#### **AIR STINGER STEALTH AIR CLEANER KITS**

- Uses the S&S high-flow Stealth air cleaner and replaces it with a similarly-shaped air filter element
- Added air filter surface area improves airflow compared to the standard Stealth air cleaner filter; huge improvement compared to the stock air filter
- Filter element is washable and reuseable
- Kit includes backing plate cover, filter and hardware
- · Available with classic mini teardrop or S&S ring cover

PART #

0803-0676

0803-0677

DESCRIPTION For 96-03 FXD (except FXDWG)

DESCRIPTION

#### **TORQDRIVE® CLUTCH KIT**

- TorqDrive provides more discs in less space, allowing additional friction discs to the clutch pack over stock
- More frictions = more torque capacity, thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock-up device
- TorqDrive provides smoother shifting and improved lever feel
- Rekluse basket sleeves eliminate basket wear and notching

DESCRIPTION For 19-20 FTR 1200/S, 1200 Rally

#### **RADIUSX CLUTCH KIT**

- · With RadiusX a high-performance auto clutch is just a clutch pack swap away
- RadiusX combines TorqDrive friction disc technology with Rekluse's innovative EXP (auto clutch) disc
- TorqDrive provides more clutch discs in less space, delivering highperformance auto function within the framework of the stock clutch
- The RadiusX clutch prevents engine stalls so you can focus on the ride and let the auto clutch do the rest
- RadiusX delivers increased power transfer over OEM and longer clutch life with less adjustment over time
- Standard clutch lever function is retained and full override

#### KB PERFORMANCE HYPEREUTECTIC PISTON KITS

- Manufactured from high-strength, T-5, heattreated, 390 hypereutectic aluminum alloy
- Allows a tighter fit and longer piston and ring life
- Diamond-machined pistons are held to plus or minus one gram weight and less than one-half-thousandthinch 0,0005") tolerances from piston to piston
- Each kit contains two pistons, pins, spirallock pin clips and Hastings moly rings
- Replacement piston rings available separately
- NOTE: KB pistons can be installed tighter than other pistons. This results in less piston rock and better ring seal. Please read instructions included with piston for correct piston clearance.
- NOTE: Due to the thermal conductivity and design of KB pistons, special attention is required to the top ring end gap. Please read instructions furnished with piston for correct ring installation.

#### **TAPPET BLOCK COVERS**

- Made from die-cast aluminum with chrome or gloss black finish
- Include gaskets and screws
- Sold in pairs

## THE DRAG SPECIALTIES Product News

#### **MARCH 2021**

### LEGEND SUSPENSIONS

Legend Suspensions has become a leader in the suspension industry for their innovative yet practical suspension designs and use of only highquality materials for their American-made products. Every suspension they develop is tried, tested, and proven to be a quality performing product before it is made available. Get the premium performance ride you and your motorcycle deserve with Legend Suspensions.

#### AXEO HIGH-PERFORMANCE **FRONT SUSPENSION SYSTEMS**

- Improve the stability, cornering and traction of your motorcycle
- · Smooth, controlled ride-quality; kit eliminates front-end dive during aggressive braking and maneuvering
- · Firm feel for high-speed sweeping turns
- · Eliminates bottoming out on large bumps or potholes
- · Reduces dragging of floorboards or pegs
- · Kit includes two mono-tube, dualchambered fork damping cartridges
- · Cartridges have nitrogen chambers with internal floating pistons • Machined 303 stainless steel
- threaded fork preload adjusters
- · Increased range of preload settings allows fine-tuning of the front suspension for various riding styles and rider weights
- Performance fork spring rates
- · Designed for optimum performance with Legend rear suspension systems
- Available in standard height, 25,4 mm (1") lowe than stock or 50,8 mm (2") taller than stock
- Easy installation
- 2017-20 AXEO systems retain the new dualbending valve technology of the stock fork leg
- · Includes quart bottle of Maxima racing fork oil
