FORWARD-POSITIONING LOW-PROFILE TOURING SEATS WITH EZ GLIDE II™ BACKREST OPTION

- Low-profile, double bucket seat with solar-reflective leather in seating area and automotive-grade leather-like vinyl on the sides; features improved shape and molded flexible urethane foam interior for added comfort
- 5 mm ($\frac{3}{16}$ ") ABS thermoformed seat base for a perfect fit, carpeted bottom and rubber bumpers to protect paint
- Driver area is cut narrow in the front to help eliminate pressure on the inner thighs
- Seat moves rider forward 51 mm (2") compared to stock seat; this may vary depending on model and year
- Includes all mounting hardware and instructions
- Optional EZ Glide II backrests sold separately; see the 2019 Parts Europe FatBook

PART

DESCRIPTION

FOR 97-07 FLHR, 06-07 FLHX MODELS; 81 CM L (32") OVERALL (40,5 CM L X 33 CM W (16" X 13") FRONT) (37 CM L X 28 CM W (14½" X 11") REAR)

BR4100 TACTICAL BACK SEAT BAG

- Designed to fit perfectly between the rider and tour pack
- Constructed of UV-, water- and weather-resistant 1200D
- Holds shape even when empty
- Multiple oversized mounting rings around the bag overcome unique mounting challenges
- Four external pockets
- Integrated MOLLE attachment mounting option
- Strong, nylon-meshing zipper teeth with black sliders equipped with large pulls for easy use even when wearing gloves
- Reflective rain cover with locking cinch cord included

PART

3501-1364

DESCRIPTION

BR4100 tactical back seat bag

BR3400 TACTICAL SISSY BAR BAG

- Wide, zippered center opening assures ease of loading
- UV-rated, weather-resistant 1200D chassis
- Maintains shape even when empty
- Six large external pockets
- Internal zippered mesh pockets keep items organized
- Easily mounted to sissy bar plus full mounting strap kit for a variety of mounting options
- All strap ends include unique keepers system which eliminates the need for cutting after the bag is installed

- Multiple heavy-duty D-rings for additional mounting or attaching options
- Integrated MOLLE modular attachment points for storage customization
- Includes tethered rain cover for added protection from the elements
- Dimensions: 35,5 cm W x 30,5 cm D x 48,5 cm T (14" x 12" x 19"); measures 55,7 liters (3400 cubic inches)

K&N

K&N® is the world's leading manufacturer of washable performance air filters and cold air intake systems. The world-famous High-Flow Air Filter™ was pioneered by K&N in 1969, and features an innovative design of layered, oiled cotton media to effectively capture dust, dirt, and contaminants – offering top-quality filtration. Since that time, K&N has grown into a world-class automotive technology company, selling air filters, cabin air filters, oil filters, and air intakes in over 90 countries.

HIGH-FLOW REPLACEMENT AIR FILTER™

- Designed to increase horsepower and torque
- Pleated media provides a large filtration area offering long service intervals
- Application-specific sealing bead ensures an airtight fit
- Multi-layers of woven cotton gauze media offer excellent filtration
- American-made for over 50 years
- Washable, reusable, pre-oiled and ready to ride

PART #	DESCRIPTION
1011-4304	For 18-19 FXLR/FXFB/FXBR/FXBB/FLSL/FLSB/FLHC/FLFB/FLDE; repl. OEM #29400248

TANK FITTING KIT FOR FUEL-INJECTION TO CARBURETOR CONVERSION

- Use when converting from OEM fuel-injection systems to use a carburetor in order to deliver adequate fuel for large-displacement engines
- Kit replaces the factory tank fittings, allowing the use of a high-quality, high-flow Pingel fuel valve to feed the carburetor
- Made of stainless steel
- Kit includes adapter and plug with seal

NOTE: Due to tight tolerances in the tank fittings, a Pingel fuel valve is the only one that will fit.

PART #	DESCRIPTION
0705-0495	For 18-19 Softail models

ALLOY ART

American-made high-quality parts and accessories for your bike. Started in 1999, Alloy Art has been an industry leader in new, innovative products that really add style and performance to your ride. Looking for cool, new and unique products to customize your bike? Look to Alloy Art.

CAM PLATE/OIL PUMP FASTENER KIT

- Optional kit for Fueling OE+ camplate and factory HD oil pump (requires use of washers with ARP® oil pump bolts)
- Quality 12-point, heat-treated 8740 chromoly steel bolts with black oxide finish manufactured by ARP® to Feuling's exact specifications
- Precision-rolled threads provide optimum engagement, prevent galling and promote consistent torque loading
- Wide, underhead flange design provides even load distribution for optimum sealing of surfaces to prevent leaks
- Tensile strength rated at 170,000 psi; superior and stronger than OEM and stronger than grade 8 fasteners
- Includes moly assembly lubricant for installation

PART #	DESCRIPTION
2401-1047	For 17-19 M-Eight engines w/ Fueling OE+ camplate and factory HD oil pump

2401-1094

2401-1096

12-POINT ENGINE FASTENER KITS

- Top engine builders demand quality fasteners! Secure your engine with complete confidence
- Quality 12-point heat-treated polished stainless steel
- Features precision-rolled threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Wide underhead flange design provides even load distribution for optimum sealing of surfaces, preventing leaks
- Tensile strength rated @ 170,000 psi; superior and stronger than OEM and stronger than grade 8 fasteners
- Manufactured by ARP® to Feuling's® exact specifications
- All kits include moly assembly lubricant for installation

PART #	DESCRIPTION
2401-1091	External engine bolt kit includes cam cover, lifter blocks, rocker box, case bolts, oil filter adapter, crank sensor and exhaust studs for 99-17 Twin Cam A/B motors
2401-1092	External primary/transmission fastener kit includes primary cover, derby cover, inspection cover, transmission top cover, transmission bearing housing, clutch release cover, speed sensor and engine to transmission mounting bolts for 99-05 Dyna
2401-1094	Primary/Transmission kit includes primary cover, derby cover, inspection cover, transmission top cover, transmission bearing housing, clutch release cover, speed sensor and engine to transmission mounting bolts for 00-06 Touring models
2401-1098	External engine bolt kit (includes right side cover, lifter blocks, rocker covers, front engine mount, case bolts, crank sensor, required washers and Allen-head button screws for points cover) for 04-17 XL
2401-1100	External primary bolt kit includes primary cover, clutch cover and required washers for 04-17 XL
2401-1104	External engine fastener kit includes front engine mount, front case mount, rear engine to trans mount, oil filter adapter mount, upper oil pump, cam cover, case nuts (use factory bolts), rocker covers with sealing washers for 85-99 Evolution Big Twin
2401-1102	External primary/transmission bolt/washer kit includes outer primary cover, inner primary cover outer front bolts, derby cover, inspection cover, shifter lever, transmission top cover, transmission bearing housing, transmission clutch release cover for 85-99 FXR

DRESS-UP SHOW FASTENER KITS

- Quality 12-point hardened stainless steel bolts with a polished "SHOW" corrosion-resistant finish
- Feature precision-rolled threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Wide underhead flange design provides even load distribution for optimum sealing of surfaces – preventing leaks
- Top engine builders demand quality fasteners! Secure your engine with complete confidence
- Eliminates thread problems associated with chromed hardware
- Tensile strength rated @ 170,000 psi; superior and stronger than OEM and stronger than grade 8 fasteners
- Manufactured by ARP® to Feuling's® exact specifications
- Kits include moly assembly lubricant for installation

PART #	DESCRIPTION
2401-1099	Chassis dress-up kit (includes four Nacelle w/ washer, two front turn signals, four front brake caliper mounting hardware, four front fender mounting hardware, two passenger footpeg top mounting bolt, two rear brake master cylinder mounting hardware, five front engine isolator mounting brackets, two lower engine guard, two front floorboard, two rear rider floorboard, four license plate mounting hardware, four 1/4" lock nut, four 5/16" washer and one Ultra Torque lube for 17-19 FLTRU/FLTRX/FLTRXS)
2401-1103	Chassis/trim dress-up kit includes front right rotor (bolts do NOT clear speedo for left rotor), fork clamps, headlight bracket, voltage regulator, rear fender struts, upper rear shocks (requires drilling larger fender hole), lower rear shocks, rear rotor, rear pulley/sprocket, rear swing arm supports, front stabilizer, side covers (right and left), dash board, foot pegs (right and left), shifter peg, front axle nut for 85-99 FXR
2401-1101	Chassis/trim bolt kit includes front caliper, front rotor, fork clamps, rear fender struts, rear rotor, rear master cylinder line bracket, rear belt guard and required washers for 04-17 XL
2401-1095	Primary/transmission dress-up kit for 07-16 FLHT/FLHR/FLHX/FLTR
2401-1097	Primary/transmission dress-up kit for 07-17 Softail
2401-1096	Primary/transmission dress-up kit for 00-06 Softail
2401-1093	Primary/transmission dress-up kit for 06-17 Dyna

KOSO NORTH AMERICA

A leader in digital and analog technology, KOSO has been designing and manufacturing products for the powersports industry for more than 30 years. Their reputation for superior quality, reliability and innovation has made them the choice of enthusiasts and major OEM companies. Gauges, heating equipment, LED indicators and mirrors are all engineered and tested in-house before being put in production, to ensure the end result is of the highest quality.
