50TH ANNIVERSARY ROAD RAGE III EXHAUST SYSTEM

- 2-into-1 equal-length headers
- Stepped 1 $\frac{3}{4}$ " to 1 $\frac{7}{8}$ " headpipes
- Utilizes an advanced inner collector for maximum performance
- Stainless steel construction
- Partial stainless steel heat shields
- Hand TIG welding
- 18 mm O₂ bungs with 12 mm adapters
- Megaphone muffler
- Limited edition 50th anniversary badging on muffler

PART #	DESCRIPTION
1800-2431	For 18-19 FXBB, FXLR, FXFB, FLSL

ROAD RAGE III HIGH-OUTPUT EXHAUST 2-INTO-1 SYSTEM

- 2-into-1 equal-length headers that are stepped 1 $\frac{3}{4}$ " to 1 $\frac{7}{8}$ " to gain horsepower through the powerband
- Utilizes an advanced inner collector for maximum performance
- Stainless steel 304 construction
- Hand TIG welded
- 18 mm O₂ ports with 12 mm adapters and plugs
- Better ground clearance and fitment
- Brushed billet end cap included
- Partial heat shield included
- Removable baffle

PART #	DESCRIPTION
1800-2413	For 04-19 XL1200 w/ mid controls

1800-2432

1800-2433

SLASH CUT PRO-STREET SYSTEMS

- Feature 16-gauge steel construction throughout
- 1 $\frac{3}{4}$ " headpipes step to 2", then flow into 2 $\frac{1}{2}$ " muffler bodies for increased flow and improved performance
- Designed to increase low-end torque and produce a deep, throaty exhaust note
- Includes heat shields, mounting brackets, hardware and O₂ ports and plugs

NOTE: Baffles for turn-out systems are welded in place.

CVO 4" DNT MUFFLERS

- Mufflers are designed to fit under stock heat shields on the CVO M8 baggers
- Feature 16-gauge steel construction throughout
- Specially designed three-stepped baffle that is acoustically tuned to deliver a unique deep and throaty exhaust sound while providing maximum performance
- Include new-style billet end caps with internal machined flutes
- Black with black end caps
- Sold in pairs

PART #	DESCRIPTION
1801-1408	For 17-19 FLHTKSE/FLHXSE/FLTRSE

MEMPHIS SHADES

Style that works. Memphis Shades windshields and fairings are the clear choice for riders who demand the best in fit, finish and quality. No matter if you ride a big-inch cruiser or a stylish street custom, Memphis Shades has the perfect windshield, fairing or accessory for your bike and riding style.

ROAD WARRIOR FAIRING

- Stylish coverage with clean lines and smooth curves
- 48,5 cm (19") wide
- Class A gloss black finish outside
- Model-specific mounting kits feature Memphis Shades exclusive Trigger-Lock mounting system and are sold separately

WHAT TO ORDER

1. Road Warrior Fairing
2. Trigger-lock mounting kit
3. Windshield for Road Warrior (see the 2019 Parts Europe FatBook)

FRONT/REAR SPEAKER KIT WITH 600-WATT AMP

- Direct replacement system for CVO™ model Ultras with factory Stage 1 Audio
 - Includes 600-watt amp with front and rear speakers
 - Includes plug-n-play wire harness that adapts to CVO™ Specific Wire Harness
 - Amplifier easily installs in same location as factory amp (inside fairing)
 - No upgrades required to factory charging system
 - Features R.E.M.I.T. circuitry for excellent FM reception from a Class D amp
 - No adjustments on amp makes installation very simple
 - Includes WBAURH Ultra Rear Harness (PART #2120-0900), which allows radio fader to control front/rear levels
 - System is expandable to easily add additional amplifier for fairing lowers or saddlebag lids
- NOTE:** A radio software reflash is required.

PART #	DESCRIPTION
4405-0545	For 14-19 FLHTKSE

900-WATT AMP/6-SPEAKER KIT

- Complete 900-watt amp/6-speaker kit for 15-19 Road Glide Ultra
- Designed to work with factory charging system, no upgrade required
- Includes fairing speakers, rear speakers, 6,5" speakers with adaptors for the fairing lower glove boxes
- Fairing speaker grilles include black and chrome trim
- Speaker adaptors for fairing lower glove boxes give simple access to factory coolant tank
- Main portion of lower speaker adaptor is gloss black to match factory inner fairing
- Includes Wild Boar Audio 600.4 amp and 300.2 amp with special mounting plates
- All amps fit inside fairing, are bolt-in and 100% plug-n-play
- Amplifiers feature R.E.M.I.T. technology for excellent FM reception from a Class D amp
- Kit comes complete with all wiring and hardware to complete the installation

NOTE: A radio reflash may be required for best performance.

NOTE: Not for use on CVO models.

PART #	DESCRIPTION
4405-0544	For 15-19 FLTRU

7" FAIRING LOWER WOOFER KIT WITH 225 AMP

- Complete kit includes REV 225-watt amp, 7" 2-ohm woofers, fairing lower adaptors, grills and all required plug-n-play wiring
- Radio runs existing speakers and supplied amp runs lower speakers
- Compatible on 06-13 CVO Ultras specific wire harness
- Use with PART #4405-0535 to create a 6-speaker/6-channel kit (this option requires PART #4405-0234 to mount second amp)

PART #	DESCRIPTION
4405-0542	For 05-13 FLHTCU/FLHTCUL/FLTRU

PREDATOR 2-UP SEAT

- Solar-reflective leather in the seating area and automotive-grade vinyl on the sides; patented process reduces surface temperature by as much as 14 °C (25 °F) for a cooler seat, higher durability and longer life over conventional leather or vinyl
- Lower profile with molded polyurethane foam interior for maximum comfort
- 5 mm ($\frac{3}{16}$ ") ABS thermoformed seat base for a perfect fit
- Rubber bumpers and fully carpeted bottom to protect paint
- Fits with all Drag and most H-D sissy bars
- Available in double diamond, black stitch style
- Includes all mounting hardware

NOTE: 97-07 FLHR/FLHX seats will also fit 97-07 FLT/FLHT/FLTR models when used with lower dash extension PART #2202-0070.

PART

DESCRIPTION

FOR 97-07 FLHR, 06-07 FLHX MODELS (77,5 CM L X 28 CM W FRONT; 19 CM W REAR (30 $\frac{1}{2}$ " X 11"; 7 $\frac{1}{2}$ "))

LOW-PROFILE SOLO SEATS

- Features solar-reflective leather in the seating area and automotive-grade vinyl on the sides; patented process reduces surface temperature by as much as 14° C (25 °F) for a cooler seat, higher durability and longer life over conventional leather or vinyl
- Flexible urethane foam interior for maximum comfort
- 5 mm ($\frac{3}{16}$ ") ABS thermoformed seat base with carpeted bottom and rubber bumpers to protect paint
- EZ Mount system requires no tools for taking seat on and off
- Seat geometry places rider 51 mm (2") further back and up to 25 mm (1") lower (depending on model) than stock seat
- Lower position creates better rider position with improved styling
- Seat covers the two seat fender studs for a low, clean look
- Can be used with Solo rear seats PART #s 0801-1053 and 0801-1054 (sold separately; see the 2019 Parts Europe FatBook)
- Includes mounting hardware

PART

DESCRIPTION

FOR 08-19 FLHT/FLHR/FLTR/FLHX MODELS

KURYAKYN

DILLINGER LUGGAGE RACKS

- Includes fixed mounts that install discreetly between the fender and struts for a clean look
- Stylized cutouts on top and sides offer multiple secure points for bungee cords or luggage straps
- Durable stamped steel construction offered
- Includes all hardware and mounting brackets for easy bolt-on installation
- Styled to match the complete Kuryakyn Dillinger collection
- Recommended max load is 4,5 kg (10 lb)
- In satin black or silver textured finishes

PART #	DESCRIPTION
FOR 04-19 XL MODELS (EXCEPT ROADSTER)	
1510-0468	Silver
1510-0469	Satin black

0926-3167

RACING VALVE SPRING KITS

- 0,650" or 0,675" max lift kits are designed for maximum performance
- Features interference-wound, double-chrome silicone springs and H.T. steel base washers
- Available in a complete set for one engine
- Includes springs, H.T. steel keepers and H.T. steel spring retainers
- PART #0926-3167 specifications: 0,650" max valve lift, 1,860" installed height, 185 lb seat pressure, 440 lb open pressure
- PART #0926-3168 specifications: 0,675" max valve lift, 1,860" installed height, 185 lb seat pressure, 450 lb open pressure

PART #	DESCRIPTION
FOR 99-04 TWIN CAM, 84-99 EVOLUTION BIG TWIN, 86-03 XL	
0926-3167	0,650" lift
0926-3168	0,675" lift

0926-3204

0926-3205

PREMIUM VALVE SEALS

- Solid Viton™ seals utilize choker spring and lower tension spring to maintain optimal seal under high heat/stress conditions
- For use with stock intake and exhaust valve guides
- Sold in packages of four

PART #	DESCRIPTION
0926-3204	For 99-04 Twin Cam, 84-99 Evolution Big Twin, 86-03 XL
0926-3205	For 48-83 Big Twin

ALL BALLS RACING

Supply parts and accessories that will keep your V-Twin motorcycle on the road. Their line of fuel pumps for American V-Twin motorcycles has everything you need for a complete plug-and-play installation to restore peak performance to your fuel pump in an economical package.

1009-0077

FUEL PUMP MODULE REBUILD KITS

- Come ready for plug-and-play installation
- Economical solution for restoring lost performance or non-performing fuel pump
- Include all necessary components to rebuild the OEM EFI fuel pump module
- Include necessary pump, filter, hose(s), clamp(s) and wiring harness as necessary per model

PART #	DESCRIPTION
1009-0079	For 08-19 FLHT/FLHR/FLHX/FLTRX/FLTRU
1009-0080	For 00-03 FLHT/FLHR/FLTR, 01-03 Softail, 02-03 V-Rod (short pump/2,60")
1009-0082	For 04-07 FLHT/FLHR/FLTR, 04-07 Softail (long pump/3,00")
1009-0077	For 95-99 FLHT/FLHR/FLTR
1009-0078	For 08-17 Softail, 04-17 Dyna Glide, 04-17 V-Rod
1009-0081	For 07-19 XL, 15-19 XG models

ANDREWS

CAMS FOR TWIN CAM

Andrews Products grinds its cams with the help of a computer with cam design capabilities. This superior technology gives the utmost in both performance and reliability. Only the best alloy steel billets and heat-treating processes are utilized. Furthermore, the power in Harley's Twin Cam engine can be made even more convincing when superior Andrews computer-designed high-performance cams are installed.

NOTE: Chain Driven Cams: 00-06 model cams use a splined cam drive sprocket. These cams will fit in the 1999 Twin Cam motor, but the splined cam drive sprocket OEM #25716-99 or DS-199175 must be used.

NOTE: Installer must check coil bind, valve-to-valve clearance and valve-to-piston clearance.

TW48 SERIES GRIND CAMS

- Broad tip cams for baggers with stock motors; max torque at low and mid rpm ranges
- Use stock springs

PART #	DESCRIPTION

MANUAL OIL BYPASS VALVE

- Acts as a manual thermostat, allowing you to bypass the oil cooling system for cold-weather riding or for faster warm-ups on cool days
- Durable, anodized billet aluminum construction
- Knurled grip knob
- Works with all oil coolers
- Compact in-line installation
- Service kit contains replacement O-rings, snap-ring retaining clip for manual bypass knob and spare decal

0713-0215

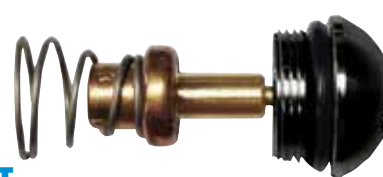

NOTE: If oil hoses between the oil cooler and the oil source are too short, the oil cooler bypass valve may not fit in the oil lines. Jagg bypass valves require at least 3" of straight hose.

PART #	DESCRIPTION
0713-0215	Manual oil bypass valve
0713-0218	Service kit

AUTOMATIC OIL COOLER BYPASS VALVE SERVICE KIT

- Service kit for PART #0713-0069

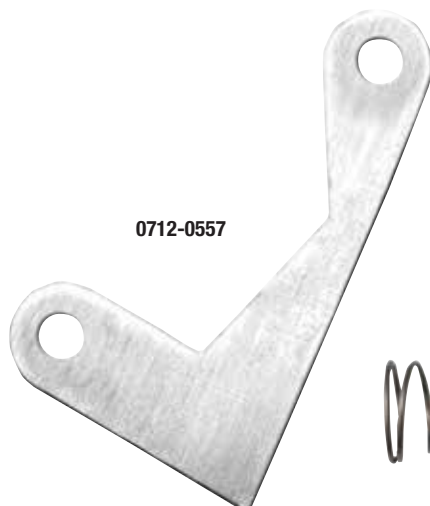

PART #	DESCRIPTION
0713-0219	Service kit

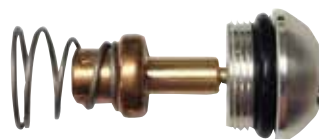

HYPERFLOW LIFETIME OIL FILTER SERVICE KIT

- Service kit for Hyperflow lifetime oil filter kit PART #0712-0555 that fits all H-D models w/ front-mount spin-on oil filters (3/4"-16 thread)

PART #	DESCRIPTION
0712-0556	Service kit for PART #0712-0555 (For all H-D models w/ front-mount spin-on oil filters (3/4"-16 thread))

0712-0557

0713-0216

OIL FILTER ADAPTERS WITH THERMOSTAT SERVICE KITS

- Optional anti-rotation device for PART #0713-0031 bolts to face of offset oil filter adapter to lock in place during future oil filter removals; available separately
- Service kit for PART #0713-0031 includes new thermostat element assembly, AFM gasket and large O-ring

PART #	DESCRIPTION
FOR 99-17 TWIN CAM	
0712-0557	Anti-rotation device for PART #0713-0031
0713-0216	Thermostat service kit for PART #0713-0031
FOR 04-19 XL	
0713-0217	Service kit for PART #0713-0145

INNER PRIMARY BEARING SEAL

- Replacement seal
- For use with Inner Primary Bearing Upgrade Kit (PART #1120-0242)
- Sold each

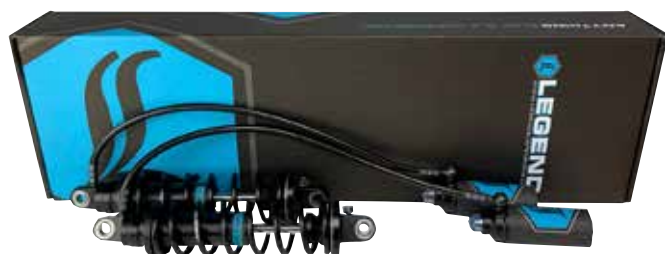

PART #	DESCRIPTION
1120-0414	Inner primary bearing seal

M8 BALANCER BEARING REMOVAL TOOL

- Easily remove the balancer bearings in both Touring and Softail models without damage to crankcase

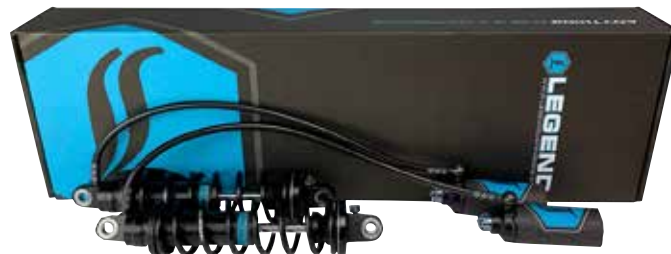

PART #	DESCRIPTION
3801-0355	For 17-19 Softail/Touring models

LEGEND REVO-ARC REMOTE RESERVOIR FL COIL SUSPENSION

- Available in Black Type III hard-coat anodize
- Legend's Touring specific spring rates produce superior ride quality and performance
- REVO coils provide improved plush ride quality, control and resistance to bottoming-out
- REVO's extended coil length has larger "sweet spot" without increasing overall shock length
- Allows minimal pre-load adjustment by hand when changing between riders' weights or loads
- Adjusts by hand, no tools needed
- Available in 33 cm (13") and 35,5 cm (14"), standard or heavy-duty applications
- Easy installation and alignment, provided by spherical bearings on both top and bottom
- 35 mm monotube construction
- Deflective disc valve stacks
- Balanced/matched piston and base-valve design specific for these motorcycle applications
- Low friction sealing system and PTFE based sliding bearings for improved performance and feel
- Seven external knob adjustments allow fine-tuning of rebound
- Seven external knob adjustments allow fine-tuning of compression
- Provides optimum rebound and compression performance for any given rider weight, personal ride quality preference or personal riding style
- Nitrogen gas bladder design allows ultra-fast response and stiction-free movement
- Light to heavy riders can fine-tune ride preference
- Aggressive to casual riding styles can tune to desired quality or personal preference
- Lifetime warranty

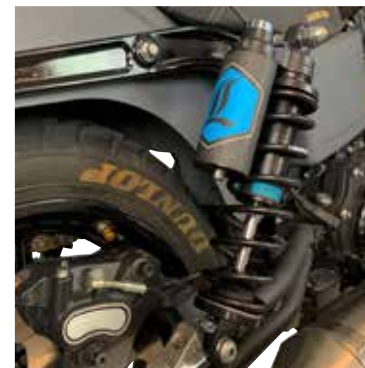

NOTE: Heavy-duty applications are recommended for 500 lb.+ rider and passenger total weight.

LEGEND REVO-ARC PIGGYBACK DYNA COIL SUSPENSION

- Available in Black Type III hard-coat anodize
- REVO coils provide improved plush ride quality, control and resistance to bottoming-out
- REVO's extended coil length has larger "sweet spot" without increasing overall shock length
- Allows minimal pre-load adjustment by hand when changing between riders' weights or loads
- Adjusts by hand, no tools needed
- Available in 33 cm (13") and 35,5 cm (14"), standard or heavy-duty applications
- Easy installation and alignment, provided by spherical bearings on both top and bottom
- 35 mm monotube construction
- Deflective disc valve stacks
- Balanced/matched piston and base-valve design specific for these motorcycle applications
- Low friction sealing system and PTFE based sliding bearings for improved performance and feel
- Seven external knob adjustments allow fine-tuning of rebound
- Seven external knob adjustments allow fine-tuning of compression
- Provides optimum rebound and compression performance for any given rider weight, personal ride quality preference or personal riding style
- Nitrogen gas bladder design allows ultra-fast response and stiction-free movement
- Light to heavy riders can fine-tune ride preference
- Aggressive to casual riding styles can tune to desired quality or personal preference
- Lifetime warranty

NOTE: Heavy-duty applications are recommended for 250 lb.+ rider and passenger total weight. Also consider heavy-duty if the majority of your riding is 2-up, stunt riding or aggressive riding style.
