

ECE 22.05

AIRFORM™

- Injection-molded polycarbonate shell for strength
- Internal airflow geometry and continuous venting system keep rider cool
- Fog-free Icon Optics™ shield with Rapid-Release™ system
- Prolock™ positive shield-locking system
- TracShield™ shield with tear-off posts available; sold separately
- Internal DropShield™ with exterior switch
- Comfortable sculpted neck roll
- Removable molded breath deflector
- Fully removable Hydradry™ 3-piece moisture wicking liner
- Internal speaker pockets work with Icon's R.A.U. Bluetooth® device
- Rubatone is a matte-finish rubberized paint developed to match your riding gear
- See helmet size guide below before ordering
- All World Standard meets or exceeds the following: ECE 22-05 (Europe) and PSC (Japan) helmet safety standards

NOTE: Does not ship with PSC or MFJ certification stickers unless purchased from an authorized dealer in that country.

NOTE: The DropShield™ visor must only be used while the main face shield is in the fully closed position.

EVOLUTION LINE COMPLETE EXHAUST SYSTEM FOR BMW S1000RR 19-21, M1000RR 20-21

- The flagship of the Akrapovic exhaust systems, used and tested by top factory teams in racing
- Unique and dedicated to maximizing engine performance while reducing overall weight for optimized handling of the whole motorcycle
- Significantly lighter compared to the stock exhaust system
- Headpipes/collector/link pipe are made of titanium
- Muffler sleeve constructed from titanium fiber
- End cap constructed from carbon fiber

- Carbon fiber muffler bracket is included (needed for mounting if passenger footrests are removed)
- ECU re-mapping is recommended for perfect performance, throttle response and durability

NOTE: Country restrictions apply. Please check our website if these products can be shipped to your country.

DESCRIPTION

4-into-1 header w/ titanium muffler and carbon end cap

PART

1810-2898

RACING LINE COMPLETE EXHAUST SYSTEM

FOR BMW S1000RR 19-21, M1000RR 20-21

- A complete high-quality stainless steel exhaust system made with close attention to detail
- Unique design enables it to obtain the maximum output while significantly reducing overall weight for top performance in everyday riding or even in the most challenging races
- Headpipes/collector/link pipe are made of stainless steel
- Muffler sleeve constructed from titanium
- End cap constructed from carbon fiber
- Carbon fiber muffler bracket is included (needed for mounting if passenger footrests are removed)
- ECU re-mapping is recommended for perfect performance, throttle response and durability

NOTE: Country restrictions apply. Please check our website if these products can be shipped to your country.

DESCRIPTION

4-into-1 header w/ titanium muffler and carbon end cap

PART

1810-2899

1811-4213

SLIP-ON SERIES MUFFLERS

- Slip-on mufflers represent the first step in the exhaust system tuning process
- Easy to install and offers a great balance between price and performance
- More power, more torque, less weight and the unique Akrapovic sound
- Muffler sleeves constructed from titanium or carbon fiber
- End caps constructed from titanium

NOTE: Country restrictions apply. Please check our website if these products can be shipped to your country.

CLUTCH PLATES AND SPRINGS

- Superkits contain all components for a complete change: friction plates, clutch steel plates, clutch springs and clutch cover gasket (if required)
- Clutch friction plate kits are supplied as a separate kit from springs and drive plates
- Different friction materials are used to match original specifications
- Friction plates should be allowed to bed in to avoid glazing friction surface
- Drive plate thickness and dimensions correspond to original
- Check old plates for color and wear and preferably replace at the same time as friction plates
- Some clutch springs are approximately 10% stronger than original springs
- Increase in clutch spring strength is achieved either through the extra length or by tighter winding

NOTE: Some synthetic oils increase the danger of clutch slip with friction plates.

CLUTCH FRICTION PLATES

- The ultimate clutch friction material for fast road, sports riders and racers
- Ideal for all high-performance applications
- Improved heat resistance and longer service life
- Perfect combination of selected raw materials with high carbon content
- Very low compressibility, therefore no slipping or sticking even at the highest speeds and torques

¹ Adjuster kits contain two drive plates with different thickness than original which may be necessary to achieve required stack height for the full clutch package.

BRAKE PADS AND SHOES

SFA ORGANIC SCOOTER BRAKE PADS

- Premium-quality organic pads built specifically for lighter weight motorcycles and scooters
- Long lifespan and good initial brake response at a low price point

SFAC CARBON SCOOTER BRAKE PADS

- Higher durability scooter pads featuring 30% copper powder by weight and carbon granules to deliver a pad that lasts far better than original pads and most competitor pads but delivers superb brake effect
- British-made SFAC series pads are a perfect choice for heavier- and larger-engine scooters in spirited urban use and are suitable for use with all types of disc materials
- TÜV and ECE R 90 approved
- Extended lifetime over standard pads
- Superb fingertip brake power and control
- Longer lifetime than pure organics, ideal for scooter hire bikes and heavier machines
- ECO-friendly with zero toxic ingredients
- Absolutely NO disc damage with these pads

NOTE: Brake pads/shoes are ABE/TÜV approved unless noted.

NOTE: Brake pads/shoes are sold in sets for one disc or one drum. For dual-disc applications, two sets of brake pads are required for complete replacement.

NOTE: Additional Scooter brake pad and shoe applications available, see pages 261-302 of the 2021 Parts Europe Scooter catalog.

CHAMPION SPARK PLUG

- Includes all the features of conventional plugs, but is built with extreme engine conditions and durability in mind
- Copper core center electrode allows for accurate control of heat range, optimizing performance and longevity for the spark plug
- Fine wire electrodes increase ignitability by reducing spark quench
- Increased bore clearances between shell and core nose reduces fouling caused by carbon deposits
- SAC-9 semi-conductor resistor for maximum EMI and RFI suppression

TRAVEL BACKPACK

- Constructed with durable 600D polyester oxford woven material
- Rugged, wide-mouth zippers provide access to large cargo pocket that give this pack over 9,8 liters of cargo capacity
- Foam-padded, fleece-lined laptop pocket
- One external zipper phone pocket and two mesh bottle pockets
- Fully adjustable shoulder and sternum straps make heavy loads comfortable and balanced
- Mesh back padding with ventilation channels improves comfort
- Internal main pocket sleeve and hook for keeping water reservoir separated from gear
- YKK® zippers
- Durable, easy-to-fill, 3-liter bladder with angle bite valve included
- Size: 45,5 cm L x 30,5 cm W x 12,5 cm H (18" x 12,5" x 5")

DESCRIPTION	PART #
Travel backpack	3517-0501

HIP HYDRATION PACK

- Lightweight and form-fitting, the hip hydration pack is perfect for riding when you need fluids but want to minimize weight and maximize rider mobility
- Fully adjustable, padded waist strap and cargo cinch strap help keep the pack balanced and stable
- Back padding and ventilation channels improve comfort
- Three external zippered pockets provide extra storage
- Durable, easy-to-fill, 1,5-liter bladder with quick release bite valve/tube included
- Constructed from durable 600D material
- YKK® zippers
- Size: 25,5 cm L x 15 cm W x 64 mm H (10" x 6" x 2,5")

DESCRIPTION	PART #
Hip hydration pack	3519-0062

QUALIFIER PACK

- This pack is designed to give you control of what you carry with a spacious main compartment free of pre-determined tool mounting points
- Similar to Moose Tool Wrap but in a fanny pack design
- The rugged, yet flexible 600-denier material conforms to your body
- Quick-release belt buckle easily adjusts and locks the main strap to fit your torso and the gear you're wearing – fits waist sizes 71 cm – 122 cm (28"-48")
- Front fold-down flap provides protection against the elements
- A variety of elastic bands keeps your selection of tools organized and in place
- Works well for a race-support technician
- Perfect as a trail-marking bag
- YKK® zippers
- Tools and other Moose Racing accessories not included
- Pack size: 25 cm L x 12,5 cm W x 25 mm H (10" x 5" x 3")

DESCRIPTION	PART #
Qualifier pack	3520-0005

NUMBER PLATE TRAIL PACK

- Easily mounts to your headlamp cowl or front number plate
- Access your stuff without dismounting from your ride
- Multiple internal and external storage compartments are perfect for tools and items needed for laying out events or doing course worker maintenance
- Elastic backing sleeve and quick-release buckle straps make mounting and removal a snap
- Upper and lower strap locations permit securing the pack to fork tubes, handlebars or both
- Rugged 500D tarpaulin material construction protects your cargo and easily handles the rigors of off-road use, and is easy to clean
- YKK® zippers
- Size: 33 cm L x 19 cm W x 6 cm H (13" x 7,5" x 2,5")
- Contents not included

DESCRIPTION	PART #
Number plate trail pack	3510-0109

SPARE TUBE FENDER PACK

- Moose Racing's popular accessory ensures you have a tube available in a tube holder that best blends features with low weight
- Perfect size for up to a 21" Moose Racing HD tube, tire spoons and inflator kit
- Rugged 500D tarpaulin material construction protects your cargo and easily handles the rigors of off-road use, and is easy to clean
- Uniquely designed mounting hooks attach quickly and securely to most front fenders but have quick-release buckles that allow you to install or remove the pack in seconds – can also attach to rear fender
- Rubberized bottom helps the pack stay put in gnarly riding conditions
- YKK® zippers
- Size: 16,5 cm L x 25 mm W x 25,5 cm H (6 1/2" x 1" x 10")
- Contents not included

DESCRIPTION	PART #
Spare tube fender pack	3510-0113

TOOL WRAP

- An easy way to organize and carry your tools and other supplies
- Rugged 500D tarpaulin material construction protects your cargo and easily handles the rigors of off-road, competition, dual sport or adventure touring use, and is easy to clean
- Revised shape better secures and segregates your tools, and includes a small zipper bag for odds and ends like fuses and chain master links
- This wrap rolls tight, collapsing around your tools, to save you room when you stow it in your backpack or rear fender pack
- YKK® zippers
- Closed pack size: 14,5 cm L x 38 mm W x 24 cm D (5,75" x 1,5" x 9,5")
- Contents not included

DESCRIPTION	PART #
Tool wrap	3510-0114

OFF-ROAD TRAIL STRAP

- Don't go riding without your trail strap
- Strong, yet compact 366 cm (12') long nylon strap with loop and open ends
- Rugged 500D tarpaulin pack material construction protects your cargo and easily handles the rigors of off-road use, and is easy to clean
- Mounting strap enables you to attach the sturdy carrying pouch on your vehicle, your belt or other gear
- YKK® zippers
- Size: 14 cm L x 38 mm W x 38 cm H (5 1/2" x 1 1/2" x 3")

DESCRIPTION	PART #
Trail strap	3510-0110

HANDLEBAR GAUNTLETS

- Durable, windproof and water-resistant tarpaulin chassis, with insulation, blocks out snow, rain, wind and cold to help keep hands warm, dry and comfortable
- Structured to allow room for controls
- Install quickly and easily with hook-and-loop fastener straps to seal around handlebars
- Designed to be used with or without handguards (Moose Racing Rebound, Roost and Qualifier handguards)
- Fit most motorcycles, snow bikes, ATVs and snowmobiles
- Sold in pairs

DESCRIPTION	PART #
Handlebar gauntlets	0635-1758

SYNAPSE HD KNEE GUARDS

- Constructed of plastic and molded EVA impact-resistant foam
- Molded EVA provides excellent coverage of lower leg, knee and upper leg
- Recessed adjustable hook-and-loop leg straps for secure adjustable fit
- Slide freely under pants
- Tested and certified to Standard EN 1621-1:2012
- Sold in pairs

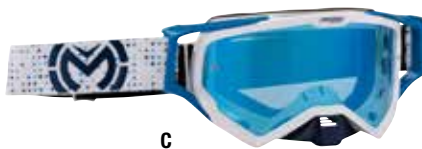

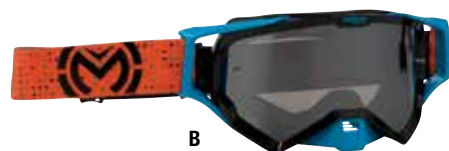

DESCRIPTION	PART #
Synapse HD knee guards	2704-0549

XCR PRO STARS GOGGLES

- Soft multi-density foam with fleece backing improves comfort, provides excellent moisture management and seals out dirt
- Optically pure polycarbonate lens with scratch-resistant and anti-fog coating
- Large eyeport for maximum viewing
- Injected polyurethane frame is flexible and durable
- Ventilated frame drives out heat and perspiration
- Outrigger system designed to create a consistent seal and balanced fit
- Elastic strap with tacky silicone print secures goggle
- Integrated nose guard for maximum roost coverage
- Includes one extra clear lens
- Tested and certified according to European standard EN 1938:2010
- Replacement lenses and tear-offs available

ECE 22.05

S-M10 SUPERTECH HELMETS

- Lightweight outer shell is constructed from technologically advanced composite materials in four sizes to ensure a superior fit
- Fitted with E-2, the latest generation of MIPS, an integrated low-friction layer designed to reduce rotational motion transferred to the brain from angled impacts to the head
- Multiple-density inner helmet liner
- Visor is attached to helmet shell with patented system that allows easy release in case of an impact
- Two visors supplied with helmet – one Regular height and one Super High height
- Alpinestars patented A-Head adjustable-height top interior helmet pad height
- Superior ventilation system utilizes 19 intake and 5 exhaust ports
- Helmet side shell shape combined with soft EPP foam prevents damage to collarbone in event of crash
- Emergency release and removable cheek pads
- 3D contoured foam
- Removable comfort liner uses anti-moisture and antibacterial fabrics
- Hydration system prepared
- E-Ject prepared
- Available in sizes listed; see Alpinestars helmet size chart below before ordering
- ECE 22.05 approved

YOUTH BIONIC ACTION JACKET

- Lightweight protective jacket with high adjustability and maximum breathability
- Back protector developed in two waist-to-shoulder dimensions to cover all kids/youth body sizes from 6-10 and 10-14 years of age
- All shells are constructed from a high-performance polymeric material blend for optimized flexibility and excellent weight-saving properties
- All shells are highly perforated for maximum breathability and air ventilation
- Single-injected shells are constructed with a back-integrated grid structure which absorbs and dissipates impact forces
- Shells are vented and channeled to improve airflow and prevent heat buildup
- Ergonomic protection shell contour follows the natural curve of the back to ensure an optimal fit while in the riding position
- Removable upper back panel for YNS compatibility
- Soft-touch YNS puller for convenient engagement of the YNS
- Shoulder and elbow adjustment straps for a personalized fit
- Lateral adjustment straps to tighten the back protector towards the chest shell for a secure fit
- Kidney belt to tighten the back protector to the body
- Technical elastane main construction is highly breathable and maintains shape
- Premium auto-lock YKK® zipper main front closure
- Shoulder reinforcement for YNS attachment and position stability
- The following standards apply to this product:
 - Elbow and shoulder protectors - EN 1621-1:2012 (Level 1)
 - Back protector - EN 1621-2:2014 (Level 1)
 - Chest protector - EN 1621-3:2018 (Level 2)

YOUTH NECK SUPPORTS

- Compact, easy-to-use design for kids ages 8-14
- Ergonomic design and engineered shape for ideal fitment with Alpinestars A-5 S
- Left and right rigid frames are made from a polymer compound combination with the internal smooth edge made of soft-injected EVA to provide a great fit and stable positioning
- Overall frame construction dissipates energy loads by transmitting them across the back
- Flexible back connector between the left and right frames allows the neck support to follow the body's movements when riding
- Chin plates on the front dissipate pressure of the helmet when impacting
- Quick-release closure system to easily engage or disengage the neck support
- Compatible with Alpinestars A-5 S; can also be worn on its own using the A-strap (included in the YNS kit)
- The following standards apply to this product:
 - Category 2 under the PPE Directive EU 2016/425
