SERIES FRONT FENDERS FOR DRESSERS WITH 23" AND 26" WHEELS

- Steel fenders are thick enough to add rigidity to the front end by acting like a fork brace, but can still be cut or shaped enough for an even more Kustom appearance
- All fenders come predrilled and are stamped, not spun, to ensure a consistent finish while minimizing body work
- E-coated to prevent rust and corrosion
- Measure 6,5" outside width
- Fenders for 14-20 applications include chrome mounting blocks
- Fenders for 99-13 applications require mounting blocks PART #s 1410-0022 or 1410-0023 (sold separately)
- Kit includes zinc-plated mounting hardware

BENCHMARK REAR FENDERS

- Stamped from 14-gauge U.S. steel, these 6½" wide fenders are E-coated to prevent rust and corrosion with the lowest paint prep in the industry
- The use of precision deep-draw stamping technology ensures a consistent flawless finish while minimizing body work
- Flowing lines, lack of rivets and smooth lines accent the bikes classic style
- Fenders are 7,125" wide, and the 4" extended tail sections over stock will make the bike look lower and more flowing
- All stock mounting points stay intact and are used
- Available in smooth for your choice of lighting and also in frenched which includes a license plate pocket
- License plate frame for frenched style (lighted or non) sold separately

2030-0803

THE ONE REAR FENDER

- An all-steel option for those Bagger owners that want that seamless one-piece rear end look
- Stamped 14-gauge steel construction with integrated bag-to-fender filler panels
- The same deep draw stamping quality as the rest of the Klock Werks sheet metal line
- Filler panels are 100% TIG-welded to fender
- Filler panels mate up to rear top strut covers perfectly
- Dual-exhaust cutouts in the bottoms of the fillers mate up to extended bags and bag extensions offered in the aftermarket
- 8,625" wide with 4" stretch
- Look equally as good without extended bags
- Available in frenched version with a frenched license plate pocket (for use with Klock Werks license plate frames PART #s 2030-0803 and 2030-0804)
- Accepts all stock detachable mounting hardware/brackets

FOR 09-20 FLHT/FLHX/FLHR/FLTRX/FLTRU/FLTRK MODELS

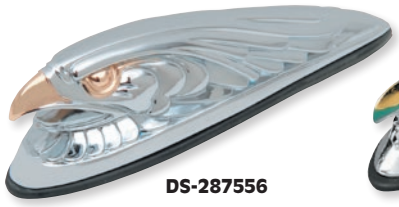
SKULL HEAD FRONT FENDER ORNAMENT

- Unique skull head ornament with illuminated eyes
- Fits most front fenders

PART #	DESCRIPTION
DS-287533	Skull head w/ illuminated eyes, chrome
DS-287554	Repl. bulb w/ wires for Part # DS-287533



DRAG Specialties

SHROUDED SKULL FENDER ORNAMENT

- Chrome with black shroud
- Includes a rubber gasket and mounting hardware
- Universal application, fits most front fenders
- Sold each

NOTE: Requires drilling fender for installation.

PART #	DESCRIPTION
1405-0158	Fender skull ornament

DRAG Specialties

EAGLE HEAD FRONT FENDER ORNAMENTS

- Die-cast eagle fender ornaments in two different sizes
- Small measures approximately 1 1/2" tall; large is approximately 2 1/2" tall
- Available as all-chrome, plus some with eyes that light up
- Fits most front fenders; includes gasket and mounting hardware
- Sold individually

PART #	DESCRIPTION
DS-287556	Small chrome eagle head (gold eyes)
DS-287555	Small chrome eagle head w/ lights (red eyes)
DS-287554	Repl. bulb w/ wires for Part # DS-287555

PART #	DESCRIPTION
DS-287553	Large chrome eagle head w/ lights (amber eyes)
DS-287552	Large chrome/gold eagle head w/ lights (amber eyes)

KURYAKYN

FENDER ORNAMENTS

- Make a real statement with these fender ornaments
- Features illuminating eyes
- Two-piece construction allows easy installation and bulb replacement
- Requires 12V power source
- Fits most fenders

PART #	DESCRIPTION
DS-111220	Wild boar fender ornament
1405-0166	Eagle head fender ornament

KURYAKYN

DECO EAGLE FENDER ORNAMENT

- Adds some 40s and 50s vintage style
- Lightweight ABS design with a chrome finish
- Simple peel-and-stick application
- Measures 8 1/2" H x 2 5/8" L
- Universal fit on all front fenders measuring at least 15 1/4" radius

PART #	DESCRIPTION
1405-0181	Eagle Deco front fender trim

KURYAKYN

FRONT FENDER SPEAR

- Add a splash of chrome
- Universal fit for most fenders; measures 8" W x 1 1/4" L
- Simple peel-and-stick application

PART #	DESCRIPTION
1405-0180	Fender spear

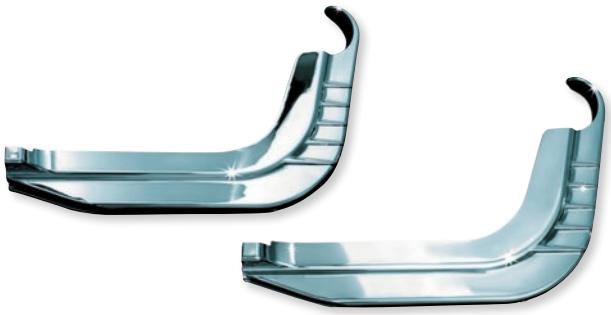
All part numbers in BLUE are new for 2021.

RIVCO

REAR BUMPER FOR TRI-GLIDE

- Triple-chrome-plated steel bumper
- Bolt-on design
- Works with optional flag holder socket (PART #0521-1172) and optional flag mounting bumper plates (PART #0521-1171)

PART #	DESCRIPTION
0530-1327	For 09-20 FLHTCUTG/FLHXXX models



COBRA USA RIDE LOUD

BUMPER

- This bumper is a simple bolt-on upgrade for your Freewheeler trike
- It uses laser-cut brackets for a precision fit and finish
- The bumper's graceful bend follows the trike's lower trunk curve for an OEM look and fit
- The bumper itself is chrome-plated, while the lower mounting brackets are powdercoated black

PART #	DESCRIPTION
0530-1377	For 15-20 FLRT

KURYAKYN

CHROME REAR BUMPER ACCENTS

- Hide the welds where the brackets attach to the rear frame tubing
- Fitted with molded rubber inserts to ensure a snug, secure fit
- Fit OEM bumper 83825-09/09A (trunk guard)
- Sold in pairs

PART #	DESCRIPTION
1405-0195	For 09-20 FLHTCUTG, 10-11 FLHXXX

KURYAKYN

REAR MUD FLAPS

- Made from flexible, durable thick rubber with contrasting chrome trim
- Bolt-on design installs quickly
- Sold in pairs

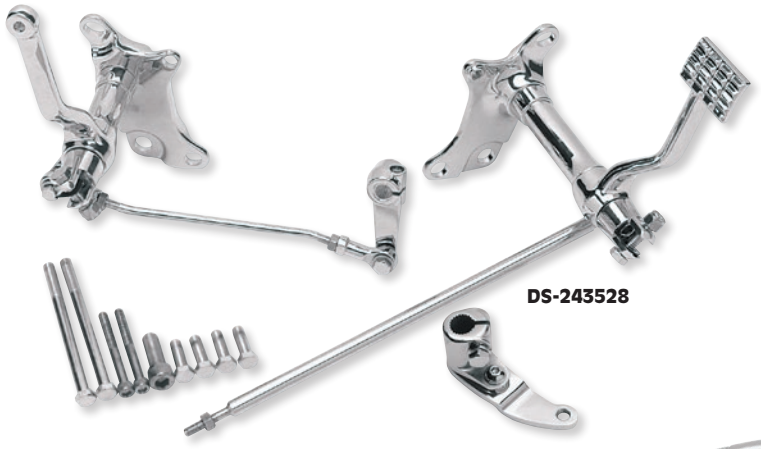
1622-0353	Footpegs, black (pr.)

XL FORWARD CONTROL CONVERSION KITS



- Late-model XL models with forward controls no longer allow the fitting of standard rider footpegs; these kits let you mount standard footpegs on the late model XL's with forward controls
- Also works as replacement footpeg mounts on select OEM and Drag Specialties forward control kits for 04-16 XL models
- Kits include a left and right footpeg mount in either chrome or anodized black finish complete with mounting hardware
- Available in standard length or +2" extended length

NOTE: If converting standard forward controls to extended, a longer shifter linkage rod (10 1/4" long) is also required, available separately. We suggest using the 2" extension, PART #1601-0003 along with the original linkage rod.

PART #	DESCRIPTION
FOR 11-20 XL1200C/X/XS/V MODELS	
1622-0474	Standard length, chrome
1622-0475	Standard length, black

1602-0074

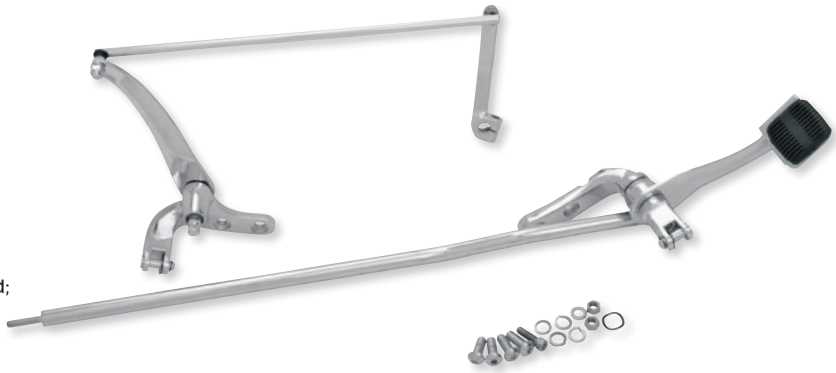
1601-0166

1610-0015

DRAG Specialties

FORWARD CONTROLS WITHOUT PEGS

- Kit includes chrome motor mounts, shifter arm, brake pedal, linkage rods for brake and shifter and mounting hardware
- Accepts most styles of male mount footpegs and shifter pegs (must be purchased separately)



NOTE: Controls are compatible with 883/1200C styles of exhaust only. Not for use with some types of highway bars.

NOTE: Not for use with 2-1 exhaust systems.

FOR L87-03 XL (EXCEPT 883R W/ 2-1 EXHAUST)

PART #	DESCRIPTION
DS-243528	Forward controls
1602-0074	Repl. shift lever

PART #	DESCRIPTION
1601-0166	Repl. shift linkage kit
1610-0015	Repl. brake pedal

DRAG Specialties

FORWARD CONTROLS

- Sturdy steel construction
- Polished with a brilliant chrome finish
- Male mount footpegs and shift peg not included; use standard pegs to achieve the look you want
- Use stock rear master cylinder
- Includes all necessary mounting hardware

NOTE: When installing extended forward controls, check front fender clearance before operating.

PART #	DESCRIPTION
1622-0193	For 99-17 FXD models (except 10-17 FXDWG/FXDF w/ stock exhaust)

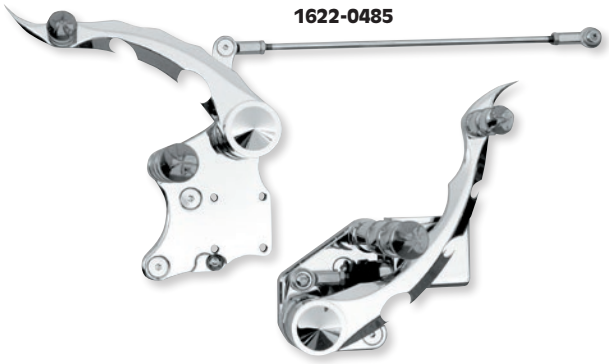
1622-0058

KURYAKYN

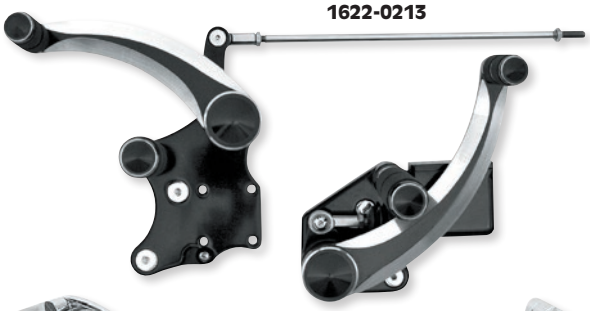
FORWARD CONTROLS

- Main components are designed to fit with existing shapes on the engine, primary and frame for smooth, flowing style
- Flush countersunk fasteners on all mounting plates for a clean, uncluttered appearance
- All ball joints, linkages and visible hardware have a beautiful chrome finish
- Igus shifter bearings provide smooth, maintenance-free operation
- Available in standard and extended lengths (standard recommended for riders with an inseam of 33" or less)
- Footpegs and shift lever sold separately

NOTE: Forward controls are not compatible with most engine guards or with stock exhaust on 08-17 FXDF, 10-17 FXDWG or 17-17 FXDL.



FOR 99-17 DYNA GLIDE (EXCEPT 08-17 FXDF, 10-17 FXDWG AND 14-17 FXDL W/ OEM EXHAUST)



PART #	DESCRIPTION
1622-0058	Standard forward controls

1621-0801	Blasted satin black

Joker MACHINE

SERRATED DRIVER FLOORBOARDS

- CNC-machined from solid 6061-T6 aluminum
- Super-strong yet very lightweight design
- Comfortable serrated foot surface area gives good "bite" to the bottom of the boot
- Exclusive pitch adjustment allows you to change the angle of the floorboard so it sits in a "level" riding position
- Install with stock mounting hardware
- Measure 13,5" L x 4,75" W
- Sold in pairs

FOR 99-20 FLHT/FLHR/FLHX/FLTR/FLTRX/FLTRU/FLTRK, 09-13 H-D FL TRIKE, 00-17 FLST AND 12-16 FLD

RIVCO

ADJUSTABLE PASSENGER FLOORBOARD MOUNTS

- Made from CNC-machined billet aluminum, then triple-chrome-plated or black anodized
- Accept either stock Harley-Davidson® floorboards or any direct-fit accessory floorboard (floorboards not included)
- The ultimate in passenger comfort; movement of the boards forward eliminates the problem of passenger's calves pressing against the saddlebag/guard rail and greatly increase foot and leg support over stock boards
- Adjusts in seconds to 12 different positions through a 9" range of motion; simply pull out spring-loaded lock pins, then move the board up or down until pin clicks into next position; no tools required

PART #	DESCRIPTION
FOR 99-20 FLT/FLHT/FLHS/FLTR/FLTRU/FLTRK/FLTRX/FLHR/FLHX/FLHTCUTG	
1621-0301	Chrome, for bikes w/ Original Equipment exhaust

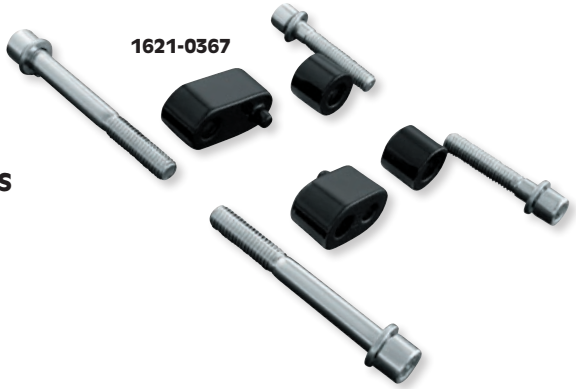
1621-0170

KURYAKYN

CHROME DRIVER FLOORBOARD RELOCATION BRACKETS



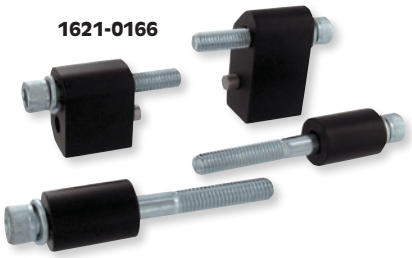
- Reposition the driver floorboards 1" forward and 1" further out than the stock location
- Compatible with Kuryakyn ISO® Boards and H-D Traditional or Swept Wing floorboards
- Not for use with Cruise Arm Mark III or standard length Cruise Arm Mark IV

PART #	DESCRIPTION
1621-0170	For 99-16 FLHT/FLHR/FLTR/FLHX, 09-13 H-D FL Trike models (except 15-17 CVO models)
1621-0368	For 00-17 FLST

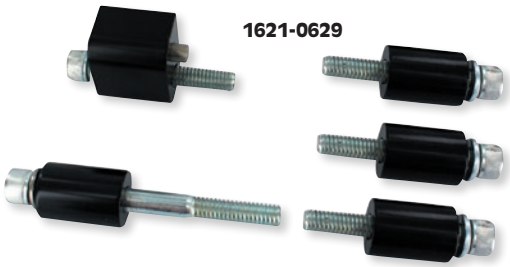
KURYAKYN

DRIVER FLOORBOARD SPACERS

- Move the stock driver's floorboards out 3/4"
- Help alleviate hot air buildup by moving the thighs/lower legs slightly away from the bike to improve airflow
- Mounts are powdercoated black
- Mounting bolts are stainless steel
- Will work with OEM fairing lowers



1621-0367



1621-0466

PART #	DESCRIPTION
1621-0367	For 09-20 FLHT/FLHR/FLTR/FLTRX/FLTRU/FLTRK/FLHX and 09-13 H-D FL Trikes
1621-0466	For 99-08 FLHT/FLHR/FLTR/FLHX (not for use w/ display stand OEM #99002-97)

1621-0166

1621-0629

PINGEL Since 1967

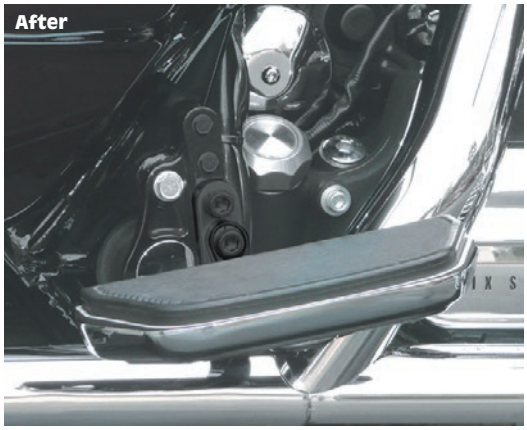
DRIVER FLOORBOARD EXTENDER KITS

- Kit for Dressers moves the floorboards outward 1 1/4"; kit for Softail moves the floorboards outward 1 3/8"
- Provides greater comfort by moving the legs away from the gas tank and engine heat
- Works well with oversized primary covers
- Kit is easy to install using included hardware
- Billet aluminum with a black finish or polished finish
- Compatible with fairing lowers, but not with centerstand

1621-0098

PART #	DESCRIPTION
1621-0166	For 09-20 FLHT/FLHR/FLHX/FLTR/FLTRX/FLTRU/FLTRK, 09-13 H-D FL Trike models; black finish
1621-0629	For 14-20 HD FL Trike models; black finish
1621-0255	For 09-20 CVO FLHT/FLHR/FLHX/FLTR models; polished finish
1621-0098	For 99-08 FLT/FLHR/FLHX/FLHT/FLTR models; black finish

VANCE & HINES



FLOORBOARD EXTENSION KIT

- Kit is designed to allow for better spacing between the rider floorboard, brake lever, and front exhaust down tube when using Vance & Hines full systems, Dresser Duals and Power Dual headpipe applications on CVO models

PART #	DESCRIPTION
1621-0640	For 09-20 FLHT/FLHR/FLTR/FLHX CVO models

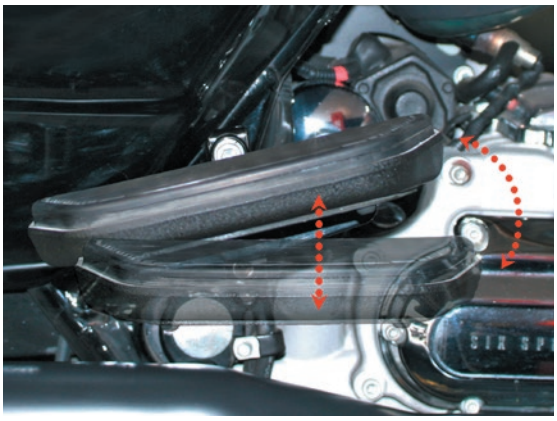
All part numbers in BLUE are new for 2021.

LA choppers

PASSENGER FLOORBOARD TALL COMFORT KIT

- Utilizes your stock floorboards
- Choose from six "comfort" positions of height and tilt
- Provides up to 2 1/2" of additional leg room and widens the floorboards 1 1/2" to help ease hip stress
- Relieves calf stress by tilting the rear of the floorboards
- Relaxes your knees to reduce joint stress
- Install and adjust in minutes

PART #	DESCRIPTION
1622-0243	For 99-09 FLT/FLHT/FLHR/FLTR models



1621-0351

LA choppers

1621-0245

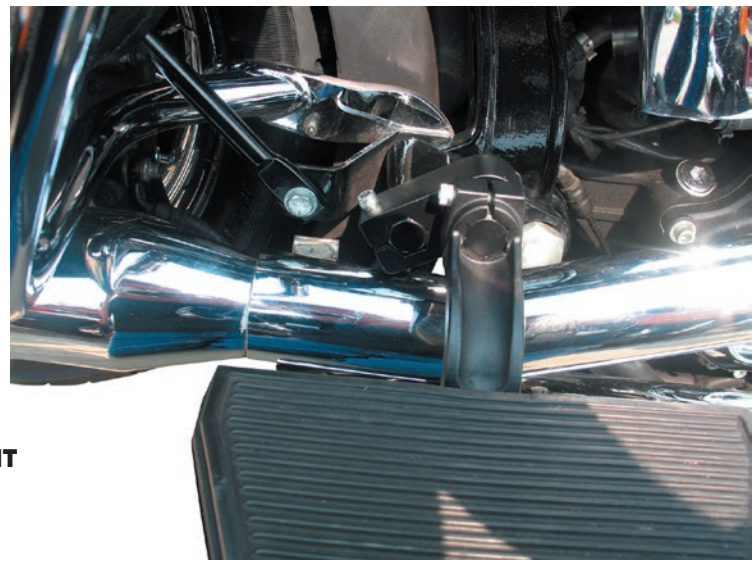
PASSENGER FLOORBOARD SHORT COMFORT KITS

- Provides two additional floorboard positions with blocks and three positions for the floorboards, five positions total both up and down
- Approximately 1 1/4" to 2" higher than the highest stock setting
- The tilted position places the floorboards at an ergonomic plane relieving stress in the legs and calves

PART #	DESCRIPTION
1621-0351	For 10-20 FLT/FLHT/FLHR/FLTR/FLRU/FLTRK models

- This tilted position also allows the passenger to push into the boards when cornering, which provides a more secure feeling
- Provides two additional spacing widths to add additional comfort by placing the floorboards wider apart
- The wider position allows passengers to relax their lower body, which takes pressure off of the inner thighs, knees and lower back

PART #	DESCRIPTION
1621-0245	For 99-09 FLT/FLHT/FLHR/FLTR models

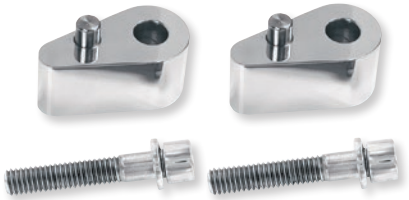


PINGEL Since 1967

PASSENGER FLOORBOARD MOUNT RISER KIT

- Made of billet aluminum with a black finish
- Raises accessory floorboards 1 1/2"; not included
- Can also be rotated to move floorboards slightly forward and raised approximately 3/4"
- Mounting hardware and instructions included

NOTE: For use with PART #s 1621-0512, 1621-0513 or OEM #s 50459-06 and 50460-06 only.



PART #	DESCRIPTION
1621-0687	For 00-17 FXST/C, FLST/C (except FLS, FLSTF/B, FLSTN, FLSTS/B/C, FLSTSE/2/3, FXS, FXSB/SE, FXCW/C and FXSTD)

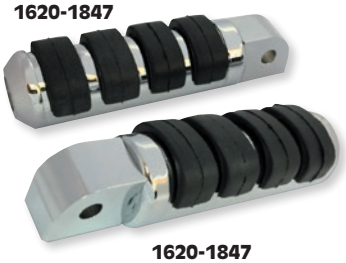
ARLEN NESS

"RAIL" FOOT AND SHIFTER PEGS

- Another unique design from Drag and Arlen Ness
- Protective rubber rails run completely around diameter for great looks no matter how pegs rotate or pivot
- Each is precisely die-cast, chrome-plated aluminum
- End cap is super-clean and uses a grade 8 countersunk flat-head socket screw
- Very tight tolerances ensure a great-quality, superstrong footpeg assembly



PART #	DESCRIPTION
DS-253696	"Rail" pegs w/ male mount
DS-253700	Small dia. (1 1/4") "Rail" footpegs w/ male mount

- Carbon-steel pivot ends are stronger than other die-cast pivots
- Peg diameter is 1,5" (between a standard large-size driver and the smaller passenger-style pegs); length is 4" without pivot end
- Shifter peg matches footpegs
- Sold in pairs with pivot ends installed

NOTE: See page 1676 for an explanation of footpeg mount styles.

ADJUSTABLE SERRATED BILLET FOOTPEGS AND SHIFTER PEGS

- Give your bike a unique design twist with these all-billet aluminum adjustable serrated footpegs
- Fully CNC-machined from solid 6061-T6 bar
- Superstrong, yet lightweight two-piece construction
- The comfortable serrated foot surface area provides a good "bite" onto the bottom of your shoe
- Footpegs available in original or heel style with Joker's exclusive pitch adjustment screw that enables you to adjust the pegs to a "level" riding position (if necessary) so the pegs don't appear to "lay down" with time, vibration, etc.
- Feature full 360° footpeg rotation making them perfect for any application
- Serrated shift pegs have serrations on the top surface only, and the bottom side is smooth to provide non-shoe-damaging upshift – installs easily to most stock H-D shift arms with a threaded $^{5}/_{16}$"-24 mounting hole
- Ribbed shift peg is our round version of the serrated peg – smooth, round surface won't scuff the surface or heel of the boot when shifting the bike
- Available in your choice of natural clear anodized or a hard black anodized finish
- Male-mount footpegs are available in four different lengths and fit most models with standard Harley female footpeg mounts
- Footpegs sold in pairs; shifter pegs sold each

NOTE: See page 1676 for an explanation of footpeg mount styles.

PINGEL Since 1967

SHORT-BONES HIGHWAY PEG BRACKETS

- Designed with the short-inseam rider in mind
- Simple and cost-effective way to relocate the stock highway bar pegs
- Universal fit for models with 1 1/4" engine guards when used with engine guard clamp PART #2404-0363 and footpeg clevis mount PART #DS-253483
- Brackets are made of polished billet aluminum
- Include easy-to-follow instructions for quick installation

PART #	DESCRIPTION
1624-0045	For all 99-20 H-D models with 1 1/4" engine guards or highway bars

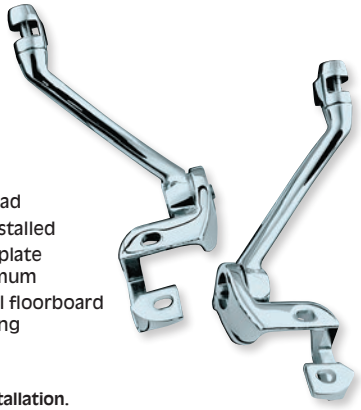
All part numbers in BLUE are new for 2021.

KURYAKYN

ADJUSTABLE CHROME MUSTACHE BARS

- A classic design gets a modern update
- Great function of the classic mustache bar with additional peg positions
- Clamp system allows the bar to slide up or down on frame downtubes, and peg mounts can rotate fore or aft for the ultimate in adjustment and rider comfort
- Accept any male-mount style H-D pegs (sold separately)

PART #	DESCRIPTION
1624-0265	For 00-14 FLST/FXST, FXCW/C
1624-0266	For 99-17 Dyna models

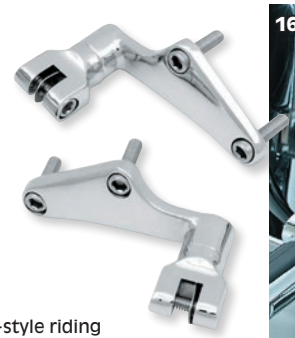


MARK IV CRUISE ARM PEG MOUNTS

- Heavy-duty chrome arms wrap around stock floorboards
- No drilling required
- Mounts directly to the frame, not the board
- Offered in extended configuration to accommodate all riders, and each configuration allows several inches of fore and aft adjustments to fine-tune footpeg position

NOTE: Not compatible with oil coolers.

PART #	DESCRIPTION
1622-0512	For 00-17 FL Softail models w/o engine guards (except 05-06 FLSTFSE)



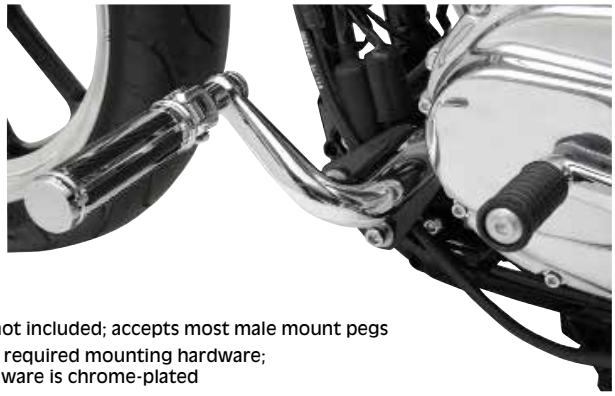
CRUISE ARM MARK III PEG MOUNTS

- One of Kuryakyn's most popular accessories
- Offer a wide range of adjustment for comfort on the road
- Adjustment range is limited when engine guards are installed
- Entire assembly mounts to the floorboard; reinforcing plate adds stiffness to the floorboards to keep flex to a minimum
- Installation requires drilling mounting holes in the steel floorboard base for the adjustable mount and floorboard reinforcing plate – stock rubber floorboard pads are not affected
- Sold in pairs

NOTE: Touring models require PART #1610-0227 for proper installation.

PART #	DESCRIPTION
1620-0181	For 00-09 FLST (except 05-09 FLSTN and 05 FLSTFSE) and 99-09 FLHT/FLHR modes w/o fairing lowers (except 04-05 FLHTCSEI and 04-07 FLHRS)

UNDERSEAT PEGS



- Give passengers the chopper-style riding position right out of the 60s
- Work great for smaller passengers
- Accept most male-mount pegs (sold separately)
- Sold in pairs

PART #	DESCRIPTION
FOR 00-05 FXST, 00-07 FLST (EXCEPT FXSTD/FLSTFSE AND 07 FLSTF)	
1620-0186	Chrome mounts
1620-0800	Repl. chrome mount clevis w/ hardware (ea.)

PART #	DESCRIPTION

MOTO FORGED ALUMINUM WHEELS

- New Forged hub design
- Precision-machined from forged 6061-T6 aluminum
- Front wheels accept lug-mounted OEM or aftermarket 14-19 FL Touring-style front floating brake rotors
- Cleans up front end to see more wheel instead of blocking wheel with a full-face rotor and saves on rotor costs
- All wheels include bearings and valve stems installed by Coastal Moto
- Rear wheel hub accepts stock cush-drive, pulley and brake rotor
- Available for ABS and non-ABS models
- Each ABS wheel is equipped with an intelligent ABS bearing and are "linked-brake ready"; no ABS system reprogramming required for any size

NOTE: Not for models with TPMS.

FORGED BILLET COMPLETE WHEELS

- Each wheel is precision CNC-machined from radial forged 6061-T6 aluminum for maximum road durability and strength-to-weight ratio
- Cartridge hub features a lightweight design with wheel bearings pre-set in one hub for optimum radial and lateral runout accuracy
- Matching performance rotors are available in 11,5", 11,8" and 14" diameters, billet rotor adapters also available to accept 14-up spoke mounted factory touring rotors
- Choose from single or dual disc applications in chrome or black anodize finish
- Complete wheels available in most popular touring applications, all other applications require ordering rim and hub kit separately

NOTE: Front wheels listed accept hub mounted rotors (3,25" bolt circle).

FORGED BILLET RIMS

- All rims are CNC-machined from radial forged 6061-T6 aluminum for maximum road durability and strength-to-weight ratio
- Features a rolled rim lip for the custom look and detailed CNC machine work from the center of the hub to the edge of the rim
- Rims can be used on both front and/or rear applications when correct hub kit is installed (sold separately)
- Rims accept Arlen Ness hub kits, which allow full wheels to be assembled in minutes with basic tools

CARTRIDGE HUB KITS

- These billet aluminum hub kits are designed for Arlen Ness forged billet rims
- Cartridge hub design features wheel bearings pre-set in one hub for optimum radial and lateral runout accuracy
- Lightweight coped design provides form and function
- Each hub kit includes everything you need for ABS or non-ABS Harley applications regardless of your wheel diameter
- Hub kits mount to your Arlen Ness forged rims in minutes with basic tools offering excellent flexibility for stock or custom applications, and allowing all sizes to be available for most applications
- Available in chrome or black anodized finish

NOTE: Hubs listed accept factory or aftermarket hub mounted 5-bolt rotors (3,25" bolt circle).

ONE-PIECE ALUMINUM WHEELS

- These forged wheels place the highest material strength in the same direction as the operating load, creating a light and strong wheel
- Feature the contour rim lip for a graceful arc from rim to lip
- Available in chrome or Platinum Cut™
- Platinum Cut™ finish starts with a polished wheel that has been black anodized, then recut to open up the design and the recut is polished to a brilliant shine

NOTE: Models with TPMS will require PART #0360-0056 (sold separately)

NOTE: Front wheels listed as fitting 14-20 Dresser models will require the use of PM front brake rotors (3.25" bolt circle).

NOTE: For PM Cush Pulley and rotors see TRANSMISSIONS & DRIVELINE and BRAKES sections.

NOTE: 14-19 FLHT/FLHR/FLHX 21" front wheels include fender relocation brackets for use with stock front fenders.

CHROME 40-SPOKE CUSTOM RIM

- Steel rims have a rolled edge for added strength
- Requires spokes designed for custom rims (see Drag Specialties spoke chart on page 1739)
- Available in 21"

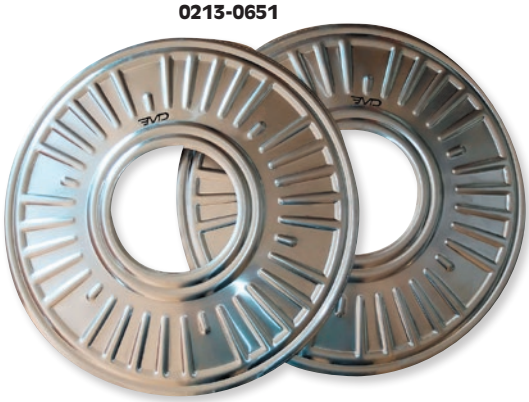
PART #	DESCRIPTION
DS-380318	21" x 2.15" rim WM 3

DS-380016

ROLLED EDGE FRONT RIMS

- Top-quality show-chromed steel rims
- Feature rolled edge for superior strength
- Drop-center styling like original
- Have the spoke dimple pattern of the OEM rims

PART #	DESCRIPTION
DS-380010	2.50" x 19"; repl. OEM #43018-73
DS-380016	2.15" x 21"; repl. OEM #43662-80B



0210-0323

16" CHROME RIMS

- Distinctively chromed 40-hole steel rim
- Dimpled to accept almost all spoke lacing patterns
- Side metal valve (SMV) or side rubber valve (SRV) stem types
- Measures 3" x 16"; for use with 5,00/5,10 motorcycle tires

PART #	DESCRIPTION
0210-0323	3" x 16" rim (SRV); repl. OEM #43007-40A
0210-0324	3" x 16" rim (SMV); repl. OEM #43085-81

WHEEL BEARING AND SEAL KITS

- Exact OEM replacement bearing and seal kits bring back the steering and braking control lost due to worn or rusted wheel bearings
- Each kit includes necessary bearings and seals to completely rebuild each hub
- Double-sealed ball bearings keep moisture and contamination from entering bearing
- Seals ensure proper fitment
- Kits are available separately for front and rear wheels

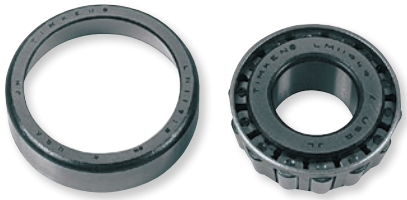
PART #	DESCRIPTION
FRONT APPLICATIONS	
0215-0301	For 08-19 FLHT/FLHR//FLHX/FLTR, 07-20 Softails, 08-17 FXD/FXDWG, 08-17 V-Rod, 08-20 XL 883/1200 (non-ABS models)
0215-0971	For 00-07 FLHT/FLT, 04-07 FXD/FXDL, 06-07 FXDWG, 02-07 VRSC
0215-0969	For 99 FLTR/FLHR/FLHT/FLT/FXD/FXDWG

PART #	DESCRIPTION
REAR APPLICATIONS	
0215-0978	For 09-19 FLHT/FLHX/FLHR/FLTRX w/o ABS
0215-0976	For 08-19 FLHT/FLHR/FLTR/FLD/FXD/FXDWG/FLS/FLST/FXCW/FXS/FXST/XL w/o ABS
0215-0975	For 02-07 FLHT/FLT, 06-07 FXDWG/FXD, 05-07 XL, 02-07 VRSC
0215-0973	For 99 FLHT/FLT/FLHR/FLTR/FXD/FXDWG

ARLEN NESS

REPLACEMENT 25 MM ABS WHEEL BEARINGS

0215-1009



- Designed for bikes with stock or larger than stock front wheels
- Will not set off any engine codes after proper installation
- Sold each

PART #	DESCRIPTION
0215-1009	Replacement ABS bearing for stock front/rear wheel; repl. OEM #9252
0215-1010	Replacement ABS bearing for 21" front wheels

PART #	DESCRIPTION
0215-1011	Replacement ABS bearing for 23" front wheels
0215-1012	Replacement ABS bearing for 26" front wheels

TIMKEN

WHEEL BEARINGS

DS-540795

- Genuine Timken® direct replacements of OEM components
- Fits front or rear applications

FOR BIG TWIN AND XL

PART #	DESCRIPTION
DS-540795	Wheel bearing w/ race for 99 FLT, 86-99 XL, 99 Dyna Glide (ea.); repl. OEM #9052

PART #	DESCRIPTION
DS-540796	Wheel bearing only for 99 FLT, 86-99 XL, 99 Dyna Glide (ea.); repl. OEM #s 9033 and 9052
DS-540797	Wheel race only for 99 FLT, 86-99 XL, 99 Dyna Glide (ea.)

WHEEL BEARING ADAPTER KITS

0215-1034

0215-1035

- Never again will you have to pass on a good deal at the swap meet because a wheel you want has the wrong bearings
- No more fighting with the wheel to remove the old bearings, only to have to fabricate a new inner bearing spacer
- Adapter kit PART #0215-1034 takes 25 mm wheels and reduces them down to fit a 3/4" axle
- Adapter kit PART #0215-1035 takes those 1" bearings and necks them down to fit a 3/4" axle
- Won't change existing wheel spacing
- Solid stainless steel construction to prevent corrosion

PART #	DESCRIPTION
0215-1034	25 mm to 3/4" bearing adapter

PART #	DESCRIPTION
0215-1035	1" to 3/4" bearing adapter

REAR	
DS-222969	For 86-96 XL w/ 5/8"-18 thread

JIMS Performance Parts for Harley-Davidson Motorcycles

LOCKDOWN AXLE KITS

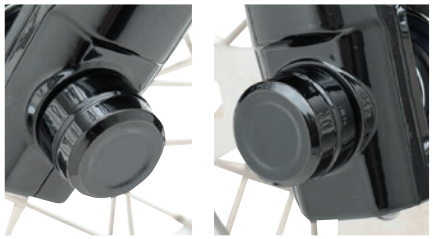
- Heavy-duty swingarm end caps and axle nut washer resist the bending and flexing seen with stock components
- Swingarm end caps fit more precisely into the end of the swingarm, providing more support of the adjuster
- Axle nut washer positions axle and allows for better locating during installation and adjustment

PART #	DESCRIPTION
0214-0839	For 99-01 FLHT
0214-0837	For 99-05 Dyna

PART #	DESCRIPTION
0214-0838	For 86-04 XL

All part numbers in BLUE are new for 2021.

DRAG Specialties HOTOP Designs



BILLET AXLE CAPS

- Precision-machined from aluminum for the perfect fit
- Firmly attach to the axle head and nut with high-quality setscrews
- Available in chrome or black finish
- Sold in pairs

NOTE: Check rear axle head and nut size before ordering to ensure proper fit.

DRAG Specialties

CHROME AXLE CAPS FOR 3/4" AXLES

- Each set includes caps for both the axle nut and axle head (where required), setscrews and hex key wrench
- Each cap has an internal hex to allow more thickness for the setscrew's thread, eliminating thread-stripping
- See the chart for fitment applications

NOTE: Will not work on late-model rear axles with cotter key locking devices.

GUARDIAN® EZ ZIP MOTORCYCLE COVERS

- Eliminates hassles associated with putting a cover on a bike or removing it
- A zipper located at the rear of the cover makes installation and removal fast, easy and convenient
- Constructed of heavy-duty polyester material for long-lasting durability
- ClimaShield™ Plus fabric coatings ensure water-repellency and UV-stability and retard the growth of mildew
- Exclusive Moisture-Guard™ venting system prevents the accumulation of unwanted moisture under the cover
- Scorch-resistant aluminized heat shield panel allows the cover to be put on the bike before the pipes have cooled
- Unique locking grommets facilitate the use of a cable lock to secure your motorcycle
- Elastic cord sewn into the hem of the cover ensures a snug fit
- Special soft cover liner in the area of the motorcycle windshield protects against possible scratching

- EZ-On and EZ-Off zipper makes installation and removal of the cover hassle-free
- Includes convenient storage bag
- See Dowco application chart on page 1760

RIVCO

0521-1173

TELESCOPING FLAGPOLE AND ACCESSORIES

- Telescoping flagpole extends from 18" to 6' tall in seconds
- Uses positive twist-locks in each section
- Collapses small enough to fit in most saddlebags
- The bottom section is 1 1/4" in diameter and slides snugly into all of Rivco's parade flag holders
- Made from lightweight and strong aircraft aluminum tubing
- Silver anodized finish, quick-release flag mounting clips, topped off with gold-tone finial

NOTE: Meant for parade use only, maximum speed of 25 mph.

0521-1172

OPTIONAL TRIPLE-CHROME-PLATED ADD-ON FLAG HOLDER SOCKET

- Bolts on optional Tri-Glide flag holder mounting plates (PART #0521-1171)
- Sockets hold up to 1 1/4" poles, are machined at a 15° angle to their bases and can be rotated and tightened to display flags – angled to the rear, sides, diagonally or any combination
- Accents Rivco Harley-Davidson® Tri-Glide bumper
- Sold each (can use one or two with set of Rivco Tri-Glide flag holder mounting plates (PART #0521-1171))
- Compatible with Telescoping flagpole (PART #0521-1173)

PART #	DESCRIPTION
0521-1173	Telescoping flagpole

PART #	DESCRIPTION
0521-1172	Optional add-on flag holder socket

LICENSE PLATE MOUNTED DOUBLE FLAG HOLDER KIT

- Designed specifically for Street Glides/Road Glides that have the "lay-down" style license plate
- Won't ever rust or tarnish and will last a lifetime
- Won't bend or flex, easily mounts to all license plate holders while remaining sturdy at highway speeds
- Made from stainless steel and hand-polished to a brilliant finish
- The two poles are topped with chrome finials, will accommodate 6" x 9" flags and include clips to keep flags in place at the top of the poles
- Flag not included

PART #	DESCRIPTION
2030-0810	For 09-20 FLHX/FLTR/FLTRX/FLTRU/FLTRK

LICENSE PLATE MOUNTED DOUBLE FLAG HOLDER

- High-quality flag holder and poles made from stainless steel that has been hand-polished to a brilliant shine; will never rust or tarnish
- Easily mounts to all license plate holders and will remain sturdy even at highway speeds
- Accommodates 6" x 9" flags (not included)
- Includes clips to keep flags in place at pole tops

PART #	DESCRIPTION
2030-0515	License plate mounted double flag holder

CRD

PART #	APPLICATION	FASTENER TYPE
FRONT BRAKE CALIPER		
2401-0123	For 00-07 Big Twin (except Springer), 00-07 XL, 02-05 V-Rod	Knurled chrome socket-head
REAR BRAKE CALIPER		
2401-0124	For 00-07 Big Twin (except 06-07 FXST), 00-03 XL	Knurled chrome socket-head
TRANSMISSION SIDE COVER		
2401-1132	For 17-20 Touring	Polished chrome stock-head
2401-1128	For 07-16 Touring	Polished chrome stock-head
2401-1126	For 06-17 Dyna	Polished chrome stock-head
TRANSMISSION TOP COVER		
2401-1131	For 07-20 Softail, 06-17 Dyna	Polished chrome stock-head
OIL PAN		
2401-1127	For 07-20 Touring	Polished chrome stock-head
ROCKER COVER		
2401-1137	For 99-17 Twin Cam	Polished chrome stock-head

Colony Where Excellence Is a Standard

ALLEN BOLT KITS

- High-quality chrome-plated finish
- Kits include everything you need to mount rocker boxes, primary cover, lifter base, transmission covers, oil pump, air cleaner, cam cover, point cover timing plugs and motor mounts
- Fasteners for motor case and oil hose cover are also included

2401-0427

PART #	DESCRIPTION
2401-0429	For 07-16 FLT/FLHT/FLHR/FLHX/FLTR
2401-0428	For 07-17 FXST/FLST (except FLSS/FLSTSBS)
2401-0427	For 06-17 FXD (except H.O. 103")

Colony Where Excellence Is a Standard

CHROME ACORN HARDWARE AND MOTOR MOUNT BOLT KITS

- Individual chrome acorn bolt and nut sets for specific applications
- Bolt kits include chrome-plated Allen-head screws, nuts and washers

2401-0909

PART #	DESCRIPTION
FOR 09-16 FLT MODELS	
2401-0909	Knurled

FOR 09-16 FLT MODELS (CONT)	
2401-0910	Smooth

All part numbers in BLUE are new for 2021.

GARDNER WESTCOTT

BOLT KITS

- Kits feature polished stainless steel or polished chrome steel socket-head bolts
- Motor sets for Twin Cam include cam cover, primary cover, transmission side cover, oil hose cover, lifter base, rocker box, front inner primary, washer, motor and transmission mount bolts
- Motor set for M-Eight includes cam cover, primary cover, transmission covers, electric module cover, lifter base, rock boxes, top front motor mount and rear motor mount
- Side cover sets include cam, primary, oil hose cover and transmission side cover
- Primary sets include primary, inspection and derby covers

2401-0946

FEULING

HEAD BOLT KITS

- Quality hex-head, hardened stainless steel bolts with a polished "show" corrosion-resistant finish
- Tensile strength rated @ 180.000 psi; superior and stronger than OEM and grade 8 fasteners
- Precision j-form threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Wide underhead flange bolts and hardened chamfered washers provide even load distribution for optimum sealing of surfaces to prevent leaks
- Eliminate thread problems associated with chromed and soft stainless steel hardware
- Manufactured by ARP® to Feuling's exact specifications

PART #	DESCRIPTION
2401-0946	For 17-20 M-Eight (3,125" under head length)
2401-0825	For 99-17 Twin Cam, 92-20 XL, 00-09 Buell

HEADBOLT KIT

- Includes eight 3,374" headbolts and eight 0,100" washers
- For use with S&S Twin Cam-style heads and custom applications that require equal-length headbolts

PART #	DESCRIPTION
0930-0023	For 88"/95"/100"/106"/107"/110"/111" motors

HEAD BOLT KIT

- 12-point bolts
- Complete kit

PART #	DESCRIPTION
2401-0893	For 99-17 Twin Cam, 86-20 XL

HEADBOLT KIT

- Made from heat-treated 8640 steel
- 200.000 psi ultimate tensile strength
- Stronger than the stock bolts
- Durable black oxide coating
- Formed threads
- Cold-formed $^{9}/_{16}$" 12-point head with integral washer
- Reusable
- Sold as a set of 8

PART #	DESCRIPTION
2401-1106	For 17-20 M-Eight

DS-189757

GARDNER WESTCOTT

CHROME HEADBOLT KITS

- Include four long and four short headbolts

PART #	DESCRIPTION
DS-189756	For 99-17 Twin Cam and 92-20 XL
DS-189757	For 86-91 XL

2401-0956

Colony Where Excellence Is a Standard

ZINC-PLATED HEAD BOLT SETS

- 12-point replacement head bolts

PART #	DESCRIPTION
2401-0956	For 99-17 Twin Cam and 92-20 XL models; repl. OEM #s 16480-92, 16478-85A
2401-0955	For 86-91 XL models; repl. OEM #s 16480-85A, 16478-85A

All part numbers in BLUE are new for 2021.

ROCKER ARM SHAFT STUD AND NUT KIT

- Keep those cylinder heads from cracking
- Feuling rocker arm shaft studs and nuts help relieve the stress put on the factory and SE cylinder heads, which have an extremely weak link with the rocker arm shaft standoffs
- Using a stud helps transfer some of the stress from the standoff casting into the stud
- Highly recommended if using higher lift camshafts and heavier valve springs

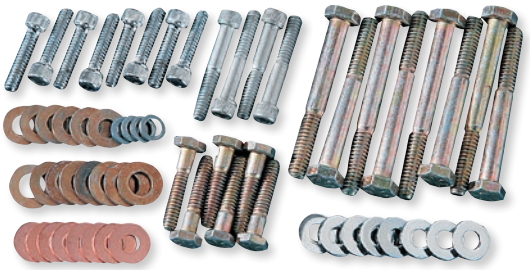
PART #	DESCRIPTION
2401-1045	For 17-20 M-Eight

ROCKER ARM STUD KIT

- Extends the life of your cylinder heads
- Helps prevent damage to the rocker arm towers
- Re-torque rocker arm nuts after installation
- 12-point nuts
- Black oxide finish
- Sold as a kit

PART #	DESCRIPTION
2401-1139	For 17-20 M-Eight

2401-1107



2401-1108

ROCKER ARM SHAFT STUD AND NUT KIT

- Studs are heat-treated 180.000 psi aircraft alloy steel
- Nuts are machined from billet high-tensile steel and heat treated
- Both nut and stud have rolled threads for the strongest possible threads
- All are black oxide treated for enhanced corrosion resistance

PART #	DESCRIPTION
FOR 17-20 M-EIGHT	
2401-1107	Rocker arm shaft stud and nut kit
2401-1108	Repl. rocker arm shaft nuts $^{5}/_{16}$"-24 (4-pk.)

ROCKER BOX MOUNTING KIT

- Kit contains all necessary hex-head bolts, Allen-head bolts and washers needed to install a pair of rocker boxes on a motor

PART #	DESCRIPTION
DS-190307	For 86-03 XL models

LOWER ROCKER BOX MOUNTING KIT

- Stock replacement hardware for mounting both lower rocker boxes

PART #	DESCRIPTION
2401-1121	For Evolution Big Twins and Sportsters

ROCKER COVER BOLT KIT

- Kit includes eight countersunk screws with dished washers and eight Genuine James paper washers

PART #	DESCRIPTION
DS-189703	For 86-03 XL models

2401-1126

2401-1131

SCREW KITS

- Polished Allen screw kits

PART #	DESCRIPTION	FITS MODEL
2401-1126	Polished, transmission side cover kit	For 06-20 Dyna
2401-1127	Polished, Oil pan kit	07-20 Touring
2401-1128	Polished, Transmission side cover kit	07-16 Touring
2401-1129	Polished, Primary cover mounting kit	07-16 Touring
2401-1130	Polished, primary cover screw kit	07-20 Softail, 17-20 Touring
2401-1131	Polished, transmissiom shifter cover mounting kit	07-20 Softail
2401-1132	Polished, transmission side cover kit	17-20 Touring
2401-1137	Polished, rocker cover screw kit	99-20 Twin Cam 88 Dyna, 00-20 Softail, 99-16 Touring

All part numbers in BLUE are new for 2021.

FEULING ARP automotive Racing products

CYLINDER STUD/HEAD BOLT KITS

- Stop head and base gasket failure
- Stock replacement; reusable studs and head bolts recommended for all V-Twin engines
- Designed to exceed the needs of high-performance engines
- Precision J-formed threads prevent galling and promote more consistent torque loading
- Studs are made from heat-treated 8740 chromoly; polished headbolts made from special alloyed stainless steel
- Manufactured by ARP® to Feuling's exact specifications
- Kits include eight cylinder studs, eight headbolts, assembly lubricant and thread sealant

2401-0947

PART #	DESCRIPTION
2401-0947	For 17-20 M-Eight

PART #	DESCRIPTION
2401-0128	For 99-17 Twin Cam motors

FEULING ARP automotive Racing products

CYLINDER STUD KITS

- Superior in strength and performance; designed to exceed needs of high-performance engines
- Stock replacement; reusable studs recommended for all V-Twin engines
- Precision J-form threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Manufactured by ARP® to Feuling's exact specifications
- Kit includes eight cylinder studs, moly assembly lubricant and thread sealant

2401-0948

PART #	DESCRIPTION
2401-0948	For 17-20 M-Eight

PART #	DESCRIPTION
2401-0201	For 99-17 Twin Cam

2401-1105

Kibblewhite Precision Machining Manufacturer of Valvetrain Components

CYLINDER STUDS

- Made of U.S. milled-and-certified 180,000 psi yield strength aircraft-quality materials
- Stud body is the same size as the major diameter of the stud thread, allowing for a stronger stud and stronger body
- The complete surface has been ground to remove all the imperfections of standard rough-milled material, which also removes notch sensitivity
- Threads are rolled under hydraulic force, creating the strongest possible thread
- A radius is ground on the last thread to reduce the potential of the stud failing at that point
- Sold in a matched set of eight

PART #	DESCRIPTION
2401-1105	For 17-20 M-Eight; repl. OEM #16800063
2401-0578	For 99-17 Twin Cam: repl. OEM #16834-99A
DS-199770	For 86-20 XL Evolution

2401-0886

PROVEN S&S PERFORMANCE

REPLACEMENT CYLINDER STUDS

- High-quality replacement cylinder studs provide increased strength and extended durability
- Meet or exceed OE standards
- Sold in 8-packs

PART #	DESCRIPTION
2401-0886	For 99-17 Twin Cam
2401-0888	For 86-20 XL models

Colony Where Excellence Is a Standard

REPLACEMENT CYLINDER STUD SET

- Heat-treated for strength and durability
- Equal or surpass original equipment
- Sold as set of eight

2401-0813

2401-0816

PART #	DESCRIPTION
EXTERNAL ENGINE FASTENER KITS	
2401-0951	For 17-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK (includes cam cover, lifter block covers, rocker covers, case bolts, oil lines, volt regulator, exhaust studs and locking nuts)
2401-1056	For 18-20 Softail (includes cam cover, lifter covers, rocker covers, case bolts, washers, center head bolts/horn/engine mount, oil line mounting bases, head mount bolts, head stabilizer bolts w/ HD washer, exhaust studs and exhaust nuts)
2401-1091	For 99-17 Twin Cam A/B motors (includes cam cover, lifter blocks, rocker box, case bolts, oil filter adapter, crank sensor and exhaust studs)
2401-1098	For 04-17 XL (includes right side cover, lifter blocks, rocker covers, front engine mount, case bolts, crank sensor, required washers and Allen-head button screws for points cover)
EXTERNAL PRIMARY/TRANSMISSION FASTENER KITS	
2401-0952	For 17-20 FLHT/FLHR/FLHX/FLTRX/FLTRU/FLTRK (includes primary cover, derby cover, top transmission cover right transmission bearing housing, clutch release cover, sensors and engine to transmission mounting bolts)
2401-1094	For 00-06 Touring models (includes primary cover, derby cover, inspection cover, transmission top cover, transmission bearing housing, clutch release cover, speed sensor and engine to transmission mounting bolts)
2401-1043	For 18-20 Softail (includes primary, engine-to-transmission, derby cover, transmission clutch release cover, top bearing housing cover and transmission top cover hardware)
2401-1092	For 99-05 Dyna (includes primary cover, derby cover, inspection cover, transmission top cover, transmission bearing housing, clutch release cover, speed sensor and engine to transmission mounting bolts)
2401-1100	For 04-20 XL (includes primary cover, clutch cover and required washers)
INTERNAL ROCKER BOX, ROCKERSHAFT STUDS/NUTS KIT	
2401-0994	For 17-20 M-Eight (black oxide)
ROCKER BOX FASTENER KITS	
2401-0815	For 01-16 FLT, 02-17 Softail, 01-17 Dyna (includes rocker supports, breathers, rocker housings and moly lube (qty. 24)) (black oxide)
2401-0814	For 99-00 FLT, 00-01 Softail, 99-00 Dyna (includes support, breather and rocker box housing bolts and washers) (black oxide)
ROCKER COVER FASTENER KIT	
2401-0812	For 99-17 Twin Cam
CAM/PINION SHAFT KIT	
2401-0813	For 99-17 Twin Cam (includes bolts, hardened washers, camshaft retaining ring) (black oxide)
EXHAUST STUD KITS	
2401-1138	For 17-20 M-Eight, 99-17 Twin Cam and 91-20 XL
2401-0816	For 99-17 Twin Cam and 86-20 XL (includes lock nuts)

All part numbers in BLUE are new for 2021.

FEULING ARP automotive Racing products

DRESS UP PREMIUM FASTENER KITS

- Top engine builders demand quality fasteners! Secure your engine with complete confidence
- Quality 12-point hardened stainless steel bolts with a polished "SHOW" corrosion-resistant finish
- Feature precision-rolled threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Wide underhead flange design provides even load distribution for optimum sealing of surfaces – preventing leaks
- Eliminates thread problems associated with chromed hardware
- Tensile strength rated @ 170.000 psi; superior and stronger than OEM and stronger than grade 8 fasteners

2404-0490

POLISHED STAINLESS STEEL FLANGE WASHER SYSTEM

- This system cleans up the stamped flat edge and stepped look of standard flat washers when used with Race Proof™ 12-point flange bolt
- Every washer is specifically engineered for each size bolt with several key design features
- A precision counterbored hole is CNC-machined for the bolt to sit down inside of the washer – when the bolt is installed in the washer the two flanges meet for an almost seamless look
- All washers also feature a tight tolerance hole with an ID chamfer to clear the large under-head radius on Race Proof™ bolts
- To achieve a highly reflective finish a large radius is machined on the edge of each washer – a radius will "shine" and reflect more light than a square edge
- Finally each washer is polished, by hand, to a perfect mirror finish
- Washers are available for the entire range of bolt sizes from 1/4" through 7/16" in a variety of diameters; conveniently packaged two or four to a pack with 7/16" x 1,062" washers also packaged in a 5-pack for belt sprocket applications

PART #	DESCRIPTION
2404-0490	1/4" x 0,750" (4-pk.)
2404-0491	1/4" x 1,00" (2-pk.)
2404-0492	5/16" x 0,812" (4-pk.)
2404-0493	5/16" x 1,00" (2-pk.)

PART #	DESCRIPTION

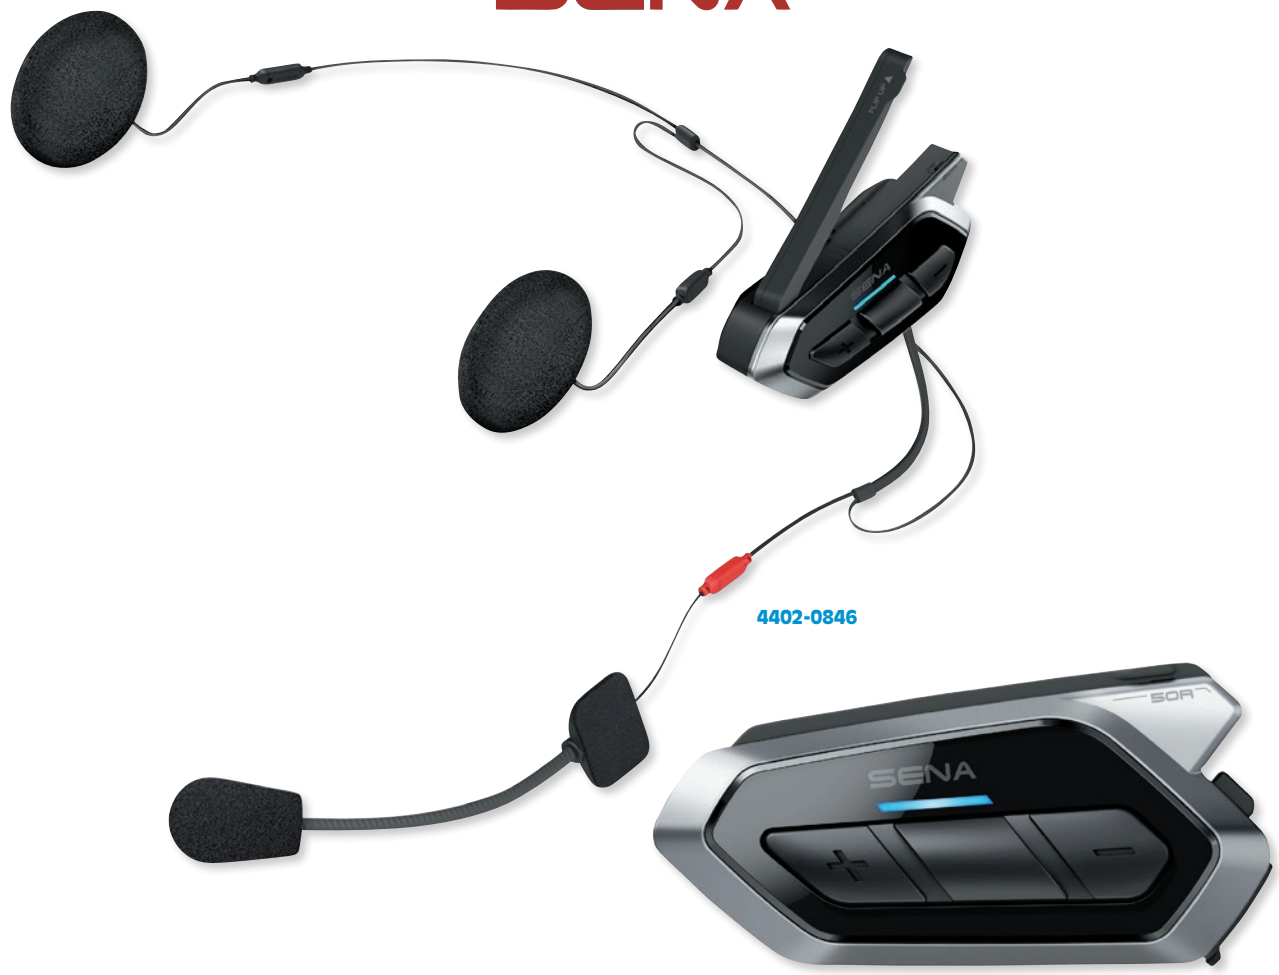
50S MESH INTERCOM™ HEADSET

- Features Bluetooth® 5.0 technology and Mesh 2.0
- Features a versatile Jog Dial for effortless operation
- Mesh 2.0 brings significant advancements to communication for more reliable and stable communication between riders
- Redesigned HD speakers optimized for a boosted performance in volume, bass and clarity
- Features multi-language support and direct digital assistance; can be used with Google Assistant and Siri through voice commands
- Three different intercom modes are available to riders; Multi-Channel Open Mesh Intercom™, Group Mesh Intercom™ or Bluetooth intercom
- Multi-channel Open Mesh intercom™ features nine channels available in open mode which allows the rider to switch frequencies and communicate with a new group; allows a near-limitless number of users within a range of up to 8 km (5 miles)
- Group mesh supports a single, private group for up to 24 participants with a range of up to 8 km (5 miles); only invited users can join the Group Mesh chat
- Also, connects via Bluetooth for four-way communication up to a 2 km (1,2 mile) range; users can pair with a Sena Bluetooth intercom user and bridge them into a Mesh 2.0 intercom conversation
- HD speakers are slimmer and trimmed around the edges for a comfortable fit with a helmet on; audio output delivers crystal-clear sound quality
- Talk time of 9 hours with Mesh intercom or 14 hours with Bluetooth intercom when fully charged
- Included WiFi adapter recharges device and automatically installs firmware updates
- Charging time of 1 hour or a quick 20 minutes for 3,5 hours of Mesh communication or 6 hours of Bluetooth intercom
- Features a high-density battery that charges 30% faster than its predecessors
- Connects to Sena's 50 Utility App for customization of a variety of settings such as remotely controlling Bluetooth intercom pairing and connections, configure channel settings for Open Mesh, set a private group for Group Mesh or creating FM radio presets
- Dual kit includes two single kits in one box

SINGLE UNIT KIT INCLUDES:



1- 50S Headset main unit
1- Universal helmet clamp
1- Boom microphone
1- Wired boom microphone
1- Wired microphone
1- Hook-and-loop fastener for boom microphone
1- Hook-and-loop fastener for wired microphone

30K MESH INTERCOM™

- Stay connected with your group as Mesh Intercom™ technology automatically searches for and reconnects to lost and dropped signals
- Dual antennas and processors allow for simultaneous connections to 4.1 Bluetooth® and Mesh Intercom technology, making it easier to connect to large groups
- Communicate with up to 16 riders at a range of 1,3 miles
- Guests can also join and listen
- With five or more riders connected, Mesh Intercom will keep the group connected at a range of up to 5 miles
- Connects via Bluetooth or the Sena RideConnected App
- Multitask by talking via the Mesh Intercom technology and listen to GPS navigation, phone calls or the built-in FM radio via Bluetooth connection
- Smoother listening experiences from audio that overlays instead of interrupts
- Control the headset with the optional handlebar remote, or hands-free by utilizing voice commands
- Twenty minutes of charging gives you five hours of Bluetooth intercom use or three hours of of Mesh Intercom use
- Firmware upgradeable
- Dual-pack kit includes two single kits in one box

20S EVO MOTORCYCLE BLUETOOTH® COMMUNICATION SYSTEM

- State-of-the-art motorcycle and powersports Bluetooth® communication system provides a sleek and aerodynamic design that offers a versatile jog dial that maximizes the ease of use for riders
- Features Bluetooth 4.0 technology with dual Bluetooth communication modules, to create one of the most advanced Bluetooth headsets in the market; the new Bluetooth technology increases the performance and reliability of the headset while also allowing for increased high-definition audio quality
- The advanced Audio Multitasking™ allows for a seamless blend of incoming and outgoing audio to create a mixed audio experience versus the traditional interruption-based audio technology of other Bluetooth devices
- With the 20S, users can call hands-free with their Bluetooth mobile phones, listen to stereo music or voice instructions of GPS navigation by Bluetooth wirelessly and have intercom conversations in full duplex with a passenger or other riders
- Advanced Noise Control™
- Versatile bike-to-bike conference intercom
- Intercom working distance up to 1,5 miles in open terrain
- Multipoint Bluetooth for dual mobile phone
- HD Quality crystal-clear and natural sound
- Intuitive voice prompts and commands
- Built-in FM radio tuner with a station scan-and-save function
- All-in-one helmet clamp kit
- Quick Bluetooth pairing
- Universal Intercom™: intercom with other brand communication systems
- Water-resistant for use in inclement weather
- Firmware upgradeable
- Dual kit includes two single kits in one box

SENA 10S 4.1 BLUETOOTH® COMMUNICATION SYSTEM

- Upgraded system of the original SMH10 system
- Bluetooth® specification v4.1
- Bluetooth intercom up to 1 mile in open terrain
- Ultra-slim and light for sportbike helmets
- Four-way conference intercom through One Touch Group Intercom™
- Also uses the Universal Intercom™ to communicate with all Sena and non-Sena Bluetooth headsets on the market
- Simplifies connections for earbuds and microphone (wired or boom-type) by condensing them down to a single clamp connector, minimizing the number of wires and enhancing reliability
- Easy operation by versatile Jog Dial makes it effortless to operate
- Micro USB port for battery charging and future software updates
- Bluetooth music playback control: play, pause, track forward and track back
- Remarkable battery life: talk time up to 12 hours; standby time up to 10 days; can be fully charged in as little as 3 hours
- Advanced noise control for less road noise and clearer communication
- Built-in FM radio tuner with a station scan and save function
- Water-resistant for use in inclement weather
- 10S Smartphone app makes configuration a snap – change settings, set groups of intercom friends and access a Quick Guide; pair up to two mobile phones for convenient hands-free calling
- 10S Single Unit Kit includes the list shown; 10S Dual-Pack Kit includes two complete sets of the 10S Single Unit Kit in one box

NOTE: DO NOT apply any other Sena cigarette charger to the 10S main module.

10S SINGLE UNIT KIT INCLUDES:

1- Bluetooth® main module
1- Clamp unit
1- Microphone cap
2- Speakers
1- Wired boom microphone
1- Boom microphone holder
2- Microphone sponges
1- Wire microphone
1- USB power/data cable (micro USB type)
1- Stereo audio cable, 2,5 mm to 3,5 mm with straight type
1- 10S cigarette charger
1- Glued surface mounting adapter
2- Foam speaker covers
4- Speaker pads
4- Hook-and-loop fasteners for speakers
1- Hook-and-loop fastener for boom microphone
1- Hook-and-loop fastener for holder
1- Hook-and-loop fastener for wired microphone
1- Allen wrench
1- Owner's manual

Freewire supplies kit	4402-0705

DESCRIPTION	PART #
Micro USB CBL 7 pin Harley-Davidson	4402-0706

4402-0874

4402-0875

HD SPEAKERS

- Same great sound as the 50 Series speakers now available for most Sena products
- Plug-and-play design makes it easy to replace with the standard Sena connector
- Features audio equalizer presets
- Firmware update needed, which is readily available with the existing utility app and device manager

PART #	DESCRIPTION
4402-0874	Type A compatible w/ 30K, 20S Evo, 20S and 50S systems

PART #	DESCRIPTION
4402-0875	Type B compatible w/ 10C Evo, 10C Pro and 5S systems

RECHARGEABLE BATTERY

- Replacement rechargeable battery for Tuff Talk Bluetooth Headsets
- Sold each

PART #	DESCRIPTION
4402-0689	Rechargeable battery

All part numbers in BLUE are new for 2021.

4403-0128

ELITE BT-04 SERIES BLUETOOTH® HEADSETS

- Superior wind and ambient noise canceling at high speeds
- Easy-to-install clamp-on mounting system includes all necessary hardware
- CSR BlueCore8 module makes it easy to pair with most Bluetooth-enabled audio devices
- Up to four headsets can be paired together, allowing for communication up to 1/2 mile
- Easy-to-operate controls
- Universal application fits most full-face, flip-up, or shorty-style helmets

PART #	DESCRIPTION
4403-0128	Flip-up/open style

PART #	DESCRIPTION
4403-0129	Universal

4403-0124

4403-0062

HS-291/9291 HELMET HEADSETS

- 291 features miniature extra-high-output (XHO) AeroMike® VI boom microphone (retuned for use with all factory-installed motorcycle audio systems)
- 291 features slimline 40mm high-intensity helmet speakers for improved on-highway audio performance
- 9291 features our miniature high-output (HO) AeroMike® V boom microphone, (retuned for use with all factory-installed motorcycle audio systems)
- 9291 features slimline helmet speakers
- Both headsets include 8-pin two-piece hook-up cord system (upper cord ONLY included with headset) that allows connection of these headsets to any factory-installed motorcycle audio system in existence today, including the 1998-2020 Harley Infotainment systems and Honda GL-1800 Premium Audio, just by interchanging the lower section hook-up cord

PART #	DESCRIPTION
HEADSETS	
4403-0124	HS-291, for universal-style for most open/flip-up/full-face style helmets
HOOK-UP CORDS AND ACCESSORIES	
HC-PC	Lower cord for Honda, Kawasaki, Suzuki and Yamaha 83-10 5-pin systems and GL-1500 88-00 w/ J&M passenger controller
4403-0044	Lower cord for 98-20 H-D 7-pin audio systems
4403-0062	Repl. windsock kit (three piece) for AeroMike III® miniature microphones

All part numbers in BLUE are new for 2021.

801 SERIES HELMET HEADSETS

- Features Aeromike® VI chin-bar microphone
- Slim-lined high-intensity speakers for greater on-highway audio
- Connects to nearly any factory-installed audio system with two-piece hook-up cord
- Z-series 8-pin to 7-pin lower cord lower section allows for connection to Harley-Davidson 06-20 audio systems (sold separately)

PART #	DESCRIPTION
4403-0119	Full face
4403-0121	Flip face
4403-0122	Universal

PART #	DESCRIPTION
ACCESSORIES	
4403-0123	Z-series 8-pin to 7-pin lower cord

HEADSET CORDS AND WINDSOCK KIT

- Fit a wide variety of J&M headsets as well as Drag Specialties headsets from J&M
- Cords feature top-quality connectors
- P-series and Z-series two-piece cord systems allow headsets to be connected to any factory-installed motorcycle audio system simply by interchanging the lower-section hook-up cord

PART #	DESCRIPTION
P-SERIES LOWER CORDS	
4402-0047	For connection to 99-15 J&M 6-pin audio systems
Z-SERIES LOWER CORDS	
DS-112377	For connection to 89-97 H-D 5-pin audio systems
4403-0053	For connection to 99-15 J&M 6-pin audio systems
4403-0052	For connection to 98-15 H-D 7-pin audio systems
UPPER CORDS	
4403-0018	Upper-section 8-pin right-angle hook-up cord (HS-ICD279, HS-BCD279, HS-BCD277, HS-ICD277, HS-BCD257, HS-BCD174 and HS-ICD174 headsets)

PART #	DESCRIPTION
UPPER CORDS (CONT)	
4403-0019	Upper-section 8-pin right-angle hook-up cord (HS-ECD629, HS-ICD629, HS-ECD584, HS-ICD584, HS-ECD477, HS-ICD477, HS-ECD374, HS-ECD271 and HS-ECD269 headsets)
DS-112354	Repl. one-piece headset cord without boot for J&M HS-E164
REPL. WINDSOCK KIT	
4403-0062	Repl. windsock kit (three-piece) for AeroMike III® miniature microphones

All part numbers in BLUE are new for 2021.

WHOLE HOG RG 900-WATT AMP/6-SPEAKER KIT

- Complete 900-watt amp/6-speaker kit
- Designed to work with factory charging system, no upgrade required
- Includes fairing speakers, rear speakers, 6,5" speakers with adaptors for the fairing lower glove boxes
- Fairing speaker grilles include black and chrome trim
- Speaker adapters for fairing lower glove boxes give simple access to factory coolant tank
- Main portion of lower speaker adapter is gloss black to match factory inner fairing
- Includes Wild Boar Audio amp with special mounting plates
- All amps fit inside fairing, are bolt-in and 100% plug-and-play
- Amplifiers feature R.E.M.I.T. technology for excellent FM reception from a Class D amp
- Kit comes complete with all wiring and hardware to complete the installation

NOTE: A radio reflash may be required for best performance.

NOTE: Not for use on CVO models.

PART #	DESCRIPTION
4405-0544	For 15-20 FLTRU/FLTRK models

WHOLE HOG 900-WATT AMP/6-SPEAKER KIT

- Complete 900-watt/6 speaker kit
- Designed to work with factory charging system–no upgrade required
- Includes fairing speakers, rear speakers and 6,5" speakers with adapters for the fairing lower glove boxes
- Speaker adapters for fairing lower glove boxes give simple access to factory coolant tank
- Main portion of lower speaker adapter is gloss black to match factory inner fairing
- Includes Wild Boar Audio amp with special mounting plate (see note)
- All amps fit inside fairing, are bolt-in and 100% plug-and-play
- Amplifiers feature R.E.M.I.T. Technology for excellent FM reception from a Class D amp
- Kit comes complete with all wiring and hardware to complete the installation

Note: A radio reflash may be required for best performance.

Note: Requires removal of CB module, if equipped.

PART #	DESCRIPTION
4405-0534	For 14-20 FLHTK/FLHTCUTG models

600-WATT AMP/FRONT/REAR SPEAKER KIT FOR CVO ULTRAS

- Direct replacement system for CVO™ model Ultras with factory Stage 1 Audio
- Includes 600-watt amp with front and rear speakers
- Includes plug-and-play wire harness that adapts to CVO Specific Wire Harness
- Amplifier easily installs in same location as factory amp (inside fairing)
- No upgrades required to factory charging system
- Compatible with factory quick-detach tour paks
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- No adjustments on amp makes installation very simple
- Includes WBAURH Ultra Rear Harness (PART #2120-0900), which allows radio fader to control front/rear levels
- System is expandable to easily add additional amplifier for fairing lowers or saddlebag lids

NOTE: A Techno Research/OEM dealer radio reflash is required.

PART #	DESCRIPTION
4405-0545	For 14-20 Ultra Limited CVO FLHKSE

All part numbers in BLUE are new for 2021.

4405-0499

4405-0500

600-WATT AMP/FRONT/REAR SPEAKER KIT FOR ULTRAS

- Includes 600-watt, 4-channel amp, front and rear speakers and all required wiring
- Amplifier easily mounts inside fairing
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- System is easily expandable to add speakers to lower fairings or lids
- No upgrades required to factory charging system
- Compatible with factory quick-detach Tour-Paks®
- Pre-tuned to factory radio, so zero adjustments are required, making installation very simple
- Includes Ultra rear harness, which allows radio fader to control front/rear levels

NOTE: For best performance, a radio reflash may be required.

PART #	DESCRIPTION
4405-0499	For 14-20 FLHTCU/FLHTK/FLHTCUTG models

PART #	DESCRIPTION
4405-0500	For 15-20 FLTRU/FLTRK models

4405-0497

4405-0498

BIG PIG 600-WATT AMP/FRONT SPEAKER AND 6" X 9" LID KIT

- Complete kit with 6" x 9" speakers, front speakers and 600-watt, 4-channel amp
- Amplifier easily installs inside inner fairing
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- No upgrades required to factory charging system
- Lids come primed and paint-ready
- System is easily expandable

NOTE: A Techno Research/OEM dealer radio reflash is required.

PART #	DESCRIPTION
4405-0497	For 14-20 FLHX/FLHXS/FLHTCU/FLHTCUTG models

PART #	DESCRIPTION
4405-0498	For 15-20 FLTRX/FLTRXS/FLTRU/FLTRK models

4405-0484

2120-0900

600-WATT 4-CHANNEL AMP

- 150-watts x 4 at 4-ohms
- Includes inner fairing mounting plates for FLHT and FLTRX/U models
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- 100% plug-and-play with supplied upgrade wire harness
- No upgrades required to factory charging system
- Pre-tuned to factory radio, so zero adjustments are required, making installation very simple
- Ultra rear harness (PART #2120-0900) is required if installing front and rear speakers on Ultra models

NOTE: For best performance, a radio software reflash may be required.

PART #	DESCRIPTION
4405-0484[1]	For 14-20 FLHTCU/FLHX/FLHTCUTG/FLTRX/FLTRU/FLTRK models

PART #	DESCRIPTION
2120-0900	Harness for Ultra models

[1] Not for use on CVO models.

All part numbers in BLUE are new for 2021.

400-WATT 2-CHANNEL AMP

- 400-watt, 2-channel amp features R.E.M.I.T. technology for excellent FM reception from a Class D amp
- Includes inner fairing mounting for FLH and FLTR models
- Included mounting plates have provisions to easily add a second amp
- A third amp can be added by using Hogtunes FLH side plate (PART #4405-0531) or FLTR side plate (PART #4405-0543)
- Includes high-quality plug-and-play wire harnesses and everything needed to complete the installation

NOTE: A Techno Research/OEM dealer radio reflash is required for Street Glide/Road Glide models.

PART #	DESCRIPTION
4405-0653	For 14-20 FLHT/FLHX/FLTR/FLTRU/ FLHTCU/FLHTK/FLHTCUTG models

400-WATT AMP/SPEAKER KIT

- Features a plug-and-play, 400-watt, 2-channel amplifier
- Wild Boar Audio 6,5" 4-ohm front speakers
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- System is easy to expand to add a second or third amp later on
- Includes very high-quality plug-and-play wire harnesses and everything needed to complete the installation

NOTE: A Techno Research/OEM dealer radio reflash is required.

NOTE: Not for CVO models.

PART #	DESCRIPTION
4405-0717	For 14-20 FLHTCU/FLHTK/FLHXS/FLHX/ FLHTCUTG/FLTRX/FLTRU/FLTRK models

400-WATT AMP/SPEAKER KIT

- Features a plug-and-play 400-watt, 2-channel amplifier with Road Glide specific mounting
- Two Wild Boar Audio 6,5" Road Glide specific front speakers
- Features R.E.M.I.T. technology for excellent FM reception from a Class D amp
- Black grille trim rings and chrome grille trim rings are included
- System is easy to expand to add a second or third amp later on
- Kit includes plug-and-play wire harnesses and instructions

NOTE: Not for CVO models.

NOTE: A Techno Reasearch/OEM dealer radio reflash is required.

PART #	DESCRIPTION
4405-0718	For 15-20 FLTRX/FLTRU/FLTRK

LIQUID-COOLED LOWER AMP/SPEAKER KIT

- Features a plug-and-play 300-watt, 2-channel amplifier
- Wild Boar Audio 6,5" 4-ohm speakers
- R.E.M.I.T. technology for excellent FM reception from a Class D amp
- Includes side plate to mount amp inside fairing
- Includes adapters to properly mount speakers in lowers
- Easily added to bikes with Wild Boar Ultra Kit (PART #4405-0499) already installed

NOTE: A radio reflash may be required.

NOTE: Requires removal of CB module (if equipped).

NOTE: Side Plate-RM (PART #4405-0543) is required for FLTRU models.

PART #	DESCRIPTION
4405-0533	For 14-20 FLHTK/FLTRU models

300-WATT 2-CHANNEL AMP

- 300-watt, 2-channel amplifier (150W x 2 @ 4-ohms)
- Includes all required wiring
- Includes side mounting plate (PART #4405-0531) where CB module mounts on FLHT models
- Amplifier features R.E.M.I.T. Technology for excellent FM reception from a Class D amp
- No upgrades required to factory charging system

NOTE: A radio reflash may be required for best performance.

NOTE: Requires removal of CB module on FLH models (if equipped).

NOTE: FLTR Side Plate-RM (PART #4405-0543) is required for FLTRU models.

PART #	DESCRIPTION
4405-0521	For 14-20 FLHT/FLHX/FLTR/FLTRU/ FLHTCU/FLHTK/FLHTCUTG Trike models

All part numbers in BLUE are new for 2021.

6" X 9" COMPONENT SPEAKERS

- Made to fit Hogtunes speaker lid kit only (PART #4405-0427)
- 300-watt, 4-ohm
- Woofer cone is made of carbon fiber
- Tweeter is 1,25" textile dome
- Large vented magnet assembly
- Custom external 2-way crossovers easily bolt to underside of Hogtunes lids
- Upgrade wire and connectors included
- Sold in pairs

PART #	DESCRIPTION
4405-0458	For 14-20 FLHT/FLHX/FLHR/FLTRX/FLTRU/FLTRK models w/ hard saddlebags and Hogtunes lids

200-WATT FRONT SPEAKERS

- 4-ohm 200-watt speakers feature large, vented magnets, nice studio-grade crossovers and carbon fiber cone
- 1,25" titanium tweeter with custom reflector cup
- Road Glide specific black grille trim rings can be installed "as is" or be painted to match custom inner fairings
- Chrome grille trim rings are also included in box
- Locking barbs secure factory speaker wires
- Designed specifically for the very small factory speaker cabinets
- No corporate logos on grilles for a seamless, custom look
- Sold in pairs

PART #	DESCRIPTION
4405-0482	For 15-20 FLTRX/FLTRU/FLTRK

200-WATT FRONT SPEAKERS

- 4-ohm, 200-watt speakers feature large, vented magnets, nice studio-grade crossovers and carbon fiber cone
- 1,25" titanium tweeter with custom sound correction reflector cup
- Designed specifically for very small factory speaker cabinets
- Locking barbs secure factory speaker wires
- No corporate logos on grilles
- One-piece design makes installation a snap
- Sold in pairs

PART #	DESCRIPTION
4405-0457	For 14-20 FLHT/FLHX/FLHTCU/FLHTK/FLHTCUTG models

6,5" 150-WATT REAR SPEAKERS

- 4-ohm, 150-watt dedicated rear speakers, carbon fiber cone and studio-grade crossovers
- Designed specifically for factory Ultra rear speaker pods with tour pak ports
- 1,25" titanium tweeter with custom reflector cup
- One-piece design makes installation a snap
- Sold in pairs

Note: Require a 4-ohm amplifier for proper operation.

PART #	DESCRIPTION
4405-0496	For 14-20 FLHTCU/FLHTCUTG/FLTRU/FLTRK models

6,5" LOWER SPEAKER ADAPTERS

- High-quality, injection-molded adapters for 6,5" speakers with a maximum mounting depth of 2,25"
- Body is matte black, with a gloss black face
- Includes wire harness and all required hardware
- Speaker grilles are not included

PART #	DESCRIPTION
4405-0532	For 14-20 FLHTK/FLHTCUTG/FLTRU/FLTRK models

All part numbers in BLUE are new for 2021.

R.E.M.I.T.

XL SERIES 450-WATT AMP/SPEAKER KIT FOR ROAD GLIDE ULTRA

- Complete kit with dual 225-watt amps and front and rear XL series speakers
- Includes 57 mesh-front speaker grilles and Road Glide specific mounting plates for both amps
- Amplifiers feature R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- All required plug-and-play wiring and mounting hardware to complete the installation is included
- Compatible with H-D specific aftermarket radios

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0711	11-13 FLTRU models

R.E.M.I.T.

XL SERIES 450-WATT AMP/SPEAKER KIT

- Complete kit with dual 225-watt amps and front and rear XL Series 5,25" speakers
- Includes metal mesh grilles for front speakers (PART #4405-0379)
- Amplifiers feature R.E.M.I.T. circuitry for excellent FM reception from a class D amp
- All required plug-and-play wiring and mounting hardware to complete installation is included
- Compatible with HD-specific aftermarket radios

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0618	For 99-13 FLHTCU/FLHTCUTG models

425-WATT AMP/SIX SPEAKER KIT

- Complete dual amp, 425-watt/six speaker kit
- Includes XL series front and rear speakers and a 7" woofer kit for the (vented) fairing lower glove boxes
- Also includes REV 450-AA (PART #4405-0522) 200-watt amp to power front and rear speakers and REV 225-AA (PART #4405-0493) 225-watt amp for 7" woofers
- Both amps fit inside fairing, are bolt-in and 100% plug-and-play
- Designed to work with factory charging system, no upgrade required
- Kit comes complete with all plug-and-play wiring and hardware to complete the installation

PART #	DESCRIPTION
4405-0713	For 05-13 FLHTCU/FLHTCUTG models

All part numbers in BLUE are new for 2021.

HOGTUNES
Audio Solutions For The Great American Cruiser

225-WATT XL SERIES AMP/SPEAKER KIT

- Complete Road Glide-specific kit
- Features a 225-watt amp and XL series 5,25" front speakers
- Speakers install with supplied mesh grilles; can use factory grille cloth
- Amplifier features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- All required plug-and-play wiring and Road Glide-specific amplifier mounting plate included

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0669	For 99-13 FLTR/FLTRX models

XL SERIES 225-WATT AMP/SPEAKER KIT

- Complete kit with 225-watt amp and XL Series 5,25" front speakers
- Includes metal mesh grilles (PART #4405-0379)
- Amplifier features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- All required plug-and-play wiring and hardware to complete the installation is included

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0613	For 99-13 FLHTCU/FLHTCUTG/FLHXS models

XL FRONT SPEAKER KIT

- Kit includes two 5,25" 2-ohm front speakers with SGF Grill-AA metal mesh grilles
- Speakers offer superior bass response and overall better sound, especially at riding speeds
- Features carbon fiber woofer cone and titanium-impregnated 1" tweeter
- Large magnet assembly for higher power handling
- Features studio-quality polystyrene capacitors in crossovers
- Works best when used with an amplifier
- Easy plug-and-play installation

PART #	DESCRIPTION
4405-0555	For 06-13 FLHT/FLHX w/ OEM radio, 99-05 FLHT/FLHX w/ 2-ohm stable amp

All part numbers in BLUE are new for 2021.

HOGTUNES

225-WATT AMP/6,5" FRONT SPEAKER KIT

R.E.M.I.T.

- Complete kit with 225-watt amp and Gen 4 6,5" front speakers
- Included mounting plate to easily add and second amp
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- No radio reflash is required
- Includes Hogtunes model-specific replacement metal mesh grilles
- All required plug-and-play wiring and hardware to complete the installation is included

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0611	For 14-20 FLHX/FLHXS models w/ factory radio

225-WATT AMP/6,5" FRONT SPEAKER KIT

R.E.M.I.T.

- Complete kit with 225-watt amp and Gen 4 6,5" front speakers
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- No radio reflash is required
- Includes Hogtunes FLTR metal mesh grilles with black trim
- All required plug-and-play wiring and hardware to complete the installation is included

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0610	For 15-20 FLTRX models w/ factory radio

200-WATT AMP/SIX SPEAKER KIT

- Includes 200-watt amp and six Gen 4 6,5" speakers with grilles
- Amplifier powers front and lower speakers; radio power runs rear speakers
- 100% plug-and-play wiring, lower speaker adapters and all required hardware to complete installation
- Lower fronts come in gloss black to match inner fairing of liquid-cooled models bikes
- System is easily expandable to add additional amplifier
- No radio reflash is required

NOTE: Not compatible on CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0615	For 14-20 FLHTCU/FLHTCUTG liquid-cooled models

GEN 4 200-WATT AMP/FOUR SPEAKER KIT

- Complete front and rear speaker kit with 4-channel amp
- 100% plug-and-play and includes all required hardware to complete installation
- Includes Hogtunes amp and Gen 4, 6,5" front and rear speakers with grilles
- System is easily expandable
- No radio reflash is required

PART #	DESCRIPTION
4405-0614	For 14-20 FLHTCU/FLHTCUTG models

All part numbers in BLUE are new for 2021.

HOGTUNES
Audio Solutions For The Great American Cruiser

GEN 4 200-WATT AMP/SPEAKER KIT FOR ROAD GLIDE ULTRA

- Complete Road Glide specific front and rear speaker kit with 200-watt, 4-channel amp
- 100% plug-and-play, includes all required hardware to complete installation
- Includes Hogtunes REV 450-RM amp (PART #4405-0523) and GEN 4 6,5" front and rear speakers with Road Glide specific grilles

NOTE: This system does not require a radio reflash but a Techno Research (only) reflash is strongly suggested for maximum performance on Road Glide Ultra models.

PART #	DESCRIPTION
4405-0712	15-20 FLTRU/FLTRK

FRONT/REAR SPEAKER/AMP KIT FOR ROAD GLIDE ULTRA

- Includes Gen 3 5" x 7" front speakers with grilles, rear speakers and 200-watt, 4-channel amplifier
- 100% plug-and-play wire harness and custom mounting plate to secure amp inside Road Glide fairing
- Comes with everything required for complete installation
- System is easily expandable to add second amp in fairing for lower speakers or lids
- Sold each

NOTE: Not compatible with CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0710	11-13 FLTRU models

GEN 4 LOWER SPEAKER KIT FOR LIQUID-COOLED MODELS

- Complete kit with speaker adapters, grilles, 6,5" 2-ohm speakers and all required wiring to go in fairing lowers
- Lower adapters provide easy access to the coolant reservoir, come in gloss black to match inner fairing on all liquid-cooled models
- Includes all required hardware and wiring to complete the installation

NOTE: Required amplifier is not included.

PART #	DESCRIPTION
4405-0616	For 14-20 FLHTCU/FLTRU/FLTRK/FLHTCUTG models w/ liquid-cooled motors

200-WATT AMP/5,25" FRONT AND REAR SPEAKER KIT

- Includes GEN3 front and rear speakers and 200-watt, 4-channel amplifier
- 100% plug-and-play wire harness
- Includes custom mounting "arms" to secure amp above radio
- Comes with everything required to complete installation
- Sold each

NOTE: Not compatible with CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0535	For 00-13 FLHTK/FLHTCUTG/FLHTCU/I models

All part numbers in BLUE are new for 2021.

HOGTUNES
Audio Solutions For The Great American Cruiser

R.E.M.I.T.

225-WATT AMP/FRONT SPEAKER KITS

- Includes GEN3 front speakers and 225-watt, 2-channel amplifier
- Kit comes with everything required to complete installation
- Features R.E.M.I.T. circuitry for excellent FM reception from Class D amp
- No upgrades required to factory charging system
- 100% plug-and-play harness included

NOTE: Not compatible with CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0494	For 99-13 FLHT/FLHX models (5¼" speakers)
4405-0495	For 99-13 FLTR/X models (5" x 7" speakers)

7" FAIRING LOWER WOOFER KIT WITH AMP

- Complete kit includes REV 225-watt amp, 7" 2-ohm woofers, fairing lower adapters, grilles and all required plug-and-play wiring
- Radio runs existing speakers and supplied amp runs lower speakers
- Compatible on 06-13 CVO Ultras
- Use with PART #4405-0535 to create a 6-speaker/6-channel kit (this option requires PART #4405-0234 to mount second amp)

NOTE: PART #4405-0486 is required for FLTRU models.

PART #	DESCRIPTION
4405-0542	For 05-13 FLHTCU/FLHTCUL/FLTRU models

7" WOOFER KIT

- Includes 2-ohm 7" woofers, grilles (not shown) and all required hardware
- Includes wire harness to plug into any Hogtunes amp
- Requires amplifier PART #s 4405-0522 or 4405-0493 (not included)
- Requires FLHT-style vented fairing lowers

NOTE: An additional amp will be required if using rear speakers with this kit.

PART #	DESCRIPTION
4405-0233	For 99-13 Dressers and H-D FL Trikes (except 99-09 FLTR)

HOG-POD FLHT/FLHX DASH TRIM/TWEETER POD

- Complete add-on tweeter kit
- Doubles as a fairing accent piece with decorative chrome trim (included)
- Pod comes satin black to match stock inner fairings (as shown)
- Disassembles easily to paint-match custom-painted fairings
- Black see-through grilles can also be painted or chromed
- Second set of cloth-covered grilles included
- Works with all Hogtunes speaker systems, 99-13 stock systems or bikes with aftermarket car radios

- Includes custom-designed 50-watt (RMS) high-efficiency metalized dome tweeters with 3rd order (18 dB) passive crossovers
- Radically improves clarity and performance of your audio system
- All mounting hardware, drilling template and plug-and-play wiring is included in box

PART #	DESCRIPTION
4405-0172	For 99-13 FLHT/FLHX/H-D FL Trike models

All part numbers in BLUE are new for 2021.

4405-0427

4405-0290

4405-0714

SPEAKER LID KITS WITH 6" X 9" SPEAKERS

- Includes high-impact ABS replacement saddlebag lids, 200-watt, 2-ohm motorcycle 6" x 9" speakers, grilles, gaskets, striker plates, grommets, wire harness and required hardware; PART #s 4405-0427 and 4405-0290 do not include speakers
- PART #4405-0714 includes lid speakers only with custom silicone gaskets to fit perfectly with all years of Hogtune lids and studio-quality polystyrene capacitors for crossover
- Speakers offer superior bass response and overall better sound; large magnet assembly for higher power handling
- Factory latch/lock mechanism bolts into new lids
- Features a built-in water drainage system to keep everything dry
- Available in matte black, primed and ready for paint

NOTE: Required amplifier is not included.

PART #	DESCRIPTION
FOR 14-20 FLHT/FLHX/FLHR/FLTRX/FLTRU/FLTRK MODELS W/ HARD SADDLEBAGS	
4405-0716	Lids w/ speakers
4405-0427	Lids w/o speakers
FOR 99-13 FLHT/FLHX/FLHR/FLTR MODELS W/ HARD SADDLEBAGS	
4405-0715	Lids w/ speakers
4405-0290	Lids w/o speakers
SPEAKERS	
4405-0714[1]	6" X 9" lid speakers

[1] Sold in pairs.

GEN3 5" X 7" FRONT SPEAKERS

- Feature vented magnets for increased power handling
- Include metal mesh speaker grilles
- Larger 5" x 7" speaker adapts perfectly to Road Glide fairings
- 2-ohm, conservatively rated at 100-watt RMS power handling
- Sold in pairs

NOTE: Not compatible with CVO models with factory amplifiers installed.

PART #	DESCRIPTION
4405-0329	For 06-13 FLTR/X

4405-0325

GEN3 5,25" REPLACEMENT SPEAKERS

- Feature vented magnets for increased power handling
- 2-ohm styles feature an all-new 1" titanium tweeter dome for smoother highs
- New technologies give more bass response than previous models
- Conservatively rated at 100-watts RMS power handling
- Sold in pairs

PART #	DESCRIPTION
FOR 06-13 FLHT/FLHX/FLHTCU/FLHTCUG RADIO ONLY OR 98-13 W/ AMPLIFIERS INSTALLED	
4405-0325	Front; 2-ohm
4405-0326	Rear; 2-ohm
FOR 99-05 FLHTC/FLHTCU RADIO POWER ONLY (NO AMPLIFIERS INSTALLED)	
4405-0327	Front; 6-ohm
4405-0328	Rear; 6-ohm

All part numbers in BLUE are new for 2021.

4405-0612	Rear speakers

150-WATT XL SERIES REAR SPEAKERS

- 5,25", 2-ohm speakers
- Speakers offer superior bass response and overall better sound, especially at riding speeds
- Feature carbon fiber woofer cone and titanium-impregnated 1" tweeter
- Feature multiple neoodymium magnets for increased bass and power handling and studio-quality polystyrene capacitors for crossover
- Easy plug-and-play installation
- Sold in pairs

PART #	DESCRIPTION
4405-0617	For 06-13 FLHTCU/FLTRU/FLHTCUTG/FLHXS models

REAR SPEAKER PODS

- Kit includes vinyl covered rear speaker pods, grilles, mounting hardware and wire harness
- Also include wiring for bikes with car radios
- Hold Hogtunes 5,25" front or rear model speakers

NOTE: Supplied wiring will not plug into radio on FLHX/TC and FLTR models. Amplifier, OEM harness or car radio is required.

PART #	DESCRIPTION
4405-0229	For 99-13 models w/ radio and King tour boxes

225-WATT AMPLIFIER KIT

- 225-watt, 2-channel fairing mounted amp (112,5 W x 2 @ 2-ohms)
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- No radio reflash is required
- Includes mounting plates for FLH and FLTR Models
- Mounting plates allow for easy addition of second amplifier

PART #	DESCRIPTION
4405-0490	For 14-20 FLHT/FLHX/FLTR/FLHTCUTG with factory radio

225-WATT AMPLIFIER KIT

- 225-watt, 2-channel fairing mounted amplifier (112,5 W x 2 RMS at 2-ohms)
- Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
- 100% plug-and-play with supplied wire harnesses

NOTE: Not compatible with CVO models with factory amplifiers installed.

NOTE: PART #4405-0234 required if this is the second Hogtunes amp on FLHT/FLHX models. Please see page 1843.

PART #	DESCRIPTION
4405-0493	For 99-13 FLHT/FLHX/FLHTCUTG Trike with factory radio

All part numbers in BLUE are new for 2021.

HOGTUNES
Audio Solutions For The Great American Cruiser

REV SERIES 4-CHANNEL AMPS

- 200-watt, 4-channel amplifier (50W x 4)
- Includes upgraded, 100% plug-and-play harness
- Complete with everything needed for installation

PART #	DESCRIPTION
4405-0523[1]	For 14-20 FLHT/FLHX/FLHTCU/FLHTK/ FLHTCUTG models w/ radio
4405-0522[2]	For 99-13 FLHT/FLHX/FLHTCU/FLHTK/ FLHTCUTG Trike models w/ radio

[1] PART #4405-0391 is required for Road Glide models.
[2] PART #4405-0405 is required for Road Glide models.

SIDE MOUNTING PLATES

- Allow a Hogtunes 2-channel amp to be mounted inside the fairing to the left-side speaker cabinet as a stand-alone amp or as an addition to an existing system
- Additional side mounting plate (PART #4405-0543) required for 15-20 FLTR models
- PART #s 4405-0531 and 4405-0543 can also be used to install Hogtunes REV 225-RM (PART #4405-0490)

PART #	DESCRIPTION
4405-0531	For 14-20 FLHT/FLHX/FLHTCU/FLHTK/FLHTCUTG
4405-0543	For 15-20 FLTRX

ROAD GLIDE ADAPTER PLATE FOR HOGTUNES 4-CHANNEL AMP

- Adapter mount for 200-watt amplifier kits
- Includes all necessary hardware

PART #	DESCRIPTION
4405-0405	Adapter mount for 99-13 FLTR/FLTRX

AMPLIFIER MOUNTING KIT

- Mounts 2-channel amp between radio and speaker in 99-13 FLT/FLHT/X models
- Ideal for mounting second Hogtunes amplifier
- Kit includes steel mounting plate and all required hardware

PART #	DESCRIPTION
4405-0234	2-channel Hogtunes amp mount kit

ROAD GLIDE ADAPTER PLATE FOR HOGTUNES 2-CHANNEL AMP

- Required if mounting any Hogtunes 2-channel amp in 99-13 FLTR/FLTRX models
- Kit includes steel mounting plates and all required hardware

PART #	DESCRIPTION
4405-0486	2-channel amp adapter

ROAD GLIDE ADAPTER PLATE FOR HOGTUNES 4-CHANNEL AMP

- Adapter plate required to bolt Hogtunes 4-channel amps into 15-20 FLTR models

PART #	DESCRIPTION
4405-0391	Amp adapter kit for 15-20 FLTRX/FLTRXS, 16-20 FLTRU/FLTRK

All part numbers in **BLUE** are new for 2021.

HOGTUNES
Audio Solutions For The Great American Cruiser

IN-FAIRING BLUETOOTH® MUSIC RECEIVER/CONTROLLER

- Adds Bluetooth® capability through factory radio AUX input
- Replaces factory ambient air temperature gauge
- Easy plug-and-play installation
- Additional input for satellite radio/GPS, etc.
- H-D accessory chrome rings fit perfectly
- Backlights for easy viewing at night
- Works with any radio that has 1/8" input
- Ability to pair with up to nine wireless devices

- Allows rider to install mounting hardware wherever needed to meet space requirements
- Full-range Class-D amplifier
- Fully shielded from AM and FM radio interference
- Two channels at 100W RMS per channel (200W total)
- Plug-n-play wiring harness
- Amplifier measures 6 1/2" x 4 3/4" x 1 3/4"

PART #	DESCRIPTION
4405-0524	Universal Dresser mount

ROKKER® TWEETER KIT

- Designed specifically for use on the 98-13 OEM BatWing or Road Glide style fairing
- 25 mm diameter high-output dome tweeters bring extra high-frequency definition to your Harley® Bagger audio system
- Rated at 300W peak power (150W RMS)
- Tweeters are spec'd at 2 ohms nominal impedance
- Work with any radio or amplifier designed to operate at a 2, 4, 6 or 8-ohm load
- Kit includes two tweeters and alternate connection wire assemblies
- All necessary mounting hardware and complete installation instructions included

PART #	DESCRIPTION
4405-0321	For 99-13 FLHT/FLHX/FLTR models

All part numbers in BLUE are new for 2021.

AUDIO CABLE

- 3,3' stereo audio cable with 90° ends
- Connects your MP3/Satellite radio/GPS to the "aux in" on your bike's radio
- High-quality gold-plated connectors
- Sold each

PART #	DESCRIPTION
4401-0072	Audio cable

HOGTUNES
Audio Solutions For The Great American Cruiser

REAR SPEAKER OUTPUT PLUG

- Allows easy access to factory radios with built-in rear speaker outputs
- Plugs directly into an empty 35-pin socket on back of radio
- 4-pin plug also plugs into rear input on REV 450-AA amplifier (PART #4405-0552)
- Wires are clearly labelled for easy installation

NOTE: This plug accesses the speaker leads of the radio but does not activate your radio's built-in fader control. To have your fader enabled, you must go to a H-D® dealer and have your radio reflashed.

PART #	DESCRIPTION
2120-0771	For 06-10 FLHT, 06-13 FLHTC/FLHX/FLTR

All part numbers in BLUE are new for 2021.

HI-LO SPEAKER LEVEL CONVERTER

- Bypasses speaker level output settings to use external amp input

PART #	DESCRIPTION
2120-0541	Hi-lo speaker converter

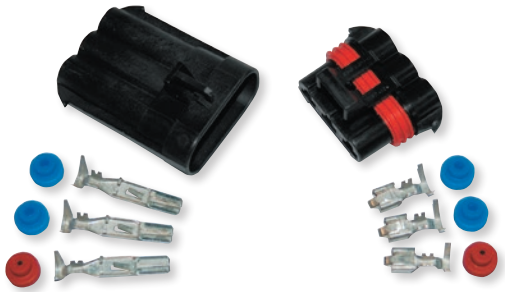
NAMZ Custom Cycle Products

3' AMP POWER CABLE

- 3' RCA cable
- High-performance, oxygen-free cable features copper conductor, high strand weave and a gold-plated tip

PART #	DESCRIPTION
2120-0536	3' amp power cable

REAR SPEAKER HARNESSES



- Rear speaker harness PART #2120-0628 allows installation of rear speakers with OEM Harmon Kardon radio; features OEM-type 35-pin connector
- Tour-Pak® plug-and-play rear speaker harness PART #s 2120-0630 and 2120-0770 fits all models with a Harmon Kardon radio and using a factory speaker-equipped Tour-Pak®; allows the use of Tour-Pak® audio controls

NOTE: Customer will need to have the radio flashed by a dealer to activate rear channels in order for these harnesses to work.

PART #	DESCRIPTION
2120-0628	Rear speaker harness w/ OEM-type 35-pin connector
2120-0630	Tour Pak® plug-and-play rear speaker harness for all 06-10 models w/ Harmon Kardon radio and using a factory speaker-equipped Tour Pak®
2120-0770	Tour Pak® plug-and-play rear speaker harness for all 11-13 models w/ Harmon Kardon radio and using a factory speaker-equipped Tour Pak®

AMP POWER PLUG KIT

- Water-tight quick-disconnect female/male plug set
- For 10-gauge power, ground and 16-18-gauge remote wire for power amps installed in saddlebags

PART #	DESCRIPTION
2120-0602	AMP power plug kit

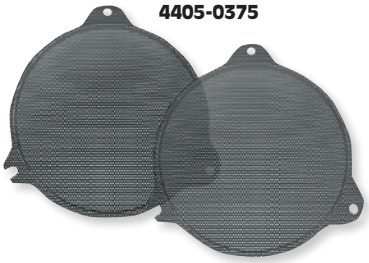
AMP INSTALL KIT W/ 8-GAUGE WIRE

- Kit includes 17' of 8-gauge red power wire, 3' and 15' RCA cables, 3' of 8-gauge black ground wire, 17' of 18-gauge blue remote wire and 17' of 16-gauge speaker wire
- Also includes AGU-style heat-resistant fuse holder, 50-amp AGU fuse and 6' of split loom with cable ties and crimp terminals
- Handles up to 900 watts

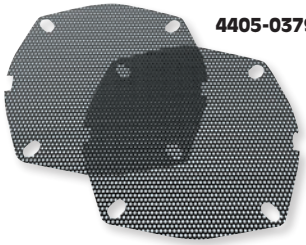
PART #	DESCRIPTION
2120-0534	Amp install kit w/ 8-gauge wire

AMP INSTALL KIT W/ 10-GAUGE WIRE

- Kit includes 17' of 10-gauge red power wire, 3' and 15' RCA cables, 2' of 10-gauge black ground wire, 17' of 18-gauge blue remote wire and 17' of 16-gauge speaker wire
- Also includes ATC-style heat-resistant fuse holder, 30-amp AGU fuse with cable ties and crimp terminals
- Handles up to 600 watts



PART #	DESCRIPTION
2120-0535	Amp install kit w/ 10-gauge wire



GROUND LOOP ISOLATOR

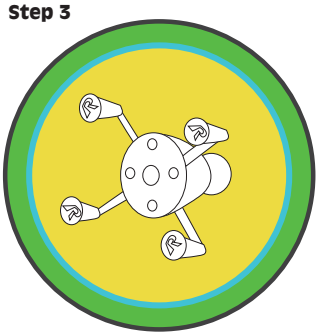
RAM MOUNTS



Step 1

Step 2

Step 3

RAM MOUNTING SYSTEMS

- Offer the most complete selection of mounting s olutions designed specifically for motorcycles, ATV/UTVs, snowmobiles and personal watercraft
- RAM's patented rubber ball and socket design is ideally suited for these high-vibration applications
- In addition, the ball and socket design allows the user to adjust their mounted device to the perfect viewing angle quickly and easily
- RAM will give you the ability to mount your cell phone, GoPro® camera, GPS device and much more

THREE STEPS TO CONFIGURING YOUR MOUNT:

STEP 1: PICK A BASE

STEP 2: PICK AN ARM

STEP 3: PICK A CRADLE

RAM HANDLEBAR RAIL MOUNT WITH U-BOLT BASE AND UNIVERSAL X-GRIP® FOR LARGE PHONE/PHABLET CRADLE

- Consists of a zinc-coated U-bolt base, double socket arm and universal spring-loaded X-Grip® IV cradle for large phones and phablets
- Package includes hardware that will accommodate rails from 0,50" to 1,25" in diameter
- Base comes with black cover caps to place over exposed ends of the U-bolt
- Included composite rail adapter narrows the rail to a minimum width of 0,5"
- Mount is designed with a RAM B-sized 1" diameter patented rubber ball and socket system that features adjustment points at both ends of the double socket arm; allows for almost infinite adjustment and perfect viewing angles
- Spring-loaded X-Grip IV cradle expands and contracts, allowing for a perfect custom fit of phone or phablet
- X-Grip also includes a device tether recommended for outdoor applications
- Cradle is compatible with handheld devices that will fit the following dimensions: minimum width of 1,75" with a minimum height of 5,5"; maximum width of 4,5" with a minimum height of 3,25"; depth of 0,875"
- U-Bolt dimensions: 0,50" to 1,25"

NOTE: It is important to verify the dimensions of your handheld device with a case/sleeve/skin when determining the overall size.

PART #	DESCRIPTION
0636-0122	Handlebar rail mount with U-bolt base and universal X-Grip® for large phone/phablet cradle

X-GRIP® IV LARGE PHONE/ PHABLET CRADLE

- High-strength composite and stainless steel construction
- Spring-loaded holder expands and contracts for perfect fit
- Features a clean and clever four-leg design that sports great holding power
- Rubber-coated tips will hold device firm and stable
- Versatility of holder allows for attachment to many RAM ball mounts
- Compatible and interchangeable with a wide range of popular RAM Mounting products (sold separately)
- 1" rubber ball, "B" size
- Cradle Dimensions: Minimum Width = 1,75" (Minimum Height = 5,5") Maximum Width = 4,5" (Minimum Height = 3,25") Depth = 0,875"
- Clamping Range: Rail/Tube Surfaces: 0,625" to 1,5" Flat Surfaces: 0" to 1,14"
- Tablet cradle dimensions: minimum width, 2,25" (devices 2,25" in width must be a minimum of 7" in height to fit); maximum width, 5,75" and depth, 0,875"

NOTE: It is important to verify the dimensions of your handheld device with a case/sleeve/ skin when determining the overall size.

- Included spring-loaded, X-Grip cradle has a clean and clever four-leg design that provides great holding power without hiding your phone; X-Grip cradle expands and contracts, allowing for a perfect custom fit
- X-Grip also includes a device tether recommended for outdoor applications
- Regular version (PART #0636-0119) cradle is compatible with handheld devices that will fit the following dimensions: minimum width of 1,875" with a minimum height of 4,25"; maximum width of 3,25" with a minimum height of 2,25"; depth of 0,875"
- Large version (PART #0636-0126) cradle is compatible with handheld devices that will fit the following dimensions: minimum width of 1,75" with a minimum height of 5,5"; maximum width of 4,5" with a minimum height of 3,25"; depth of 0,875"
- Both versions feature a clamping range of 0,625" to 1,5" on rail/tube surfaces and a clamping range of 0" to 1,14" on flat surfaces

NOTE: It is important to verify the dimensions of your handheld device with a case/sleeve/skin when determining the overall size.

PART #	DESCRIPTION
0636-0119	Regular size

PART #	DESCRIPTION
0636-0126	Large size

RAM CLUTCH/BRAKE MOUNT WITH X-GRIP® HOLDER

- Features hardware for mounting to either brake or clutch reservoirs, rails that are 0,5" to 1,25" in diameter, double-socket arm and universal X-Grip® large phone/phablet holder
- Mount features a 1" rubber ball and socket mounting system with adjustment points at both ends of the socket arm
- The mounting hardware for brake/clutch reservoirs includes both standard and metric mounting bolts
- Included spring-loaded, X-Grip cradle has a clean and clever four-leg design that provides great holding power without hiding your phone; X-Grip cradle expands and contracts, allowing for a perfect custom fit
- X-Grip also includes a device tether recommended for outdoor applications
- Cradle is compatible with handheld devices that will fit the following dimensions: minimum width of 1,75" with a minimum height of 5,5"; maximum width of 4,5" with a minimum height of 3,25"; depth of 0,875"

NOTE: It is important to verify the dimensions of your handheld device with a case/sleeve/skin when determining the overall size.

PART #	DESCRIPTION
0636-0123	Clutch/brake mount w/ X-Grip® holder

RAM TORQUE™ HANDLEBAR AND RAIL MOUNTING BASE FOR PHONES

- Features a B-sized 1" rubber ball mounting base that accommodates handlebars $^{3}/_{4}$" - 1" in diameter paired with the dynamic X-Grip® for phones
- Sizing inserts included to provide a snug fit and offer additional protection for the rail
- Low-profile mount utilizes nylon-insert locknuts to secure personal electronics and small accessories to prevent loosening in high-vibration environments
- Included spring-loaded, X-Grip cradle has a clean and clever four-leg design that provides great holding power without hiding your phone; X-Grip cradle expands and contracts, allowing for a perfect custom fit
- X-Grip also includes a device tether recommended for outdoor applications
- Cradle is compatible with handheld devices that will fit the following dimensions: minimum width of 1,875" with a minimum height of 4,25"; maximum width of 3,25" with a minimum height of 2,25"; depth of 0,875"

NOTE: It is important to verify the dimensions of your handheld device with a case/sleeve/skin when determining the overall size.

PART #	DESCRIPTION
0636-0118	RAM Torque™ handlebar and rail base

All part numbers in BLUE are new for 2021.

RAM MOUNTS

RAM TOUGH-CHARGE™ WATERPROOF WIRELESS CHARGING HOLDERS

- Powdercoated, marine-grade aluminum construction with stainless steel components and high-strength composite
- Designed with spring-loaded X-Grip® technology; features an 'X' design that expands and contracts to secure nearly any phone while taking advantage of Qi wireless phone charging
- Four arms feature rubber-coated caps that hold devices firmly in place
- Includes a 1" B-size rubber ball with a diamond base, perfect for attaching any B-size RAM double-socket arms
- Connected Type-A male pigtail connector features an in-line switch that allows you to turn off the wireless charging module when not in use
- Compatible with handheld devices that will fit the following dimensions: minimum width of 2,375" and maximum width of 3,25", maximum depth of 0,875"
- PART #s 0636-0173 and 0636-0174 include charging holder without mounting
- PART #s 0636-0175 and 0636-0176 include a double-socket arm and mount; see chart below for specific mounts included
- Safety device tether included that is recommended for outdoor applications

PART #	DESCRIPTION
0636-0173	RAM Tough-Charge™ wireless charging holder
0636-0174	RAM Tough-Charge wireless charging holder w/ hardwire charger

PART #	DESCRIPTION
0636-0175	RAM Tough-Charge wireless charging holder w/ U-bolt handlebar mount and hardwire charger
0636-0176	RAM Tough-Charge wireless charging holder w/ RAM Twist-Lock™ suction cup

RAM QUICK-GRIP™ WATERPROOF WIRELESS CHARGING HOLDERS

- Powdercoated, marine-grade aluminum construction with stainless steel components and high-strength composite
- Universal, water-resistant wireless charging cradle features spring-loaded, RAM Quick-Grip™ design and 10W maximum output
- Includes a 1" B-size rubber ball with a diamond base, perfect for attaching any B-size RAM double-socket arms
- Connected Type-A male pigtail connector features an in-line switch that allows you to turn off the wireless charging module when not in use
- Compatible with handheld devices that will fit the following dimensions: minimum height of 5,625", maximum height of 6,625", maximum width of 3,125" and maximum depth of 0,7"
- PART #s 0636-0169 and 0636-0170 include charging holder without mounting
- PART #s 0636-0171 and 0636-0172 include a double-socket arm and mount; see chart below for specific mounts included
- Safety device tether included that is recommended for outdoor applications

RAM MOUNT UNIVERSAL BASES

- Marine-grade aluminum with a black powdercoat finish
- 1" rubber ball
- Mirror post base fits any open mirror mount hole on motorcycles with relocated mirrors
- Mounting hardware included

PART #	DESCRIPTION
0603-0458[1]	Handlebar U-bolt/brake/clutch perch mount (0,5-1,25" diameter)
0603-0459	U-bolt mount (0,5-1,25" diameter)
0603-0462[2]	Adhesive mount
0603-0463[3]	3/8"-16 post mount
0603-0501	1/4"-20 mirror post mount

[1] Includes two: 1/4"-20 x 2" and two 6 mm x 55 mm screws for American and Metric thread applications.
[2] High-strength composite.
[3] Natural finish.

RAM MEDIUM TOUGH-CLAW™ WITH 1" DIAMETER RUBBER BALL

- High-strength glass-filled nylon construction with corrosion-resistant stainless steel hardware
- Rubber pads provide stable, even gripping and protection of mounting surface
- Clamp jaw is configured for round, flat and odd shapes
- Quick installation and removal of Tough-Claw™
- 1" rubber ball size
- Clamping range 1" to 1,875"

PART #	DESCRIPTION
0636-0143	Medium Tough-Claw™ w/ 1" diameter rubber ball

0636-0061

RAM MOUNT TORQUE™ HANDLEBAR/RAIL BASES WITH 1" BALL

- Low-profile mounts are the perfect way to secure your personal electronics and small accessories in any high-vibration environment
- Bases utilize nylon-insert locknuts to prevent loosening from vibration
- Includes sizing inserts to provide a snug fit and rail protection

PART #	DESCRIPTION
0636-0060	Handlebar/rail base for 3/4" - 1" dia. rails

PART #	DESCRIPTION
0636-0061	Handlebar/rail base for 1 1/8" - 1 1/2" dia. rails

All part numbers in BLUE are new for 2021.

RAM® MOUNTS

DOUBLE-SOCKET ARM WITH SWIVEL

- High-strength composite
- Consists of double 1" diameter open-ball sockets with a 360° rotation point at the center and a connecting swivel joint that rotates forward and back 180°
- The rubber ball and socket at either end and a central pivot point provide unsurpassed adjustability
- The RAM ball sockets maximize ball coverage for optimal fit
- 5" overall length

PART #	DESCRIPTION
0603-0470	Double-socket arm w/ swivel

0603-0468

RAM DOUBLE-SOCKET ARMS

- Marine-grade aluminum with a black powdercoated finish
- Fits 1" rubber ball, bases and adapters

PART #	DESCRIPTION
0603-0467	Short 2"
0603-0468	Medium 3"
0603-0469	Long 5,2"

RAM MOUNT MOTORCYCLE BRAKE/CLUTCH RESERVOIR BASE WITH 1" BALLS

- Mount electronic devices to your handlebar clutch/ brake clamp
- Holds two 1" diameter mounting balls
- Ball that is connected between hole centers is removable
- Includes 40 mm x 6 mm stainless steel hardware

NOTE: To see if this base will mount to your motorcycle, check hole spacing of base against your clutch/brake reservoir. The holes centers have a minimum width of 0,94" and a maximum of 1,58".

PART #	DESCRIPTION
0636-0058	Motorcycle brake/clutch reservoir base

RAM MOTORCYCLE BRAKE/CLUTCH RESERVOIR BASE WITH 1" BALL

- Powdercoated marine-grade aluminum
- 1" rubber ball "B" size
- Connects to handlebar clutch/brake on left or right side
- Base fits control clamps on motorcycle with 40 mm x 6 mm stainless steel hardware, provided in kit
- Hole centers on base have a minimum width of 0,94" and a maximum of 1,58"

PART #	DESCRIPTION
0636-0142	Brake/clutch reservoir base w/ 1" ball

RAM SPINE CLIP HOLDER WITH 1" BALL FOR GARMIN® HANDHELD DEVICES

- Easily clips into the integrated spine connection on a wide variety of Garmin® devices
- 1" rubber ball
- B-size diamond base adapter and hardware allow connection to any RAM B-size mounting base

PART #	DESCRIPTION
0603-0821	Spine clip holder w/ ball

All part numbers in BLUE are new for 2021.

RAM MOUNTS

GoPRO® CAMERA ADAPTER

- High-strength composite construction
- Consists of a 1" diameter rubber ball, connected to a custom GoPro® adapter
- Patented rubber ball design dampens shock and vibration, helping to extend the life of your camera
- Multiple articulation and adjustment points for perfect viewing angles
- Attaches directly to the underside of the camera, replacing the factory mounting bracket
- Compatible with GoPro cameras including HD HERO, HD HERO2, HD HERO3 and HD HERO 960
- Mounts to many RAM double-socket arms and mounts (sold separately)

NOTE: Camera not included.

PART #	DESCRIPTION
0603-0475	GoPro® camera adapter

0603-0473

0603-0474

RAM UNIVERSAL CAMERA AND CAMCORDER ADAPTERS

- PART #0603-0473 consists of a 1" diameter rubber ball, connected to a round base with 1/4"-20 camera thread
- PART #0603-0474 consists of a 1" diameter rubber ball, connected to a 2,5" diameter round base with 1/4"-20 thread
- The round base provides extra support and stability for cameras that rest on top of it
- The male 1/4"-20 threaded steel stud will connect to any standard female thread found on camcorders and digital cameras
- Compatible cameras include Contour GPS, Contour HD, Gobandit GPS-HD, GoPro® HD helmet HERO, GoPro HD Motorsports HERO, GoPro HD Surf HERO, GoPro Helmet HERO Wide, GoPro Motorsports HERO, GoPro Motorsports HERO Wide, GoPro RC HERO, GoPro Surf Hero and GoPro Wide HERO

PART #	DESCRIPTION
0603-0473	High-strength composite
0603-0474	Marine-grade aluminum

0603-0932

RAM TOUGH-MAG™ MAGNETIC BASES

- Industrial-strength N35-grade magnets
- Rubber coated to protect metal attachment surface
- Features 1/4"-20 threaded post
- 66 mm base accommodates 1" B-size balls
- 88 mm base accommodates 1" B-size and 1,5" C-size balls

PART #	DESCRIPTION
0603-0932	2,6"
0603-0933	3,5"

1" BALL MOUNT SUCTION CUP BASE

- Made from high-strength composite and powdercoated marine-grade aluminum
- 3 1/4" twist locking suction cup base for an extra-strong hold
- 1" rubber ball mount
- Connects to a large variety of RAM Mount and other cradles

NOTE: For best results, use suction cup on glass or other non-porous plastic surfaces.

PART #	DESCRIPTION
2350-0230	1" suction cup base

0603-0471

0603-0472

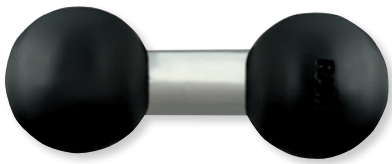
RAM MOUNT ADAPTERS

- Marine-grade aluminum with a black powdercoat finish
- 1" rubber ball
- Predrilled holes in bases allow mounting to a variety of arms and cradles

PART #	DESCRIPTION
0603-0471	Ball w/ adapter AMPS hole

PART #	DESCRIPTION
0603-0472	Ball w/ adapter diamond-shaped

All part numbers in BLUE are new for 2021.



RAM® MOUNTS

RAM TRACK BALL™ WITH T-BOLT ATTACHMENT

- B-size 1" rubber ball molded to a high-strength composite base
- Rubber friction washer and a stainless steel T-bolt for sliding into virtually any track system
- Insert or slide the Track Ball™ into your track and twist the ball clockwise to tighten in place; twist counterclockwise to loosen

PART #	DESCRIPTION
0603-0828	RAM Track Ball™ w/ T-bolt attachment

RAM DOUBLE 1" BALL ADAPTER

- Marine-grade aluminum with a 1" rubber ball on each end
- Allows the connection of two 1" socket arms
- When measured from ball center to ball center, the arm length is 1,75"
- Ideal if your mount arm is too short

PART #	DESCRIPTION
0603-0496	RAM double 1" ball adapter

RAM TOUGH-TRACK™ TOP-LOADING COMPOSITE 3" TRACK

- High-strength composite
- Can be drilled to any flat surface
- Designed to use with #10 screws for easy installation, hardware not included
- Works with a wide variety of RAM track bases to attach cameras, fishing rods, phones, etc.
- Dimensions: 4,75" L x 1,75" W
- Track thickness 0,35", inside track length 3"

PART #	DESCRIPTION
0603-0827	Tough-Track™ composite 3" track

RAM PIN-LOCK™ SECURITY KNOB FOR B-SIZE SOCKET ARMS

- High-strength composite
- Consists of a 1/4"-20 female threaded security knob and key knob
- Replaces all knobs on 1" diameter B-size arms and mounts

PART #	DESCRIPTION
0603-0825	Pin-Lock™ security knob for B-size socket arms

RAM LOCKING KNOB

- Replaces the existing knob on the socket arm
- Locks the arm firmly in place and gives added security
- Marine-grade aluminum construction

PART #	DESCRIPTION
0603-0495	RAM locking knob

RAM UNIVERSAL FINGER-GRIP™ CRADLE

- This mount is designed to hold cell phones (check measurements below for dimensions) and electronic devices
- High-strength composite
- Comes with three sets of four flexible rubber-coated fingers placed along the sides to grip your device
- The fingers open by squeezing the ends of the holder
- The bottom of the holder includes a back plate that adds support to the device being held by the mount
- Can also be used with several other phone accessories
- The spine plate contains the universal AMPS and 1,5" x 2" hole patterns
- Height dimensions: minimum with top and bottom plates is 5,25" and maximum with top and bottom plates is 6,0"
- The top and bottom plates can be removed for larger devices
- Spine plate dimensions: 3" W x 3" H
- Using short-arm side clamps: maximum depth is 0,75", minimum width is 1,25" and maximum width is 3,0"
- Using medium-arm side clamps: maximum depth is 1,25", minimum width is 1,5" and maximum width is 3,5"
- Using long-arm side clamps: maximum depth is 1,6", minimum width is 2,25" and maximum width is 3,5"

NOTE: Does not come with ball mount adapter; use PART #0603-0472 to mount to RAM double-socket arm.

PART #	DESCRIPTION
0603-0477	RAM Universal Finger-Grip™ Cradle

RAM SEALED-ENCLOSURE AQUA BOX®

- High-strength composite construction
- Large size includes AQUA Box® case, safety lanyard, belt clip button, belt clip and cradle (attaches to RAM ball-and-socket mounts)
- Medium size includes AQUA Box case and cradle only
- Float to prevent accidental loss if dropped in water
- Features a storage area that provides buoyancy and is perfectly sized for a driver's license or credit card
- Weather-resistant/splashproof
- Unique patented design allows access to all side buttons on the phone while it is in the case
- Replaceable PVC vinyl screen offers a clear view of the screen, allowing easy operation of the touch screen while in the case
- Easy to pocket or carry
- Text, take photos/video and make/take calls, all while protecting your phone
- Contents not included

NOTE: Does not come with ball mount adapter; use PART #0603-0471 to mount to RAM double-socket arm.

0603-0841

0603-0842

RAM X-GRIP CLAMPS

- Provides a secure grip for smartphones
- Flexible adjustment on RAM arm with 1" adapter ball
- Rubber fingers on clamp arms
- Gives a clear view of the road and access to the device at the same time

PART #	DESCRIPTION
0603-0841	Fit 2,2 cm W - 8,2 cm W smartphones
0603-0842	Fit 4,4 cm W - 11,4 cm W smartphones

UNIVERSAL X-GRIP KIT

- Allows large smartphones to be securely mounted to almost any motorcycle
- Flexible adjustment on a RAM arm with the 1" adapter ball
- For smartphones with a width of 4,4 cm to 11,4 cm
- Two pivoting axes allow for exact positioning in the cockpit so the display is in view without obscuring the instruments or the road
- Includes: 1" ball, socket arm and X-Grip IV clamp

PART #	DESCRIPTION
0603-0854	Universal X-grip kit

PIVOTING SOCKET ARM

- For GPS, camera and smartphone mounting
- Rotates on two axis
- Black powdercoated aluminum construction
- Compatible with 1" mounting balls
- 2,2" L

PART #	DESCRIPTION
0603-0844	Pivoting socket arm

RAM EXTENSION

- 3" extension for all RAM 1" ball systems
- Strong aluminum alloy construction
- Includes double ball

PART #	DESCRIPTION
0603-0889	RAM extension

0603-0835

MIRROR THREAD GPS MOUNT

- Used for mounting on original mirror mount
- Includes ball adapter

PART #	DESCRIPTION
0603-0847	Mirror thread GPS mount

SW-MOTECH®

GPS CLIP ADAPTER

- Four-claw grid system allows for quick mounting and removal of different navigation systems
- Comes with one male and one female adapter plate

PART #	DESCRIPTION
0603-0848	GPS clip adapter

SW-MOTECH®

UNIVERSAL GPS MOUNT KIT BALL

- Handlebar mounting is recommended
- Fits M8 and M6 threads

PART #	DESCRIPTION
0603-0850	Universal GPS mount kit ball

SW-MOTECH®

GPS ADAPTER KIT FOR GARMIN ZUMO

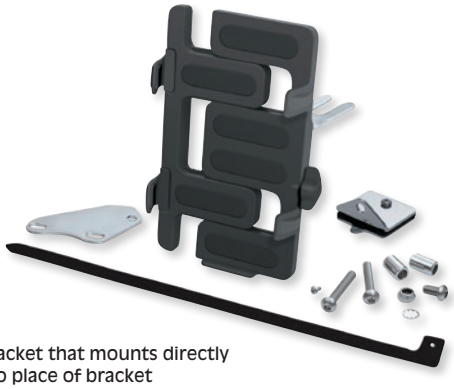
- Allows for the installation of the following Garmin Zumo models: 340/345/350/390/590/595/660
- Use with vibration-dampened quick-lock GPS mounts
- Includes four screws, spacers and washers for mounting

PART #	DESCRIPTION
0603-0846	Adapter kit for Garmin Zumo

GEARS

DOUBLE SOCKET ARM FOR 1" BALL

- Socket design with four side slot opening on both sides allows for almost infinite angle adjustment
- Can be used with any aftermarket or RAM 1" ball accessories
- Approximately 3" long



PART #	DESCRIPTION
0603-0809	Double socket arm for 1" ball mounts

All part numbers in BLUE are new for 2021.

SHOW CHROME ACCESSORIES

PHONE/GPS HOLDER

- Holds most phones and GPS systems
- Expands vertically and horizontally
- Easy to install and remove with receiver bracket that mounts directly to 7/8" handlebars; holder quickly snaps into place of bracket
- Included setscrew ensures holder will remain in place when parked
- Fits any 1,3" - 1,63" in-center face clamp spacing
- Available in satin black

Magnetic iOcore

KLOCK Werks

powered by iOmounts™

0636-0045

KLOCK WERKS DEVICE MOUNTS

- Easy to install motorcycle model specific mounts that incorporate the iOmounts™ system
- Patented ultra-strong 12 lb. magnetic interface and mount retention lip secures devices in the most severe off-road environments
- Attach razor-thin iOadapt™ stainless steel adapter to your device and connect to the powerful iOcore™ magnetic carrier
- No special case needed. Device is held in place by the strong iOcore magnet and can be adjusted to preferred angle
- iOskin™ provides perfect surface to mount iOadapt, and protects device
- Purchase additional iOadapt discs to use multiple devices on same mount
- Nomad and Nomad XL strap assembles onto any bars 0,5" to 5,5" in diameter (universal mount)
- Mount kit includes a Nomad or Nomad XL mount and two iOadapt™ adapters
- Builders kit includes everything needed to mount the system on most flat surfaces; one semi-sphere, one iOcore (black), two iOadapt stainless steel discs, two iOskin, 1/4" x 20 bolt and washer to mount semi-sphere
- Handlebar Clamp Riser Mount works with any 3,5" center-to-center riser
- Can be remounted onto other vehicles or for other uses

NOTE: Not for use with phones that have inductive charging.

NOTE: Not for use with Samsung Galaxy S4 phones.

SADDLEMEN PERFORMANCE OUTFITTER

LARGE E-PAK PERSONAL ELECTRONICS MAGNETIC POUCH

- Sized to be used with modern smartphones, such as the Samsung Note® or iPhone Plus®, but can also be used with a variety of GPS units
- Can be oriented to match the screen format of the device
- Strong magnets keep the weather-resistant pouch secured to the metal fuel tank
- Each magnet is shielded to prevent interference with the device's electronics
- Compartment includes a removable plush pad and foam mat you can trim to custom fit the device
- Large plastic window transfers electrostatic energy, allowing for touchscreen operation with bare fingers or electrostatic-transmitting gloves
- Rubberized pouch back protects the motorcycle's paint finish while the perimeter zipper allows for easy stowage and removal
- Audio plug access port can be accessed through adjustable zipper opening
- Dimensions: 4,5" W x 7" L x 0,75" tall

LANE SPLITTER HELMETS

- Biltwell proprietary ABS outer shell with hand-painted finish
- Shock-absorbing expanded polystyrene inner shell
- Hand-sewn removable brushed Lycra® liner with contrasting diamond-stitched quilted open-cell foam padding
- Hand-stitched interior padding, cheek pads and Bio-Foam chin bar cushion for comfort
- Generous vents in the chin bar get the air flowing and the outlet in back lets hot air escape
- Shield boasts extremely accurate optics and simple hinge mechanics for high style and easy removal for replacement or cleaning
- Mesh pockets are included in the ear recess – perfect for aftermarket drop-in communication systems (not included)
- Injection-molded face shield with the same aluminum hinge covers and mounting hardware
- ECE 22.05 certified
- See helmet size guide on page 1888

HELMET MOHAWKS AND BLADES

- Every rider can add some attitude
- Simply separate Peel 'n Stick hook tape from Mohawk or Blade, peel off backing, align on helmet in desired location and press firmly
- Attach Mohawk; hook-and-loop will hold to over 322 km/h (200 mph), however, it should be checked occasionally
- Different color or style can be put on in seconds

ZANHEADGEAR®

ZAN HEADGEAR® WINDPROOF COLLECTION

Providing another way to protect you from wind, sleet, snow or sand. The bonded Windproof fabrication works great to protect your head, neck and face, as well as your nose and ears, in colder temperatures. Our fleece bonded fabrication has been tested and certified as Windproof, meaning less than 1% of air will pass through the fabric. Our Zan Headgear® Windproof products offer 99-100% protection against wind.

WINDPROOF CONVERTIBLE BALACLAVA

- Made from 100% polyester
- Windproof tested and certified fleece-lined fabrication
- Flat seams to fit comfortably underneath helmets or alone with no painful pressure points
- Provides coverage of the head, ears, face and neck
- Hinged construction allows for easy use as a balaclava, face mask or neck warmer
- Fleece sits against skin for comfort, warmth and protection in various climates
- Fit is a little larger to allow for more sizes
- Provides 50+ UV protection

DESCRIPTION	BLACK
Windproof convertible balaclava	2503-0391

WINDPROOF HELMET LINER

- Windproof-bonded fabrication provides comfort and warmth
- Made from 100% polyester
- Flat seams to fit comfortably underneath helmets
- Provides coverage of the head and ears
- Fit is a little larger to allow for more sizes
- Allows the hem to be folded for double-layered warmth when needed
- 50+ UV protection

DESCRIPTION	BLACK
Windproof helmet liner	2501-3402

SPORTFLEX™ WINDPROOF TUBES

- Windproof sections block 99-100% of wind
- Constructed of brushed polyester elastane
- Windproof tested and certified fleece-lined fabrication
- Flat seams on soft, durable fabric
- Four-way stretch allows for use in any activity
- Perfect for use, either dry or wet, during all seasons
- Provides 50+ UPF rated protection

ZANHEADGEAR®

BALACLAVA W/ GAITER

- Made of lightweight polyester, perfect for use with or without a helmet
- Flat seams ensure a comfortable fit and no painful pressure points
- Hinged construction allows for easy use as balaclava, hood, neck gaiter, or face mask
- Stretchy, antibacterial fabric with moisture-wicking technology
- Fleece neck tube can be used to cover just the neck or pulled up to cover the face
- Chest and shoulder coverage for added protection from outdoor elements
- Available in black

BLACK	PART #
Balaclava w/ gaiter	2503-0319

MICROFLEECE BALACLAVA WITH ZIPPER

- Designed for easy on/easy off during cold weather activities
- Zipper allows control over how much head and face are covered, reducing overheating potential
- Smooth seams and soft polyester microfleece construction resist wind and water penetration
- Elasticized binding around face keeps balaclava close to skin
- Windflap behind zipper lessens draft
- One size fits most

BLACK	PART #
Microfleece balaclava w/ zipper	2503-0138

COTTON BALACLAVA

- Made of 100% cotton
- Low profile, non-bulky and easy to store
- Fits snugly under helmets
- Thick enough to withstand bugs, wind and other extreme weather conditions while protecting head, ears and mouth
- One size fits most

BLACK	PART #
Cotton balaclava	2503-0139

- Densely constructed microfleece keeps out wind and wet
- Low-profile design makes this ideal to wear with helmets
- Neoprene ear region keeps liner in place and will not shift around under helmet
- Nylon binding around ear provides a clean, tailored look and prevents fraying of fabric
- Machine washable
- One size fits most

BLACK	PART #
Microfleece and neoprene helmet liner	2504-0117

COOLMAX® HELMET LINER

- Combines two excellent fabrics for one highly technical piece of headwear
- CoolMax® mesh headcovering minimizes bulk and promotes moisture transfer; CoolMax® stretch fabric snugly covers ears and keeps liner in place
- Flattened seam construction avoids pinching, binding or hot spots
- Comfortable fit for a variety of head shapes and reduced chance of folding over when worn under helmet
- One size fits most
- Machine washable

BLACK	PART #
Coolmax helmet liner	2504-0118

HELMET LINER

- Nylon dome helmet liner
- Thin, durable nylon fabric provides seamless, non-bulky protection
- Tightly covers head to protect it from the elements
- Machine washable
- Available in black only
- One size fits most

BLACK	PART #
Helmet liner	2504-0098

MOTO 2.0 GOGGLES

- Sleek, injection-molded plastic frame with slightly wider peripheral space to accept many prescription glasses
- Impact-resistant clear polycarbonate lens features anti-fog coating for foul weather riding
- Double D-rings on the woven elastic strap provide precise adjustment to fit a wide range of helmet shell sizes
- Silicone strips on the back of the strap create stiction against the helmet to reduce slipping
- Two-stage face foam with brushed-fleece outer layer wicks moisture away from skin and provides filtration to keep goggle interior clean and dust-free
- Goggles are PPE approved, replacement lenses are EC approved

OVERLAND 2.0 GOGGLES

- Injection-molded polyurethane frame with wide eyeport for maximum peripheral vision
- Frame is now 10% narrower than the original Overland goggle
- Lenses are laser CNC-cut from impact-resistant polycarbonate plastic that's molded on a perfect arc to deliver distortion-free visual clarity
- Generous brow vents and discrete ports on cheek pads feature foam filtration to reduce airborne debris
- Laminated two-phase open-cell foam padding around eyeport has molded comfort quilting with brushed Lycra® surface to wick moisture from your skin
- Stitched synthetic leather strap hinge panels add surface tension to eyeport for a more secure fit
- Silicone strips on goggle strap eliminate slipping on slick helmet shell surfaces
- Include clear and tinted lenses; replacement lenses also available
- PPE approved

HIGH-DEFINITION LENSES

High-Def lenses will enhance your vision whenever worn.

What this technology does is elevate individual colors, which enables you to see imperfections in the road, changes in the water, or divots in the dirt much easier.

Without having to strain your eyes to see what is coming up, you can anticipate and react with more precision while filtering out harmful UV rays, leading to overall greater visual comfort.

POLARIZED LENSES

While ordinary tinted lenses reduce brightness, only polarized lenses eliminate glare.

To ensure the impact resistance of the lenses, Bobster® uses polycarbonate polarized lenses while most other companies use polarized lenses that will shatter on high impact.

PHOTOCHROMIC TECHNOLOGY

Bobster® photochromic lenses are available in a variety of eyewear styles and are precisely designed to automatically darken/lighten to the amount of ultraviolet (UV) light that reaches the lens.

The advantage of a photochromic lens is that you can wear your eyewear all day and not have to carry multiple sets of eyewear with you or change your lenses according to light conditions.

Do not leave photochromic lenses in direct sun or extreme heat for long periods of time as it will decrease the performance of the lenses.

FOR IMPORTANT INFORMATION ON SAFETY, PRODUCT CARE AND OTHER INFORMATION, CONSULT THE MANUFACTURER'S PUBLICATIONS AND/OR WEBSITES AND ALSO SEE PAGE 1877.

All part numbers in BLUE are new for 2021.

BOBSTER®

BOBSTER® GOGGLES

Expect superior functionality, comfort and durability from Bobster® Goggles. Specifically designed to conform to various shapes of faces, the goggle frame creates an effective seal that significantly reduces wind blasts and vibrations. The adjustable head strap provides maximum retention and security, while the foam allows ultimate airflow to reduce lenses from fogging.

CRUISER 3 GOGGLES WITH INTERCHANGABLE LENSES

- Four sets of lenses: anti-fog smoked, amber, clear and smoked with Blue Revo
- Include shatter-resistant polycarbonate lenses
- Lenses provide 100% UV protection

WARMME HEATED VESTS

- Double outer layer is waterproof and blocks wind
- Designed to be worn under any jacket or coat
- Infrared heating is made from hidden circuits composed of carbon heat-up elements that are flexible and ultra-flat; strategically positioned in specific areas to create and maintain a comfortable temperature
- Easy Touch button (so you can use it without removing gloves) to select temperatures; three colored lights make it simple to tell what temperature you are using - even in the dark
- Red light = high 50 °C, 3,5 hour battery life; orange light = average 45 °C, 6,5 hour battery life; green light = maintenance 40 °C, 7,5 hour battery life
- Lithium-ion battery (7,4 V - 3000 mAh) is small, light and recharges quickly; positioned in a small interior pocket
- Double side zipper for a perfect fit to the body, whatever clothing you are wearing
- Zipper pulls and "easy open" pocket flaps can be used without removing gloves
- Battery and charger included; can also be purchased separately
- Optional 12V power supply cable lets you connect vest directly to cigarette lighter for power, without using batteries

WARMME HEATED SOCKS

- Battery-powered heated socks for motorcycle riding, skiing, trekking, fishing and any other use
- Nylon/polyester protectors on calves protect against wear
- Made with breathable materials that offer lightness, strength and comfort, but also let natural perspiration escape
- Heating circuits radiate heat on the top part of foot and ensure benefits even at the lowest temperatures
- Hidden carbon fiber heating circuits are hyperflexible and ultra-thin, radiating infrared heat (up to 45 °C/113 °F) so as to maintain a comfortable foot temperature
- Temperature level can be adjusted to one of three levels by clicking the button on battery (on - low - medium - high - off)
- Small, lightweight and fast-recharging 7,4 V - 2200 mAh lithium ion battery is stored in a small inner pocket on the top of calf
- Special cotton and spandex blend makes the socks softer and more comfortable
- Hand-washable in 30 °C (86 °F) water
- Battery and charger included; battery can also be purchased separately
- Sold in pairs

WARMME OUTDOOR HEATED GLOVES

- Waterproof and insulated gloves are perfect for motorcycling, skiing, trekking, fishing and any other use
- Made with breathable materials that are lightweight, strong and resist wind and rain, yet let natural perspiration escape
- Designed to ensure maximum comfort
- Heating circuit follows the hand's contour to radiate heat in all parts (including fingers) for warmth even at the lowest temperatures
- Hidden heating plates are flexible, ultra-flat and strategically placed in specific areas
- Easy Touch button selects temperature; 3 colored lights let you see setting even in the dark (low - 7,5 hours, medium - 6,5 hours, high - 3,5 hours)
- Light lithium-ion battery is smaller, lighter and recharges quickly (7,4 V - 3000 mAh); located inside a small pocket
- Tips of the thumb and index fingers are touchscreen-compatible with a special coating that allows the use of touchscreen devices (smartphones, navigators, etc.) without having to take off gloves
- Batteries and charger included; can also be purchased separately
- Optional Y-cable allows direct 12V power for gloves thru cigarette lighter plugin (no batteries); PART #3807-0470 also required

LAYERING SYSTEM

A proper layering system is the key to staying warm and dry while riding. Choosing the right layering garments is the first step towards this goal. Cotton-based products are absolutely not part of a layering system. This includes sweatshirts and denim products.

During the activity of snowmobiling you generate moisture (sweat). The harder you ride, the more moisture you generate. Cotton products trap this moisture, which in turn, transmits cold directly to your body.

HOW TO MEASURE

CHEST
Just below underarms circumference of broadest area of chest

HEIGHT
Straight measurement top of head to floor

WAIST
Circumference

EVAPORATOR SHIRT/PANT/SOCK

REGULATOR JERSEY/PANT

INSULATOR JERSEY/PANT/SOCK

UNDERWARE GLOVE LINERS

ORIGINAL, QUALIFIER OR ULTRA

- Designed to be worn inside normal cold weather riding gloves
- Liners take the beating that palms and lower fingers usually endure from the inside of the riding gloves
- The DuPont™ Kevlar® fibers of the UnderWARE liners absorb the friction between glove and hand that would otherwise cause blisters, including the chafing and rubbing that hands normally endure while riding through the whoops or trails
- Almost no chance for blisters and the material is machine-washable, right along with all the rest of the riding gear, for easy maintenance
- Original style features full fingers, and Qualifier style features open fingers
- Ultra style features waterproof material and is recommended for wet conditions where hands are moist from perspiration; material will not absorb moisture

This logo symbolizes the article has been approved by KBA (German Federal Motor Transport Authority) for specific vehicle application.

ECE 22.05
This logo symbolizes that a helmet has been tested and certified to ECE 22.05 Regulation.

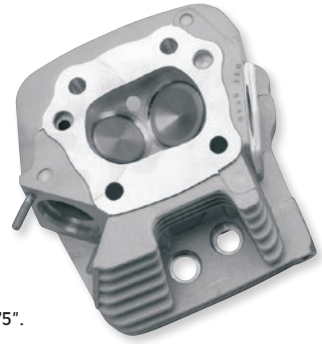
ELECTRICAL WIRING

WIRE GAUGE CONVERTER

GAUGE	MM²	MM Ø	GAUGE	MM²	MM Ø	GAUGE	MM²	MM Ø	GAUGE	MM²	MM Ø
22	0,33	0,65	16	1,0	1,3	10	5,0	2,6	4	19,0	5,2
20	0,5	0,8	14	2,0	1,7	8	8,0	3,3	2	32,0	6,5
18	0,8	1,0	12	3,0	2,1	6	13,0	4,1	0	52,0	8,3

WIRE GAUGE SELECTOR
It's important to match up wire diameter and current properly. To choose the right gauge wire, you will need to know how much Wattage (or Amperage) you will draw and what the length of the cable will be.

NOTE: The chart below is based on a 12V system. To find the appropriate wire for 6V systems, the Amp and Watt numbers should be divided in half.



AMP.	WATT	91 CM (3 FT)	152 CM (5 FT)	213 CM (7 FT)	305 CM (10 FT)	457 CM (15 FT)
5A	30W	18 AWG	18 AWG	18 AWG	18 AWG	18 AWG
6A	36W	18 AWG	18 AWG	18 AWG	18 AWG	18 AWG
7A	42W	18 AWG	18 AWG	18 AWG	18 AWG	18 AWG
8A	48W	18 AWG	18 AWG	18 AWG	18 AWG	18 AWG
10A	60W	18 AWG	18 AWG	18 AWG	18 AWG	16 AWG
11A	66W	18 AWG	18 AWG	18 AWG	18 AWG	16 AWG
12A	72W	18 AWG	18 AWG	18 AWG	18 AWG	16 AWG
15A	90W	18 AWG	18 AWG	18 AWG	18 AWG	14 AWG
18A	108W	18 AWG	18 AWG	16 AWG	16 AWG	12 AWG

AMP.	WATT	91 CM (3 FT)	152 CM (5 FT)	213 CM (7 FT)	305 CM (10 FT)	457 CM (15 FT)
20A	120W	18 AWG	18 AWG	16 AWG	16 AWG	12 AWG
22A	132W	18 AWG	18 AWG	16 AWG	16 AWG	12 AWG
24A	144W	18 AWG	18 AWG	16 AWG	16 AWG	12 AWG

FORMULAS

DISPLACEMENT

Bore x bore x stroke x 1,5708 = Displacement in Cubic Inches

Bore x bore x stroke x 25,744019 = Displacement in Cubic Centimeters

Example: A stock 96" Twin Cam has a bore of 3,750" and a stroke of 4,375".

Formula: 3,750" x 3,750" x 4,375" x 1,5708 = 96,64 cubic inch

3,750" x 3,750" x 4,375" x 25,744019 = 1583,86cc

COMPRESSION RATIO

Ratio = Cylinder displacement plus combustion chamber volume divided by combustion chamber volume.

Example: A 96" cubic inch Twin Cam has 794cc per cylinder. Combustion chamber volume is approximately 86cc.

Formula: 794 + 86 = 880 : 86 = 10,2:1 Compression Ratio (CR)

Note: When calculating compression ratio, do not forget to include gasket thickness, valve pockets and ringlands in the piston. CC-ing the heads, filling them with fluid after heads have been installed, will give you accurate numbers.

HEAD/BASE GASKET VOLUME

Bore x bore x 12,87 x compressed gasket thickness = Gasket volume in cubic centimeters

Example: A head gasket has a thickness of 0,045"; bore is 3,750".

Formula: 3,750" x 3,750" x 12,87 x 0,045" = 8,144cc

AREA OF CIRCLE

The radius is the diameter of a circle divided in half.

Radius x radius x 3,1416 = Area of a circle

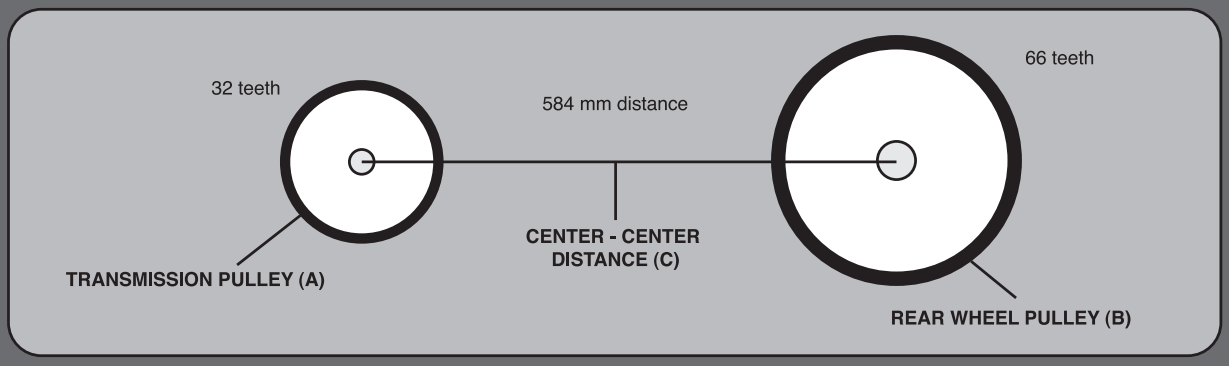
Example : A stock 96" Twin Cam has a bore of 3,750".

Formula: 1,875" x 1,875" x 3,1416 = 11,05 Inch^2

47,63 mm x 47,63 mm x 3,1416 = 7127,09 mm^2 (71,271 cm^2)

ELECTRICAL: AMPERAGE, WATT AND VOLTS

Understanding electrical current is important to prevent a meltdown within the electrical wiring of a motorcycle. It is useful to calculate what fuse you will need for a certain application.



Watt divided by Volt = Amp

Amp multiplied by Volt = Watt

Watt divided by Amp = Volt

- THE 3-STEP BELT FORMULA -

How to find the correct belt

Formula

A = number of tooth transmission pulley
B = number of tooth rear wheel pulley
C = center to center distance between both pulleys

THE 3-STEP BELT FORMULA

Step 1) $\frac{(C \times 2)}{13,8} = D$

Step 2) $\frac{A + B}{2} = E$

Step 3) D + E = Number of teeth

Example

Transmission pulley has 32 tooth
Rear wheel pulley has 66 tooth
Center to center distance is 584 mm

Step 1) $\frac{584 \times 2 = 1168}{13,8 \text{ (belt pitch)}} = 84,6$

Step 2) $\frac{32 + 66}{2} = 49$

Step 3) 84,6 + 49 = 133,6 teeth
This means you must use a 133 tooth belt, because 137 tooth is not manufactured
