- Kit includes all of the necessary components to repair a carburetor
- Models with multiple carburetors include components to repair all carburetors
- Kit includes all necessary O-rings, gaskets, jets, needle, mixture screw, float bowl screws, float valve needle and seat (needle jet and other pressed-in jets are not included in kit)
- OEM jet sizes and slide needles are included in the kit
- NBR rubber material is used on all O-rings and rubber gaskets; NBR has excellent resistance to the ethanol used in today's fuels
- Applications that use paper float bowl gaskets are upgraded to High Performance Interface Gasket material
- Components included in the kits are based off of US models, and discretion must be used when attempting to install the kit on a non-US model
