## E-WILD COMPETITION LINE

- Keep rolling: This will take you anywhere!
- Extra grip thanks to E-GUM-X, a new rubber composed of side and center lugs designed to optimize grip, with an Enduro tread pattern for better traction
- Better protection thanks to its „Gravity Shield“ casing from Enduro competitions
- More kilometers: an inner layer and central rubber to improve performance and rolling resistance while reducing energy consumption
- Tire specifically designed for front mounting with reinforced grip
- Optimal when combining front and rear tires from the same range
- E-bike ready, tubeless ready, E-Gum-X technology, Battery saving, Gravity shield

## WILD ENDURO GUM-X COMPETITION LINE

- Go where you want to go with your specialized front tire
- More speed with a tread pattern designed for the front wheel. Its block design offers more progressiveness, terrain versatility and maximum braking grip
- More grip thanks to the new generation GUM-X3D rubber with reduced stiffness for better directional control and excellent terrain versatility in summer and winter
- More strength thanks to the strong, lightweight Gravity Shield® 3 X 60 TPI casing designed for the most demanding enduro rides and its high-density reinforcement

## WILD ENDURO MAGI-X<sup>DH</sup> RACING LINE

- For those looking for winning grip
- The MICHELIN Enduro Racing Line is designed to excel on all types of terrain. Specially designed for front use, it can also be fitted in the rear for even more grip
- The combination of MICHELIN Wild Enduro front tread, Magi-X DH and Down Hill Shield ensures maximum grip on all types of terrain
- More durability thanks to the double reinforced Down Hill Shield and anti-puncture reinforcement for excellent handling even at low pressures
- 4 X 55 TPI
- Magi-X<sup>DH</sup> technology, „Down hill shield“ technology, Tubeless ready, E-BIKE Ready

## WILD ENDURO MAGI-X² COMPETITION LINE

- Designed for the front wheel with better grip at high speeds for experts
- More SPEED thanks to a tread pattern designed for the front wheel. Its block design offers more progressiveness and terrain versatility.
- More grip thanks to the new MAGI-X² rubber compound that provides maximum braking and cornering grip in all conditions (dry, wet) and temperatures (hot, cold).
- More strength thanks to the strong, lightweight Gravity Shield® 3x60 TPI casing designed for enduro riding and its high-density reinforcement
- For the most experienced riders thanks to its new rubber compound

## JET XC<sup>2</sup> RACING LINE

- The next generation MICHELIN XC racing tire that gives you acceleration & momentum
- The MICHELIN JET XC<sup>2</sup> tire offers more speed thanks to its semi-slick tread pattern (compared to the MICHELIN Force XC2 and the MICHELIN Wild XC Racing Line).
- MICHELIN Gum-X compound optimizes the balance between rolling efficiency and traction
- MICHELIN Cross Shield<sup>2</sup> casing provides extra puncture protection to prevent tread and sidewall damage
- 2 X 150 TPI

## FORCE XC<sup>2</sup> RACING LINE

- The next generation of MICHELIN XC racing tires ensures fast and agile handling in all conditions.
- The MICHELIN FORCE XC<sup>2</sup> tire improves control in a wide range of riding conditions thanks to an updated tread pattern with taller, wide-spaced knobs.
- The MICHELIN Gum-X compound optimizes the balance between rolling efficiency and traction.
- The MICHELIN Cross Shield<sup>2</sup> casing offers extra puncture protection to prevent tread and sidewall damage.
- 2 X 150 TPI

## WILD XC PERFORMANCE LINE

- The MICHELIN Cross-Country tires with confidence boosting grip. Designed for you to enjoy the trails!
- Maximum grip on soft and mixed terrain thanks to the wide stud spacing and MICHELIN Gum-X technology
- Light and durable thanks to the 3 X 60 TPI casing with puncture protection provided by the high-density fiber layer under the tread

## FORCE AM COMPETITION/PERFORMANCE LINE

- The most agile AM tire: optimal steering control for demanding rides
- Grippy compound: Two-sided rubber for incredible grip so you can let rip as you ride with Gum-X 3D Technology
- Durable and robust mix for trail and all-mountain riding with a 3 X 60 TPI casing with the addition of a high density reinforced casing ply thanks to Trail Shield Technology
- More miles: thanks to a blend of a new tread pattern and a completely new rubber compound for greater durability

## FORCE AM<sup>2</sup> COMPETITION LINE

- A fast tire for hard terrain
- A specialized tire for hard and mixed terrain that optimizes efficiency for all-mountain riding
- Tread design reduces rolling resistance. Combined with Gum-X technology, it optimizes grip on hard terrain
- GUM-X Technology, Gravity Shield Technology, Tubeless Ready, E-BIKE Ready
- 3 X 60 TPI

## WILD AM COMPETITION/PERFORMANCE LINE

### COMPETITION LINE:

- For competition use, providing grip and performance on mixed and soft terrain
- Gum-X 3D: New generation of high performance rubber. Featuring a blend of three different rubber compounds: Race Compound, Traction Compound and Grip Compound
- Trail Shield: New generation of reinforced casing for greater robustness (3 X 60 TPI) for a more engaging ride

### PERFORMANCE LINE:

- More protection thanks to „Bead to Bead Protection“ which optimizes puncture resistance.
- The tread pattern is more grippy and the height of the knobs is specially designed for front wheel use.
- Trail Shield: New generation of reinforced casing for greater robustness (3 X 30 TPI) for a more engaging ride

## AIRCOMP BICYCLE TUBE

- The lightweight butyl tube
- Minimum weight 25% lighter than MICHELIN Airstop tubes of the same size
- Smart Black Presta valve compatible with valve extenders

Page

13

## PROTEK MAX BICYCLE TUBE

- The best guarantee for keeping tires inflated longer
- Guaranteed Pressure: The combination of liquid sealant and butyl technology ensures excellent pressure retention.
- Puncture Protection: Thanks to an internal liquid sealant and special design

## AIRSTOP BICYCLE TUBE

- Effective pressure hold through use of butyl
- Strength: Better puncture protection
